High School Senior Reigns At Festival

Lynette Rapp, 17-year-old Tawas Area High School senior, will reign over the three-day Perchville-USA Festival to be held this weekend at East Tawas.

The daughter of Mr. and Mrs. Kenneth Rapp of Tawas City, Lynette was selected for the honor Saturday afternoon during judging held at Lixey's China House, East Tawas.

Twelve girls competed for the title following a dinner for contestants and judges sponsored by Tawas Chamber of Commerce. Barbara Mendrygal, cochairman, had charge of the program.

First runner-up in the judging was Marci Gidley and the second

runner-up was Roberta Richter, both 18 years of age.

Other contestants included Kim Bergeron, Pam Novik, Lynn Starling, Lynn Ann Slowinski, Corena Whitford, Julie Konenske, Susan Shea, Tammy Paitl and Tracy Walters.

Judging was based on appearance, personality and speaking ability. Each contestant gave a brief talk concerning Perchville and her impression of the event.

The queen and her court are to be honored during Friday night's doe night event and are to participate in various events over the weekend.

Plenty of Salt for Iosco Roads

About 1,800 tons of salt have been used on major highways of Iosco County during the current winter to reduce icing conditions, according to a report Tuesday by the county road commission.

Unless the area is hit by severe ice storms later in the winter, present supplies are expected to be adequate to insure safe driving conditions.

During a shortage of salt in December caused by a strike of Canadian miners, the road commission secured an additional supply of 1,200 tons, filling to capacity

every storage facility in this county.

A spokesman for the road commission said that salt is used sparingly on highways here, particularly US-23, M-55 and M-65, and only under prescribed conditions. Temperature of the weather must be correct in order for the salt to remove ice from pavements.

Some metropolitan areas of Michigan utilize salt for removing snow from streets, but this is not the case in Iosco County where snow is plowed off and away from roads.

FISHING CONDITIONS should be favorable for this year's annual Perchville-USA Festival on Tawas Bay, judging from results of Monday and Tuesday, Richard Powers of East Tawas is shown here with 25 perch which he caught in about an hour Monday afternoon and other local anglers reported excellent success both days.—Tawas Herald Photo.

Perch Fishing Conditions Favorable

Perchville-USA Festival Opens Friday

Tawas' Perchville-USA Festival, which annually attracts upwards of 5,000 visitors, is expected to again be a major attraction in Northeastern Michigan winter sports activities this week-end. The 29th annual program is being sponsored by Tawas Chamber of Commerce.

Activities during the three-day event will be centered at the Michigan Waterways Commission dock at East Tawas, the nearby East Tawas Community Building, the East Tawas City Park and the ice of Tawas Bay—wherever perch fishing is the best.

Fishing success was excellent

Saturday on Tawas Bay, but Richard Powers, veteran Tawas Beach Road angler, reports only fair fishing on Sunday with perch in the seven to eight-inch class. He said the best fishing appeared to be near the No. 4 buoy about one mile offshore.

Success of the winter festival depends a great deal upon weather conditions and, from all forecasts, weather this week-end should be ideal for cold weather enthusiasts.

Traditional perch fries will kick off the festival Friday night with the "stag fry" at the East Tawas Community Building, starting at 6:00 p. m. and dinner at 7:00 p. m.

John Carroll Sr., owner of WIOS-Radio, will be crowned "Perchville King."

"Doe Night" will be held at the Holland House, 6:00 p. m., and dinner at 7:30 p. m. Lynette Rapp, Tawas Area High School senior, will be crowned Perchville queen and she will be accompanied by members of her court, Marci Gidley and Roberta Richter.

Saturday's program opens with the Lions Club pancake breakfast, 8:00 to 11:00 p. m., at the East Tawas Elementary Unit. There will be a parade down Newman Street to the waterways dock at 11:00 a. m. A demolition derby is to be held

on the ice starting at 1:30 p. m. and a polar bear swim will be featured at 3:30 p. m.

Sunday's program includes the demolition derby at 1:00 p. m., four-wheel drive drag races at 1:30 p. m., polar bear swim at 2:30 p. m. Grand prize drawing for a trip to Las Vegas, Nevada, will be held at 3:30 p. m. and the grand prize for fishing contests will be awarded at the same time.

Ongoing events during the last two days include a hospitality tent, kiddie rides and helicopter rides. Cash awards and merchandise prizes are to be made each day to winners of fishing contests.

Various concession stands will be located on the shore for visitors and there will be games for all.

As of Monday, there were only three entries in the ice sculpturing contest, but prospective contestants have until Wednesday (today) to file an entry form at the chamber of commerce office.

Polar bear swims each day will be a featured attraction and this event annually attracts 20 or more swimmers to a "pool" cut in the ice of Tawas Bay near the dock.

By executive declaration of Gov. William G. Milliken, the Tawas are to be known as Perchville-USA during the three-day event.

\$350,000 Newman Street Project Goes to ET Council

Approval is expected Monday night by the East Tawas Council on financing engineering costs for redevelopment and modernization of more than three blocks of the Newman Street business district from the Michigan Waterways Commission Dock to Lincoln Street.

At a special meeting of the East Tawas Business Association Thursday, businessmen indicated they would be willing to share in the cost of developing engineering plans.

Total estimated cost of the project is \$350,000, which would include engineering and contingencies.

Under the proposal, sidewalks would be replaced and widened to provide better pedestrian travel; street and sidewalk lighting would be improved to encourage night use of the area for shopping; the street surface would be improved with paving and drainage; the park area would be integrated with the downtown business community, using lights, brick paving patterns, compatible signs, etc.

Sidewalks would be widened to 12 feet as compared to the present seven-foot width. A brick accent strip would run back of each curb and there would be a brick path in front of each entrance.

Lighting fixtures would be of traditional design, with two 150-watt fixtures per pole. Poles would be of wood with crossarms and an important new feature would be that underground wiring would eliminate unsightly wires. The underground cable would be located in the brick accent strip for easy access. All existing high-level fixtures and poles would be removed and the new poles would be 15 feet high.

Tree pockets would be located in the sidewalk and curb area, each with cast iron tree grates at sidewalk level.

Crosswalks would have a brick edging and all crosswalks would be installed after bituminous paving is completed.

Although not shown in the preliminary design layout, various street accessories would be provided. A careful selection of compatible colors and design would complement the basic street design. Accessory items would include street signs, benches, waste receptacles, bulletin boards, etc.

A major part of the project would be reconstruction of Newman Street. To accomplish this, present paving would be removed as well as the subsurface.

When originally constructed about 100 years ago, swampy areas of the street were filled with saw-

dust. As a result, the subsurface is unstable and has resulted in numerous dips or indentations in the street surface.

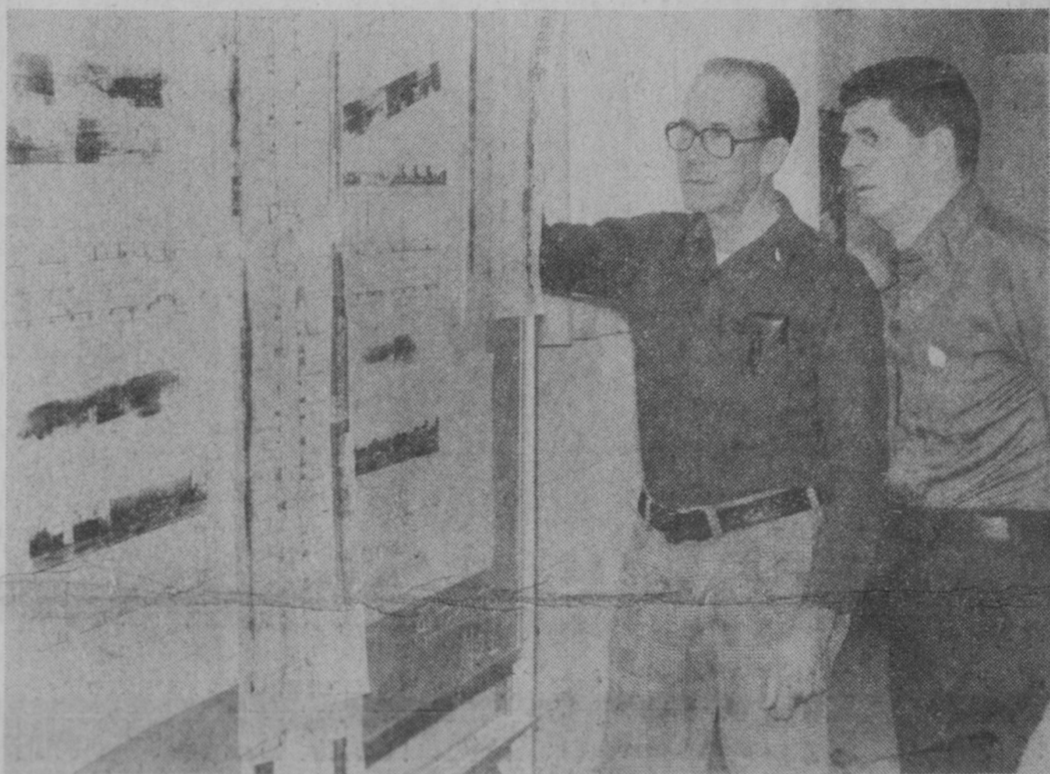

Over the years, the street has been paved several times, first with sawdust, then by gravel and concrete. In later years, the surface was paved with bituminous aggregate and finally by asphalt.

As a result, the present street grade is nearly to the top of curbs in some areas and presents poor drainage. The street surface is to be lowered under the new program.

Although sidewalks will be widened, this will not hinder the traffic flow as there still will be adequate room for two 12-foot-wide lanes of traffic, plus two nine-foot parking lanes along the full length of the street.

This project has been discussed for a number of years and several attempts have been made to adopt a central theme for buildings. One of the latest was at O'Connor's Pendleton Shop, which features a brick sidewalk and a decorative tree in front of the building.

Several parking places are expected to be removed along the street, but this loss is to be balanced by the general improvement to the over-all central business district.

LOOKING OVER two different plans for modernizing Newman Street at East Tawas are City Clerk Clyde Soper, left, and William Smith, superintendent of public works. Proposed preliminary plans for the \$350,000 project are to be discussed at Monday night's council meeting.—Tawas Herald Photo.

Tawas City Purchases Another New Piece of DPW Equipment

Bids were opened Monday night by the Tawas City Council on the proposed purchase of a new four-wheel-drive front end loader for use by the department of public works.

AIS Corporation, Bridgeport, was low bidder with a price of \$31,971 on a John Deere. Other bids were received from Bridgeport Equipment Company, \$33,000, and Conrad Klooster, Incorporated, Lachine, \$33,818.25.

The bid of AIS was accepted by the council, plus four options to increase the total cost to \$33,428. Delivery is to be made as soon as possible.

Purchase of the machine has the city where heavy equipment is necessary.

(Red) Look, city superintendent. The present front end loader is to be repaired for light use by the city.

Look told councilmen Monday night that a conventional tractor with front end loader presently owned by the city was ready for replacement. Rather than spend \$18,000 for a similar replacement, Look felt the city would get more use out of the heavier four-wheel drive equipment.

The new unit is to be used for snow removal as well as for construction of sewer and water mains, excavating at the river mouth and other projects around the new machine.

Five Hurt in Crashes; 2 on Snowmobiles

Five persons were injured in accidents last week, two of them on snowmobiles, according to a report by the Iosco County Sheriff's Department.

Poor road conditions Wednesday were attributed as the cause of two automobile accidents.

Jacki Sue Grabow, 20, Tawas City, was treated at Tawas Hospital for minor injuries after her car skidded off the road and hit a snowbank.

Toni Lee Plachta, 18, Standish, was treated at Tawas Hospital after her car skidded out of control on M-55 and hit a parked car.

Sue Ralph, 16, Oscoda, received a minor injury to her foot and was treated at Tawas Hospital. While alighting from a car driven by Havis J. Cassidy, 18, Oscoda, her foot slipped under one wheel as the vehicle was moving.

Two snowmobile accidents Saturday sent two persons to the hospital.

Lawrence P. Dewley, 33, Davison, rolled his machine on a forest trail in Grant Township and was struck by another machine driven by William J. Racine, 23, Flint.

Gerald E. Starkweather, 46, Drayton Plains, was treated at Tawas Hospital after his snowmobile rolled over on Liberty Road.

Credit Neighbor With Saving ET Man's Life

An East Tawas woman was credited Sunday afternoon by Michigan State Police with saving the life of her neighbor, disregarding her own safety.

Vivian Duff of 813 Rainbow Drive looked out her window and saw smoke coming out of the residence of Robert Walkowski, 74.

She rushed into the smoke-filled dwelling and found Walkowski slumped in a burning chair. His clothing was also burning and she extinguished the flames before pulling him to safety in an adjoining room.

She then notified the state police post at East Tawas, and when the patrol car arrived, led the trooper through the smoke to give first aid to the victim. The East Tawas Fire Department and Tawas Hospital ambulance arrived shortly afterward.

Walkowski sustained second degree burns in the fire. Police believe that he fell asleep while smoking a cigarette. He was reported in fair condition Monday at Tawas Hospital.

Work started last week on removal of the old water tank and standpipe behind the Tawas City Hall. The more than 40-year-old tower is being razed by Urban Wrecking Company of Pinconning.

The old tower became excess to the city's needs with completion last year of the new 500,000 gallon water tower and standpipe at the Ninth Avenue Industrial Park, part of the area's water expansion project.

Start Removing Old Water Tower

The old tower was constructed in 1937 during the city's original water project.

Ct. Examination Continued for Sherman Men

Preliminary examination in 81st District Court for two Sherman Township men charged with unarmed robbery and felonious assault opened Tuesday and was continued until Thursday by Judge J. Richard Ernst.

Floyd J. Brigham, 20, and Elgin K. Nickell, 18, are alleged to have picked up Charles W. Hosler, 25, on December 13 after he left the Rainbow Gardens Bar. He was later found lying on Old State Road and a quantity of money was missing from his pockets.

AN EXECUTIVE DECLARATION of Gov. William G. Milliken has proclaimed that the Tawas are to be known as Perchville-USA during the three-day festival this week-end. Watching the governor sign the proclamation are, from left, Mayor Robert Bolen of East Tawas, State Rep. Tom Alley, Mayor Herbert Cholger of Tawas City and Roger Jackson, executive director of the Tawas Chamber of Commerce.—Tawas Herald Photo.

TWENTY OR MORE POLAR BEARS are expected to take their annual dip Saturday and Sunday in Tawas Bay during the annual Perchville-USA Festival. Sanford-Proudfoot Vows Exchanged at IHM Church

A reception at Bear Track Inn, AuGres, followed the exchange of vows Saturday, January 27, at Immaculate Heart of Mary Church, Tawas City, when Donna S. Proudfoot became the bride of James K. Sanford.

Parents of the bride are Mr. and Mrs. Randolph Proudfoot of Tawas City. Mrs. Mary Ann Dean of AuGres and the late James W. Sanford are parents of the bridegroom.

The Rev. Lawrence Boks officiated at the 5 o'clock double ring ceremony. Mary Byrd was organist.

Given in marriage by her father, the bride selected an ivory tiana gown with open princess neckline. Silk imported lace accented the high-rise bodice and cuffs of the long sleeves. Matching lace encircled the hemline of the skirt flowing to a chapel train. An ivory Camelot headpiece was highlighted with silk Chantilly motifs and tiny pearls. She carried a crescent bouquet of pink carnations and red roses accented with babies breath. Maid of honor was Marti Proudfoot, sister of the bride, and bridesmaid was Vicki Kelley. They wore dusty rose gowns with long sleeves and wine vests. Their corsages were comprised of pink roses, carnations and babies breath. Todd Sanford, brother of the

bridegroom, was best man. Groomsman was Paul Shillair. Robert Proudfoot, brother of the bride, and John Burke were ushers.

Mrs. Proudfoot greeted 175 guests from Lansing, New Jersey, Minnesota, Carolina, Bay City and DeTour Village in a dusty rose gown with pleated skirt. Mrs. Dean wore a light blue gown. They wore white orchid corsages.

Following a train trip to Toronto, Canada, the couple will reside at 5540 AuGres Avenue, AuGres.

The bride, a graduate of Ferris State College, was honored at a shower given by Mrs. Dean, Bobbie Burke, Trish Sanford, Micki Eaton, Terry Sanford and her attendants.

Cheryl Klenow Was Honored

Miss Cheryl Klenow of Midland was guest of honor Sunday afternoon, January 28, at a bridal shower given by Mrs. Robert Johnson and Marian Butterfield at the Johnson home in East Tawas.

Miss Klenow, the daughter of Mr. and Mrs. Eugene Klenow of Tawas City, is the February 24 bride-elect of Robert Krueger of Midland.

MC Auxiliary Sets Meeting

The first regular meeting of the recently organized Isco County Medical Care Facility Auxiliary is slated for Thursday, February 8, at the facility. The 7 o'clock meeting will be held to welcome new and interested persons to the group. Information on activities will be discussed and the need for help to the nurses and aides at the facility is stressed. For information or to volunteer for service, call Betty Gabler, 362-2440. Patients need aid in letter writing, personal care and crafts.

A workshop session will be held Monday, February 5, 1:00 p. m., to begin projects for the Christmas in July bazaar and to construct cancer pads. Individuals are invited to attend and bring supplies for projects.

AuGres Lions

Slate Carnival

AuGres Lions Club is sponsoring its 12th annual Timber and Trail Snow Carnival Saturday and Sunday, February 10-11. Headquarters for events will be at the city park on the northeast edge of town.

Featured will be cross-country skiing, ice skating races, safaris and games for children and adults. A queen will be selected and named at the Saturday evening dance in the pavilion. Various special activities are slated on the two-day program. Included will be prizes and a trip to Las Vegas, Nevada, for two persons. Admission to the grounds is free.

Sand Lake

James Jarvis has been discharged from Tawas Hospital where he spent a few days following a snowmobile accident.

A winter festival meeting is slated for Thursday, February 1, at 7:30 p. m. All men and women of the area are urged to attend.

Mrs. Anna White was admitted to Tawas Hospital last week. Saturday, Sand Lake Sno-Goers, 48 snowmobiles strong, others by car, went in safari to Cole Creek Ranch, Comins. Dining and dancing rounded out the evening and after a Sunday morning breakfast, the return trip was made.

Set Money Management Workshop at TAHS

A four-class workshop series on money management, sponsored by the Michigan State University Cooperative Extension Service in Isco County, will begin Tuesday, February 6, from 7:00 to 9:00 p. m. at Tawas Area High School.

The series is designed to help participants think through what they want money to do for them, establish a workable financial record-keeping system and develop a financial plan for the future.

In addition to these budgeting basics, the workshop series will explore strategies to keep up with inflation. Participants will also have the opportunity to analyze their own financial situation through use of one or more of Michigan State University computer-assisted programs.

The series will be offered only if there are at least eight persons registered by Monday, February 5. To register, contact the MSU Cooperative Extension Service at 362-3449.

HONORED Thursday night by the Iosco Townships Association was Marian Ulman, left, former officer of the group and now a member of the county board of commissioners. She is shown above receiving a plaque from Cavell Jr., president of the association. Other officers watching the ceremony are Harold Cholger, director at large; Joyce Klenow, second from right, treasurer; Sharren Ott, secretary. —Tawas Herald Photo.

Cavell Elected President of Iosco Townships Association

Quarterly meeting of the Iosco County Townships Association held Thursday night at the Sand Lake Heights Community Center saw election of officers for 1979. Headed up the organization composed of township officers is Dr. E. B. Cavell of Wilber Township, president. Vice president is Ray Kesler of Plainfield Township. Other officers include Sharren Ott, Burleigh Township; Joyce Klenow, Baldwin Township; Harold Cholger, Wilber Township. Wilfred Holzheuer of Hale, a member of the county planning commission, presented a program explaining functions of the planning commission, which acts as coordinating agency for all planning agencies in the county. Holzheuer stressed the need for cooperation of all concerned in making neighborhoods better places in which to live. He said the planning commission had taken an active part by developing a model zoning and land use ordinance for townships in 1976. He said that zoning ordinances adopted a number of years ago were outdated and not being enforced and he believed that townships of the county should give serious consideration to adopting new ordinances patterned after the one provided by the planning commission. It was reported that Tawas Township has completed its new zoning ordinance, which now awaits county approval. More than 50 persons were in attendance at the meeting and a special ceremony was held honoring Marian Ulman, former secretary of the organization, who assumed her new position January 1 as an elected member of the county board of commissioners.

BUSINESS BUILDING YEAR IN PLAINFIELD TWP.
Building permits totaling \$1,625,273 were issued in Plainfield Township during 1978, according to a report by Kenneth Salisbury, township zoning administrator. Of the 207 permits issued, 38 were for new homes with a total valuation of \$776,400. Other permits included 11 commercial, \$201,100; 14 mobile homes, \$92,700; 40 garages, \$159,100; 21 storage buildings, \$33,445; 66 additions, \$333,890; 14 alterations and repairs, \$28,638. Three permits were issued for building demolition.

WORK PROGRESSING ON CHURCH ADDITION
Work is progressing on the new educational unit of First United Methodist Church of Hale. Being constructed on the west side of the building, the unit consists of six classrooms, a storage room and basement. Upon completion of the new unit, the present fellowship hall and kitchen are to be lengthened and new rest-rooms will be provided using space presently occupied by existing classrooms at the rear. Rough wiring has been completed in the new unit and the next project will be installation of dry wall. Folding doors dividing the two larger rooms and carpet for the entire new area, excepting the storage area, has been ordered. New overhead lighting has been installed in the fellowship hall. Volunteer labor is performing the work at present.

EIGHTH GRADERS DEFEATED ALCONA
Hale Area School's eighth grade basketball team ran its record to two wins and one loss with a 48-28 win last week over Alcona. The team's only loss came at the hands of Arenac Eastern in overtime. Rick Lee, six-foot, three-inch center, scored 18 points against Alcona.

TWO HALE BURGLARIES WERE INVESTIGATED
Two Hale area burglaries were investigated last week by Iosco County Sheriff's Department. Burglary of the Alfred Baker residence at 7270 Curtis Road, Hale, saw the theft of two .44 caliber rifles, a stereo and speakers, tape deck and tapes, jewelry box and jewels and a watch. Entry into the dwelling was made by breaking a window. A breaking and entering was reported at the summer home of Margaret Davis, 4730 Lakeside Boulevard, Hale. Officers were unable to determine what had been taken. Ida Scott, 2660 Darton Road, Hale, reported the theft of a battery from her car.

RED CROSS BLOODMOBILE SCHEDULED IN PLAINFIELD
American Red Cross bloodmobile is scheduled at Plainfield Township Hall Wednesday, February 7, from 1:00-7:00 p. m. Age limit for donors is from 17 to 66 years. Donors under the age of 18 years must have written consent from their parents. By participating in the blood drive, residents of Iosco County are eligible to receive blood when needed with no charge except for administration. Blood may be given to replace blood received by friends and relatives.

Wilber Church Continues Regular Sunday Services

"Loss of the Wilber Church on January 18 was disheartening to the Wilber community and congregation, but the spirit of God is very much alive in this part of Wilber Township," states Neil Erickson, who has served as lay leader of the church this winter. He reports that worship services were held January 21 at the home of John and Ethel Newberry and services are now being held at the Wilber Township Hall. "Attendance has been good both weeks and midweek Lenten services are being planned at the home of Norman and Shirley Harris," he reports. A piano has been donated to the congregation and is expected to be at the Harris home in time for Lenten services. Hymnals also have been donated by the Prescop United Methodist Church along with the loan of a speaker's stand. A meeting is planned for Saturday, February 3, with the district superintendent to discuss plans for the future. Worship services at the Wilber Township Hall are being held Sundays at 11:00 a. m. and the congregation extends an invitation to all who do not have a church to join them in church worship.

JIM DUBOVSKY (31) meshed 12 points in the Tawas Area Braves' 72-68 win Friday night over the Pinconning Spartans, including a couple of pressure charity tosses with less than a minute to go in the game.—Tawas Herald Photo.

Tawas Braves Took Measure of Pinconning Spartans, 72-68

Tawas Braves took a stronghold on second place in the Northeastern Michigan Conference basketball standings Friday night by defeating the Pinconning Spartans—favorite of Bay City sports writers—72-68, on the losers' home floor.

Always tough at home, the Spartans were in trouble from the start as the Braves jumped off to a commanding 20-12 lead in the first quarter.

Pinconning meshed the game's first basket, but Tawas canned 17 points in the next four minutes without being answered by the Spartans.

The Spartans came back to take over the lead, 33-32, at one point in the second quarter, but the Braves held a 38-36 margin at intermission.

Each team scored 13 points in the third quarter and the Spartans tied the game, 45-45, with four

minutes, 30 seconds to go in the quarter, but the Braves went ahead to stay, 52-49, at the end of the quarter.

The Braves built up an 11-point lead at one point in the fourth quarter and outscored the Spartans, 20-19, to win.

Pinconning was in foul trouble most of the night, being charged with 28 fouls to 18 for Tawas and two of its players were sidelined. The Braves meshed 24 of 37 charity tosses.

The Braves had four players hitting in double figures and were led by Kevin Grace, who had 24 points, and Brian Norton meshed 21.

The Braves now have a record of four wins and one loss in conference play, its lone loss coming at the hands of the undefeated Gladwin Flying Gs. Pinconning dropped into third place with a record of three wins and two losses.

Tawas Junior Braves lost a tough decision to the Pinconning junior varsity, 64-63, the game requiring two overtimes to reach a decision.

Jay Grabow had 29 points to lead the Tawas team.

Action this week found Tawas playing at Alcona last night (Tuesday) and hosting the Whittemore-Prescott Cardinals Friday night to start the second half of the conference schedule.

Hale Eagles Lost to Fairview, 89-71

Hale Area Eagles played improved basketball Friday night, but lost to the visiting Fairview squad, 89-71, in a North Star League game.

Hale won the preliminary, 45-44, in an exciting overtime game with the Fairview junior varsity.

Fairview jumped off to a 22-11 margin in the first quarter, but the Eagles came back in the middle quarters with a good scoring charge. Fairview held a 26-21 edge in the second quarter and the Eagles narrowed the gap with a 23-10 margin in the third quarter.

The Eagles were down by only one point early in the fourth quarter, but Fairview shot the eye out of the bucket during the last eight minutes of the game, piling up a 31-16 margin.

Hale again had trouble with fouls and Fairview meshed 31 of 41 charity tosses to Hale's 20 of 22 shots at the foul lines.

Four Eagles hit in double figures, paced by 20 points turned in by Vern Reed III on eight field goals and four foul shots. Randy Detweiler had 22 points for the winners. Others scoring in double figures for Hale were Gary Wood and Pat Robson, 12 points each, and Ed Seward, 11 points.

In the preliminary game, Hale came close to winning the game in regulation time when Dave Ploski's shot ripped the cords at the buzzer. The basket was disallowed by referees on an offensive goal tending call.

The Little Eagles were not to be denied and came back to win by one point in overtime. Tom Sanders led the way with 24 points and 10 rebounds and Dan Dear had seven points. The junior varsity has a record of seven wins and four losses for the season.

Action this week found the Eagles playing host to AuGres-Sims Tuesday night and are to play Friday night at Arenac Eastern.

Workshop to Study Special Ed. Provisions

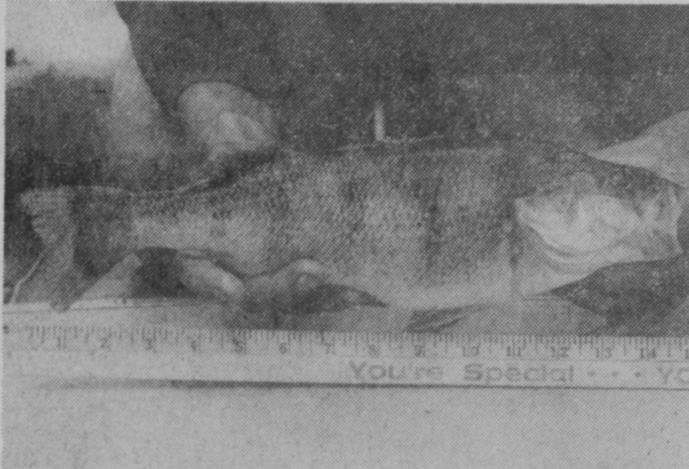

A day-long workshop is to be held Wednesday, February 28, under sponsorship of Isosco Intermediate School District to study mandated rules and regulations pertaining to special education.

Norman C. Olmsted, intermediate district superintendent, said that the goal of this inservice day would be to share with administrators the legal requirements of special education procedure.

Superintendents, board of education representatives, building principals plus staff members of the county's four school districts have been invited to attend the session.

Perch Contest Featured

THE FISHING CONTEST during the annual Perchville-USA Festival has been expanded this year with prizes and trophies amounting to \$400 to be awarded to winners. Excellent catches of perch have been reported on Tawas Bay this winter and fishing conditions may even improve this week-end with open water at the outer edge of the bay. These pictures were snapped during last year's festival and show some of the whoppers taken by ice anglers.—Tawas Herald Photos.

Iosco Jail Booked 965 Prisoners in '78

Local law enforcement agencies booked 965 prisoners in the county jail during 1978, according to a report submitted Wednesday to the Iosco County Board of Commissioners.

The sheriff department's annual report indicated that an 18-prisoner count was the daily average for the year and cooks prepared 20,616 meals.

Driving under the influence of liquor sent more people to jail than any other charge. Bookings for this single charge included 72 by the sheriff's department, 66 by Michigan State Police, 61 by the Oscoda Police Department and 53 by the East Tawas Police Department.

The sheriff's department led all agencies with 317 bookings in the jail. Michigan State Police had 121, Oscoda Police Department had 180, the East Tawas Police Department had 87 and the Michigan Department of Natural Resources sent five persons to jail.

A detailed report of the sheriff's department activities indicated it had investigated 372 complaints of breaking and entering and 338 larceny complaints during the year. There were 226 complaints of vandalism.

The Oscoda Police Department investigated the only homicide in this county during the year, the sheriff's department investigated three rape cases, 77 complaints of

disorderly persons, 53 simple assault and battery cases, three for felonious assault and four arson or suspected arson cases.

Family disturbance and crimes against children totaled 140 complaints.

The department reported and responded to 740 property damage accidents and investigated 127 personal injury accidents. There was one fatal vehicle accident during the year.

The department investigated one drowning during the year, 13 property damage marine and snowmobile accidents and 34 personal injury marine and snowmobile accidents.

Registration and file checks on persons, vehicles and guns during the year amounted to 3,995 and 255 handguns were registered. Permits to purchase handguns and explosives amounted to 201.

The department responded to 104 fire and burglar alarms during the year.

The department logged 363,420 miles driven on patrols, conducted 19,416 security checks of homes and cottages, arrested 1,533 adults, cited 88 juveniles into probate court, transported 121 prisoners into or out of the county and served 1,122 civil papers.

Monies received by the sheriff's department and turned over to the county treasurer amounted to \$10,411.97.

List Safety Tips for Cross-Country Skiers

United States Forest Service has issued the following reminders to beginning skiers using Huron-Manistee National Forest cross-country trails, so that numbers of injuries and damage to equipment can be minimized:

Know your limitations and do not

exceed them. Many first time skiers are using more difficult (intermediate) trails resulting in injuries or broken equipment. Beginning skiers should use the trails marked easiest.

Be prepared. Carry a small pack with emergency repair equipment including tape to repair broken ski poles, thin wire to repair bindings and a small screwdriver to tighten binding screws. A spare ski tip in aluminum or plastic is a good idea, too, as it will enable a skier with broken ski to get back to the car.

Be sure bindings are tight on the ski. Rental skis should be checked before departing as well, since they are not always in good condition.

Carry something to drink (non-alcoholic) as loss of fluids due to perspiration causes dramatic loss of stamina. Drink something whenever thirsty. Do not depend on snow to quench thirst.

Emergency rations such as candy bars, sugar in any form, nuts, etc., are also a good idea. Skiing consumes a lot of caloric energy and stamina is important to a successful trip.

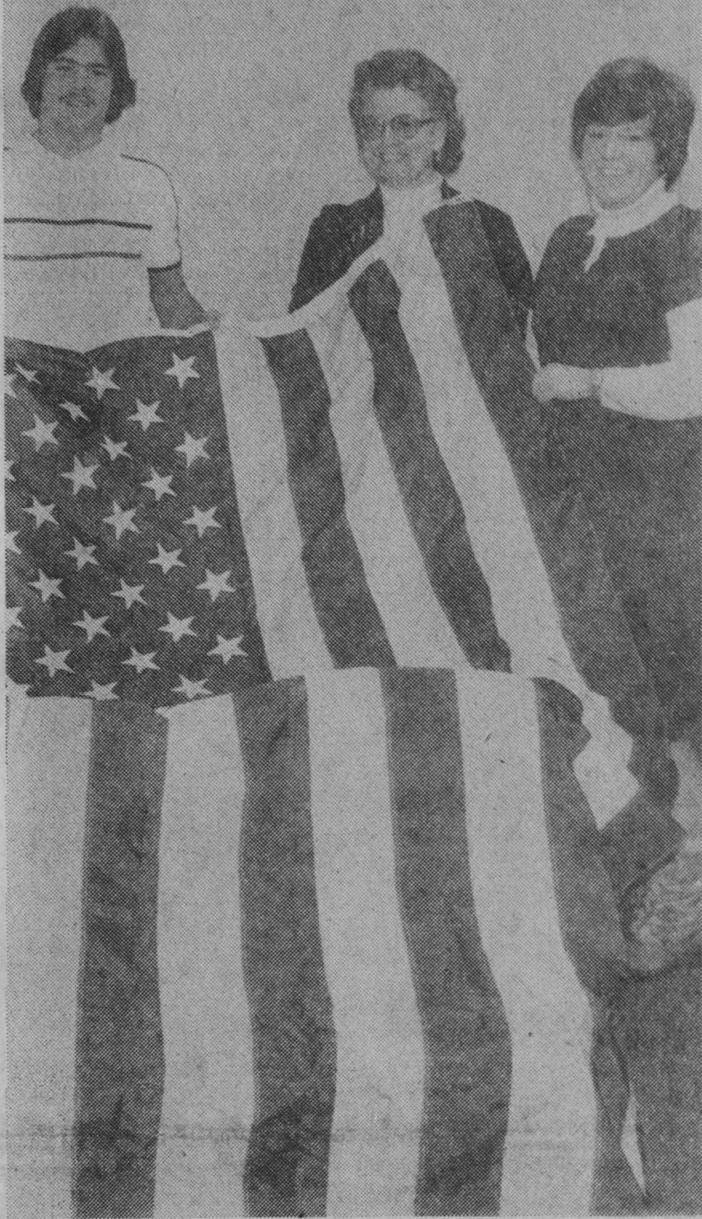

Know when to quit. This comes from practice. If one waits until he is tired to turn back to the car, it is too late. It takes as much energy to get back as it did to get into the woods. Turn back before tiring and if in doubt—play it safe. Do not go any further.

When in groups, let the weakest skier control the speed and distance of the group. It will be more enjoyable to all the party if no one gets so tired they cannot get back easily.

Do not ski into an unfamiliar area without a map. Most forest service trails have published maps which show the entire trail. In addition, many trails use a locator map on the ground to help determine the location of the skier.

Signs are placed on the trails only when necessary for skier safety. Please pay particular attention to those signs which alert skiers to dangers in the trail. Not all hills are signed but each hill can present difficulties during certain weather conditions. Be alert!

Above all remember cross-country skiing is fun, but it can be a disaster if one is careless. These simple reminders can become habit and skiers can then be prepared to enjoy trips without mishaps.

A NEW FLAG was presented Wednesday to Hale Area School by representatives of the River Aux Sables Chapter, Daughters of the American Revolution. Accepting the flag on behalf of the school was Eric Bellville, president of the student council. Shown with him are Mrs. L. Stanton Bush, right, chapter regent, and Mrs. Worry T. Boyd, past regent and state American heritage chairman. Accompanying the five by eight-foot flag was a number of flag code booklets explaining proper methods of displaying the national colors.—Tawas Herald Photo.

MR. H. D. STOCKMAN
Rep. Candidate for County Treasurer

Political Subterfuge?

AN UNUSUAL political situation arose in 1906 when Harry W. Stockman (left) was prohibited by law from seeking re-election to the position of county treasurer. His brother, Horace D. Stockman (right), an AuSable grocer, ran for the office, was elected treasurer and appointed Harry his deputy. This led to a charge of subterfuge by a political opponent, but Horace and Harry won.

Michigan's primary election law to select party candidates for state offices was approved by voters in June 1906, but this action had no bearing on selection of candidates at the county level, who were still nominated at county conventions until 1910.

A state statute prohibiting county treasurers from holding office for more than two consecutive terms was another matter and resulted in an unusual situation in Iosco County politics in 1906.

Harry W. Stockman of AuSable had served two terms as county treasurer, was a popular public servant and had many friends throughout Iosco. Realizing that the Stockman name was a vote-getter, influential Iosco County Republicans decided to take advantage of it when the time came to present a name to succeed the incumbent candidate.

"The very enviable record made by H. W. Stockman as treasurer of Iosco County has begot in many friends all over the county a desire to continue in the office the policy he has adopted and the efficiency and cordiality that had characterized the conduct of this important position during his two terms of service," stated the Iosco County Gazette.

Editor C. R. Jackson was thinking about more than just continuing the incumbent's policies in the treasurer's office: "His numerous friends have prevailed upon his brother, Horace D. Stockman of AuSable, to stand for the nomination," reported the newspaper. "He has not only consented, but is pleased to do so in deference to the wishes expressed by these friends."

The Stockman name was one of the most prominent in the region as the family had lived at AuSable nearly 10 years before Iosco County was established in 1857. Horace D. Stockman Sr., a commercial fisherman, was one of seven purchasers of lots when AuSable was originally platted in 1849 by Curtis Emerson and James Eldridge of East Saginaw.

Republicans were correct in assuming that a "name" candidate would be needed in the November general election to keep a party member in office as county treasurer, as the subsequent campaign was to prove.

One of the problems with naming Horace D. Stockman to succeed his brother in office was the fact that his grocery business interests at AuSable would prevent his personal attention to the duties of county treasurer. The fact of the matter was that he was not even interested in holding the office.

"If elected, he will appoint as his deputy the present officer (his brother, Harry), who will conduct the office as heretofore," stated the Gazette editor, who endorsed the action.

THIS IS THE ONLY KNOWN view of the interior of the old Iosco County Courthouse in Tawas City. It shows Joseph G. Dimmick seated at his desk in the county treasurer's office. Through

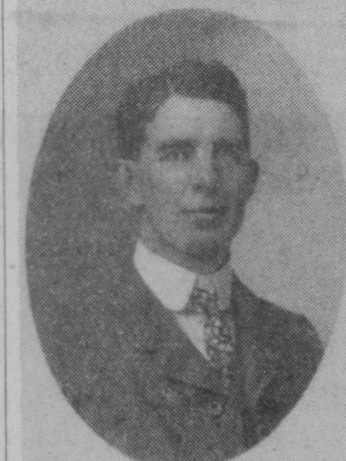

the connecting door is the county clerk's office. Calendars on the wall date the picture as being snapped in 1917. A portrait of Gov. Albert E. Sleeper hangs on the wall.

This situation was almost as unbelievable as that of a few years ago in Alabama, when Governor Wallace was ineligible to seek another term and his wife was elected to the position, with Wallace pulling all of the strings. The Stockmans, like Wallace six decades later, sought to and did circumvent the statutory provision prohibiting more than two consecutive terms in office.

"Harry Stockman needs no eulogy from his friends—his record is well-known and is its own eulogy," stated the Gazette editor. "He has been one of the best officers Iosco County ever had."

Of Stockman's brother—the actual candidate—the editor said he was "one of the substantial businessmen of AuSable, having an extensive grocery business there. He has been chosen to fill several local offices, among them supervisor, deputy city treasurer and he has always been faithful to every trust."

The 36-year-old Horace D. was born at AuSable in 1870 "and he is a gentleman of good moral habits and is honorable and upright in all his dealings. He is a Republican of the right stripe and it is believed the delegates from both AuSable City and Oscoda will support him solidly in the Republican county convention to be held on the 23rd instant," editorialized the Gazette.

JOSEPH G. DIMMICK
Finally gained office
of county treasurer.

Evidently Iosco Republicans agreed that Horace D. was "of the right stripe" and they nominated him to office on April 23, 1906, by a 25-15 margin over Joseph G. Dimmick of East Tawas. This resulted in another "brother act."

Iosco County Democrats nominated Charles N. Dimmick of East Tawas, brother of Joseph, as their candidate. His father, Joseph G. Dimmick Sr., was one of the pioneer businessmen of East Tawas and was known as one of the most honest and reliable businessmen of the section.

"Charlie received his early business training in his father's store and from boyhood has been known as one of the 'squarest boys' who ever lived," commented Len J. Patterson, editor of The Tawas Herald. He had been employed by the Detroit and Mackinac Railway for 10 years as an engineer and fireman.

"He believes that the law which provides that a treasurer shall hold office not to exceed two terms or four years is a good one and does not believe in evading that law by the election of a man who has no intention of filling the office, but who takes the nomination and election for the express purpose of continuing the present incumbent longer than the law provides," stated the Herald in its editorial supporting Dimmick.

"If elected next Tuesday, Dimmick will gracefully step down when the lawful term expires and will not attempt to hold the office by subterfuge. He attacks in no way the ability or honesty of his

opponent and agrees with all that the present treasurer has been an efficient and accommodating official, yet does not believe that this should be an excuse for continuing him in the office in violation of the law," stated the Herald.

The Stockman name was to prevail in traditionally Republican Iosco County as Horace D. defeated Dimmick by 230 votes. (Charles Dimmick never was a candidate again for public office, but it would have been interesting to see brothers square off for the same office.)

"Had the Democrats had any organization and made a good canvass, they would have elected at least a portion of their county ticket," complained the Herald editor.

Dimmick made an excellent showing in the southern half of the county, carrying East Tawas by 22 votes and Wilber Township by 16.

Harry Stockman filled the office of deputy county treasurer in the stead of his brother, Horace, and two years later, was again a candidate for that office in his own name, being free to do so under the statute as it prohibited only two consecutive terms in office.

Stockman's opponent in the Republican county convention on Tuesday, September 8, 1908, was again Joseph G. Dimmick of East Tawas. County Republicans still favored the Stockman name and renominated him, 16-15, over Dimmick.

At the general election in November, Stockman was named to another two-year term of office, defeating the Democratic candidate, William K. Dillon of East Tawas, 1,042-894.

That year was to be the last time Harry Stockman was elected to a county office. In the first primary election to select county candidates in state history, Tuesday, September 6, 1910, Joseph G. Dimmick finally was nominated for county treasurer by Republicans, defeating Stockman by the narrow margin of 491-424.

Democrats nominated another East Tawas resident, Henry Hanson, as their candidate for county treasurer, but Dimmick was elected to office in November by a 177-vote margin, 823-619.

It was a long struggle to unseat Harry W. Stockman, certainly one of the most popular men of his day in Iosco County politics. A few years later, the state statute was amended eliminating the former prohibition against certain county officers from holding more than two consecutive terms in office.

LOCAL POLITICIANS sought office in the old Iosco County Courthouse in Tawas City. The building was razed 25 years ago this month and interior fixtures were sold at public auction.

I pledge allegiance to the flag of the United States of America and to the republic for which it stands; one nation, under God, indivisible with liberty and justice for all.

Expanding Governmental Role Often Termed Empire Building

It is annual report time for Iosco County and, after hearing financial projections for 1979, this corner has to sympathize with the county board of commissioners.

The editor was upset last Wednesday when listening to the annual report and budget request of the county veteran's counselor. That part-time office was created in 1974 and this corner will bet that few residents even know one exists.

The budget of that department has increased from a paltry \$970 in 1976 to \$5,000 in 1978 and requests \$6,660 for 1979.

That end figure represents a hefty increase and certainly is not even in line with inflation for the past four years.

It represents an expansion of office—building an empire, it is often called. The appointive officer is apparently performing excellent

service, but is he exceeding the authority of the original intent for the role of that office?

This corner would be the last to knock a veteran—God bless 'em all—but for an office to use statistics from federal agencies pertaining to Iosco veterans, which actually had little or nothing to do in gaining those two-million bucks in annual benefits, smacks of undeserved back patting and even deceit.

The county board of commissioners and veterans, too, should keep an eye on expenditures of this particular appointive office. It may seem odd that a part-time job can be turned into a full-time job, but it happens every day in government.

Part of the problem of this office may be that it was originally intended to serve veterans of Iosco County, not the 12 additional communities from adjoining counties listed in the report.

Winter Navigation --- A Great Lakes Boondoggle

Someone finally tied a can to the tail of one of the federal government's biggest boondoggles in recent years. This corner was pleased to hear recently that a program to demonstrate the feasibility of winter navigation on the St. Lawrence Seaway was scrapped.

Reporters called the decision "a major victory for environmentalists"—more than ecology was at stake, for that little seven-year study cost millions of dollars; had advocates of winter navigation in Northeastern United States "won," it would have cost billions of tax dollars.

It may still cost billions for the United States Army Corps of Engineers is still studying the feasibility of year around navigation on the Great Lakes and 11 months on

the St. Lawrence Seaway. This corner commented on winter navigation several months ago—it has not changed its mind since then. Mariners who get trapped in Great Lakes ice after December 1 should pay their own bills for getting out and public supported ice breakers of the United States Coast Guard should not be used unless a fee is paid by the shippers.

The navigation season on the Great Lakes is plenty long enough for the shipping industry. But corporate greed is always hungry, often ignoring the fact that November is potentially the most dangerous month of the season for sailing the Great Lakes—many a seaman has found a watery grave in Michigan waters during November.

TODAY'S Meditation

The World's Most Widely Used Devotional Guide

(Read Matthew 7:1-5)

"Judge not, that ye be not judged. For with what judgment ye judge, ye shall be judged." (Matthew 7:1-2)

About a year ago, I attended a writer's course. Several of us became aware of a small elderly lady who frequently sat alone in the back of the auditorium.

She wore the obligatory admission badge but she seemed terribly out of place in mismatched bright print shirts and slacks. She looked more like one of the housekeepers pausing to rest her feet than an eager student taking in a lecture.

During a break, I met her and discovered to my chagrin that this lady was not a housekeeper but a professor emerita of journalism, retired from one of the top universities in the country. Recovering from a recent illness, she had opted for comfort instead of fashion.

In my quickness to judge another by appearance, I almost missed an enlightening visit with an interesting person. How often we make snap judgments based on superficial data. Thus, we close a door to what might have been a good experience. How much more Christlike to leave ourselves open to all people and occasions and welcome them as opportunities to grow.

PRAYER

Dear Lord, let us not judge too quickly or too harshly those who seem different. Remind us that we are all Your children. Amen.

THOUGHT FOR THE DAY It is not ours to judge; it is ours to love.—Suzanne Leverich (Oklahoma City, Oklahoma)

Mental Health Board Meeting

AuSable Valley Community Mental Health Services Board will hold its next regular board meeting Monday, February 12, at 7:30 p. m. in the Circuit Court Room, Iosco County Building, Tawas City.

Area coverage of this board consists of the Counties of Iosco, Ogemaw and Oscoda.

Church Women Updated Bylaws

Members of Christ Episcopal Church Women updated bylaws and reviewed the constitution at the January meeting. Mrs. Harold Hammond, president, named committees for the year.

Plans for a pancake supper to be served Shrove Tuesday, February 27, were discussed. At the next regular meeting Monday, February 5, at noon, Mrs. Kenneth Neepier will report on the Northern Convocation. Hostesses will be Mrs. Ralph Western and Mrs. George Rose.

LOOKING BACKWARD—

Mrs. Rose Is Iosco Juvenile Court Officer

15 Years Ago—

January 29, 1964—Mrs. George Rose of East Tawas has been appointed by Michigan Gov. George Romney to succeed Mrs. Charles Kurtzrock as Iosco County juvenile officer.

After 37 years under direction of G. N. Shattuck, operational reins of Peoples State Bank of East Tawas has been turned over to a new cashier. Richard L. Harwood was elected to the board of directors by a vote of shareholders and then elevated to the position of vice president and cashier.

Hubert Benson, winter sports park supervisor, reports that one toboggan slide is in operation and the second slide will be ready later this week for the 26th annual Silver Valley Winter Sports Carnival.

Tawas Area Braves climbed into sole possession of first place in the Northern B Conference by defeating the West Branch Orioles, 63-60. Dennis Blata and Herb Humphrey each scored 17 points while Chuck Anschuetz and Darrell Welch had 13 points each.

25 Years Ago—

January 29, 1954—Co-chairmen of the queen's committee during the Silver Valley Winter Sports Carnival are William Borosch and Nathan Barkman.

Sale of the county farm in April was authorized by the Iosco County Board of Supervisors. Purchased in 1921 by the county, the original intent was to use it not only as an infirmary, but as an experimental farm under direction of the county agricultural agent.

Miss JoAnn Dafoe of Whittemore has been named cherry pie baking queen for 1954 by Iosco County 4-H Clubs.

A few hours after the auction sale of surplus office equipment, Capital City Wrecking Company of Lansing started to raze the old courthouse and, in three days, only a portion of the first story is standing. The company is offering the salvaged material for sale.

35 Years Ago—

February 4, 1944—Residents of Iosco County are requested to send the names of men and women who are in military service to Russell H. McKenzie, county clerk. At the recent meeting of the board of supervisors, the building and grounds committee was authorized to erect a memorial on the courthouse lawn.

Vet. Counselor's Budget Studied by Commission

Sidney H. Teague, the county veteran's counselor, raised eyebrows of the Iosco County Board of Commissioners Wednesday when he submitted a budget of \$6,660 for the operation of his office.

In his annual report, Teague said that seven years ago when he became the county veteran's counselor, "the office was open one day a week from 10:00 a. m. until 1:00 p. m. Today, it is a seven-day-a-week occupation," with hours beginning at 8:00 a. m. and running through 8 o'clock in the evening.

Members of the board of commissioners have been seeking ways to hold down the cost of county operation and began studying this annual report for consideration at Wednesday's (today) session.

Teague's report said he spent an average of 3 1/2 days a week in his office and the balance of the week working at home and on the road. He said he had completed a duplicate set of files and records for his home, that he traveled 2,800 miles seeing shut-ins, aged veterans and their widows.

He said he had a total of 951 veterans on file, giving a complete history of each.

Teague said that his office serves veterans from 22 different cities and towns. Members of the board of commissioners noted that 12 communities are not within the confines of Iosco County and expect to question that fact as adjoining counties are served by a veteran's counselor.

field officers," said Teague. "I have filed 681 claims with the Veterans Administration's regional office."

Included in the \$6,660 budget requested for 1979 is his salary of \$4,800, \$360 for telephone, \$600 for

travel, \$200 for supplies and \$700 for an office secretary.

Since 1974, the annual cost of the veteran's counselor office has grown from \$840 to \$5,000 in 1978. Cost of the office in 1975 was \$1,000, \$970 in 1976, \$3,000 in 1977.

Local Units Received Funds

Local units of government in Michigan's Lower Peninsula received payments of \$581,647 in 1978 resulting from activities occurring on Huron-Manistee National Forest lands. These payments are a combination of 25 percent of the forest receipts from timber sales, special use permits, recreation fees and mineral leases, plus added payments in lieu of taxes for counties under Public Law 94-565. These payments averaged 63 cents per acre for the 923,108 net acres of National Forest land in the Lower Peninsula. Total payments to all Michigan counties containing National Forest land amounted to \$2,223,612.

Tosco County received \$57,889.

Evidence Needed For Social Security Card

People who anticipate that they or their children will need social security numbers in the near future might well take some time to get together the evidence they will need when they apply, a social security representative said recently.

Everyone, no matter how young or old, must furnish evidence of age, identity, and U.S. citizenship or lawful admission status when applying for a social security number.

It is a good idea to apply well before the number is needed, the spokesperson said, since it takes about 6 weeks to receive the number after the necessary

evidence is submitted. Only original or certified copies of documents should be submitted. Photocopies are not acceptable, and documents are subject to verification.

A birth certificate or church record of birth or baptism recorded before a person's 5th birthday is preferred as proof of a person's age and place of birth for people born in the U.S.

Evidence of identity should show the person's name and signature or photograph. Naturalized U.S. citizens should show their citizenship papers.

The representative said that if parents are having trouble getting evidence of identity for young children, they might consider clinic or doctor's records, vaccination certificates, day care or nursery school records, insurance policies, or church school records as possible sources.

The leaflet Applying for a social security number lists many different proofs that can be used. A copy of this leaflet can be obtained at any social security office.

PUBLIC NOTICE

REGULAR MEETING - TAWAS CITY COUNCIL January 8, 1979 Meeting called to order at 7:30 PM at City Hall by Mayor Cholger.

Present: Cotter, Landon, Rollin, Cholger, Lansky, Hayes, Keiser. Others: ACM McCready, Supt. Look. Minutes of December 18 meeting approved.

Ray Abbott requested water and sewer be installed at 535 Victoria. Council instructed ACM to get the work done, as economically as possible, despite ground frost conditions, as his application on November 13 was timely and proper. ACM reported Whittemore Street bridge reopened December 29, with emphasis on safety for traffic.

Further applications for City Manager position have been forwarded to Don Oakes for screening.

Tom Jacques, City Forester, described preparation of pre-application, including statement of areas of development being included in requesting a comprehensive grant: rivermouth, campground, neighborhood parks, and lakeshore study. Resolution offered by Rollin supported by Landon, that Council approve pre-application for HUD Community Block Development Grant, carried unanimously.

Bud St. James told of plans for application for LWCF grant, and necessity of updating City's Master Plan's recreation section. He was advised to consult Planners, Vilican-Leman, for suggestions and cost of updating. Chuck Leman will be briefed on proposals prior to his attendance at joint Planning Commission-Council meeting January 18.

ACM reported Gary Collier's interest in cooperating completely with City in rivermouth development.

Motion by Cotter seconded by Hayes to pay Chamber of Commerce \$300 membership billing; roll call vote, unanimous yes.

Cholger and Hayes expressed interest in attending NEMEDA Subgroup B meeting at West Branch January 16.

Report of 1978 Fire Department activity presented and accepted. ACM was directed to bill owners for 150% of cost of answering car fire calls, as previously decided by Council.

Report of 1978 Building Permits presented and accepted. Council wishes to receive copies of permits as issued monthly.

Councilman Rollin stated he wished to speak with ACM before further discussion on his proposed resignation; agenda item tabled.

Treasurer's report for December presented and accepted.

Motion by Cotter seconded by Keiser that bills totaling \$10,786.82 as listed on Claim Sheet 1-8-79 be paid; roll call vote, unanimous yes. Consensus is that Iosco County Road Commission billings should be received on a more current basis in future.

In discussion on ordinance enforcement, it was urged that Sheriff should discuss enforcement problems with City Manager before making public statements. Supt. Look was directed to attend to removal of vehicles blocking snowplowing efforts, with or without Sheriff Department cooperation.

Motion by Hayes seconded by Cotter that Council offer \$100 reward for information leading to conviction of person(s) responsible for turning on fire hydrant behind high school January 7, and resultant loss of approximately 200,000 gallons of water, which is billed to Tawas City; roll call vote; Ayes, Cotter, Landon, Rollin, Lansky, Hayes, Keiser; No, Cholger.

Ice rink on First Avenue is nearly ready for use, and will be lighted until 10:00 PM.

Motion by Hayes seconded by Rollin that policy be set requiring that all full-time City employees be given physical examinations at Tawas Medical Clinic, at City expense, prior to hire and each 2 years thereafter; carried.

Also discussed briefly: employee cooperation in being available for overtime work; practical "dumping" spots for snow and stumps; boundaries of City property behind elementary school; need for new front-end loader. Adjourned 9:30.

Release Consumers Calendar

Michigan Consumers Council recently released its 1979 consumers calendar for consumers who want to keep up-to-date and avoid common seasonal problems. "We have found that many of the same types of problems crop up at similar times year after year," said Linda Joy, executive director. "The calendar describes typical consumer problems, provides tips on how to avoid them and tells where to go for help. "For example, many consumers are in the market for a new car when the new models come out in October," she continued. "For that month's tip, we suggest consumers

price the package of options on new cars just as carefully as the car itself. We also explain how important it is to shop for credit because that is a major expense as well." As the state's clearinghouse for consumer information, the consumers council has prepared many brochures and fact sheets on consumer issues which are available without charge to the public. Each month of the calendar highlights one of these publications, the director pointed out. Consumers who would like a copy of the calendar can write the Michigan Consumers Council, 414 Hollister Building, 106 West Allegan, Lansing, MI 48933. There is no charge for the calendar.

Rural Areas Eligible for Health Loans

Rural areas that lack primary health-care facilities will be able to apply for assistance through a new cooperative program jointly run by Farmers Home Administration (FmHA) and the Department of Health, Education and Welfare (HEW).

The program allows loans to local government agencies and non-profit institutions for construction of health facilities with interest rates of five percent.

Also available through FmHA are loans to low-income farm families to build farming operations and raise family incomes. Borrowers will pay a three percent interest rate for the first three years then five percent the following two years.

Individuals or agencies interested in obtaining information on either of the above loans may contact FmHA office, 240 West Wright Street, West Branch, phone 345-5470.
