Schools Must Cut Gas Consumption

A 20 to 30 percent reduction in gasoline allocated for Tawas Area School transportation service can be expected for the 1979-80 term, reports Supt. Allan D. Dighera.

The superintendent told board of education members Monday night that federal government energy regulations had mandated that schools operate on 70 to 80 percent of the gasoline used last term.

Dighera and David Westcott, transportation director, outlined a number of measures which would provide a saving of gasoline. Included would be elimination of bus transportation to special events, more careful scheduling of athletic events to provide more than one team riding a bus, elimination of spectator buses.

Although stating he was not recommending this measure at the present time because of the possible hazard to small children walking along M-55, Dighera said that the school may have to enforce the 1 1/2-mile limit for picking up students.

Also to be eliminated would be the 30-minute warmup of buses prior to the start of the run.

"We think we can make it and the transportation director and myself will be making additional studies to report back before the opening of school," said Dighera.

Westcott said that the school's gasoline supplier received a 20 percent reduction in its allocation last spring, but still provided a 100 percent allocation to the school district.

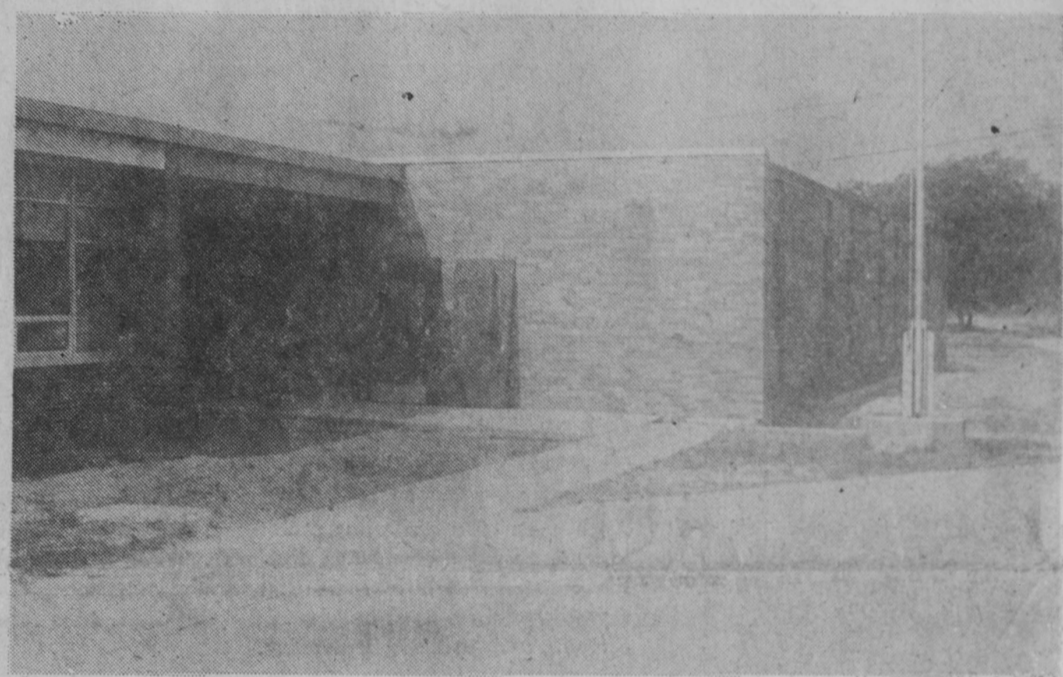

The transportation director also reported that the school district had sold gasoline to the Iosco Intermediate School District last term, which may have to be discontinued.

The superintendent stated that federal regulations provided an emergency allocation in the event that schools do not receive a sufficient quantity of gasoline to transport children to school.

Discussion was also held on the possibility of having more than one supplier which would provide additional gasoline, but Trustee Susan Rieth expressed the opinion that the federal mandate was intended to reduce gasoline consumption and that the district should not look for an additional source of supply.

The transportation director said that a major reason for high fuel consumption by buses is the num-

ber of stops per mile. He said that a study would be made and he may recommend central collection points, rather than for a bus to stop in front of each house.

EXTERIOR WORK on a classroom addition to the Tawas City Elementary Unit is practically completed and major work has been finished on the interior. In an effort to speed the process of completion, the board of education has asked contractors to complete work in early August. —Tawas Herald Photo.

Commission Tables Move to Increase Expense of Landfill

A motion seeking authorization of a 7.1 percent increase in the fee paid by Iosco County to Multi-County Landfill was tabled Wednesday by a three to two vote of the county board of commissioners.

Action on the increase was pursuant to a 1978 contract between the county and owners of the landfill located off Monument Road.

It was stated that the 7.1 percent increase represented 70 percent of the 10.2 increase in the consumers price index which is used as a guide in the contract language.

The county presently pays an annual fee of \$97,665 for this service

and the increase would have amounted to \$1,733.55.

Voting to table the resolution were James Stech, Marian Ulman and John Webb. Voting not to table the matter were David George and Carlton Merschel.

In other matters, the commission adopted a resolution requesting the county road commission to erect signs on county roads of Western Iosco County cautioning motorists of horse drawn vehicles using the highways.

"Iosco County has been enhanced by an Amish community that uses horse drawn vehicles," stated the resolution. The resolution also asked the road commission to contact the Michigan Department of Transportation to erect similar signs on M-65 and M-55.

The resolution was adopted by a four to one roll call with the only no vote cast by Stech.

A four to one roll call vote saw adoption of a contract with Burroughs Corporation for furnishing a B-800 computer to the county, contingent upon both parties agreeing on finance terms. The resolution also asked the firm to describe classification of software for the equipment and provide a firm price on programming for payroll budgeting. The no vote was cast by Merschel.

John Rose, equalization department director, was named installing coordinator for the computer. The commission authorized federal revenue sharing funds to be made available for installing carpeting, electrical service and air conditioning necessary for the computer room.

Action of the board authorized Chairman Webb to sign a deed of county property consisting of 40 acres in an exchange of land with the Butterfield family. The pur-

chase agreement also calls for disbursement of \$16,000 to the Butterfields. The land transfer is for expansion of the west end of the county airport.

A bid of \$800 from Thomas Green of Whittemore was accepted for a surplus sheriff's department vehicle.

Authorization was given to Forest Construction Company to construct book cases and cabinets in the district judge's office at a cost of \$485.69. Federal revenue sharing funds would be used and are to be repaid to that account by the building authority, provided that funds are available when all other building, remodeling work and the parking lot are completely paid off.

Custodians Roger Samuels and Richard Kalinowski were authorized to attend a custodial inservice training August 15 at Traverse City.

The commission concurred with a resolution from Sherman Township approving an industrial facilities exemption from the Gold Bond Products Division of National Gypsum Company for new construction.

The commission accepted the bid of Art's Cleaners, Tawas City, for dry cleaning sheriff's department uniforms.

Appointed to the construction code board of appeals were C. Richard Schwalm of Oscoda, Walter Niles of Tawas Township, Howard Taylor of Baldwin Township, Thomas Clark of Plainfield Township and Raymond Martin of AuSable Township.

The commission approved disbursement of \$1,000 for settlement of all claims pending in a law suit entitled Buhl vs. Westcott and Short, "providing that the money See COMMISSION, page 4.)

Time Getting Short

Board Wants Action on Classrooms In Order to Prepare for New Term

Taking note that a little more than a month remains before the opening of the fall term, Tawas Area Board of Education Monday night directed contractors to complete work on an addition to the Tawas City Elementary Unit by August 7.

In giving this direction, the board of education admitted there is no mandatory completion date in the construction contract but is in hope that contractors will take the hint.

Irvin Hacker, representing the Bay City architectural firm which designed the addition, said that remaining work could be completed in two to three weeks if there was a full crew on the job.

Prin. Herman Rollin said it was imperative to have all contractors out of the building by the middle of August in order for custodians to complete a last minute cleanup and to give teachers an opportunity to prepare their rooms for the upcoming term.

Exterior work on the building has been completed, although Hacker said some painting and caulking remained.

Major work to be completed on the interior is installation of chalk and tack boards and floor tiling in classrooms and corridors, along with classroom doors.

After work is completed by contractors, custodians are to install equipment in the science rooms. Considerable discussion was held on two items: Reconstruction of

the boys' toilet in the old three-classroom wing and correction of a steam line running under the court area.

Reconstruction of the rest-room had not been included in the original contract because of unknown factors involving the new classroom addition. Changes must be made, however, as the toilets were designed for lower elementary grades and the unit will serve grades four through six starting next fall.

In addition, the toilet is part of the original wing constructed about 30 years ago and the state health department has informed school authorities that it must be replaced.

Two quotations received from the contractual plumber and architectural trades working on the addition had a combined price of \$14,700 to reconstruct the toilet. This included tearing out the concrete floor for new plumbing.

Hacker said the quotation of an additional \$5,200 for plumbing and \$9,500 from architectural trades appeared to be negotiable, but the board of education directed Supt. Allan Dighera to obtain local bids on the project as it was felt the cost was too high.

On recommendation of Floyd Janowiak, a fast recovery hot water heater is to be installed in the school kitchen. Under the present system, water for the kitchen is heated by the unit's main steam boiler.

Janowiak also recommended that the three classrooms in the original wing be heated by hot water from the furnace in the new addition, rather than to use the existing steam line which connects the gymnasium and the old wing.

The steam line runs under the open court area and Janowiak said there was considerable heat loss in that line, evidenced by the fact that snow melts rapidly in the court area during winter months.

Janowiak also pointed out that steam heating units in the gymnasium should be replaced in the near future because of age and the lack of valves for proper operation. A steam boiler was installed in 1961 and replaced in the 1970s, which would not need replacement.

Hacker said extension of hot water heat to the original wing could present a problem because of the size of the line and is to make a study for a recommendation to the board. He said it may be more feasible to replace the steam line in the court area.

The board of education is to hold its August 27 meeting at the Tawas City Elementary Unit in order to inspect the work.

Jerry Youngs, junior high school principal, reported that all portable classroom units at the junior and senior high school would be fully utilized this term, although he expects that overcrowding in the main building will be relieved the following term with graduation

of the 1980 senior class, which numbers over 200 students.

Two portable classroom units moved from the Tawas City Elementary Unit to the junior and senior high school are to receive roof repairs in the amount of \$600 to \$700. Youngs was authorized to obtain quotations on carpeting for one unit.

Tentative Date for Recall Vote Set by Papas

Recall election for five of six members of the Tawas City Council has been tentatively set for October 2, according to a report from the Iosco County Clerk's Office.

County Clerk D. Keith Papas determined Friday that petitions submitted three weeks ago by Allied Taxpayers were sufficient to call an election.

The county clerk was unable to proceed further than giving a tentative date for the election as he was out of town early this week attending an election workshop.

Named in the recall were Coun. Hugo J. Keiser, James Lansky, Jerry Cotter, Charles Landon and Donald Hayes.

The regular city primary election is to be held August 7.

Matilda R. Wilson Fund

Grants \$150,000 to Tawas Hospital

Tawas Hospital received word from the Matilda R. Wilson Fund of Detroit that its request for a grant of \$150,000 has been honored. The funds will be used for expansion and renovation of the emergency room, which is currently under way, being part of the expansion program.

Hospital administration and executive members of the development council learned of the gift at a Sunday luncheon at the home of Mr. and Mrs. Frederick C. Nash of AuGres.

Mrs. Nash has served as the AuGres chairwoman for the development council's fund-raising program and has succeeded in gaining commitments of over \$25,000 from the AuGres area for the hospital's development fund.

Nash made the presentation of the commitment letter, on behalf of Nelson R. Meredith, president of the Matilda R. Wilson Fund. Accepting the letter for the hospital was Paul Dude, hospital administrator.

ACCEPTING a \$150,000 check from the Matilda R. Wilson Fund is Paul Dude, left, Tawas Hospital administrator. Others in the picture from left are Carolyn Nash; Frederick Nash; Frank

Storey, a member of the development council, and Timothy O'Connor, development council chairman. Formal ceremonies will take place at the completion of the building project.

Public Health OKs Surgical Unit Expansion

Certificate of need application for a two-room surgical suite has been approved by the Michigan Department of Public Health, according to an announcement Monday by Paul Dude, administrator of Tawas Hospital.

The project will see 2,700 square feet added to the hospital structure and will provide space for two modernized operating rooms, a three-bed recovery room, an outpatient dressing room and a surgical prep area.

Total project costs are estimated at \$450,000.

On behalf of the hospital, Dude expressed appreciation to all members of the medical staff, board of trustees, employees, development council and community, who worked so diligently to gain needed support for the project.

He stated that the improved surgical facilities are a key to attracting physicians and specialists to the area and necessary to the advancement of total health care for all residents in the service area, north of Oscoda and Harrisville, south to AuGres and west to the Hale-Whittemore area.

I pledge allegiance to the flag of the United States of America and to the republic for which it stands; one nation, under God, indivisible with liberty and justice for all.

Editorials—

Important Election August 7

Electors of Tawas City should make a point to vote in the important primary election Tuesday, August 7, when candidates for city council vacancies will be named for the November general election. This election, plus the general election and a recall vote, are probably the most important in this community's history. The outcome will decide if residents wish to see this community continue to progress during the next two to four years, or if they wish to endorse a negative attitude of some of our fellow citizens.

Considerable accomplishments and developments have been made in this community during recent years—expansion of sanitary sewers, new black top streets and

bridges, an expanded water distribution and storage system, new fire trucks and other equipment, improvements to the park dock and purchase of property at the river mouth for future development.

Some of those important projects have met opposition from those with a negative viewpoint, who have resorted to politically motivated actions to destroy potential community growth and harmony among its citizens.

Voters should accept the responsibility to continue this community's development and support the elected citizens who have been and remain dedicated to improve this community.

State in Trouble Over Loan

When the country suffers a major recession, such as the one in 1974-75, Michigan is hit particularly hard; when the country catches cold, the state gets pneumonia.

Because automobiles are often considered expendable major purchases, people put off buying a new car when money is tight. As a result, automakers are often forced to lay off thousands of workers and the state has to make sure these people get their unemployment compensation benefits.

During the recession of 1974-75, Michigan was forced to borrow from the federal government to meet these unemployment insurance costs. The federal government has said that Michigan, along with the 17 other states that borrowed money at that time, must repay the debts by 1980—Michigan owes 624-million dollars.

Michigan is paying off its debt and so are the other states. However, it is impossible to meet the 1980 deadline. A three percent federal penalty tax will be levied against employers if this debt is not repaid next year. This tax

will increase by three percent each year until the debt is paid in full.

The country and Michigan is headed for another recession in the near future and before that loan is paid, more thousands of workers will be drawing unemployment compensation benefits.

It is totally unfair to penalize states and their employers for compensating employees during times of recession. A bill sponsored by Cong. Robert Davis of Michigan would require the federal government to compensate states for a portion of unemployment benefit costs if the state's insured employment rate for that year was at least six percent and if benefit payments for that year exceed unemployment payments received by the state treasury.

Although this is a stop-gap measure and does not touch the real problem—the projected recession's major cause will be blamed on the lack of petroleum—Davis' legislation would enable Michigan and other states to repay their debts without penalty and would prevent similar situations in the future.

Know

Your

Michigan Law

By Attorney General FRANK J. KELLEY

In the past, the death of a spouse required the surviving partner to undergo lengthy legal proceedings before inheriting the goods and property once shared as husband and wife.

Under the Revised Probate Code which took effect July 1, the widowed spouse is guaranteed an increased share of the estate, as well as additional allowances and benefits. Also, the administration of the modest estate has been simplified.

The new code assures a surviving spouse priority and creditor-free right to the property of the deceased, upon disclosure of the net assets in the estate and proof of payment of funeral expenses. The new code also stipulates that the surviving spouse is entitled to: The right to remain in the dwelling of the deceased up to a year after his death, or until the surviving spouse's share is assigned. (During that time, the surviving spouse is not charged with rent, taxes or major payments.)

A property allowance of \$3,500 in furnishings and personals of the deceased (over the amounts owed on the property).

A homestead allowance of \$10,000.

A reasonable family allowance for care and support during the probate, up to one year after the death.

The right of use of any real property in the sole name of the deceased, with compliance to the above rights.

For the husband or wife whose mate died without a will, the revised code changes previously rigid Michigan laws, which sometimes granted assets to unselected beneficiaries. The new code assures simplified probate proceedings and increased benefits.

Under the new code, the surviving spouse is granted the entire estate of the mate who died without a will providing he or she was not survived by children, grandchildren or a parent.

If the deceased mate is survived by a parent, children or grandchildren, the surviving spouse is entitled to inherit the first \$60,000 of the assets in the estate and would share the remainder with the parent (s), children or grandchildren.

If the surviving children or grandchildren are not related to the surviving spouse (as in the case of children of a prior marriage), the spouse is only entitled to one-half of the estate, while the surviving children collectively share the remaining half.

The intent of the revised code is to provide security for a surviving spouse with efficient and simplified probate during a difficult period in life.

Sparkles the Clown to Hold Crusade

Thomas Appleba, known as Sparkles the Clown professionally, and his puppet people from Ferndale will be conducting a children's crusade at the East Tawas Assembly of God Church, located at 311 East Lincoln Street, beginning Sunday, July 29, and continuing through Friday, August 3, from 7 to 8 o'clock each evening.

Sparkles is assisted by his family with puppetry, Gospel magic, singing, ventriloquism and a

unique blend of children's programs that appeal to all ages. Appleba's clowning background began with the state fairs, carnivals and amusement parks on the east coast and Midwest. His travels have taken him over a wide area of the country.

The Rev. Edward J. Fairbanks states that Sparkles the Clown appeals to all ages and invites the whole family to the children's crusade.

Publications Talk About Future Aging

Unless someone discovers a never-depleted fountain of youth in the future, aging will continue to be an inevitable part of life. However, the later years need not be unpleasant, according to the author of three newly-released publications from the Michigan State University Cooperative Extension Service.

Anne K. Soderman of the MSU Department of Family and Child Sciences prepared the series of three reports on maintaining independence, adjusting to retirement and coping with loss in the later years. All relate to self-esteem.

Soderman points out that independence is related to financial security, alternatives in housing and transportation, health care and available community services. It is also related to attitudes about exercising control in those important areas. When people feel they are independent and in control of their lives, they feel good about themselves—they have high self-esteem.

In the second part of the series, Soderman suggests some ways to guard against what she calls "retirement shock." This is the loss of self-esteem some people experience when they give up their work roles and find they cannot handle the leisure time on their hands.

In talking about coping with loss, Soderman describes common stages in the grief process and lists ways people can deal with their own losses and help others deal with grief.

All three bulletins, which are printed in easy-to-read type, contain lists of recommended reading and references. To order Extension Bulletins E-1289, E-1290 and E-1291, contact Iosco County's MSU Cooperative Extension Service office, Post Office Box 599, Tawas City 48763, phone 362-3449.

(Read John 1:9-13)

"Fix your thoughts on what is true and good and right." (Philippians 4:8 TLB)

A computer and a newborn baby are similar in one respect—both have potential, but depend on information supplied by people to realize their potential.

A computer has the potential to solve complex problems. First, however, a program must be written and stored in the computer. Then, incoming data can be evaluated in accordance with the programmed instructions. Programmers have an expression—GIGO—garbage in, garbage out. This simply means the results can be no more effective than the stored program permits.

Similarly, a newborn baby has the potential to become a great servant of God. At birth, however, a child has an undeveloped conscience which knows neither right nor wrong. Each day, a program is being written in the child's conscience. Later, as an adult, he or she will call on the sum total of all stored programs to evaluate data and make vital decisions. The decision can be no more right and proper than prior precept and example will permit. Clearly, it is important to train children in a way which will develop consciences attuned to the will of God.

PRAYER

Father, help us to remember our responsibility to feed our children upon Your word. Amen.

Highlights And Sidelights
Stop Signs Are Not Very Effective

LANSING—Stop signs do not necessarily stop or slow drivers. In fact, according to recent findings gathered by Richard F. Beaubien, member of the Michigan Section of the Institute of Transportation Engineers, stop signs may increase a driver's speed.

Beaubien's findings result from studies at Troy and are backed up by a study conducted at East Lansing, where stop signs were installed in residential areas for experimental purposes.

Radar studies showed that driv-

ing speeds tended to be slightly higher after stop signs were installed on a given street. Although the study did reveal that drivers tend to slow down up to 100 feet before and after each stop sign, they often speed up on the remainder of the street.

Gordon E. Melvin, East Lansing assistant city engineer, theorized that drivers apparently speed up to make up for time lost at stop signs.

"Interestingly enough, only 25

percent of the drivers came to a full stop at stop signs used for speed control, 50 percent made only a rolling stop and 25 percent did not stop at all," he said.

Michigan State Police and Michigan Department of Transportation guidelines discourage the use of stop signs for speed control in neighborhoods.

Experience has shown that the drivers most likely to be speeding on residential streets are the ones who live in the neighborhood.

Cancer Unit Had Favorable Fund Response

Iosco County Unit, American Cancer Society, reported a favorable response to local publicity via the newspapers and radio regarding the sale of cook books as part of the cancer crusade. The group met recently at the home of Marjorie Lyon.

Plans for the annual meeting, slated Tuesday, July 31, 7:30 p. m., were discussed. The meeting will be held in the new Masonic Temple, across from Tawas United

Methodist Church on M-55. Volunteers are urged to attend and hear the results of the crusade and join in the election of new board members.

Crusade workers with collection envelopes are requested to return them by August 30 or earlier.

A summer camp for child cancer victims is in a pilot form and plans for establishment of several camps in the future.

American Cancer Society also has future plans for a training program for professionals, I Can Cope, to aid in helping victims.

Persons wishing to contribute to the cancer fund may send contributions to American Cancer Society, Box 503, East Tawas.

Week Long Bible School

The Rev. William Wright states that Vacation Bible School will be held at Hemlock Road Baptist Church the week of July 30-August 3, featuring lesson material on the life of Jesus Christ. Classes for all age levels from nursery through adult are offered. The Bible school will run nightly from 7 until 8:30 o'clock with the closing program to be Sunday evening, August 5.

The public is welcome to attend and anyone wishing a ride may call 362-2256.

VOTE POSITIVE!
VOTE for JERRY COTTER
TUESDAY, AUGUST 7

TO THE VOTERS of TAWAS CITY:

As a candidate in the August 7th Non-Partisan Primary, I'd like to discuss my philosophy of our City Government.

FIRST of all, I believe in Majority Rule. This is the Foundation of Democracy. All aspects of a particular problem or project should be discussed ORDERLY, but thoroughly, before it is decided. After the vote everyone must abide by the decision and PULL TOGETHER for the betterment of all. A couple of our Council Members don't believe in Majority Rule. As a result, progress has been difficult, and, at times, impossible.

SECOND, I believe it is the duty of the Council, after proper deliberation, to determine the ORDERLY management and development of the City for all the Citizens. During the Boundary Commission Hearings in 1977, one Boundary Commissioner said "Tawas City is a Dying Town." I objected to his remark and demanded he apologize. But in view of the Recall, Law Suits, accusations, etc., I wonder . . . IS TAWAS CITY A DYING TOWN? Despite the difficulties, I have been involved with the Majority of the City Council in making some VERY POSITIVE PROGRESS. A few EXAMPLES:

1. The COST OF BORROWING MONEY IS LESS because bidding is now required on short and long term loans.
2. GREATER INCOME IS BEING EARNED by investment of funds in Daily Interest Accounts.
3. A NEW FIRE CONTRACT with Alabaster and Tawas Townships requires sharing of all costs on a FAIR BASIS.
4. Most CITY EQUIPMENT has been UPGRADED.
5. PROGRESS has been made in law and ORDINANCE ENFORCEMENT. I believe ordinances should be enforced or repealed.
6. A NEW CITY MANAGER has been hired after the resignation of City Manager Bublitz, who did such a GOOD JOB for so long.
7. IMPROVEMENT OF MOST CITY PROPERTIES has been accomplished during my current term of office, with the exception of our OLD CITY HALL. You will be asked soon to Vote on a revised plan for a NEW CITY HALL, FIRE DEPARTMENT AND LIBRARY. I WHOLEHEARTEDLY SUPPORT THIS PROJECT along with the Large Majority of the Council. I urge you to visit the New Whitney Township Hall-Fire Department to see what is possible at a REASONABLE COST.
8. INDUSTRIAL PARK EXPANSION is underway to attract desirable industries.
9. PROGRESS has begun on the TAWAS RIVER HARBOR. Let's hope development will be rapid.

In this time of Big Government and Big Spending at the Federal, State and County levels, it is extremely important that we keep our City Government as small, as efficient, and as economical as possible. The City Council is one of the very few governing bodies that can be responsive to the needs and desires of the Citizens without giving in to the pressures of the bureaucracies and special interest groups. I hope you will Vote on Tuesday, August 7. I will appreciate Your Vote.

Thank you for reading this adv.

Sincerely,

JERRY COTTER
Non-Partisan Candidate for
TAWAS CITY
COUNCILMAN

Attend 24th Music Teacher Confab at MSU

Mrs. Alden Phelps and Mrs. Kenneth Wojahn of East Tawas attended the 24th music teachers continuing education convention, sponsored by Michigan Music Teachers Association of which Mrs. Phelps is a certified member. The ladies each received a certificate.

Theme of the two-day conference, held Thursday and Friday, July 19-20, at the Kellogg Center of Michigan State University, East Lansing, was student evaluation of performance and teaching techniques.

Anna Schaaf Honored With This Is Your Life

A "This is Your Life" segment recounting the life of Anna Schaaf highlighted the first meeting of Tawas City Chapter No. 303, Order of the Eastern Star, in the newly-constructed building on M-55. The meeting held Tuesday, July 17, with 45 present, was presided at by Grace Weeden, worthy matron, who presented Mrs. Schaaf with a rose and gift. Maude Rollin was also honored for her years of service to the lodge by presentation of a rose in the east.

A social hour with refreshments served by Mr. and Mrs. Carl Schaaf and Dianne Knight followed the session.

The next meeting of the chapter will be held August 21.

The Di-Gel Difference

Anti-Gas medicine Di-Gel adds to its soothing Antacids.

Di-Gel. The Anti-Gas Antacid.

Tawas Bay OES Chapter to Organize

Organization of Tawas Bay Chapter No. 71, Order of the Eastern Star, following consolidation of Tawas City Chapter No. 303 and Josco Chapter No. 71, will take place August 23 at the newly-constructed Masonic Temple on M-55. The new chapter will meet the third Tuesday of each month starting with the September 18 session.

Grace Woodburn Hosted Club 13

Grace Woodburn hosted seven members of Club 13 Wednesday, July 18, at an evening of cards. Prizes were won by Isabelle Leslie and Beryl Hoy. Other members received token gifts.

Lunch was served by the hostess.

Marjorie Richter Honored Sunday With Shower

Sunday, July 22, Miss Marjorie Richter of East Tawas was honored at a miscellaneous bridal shower and luncheon by the attendants for her August 25 wedding. Hosting the affair for the bride-elect of James Cano were her sisters, Roberta Richter and Mrs. Michael Herrick, and her cousins, Allison, Karla and Andrea Smith.

Games and lunch were enjoyed at the fellowship hall of Zion Lutheran Church.

Arthritis Sufferers! Now Get relief for painful inflammation and protection for your stomach! For minor arthritis pain, Arthritis Pain Formula has 50% more medicine than ordinary headache tablets. Plus two antacids for double stomach protection. Try Arthritis Pain Formula, the arthritis specialist, from the makers of Anacin.

Sand Lake Photographer to be Featured

Thursday evening, July 26, at 7:30 o'clock, monthly meeting of the Tawas Bay Artists will feature Kenneth Hannon of Sand Lake presenting some of his recent photography in color and black and white. He is interested in the many local areas which he works with in his studies. Hannon is a lecturer at the Center of Creative Studies, College of Art and Design, Detroit Institute of Fine Arts.

In addition, there will be a display of African artifacts shown before the business meeting. They will be presented by Ione Sabin from Hale.

Friday, July 27, 1:30 p. m., the final meeting of the waterfront show committee is slated. The latest report is for crowds of visitors and many talented artists.

Engaged

Mr. and Mrs. Richard Moss of East Tawas announce the engagement and forthcoming marriage of their daughter, Mari Lynn, to Robert Clements. The prospective bridegroom is the son of Mr. and Mrs. Laurence Clements of Tawas City.

Plans are being made for a September 1 wedding.

Engaged

Mr. and Mrs. Robert Watts of East Tawas announce the engagement of their daughter, Kellie, to Larry Hughes. The prospective bridegroom is the son of Mrs. Wilfred Hughes of Tawas City and the late Mr. Hughes.

The couple, who graduated from Tawas Area High School, is planning a November 10 wedding.

Second One Man Show at Gallery

Friday and Saturday, July 27-28, Beatrice Charters, one of the most prolific painters of the Tawas Bay Artists, will be showing her works at the second one man show at the gallery from 1:00-5:00 p. m. Her paintings include local scenes and native memorabilia of old cars, water tanks and light houses. Her displays can be seen at the gallery and area businesses.

While visiting her daughter and family at the Azores, she became interested in painting and continued her instructions at home. She has studied under Marlene Pellerito, Gary Nelkie, portrait painting under Marjorie Merscer, and workshops by Larry Blowitz and Arthur Hartman.

She has entered paintings in juried shows at the Besser Museum, Alpena. Three of these paintings were accepted which attests to her abilities.

this... that and the other

Ann Bolen of East Tawas was included on the Lake Superior State College dean's list for the term recently ended.

Saturday, Hattie Evril and Esther Look of Tawas City accompanied Mr. and Mrs. Walter Moeller of East Tawas to Swartz Creek to visit Mr. and Mrs. Gary Zink and family.

Mrs. Mabel Wilson, Mr. and Mrs. Fred Wilson and son, Jeffrey, of Lansing were Saturday and Sunday guests of the Harry Goodales of Tawas City.

Mrs. Warren Dempsey and three daughters of Troy are visiting her parents, Mr. and Mrs. Melvin Sesler of East Tawas.

Mr. and Mrs. Byron Mark and J. A. Mark of Tawas City attended the Subbrook family reunion at Lexington on Sunday, Mrs. Dorothea Hennig of Detroit accompanied them home for a visit.

Mr. and Mrs. Maynard VanOrnum of Hot Springs Village, Arkansas, are guests of Mrs. Everett Wolfen of East Tawas and are visiting other Tawas friends.

Mrs. Greta Chaney has returned to her home in Swartz Creek after a month's visit here with her son, Ronald Chaney, and family of East Tawas and area friends.

Edward Medalis is leaving Wednesday (today) for his home in Tucson, Arizona, after visiting Mrs. Stanley Medalis of East Tawas a few days.

Thursday, Mr. and Mrs. Bud Fisher of Centerville called on friends in the Tawasess.

Mr. and Mrs. Donald Herman of East Tawas were in Traverse City over the week-end to visit their daughter, Susan Herman; son, James Herman, and his wife.

Mr. and Mrs. Gordon Kobs and family of Romeo were week-end guests of his parents, Mr. and Mrs. Karl Kobs, Tawas City.

Mr. and Mrs. Harold Siegrist of East Tawas attended the Prescott school reunion on Saturday.

Elmer Fahselt of Cranbrook, British Columbia, arrived Saturday for a visit with friends and relatives.

Mr. and Mrs. Charles Zech and children of Mt. Clemens, Mr. and Mrs. Donald Cramer Jr. and children of Melvin and the Nelson Daleys of Dryden were guests of Mr. and Mrs. Alfred Cramer of East Tawas last week.

Lisa and Scott Serda of Farmington Hills are guests this week of their grandmother, Mrs. Clyde Evril of Tawas City. A friend, Paula Mitchell, is also a guest of Mrs. Evril.

Guests at the Harold Siegrist home in East Tawas during the past week included Mr. and Mrs. Leonard Allen of Flint and Mr. and Mrs. Earl Frey of Jackson. Mr. and Mrs. Robert Schumacher from Pinconning also spent a few days with her parents, the Siegrists.

Mr. and Mrs. Matthew Heumann of Ypsilanti were week-end visitors of their grandmother, Mrs. Amanda Wresche of Tawas City. Her family helped her observe her birthday with a party Saturday evening. Others attending were Martin Mueller, Mrs. Leona Myers, Mr. and Mrs. Howard Kohn and Mr. and Mrs. Arthur Leitz.

Mr. and Mrs. Robert Kendall of East Tawas vacationed in Marquette and other points in the Upper Peninsula last week. Their granddaughter, Suzanne McGee, who attended a gymnastic clinic in Marquette during the week, returned home with them.

Mr. and Mrs. William M. Murray and son, Paul, of Essexville, spent Friday and Saturday in the Tawas area.

Ada Fitzpatrick has returned to her home in Bay Park Tower after several weeks spent with relatives in Florence, Alabama, and Farmington.

Sunday, Mrs. Frances Sheeks and granddaughter, Miss Ann Miller, Tawas City, attended the 35th wedding anniversary surprise party for Mr. and Mrs. Clyde Sheeks of Ypsilanti. The celebration was held at the home of their daughter, Mrs. Roland Bunton, and Mr. Bunton in Ypsilanti.

Mrs. Tillie Jarvela has returned to her East Tawas home after visiting her daughters, Mrs. Florence Haight of Lincoln Park and Mrs. Ruth Bukowski of Bay City.

Mr. and Mrs. Marion Richman of Mesa, Arizona, are guests of Mrs. Lee Weeden of Tawas City for several weeks.

Calling on Mr. and Mrs. Clarence Greenwood and Mrs. Martha Greenwood of East Tawas on Sun-

day were Mr. and Mrs. Charles Greenwood of Bay City and Mr. and Mrs. John Greenwood of Owosso.

Mr. and Mrs. John Mark of Statesboro, Georgia, called on relatives in the Tawasess on Monday.

Several members of her family helped Mrs. Abram Frank, Tawas City, celebrate her birthday anniversary on July 17 at the family home. She received many gifts and flowers.

Visiting in East Tawas with Mr. and Mrs. John DeVaux and Mrs. Jean DeVaux last week was Mrs. Adele Harbuz of Detroit.

Friday, Mrs. Beulah (Stockman) Day of Highland Park called on Miss Viola Groff and Mrs. P. N. Thornton of Tawas City. Mrs. Day is spending a couple of weeks with her brother, Herbert Stockman of Oscoda.

Last week, Mrs. Dorothy Roth of Saginaw and Mercer Smith of Bloomfield Hills were guests of their cousin, Mrs. Leeta Schlaack, Tawas City.

Mrs. J. F. Mark Hosted TC Club Meeting July 18

Twenty-four members of Twentieth Century Club met at the home of Mrs. J. F. Mark and answered roll call with their most memorable Fourth of July, bringing back interesting facts. The Wednesday afternoon, July 18, session included discussion on the coming year's program led by Mrs. Donald Lamb, chairman of the committee, and Mrs. George Stalker, president.

Meditation was given by Miss Cleopatra Shelp, who also discussed birds. Several of the group announced plans to attend the Northeastern District workshop at Pinconning Tuesday, October 2. Mrs. Stalker read an editorial from The General Federation of Women's Clubs, "Why the Dollar has Lost its Bang."

Welcomed to membership during the session was Mrs. A. C. Rayburn of Douglas Drive, Tawas City. She will host the group at the September 19 meeting. The group will adjourn during August.

Mrs. Emil Deprest and Mrs. John Forsten served ice cream and wafers during a social hour that followed. They were assisted by the hostess.

THIS SCENE will be repeated Saturday and Sunday, August 4 and 5, when the annual Tawas Bay Waterfront Art Show is held at the Tawas City Park and Josco County Building. Recognized as one of the top art shows in the northern part

of the state, this event annually draws several thousand visitors and entries this year are expected to pass the 200 mark.—Tawas Herald Photo.

Lower Hemlock

Thursday and Friday, Mrs. Clifford Groff and daughters, Patricia and Tammie, traveled to Mackinac Island and Sault Ste. Marie.

Orville Strauer returned home Saturday from Samaritan Hospital, Bay City, following surgery on Monday.

Saturday, Mr. and Mrs. Raymond Koss of Oscoda accompanied the Lyle Groffs to Mio to attend the Forestry Exposition.

Tressa and Christopher Kendall enjoyed a few days with their grandparents, Mr. and Mrs. Carl Kendall, before moving to Kaw-kawlin with their parents, Mr. and Mrs. Michael Kendall, recently relocated from Stevens Point, Wisconsin.

Members of the Frank Ulman family enjoyed an annual reunion at Tawas City Park Sunday, July 22. Among the 54 persons present were Mr. and Mrs. Clayton Ulman and Mary, Ervin Gauthier, the Arnold Drumm family, Mr. and Mrs. Daniel Bygden and daughter, the Laurel Whitford family, Mr. and Mrs. James Katterman and family, Mr. and Mrs. Ferris Brown, all of Tawas City. Also in attendance were Mrs. Evelyn Overholt, Faye Jacques and Michael, Mr. and Mrs. Fred Burtzloff and the Gary Burtzloff family of Bay City; the Robert Overholt

family of Essexville; Wesley Webber family of Montrose; George Dingle family of Kawkawlin;

Thomas and Scott Durant of Burton and the Douglas Toms family of Prudenville.

VanDeusen - Kock Rites are Solemnized July 7

The marriage of Charlene Ruth Kock and Steven Lynn VanDeusen was solemnized Saturday, July 7, at St. John's Lutheran Church, Red Wing, Minnesota, with the Rev. David Kock and the Rev. Gerhard Horn officiating. The bride is the daughter of Mr. and Mrs. Robert Kock of Tawas City. Her husband is the son of Mr. and Mrs. Lawrence VanDeusen of Red Wing.

Given in marriage by her father, the bride was attired in her mother's wedding gown of lacy net over satin. She carried a bouquet of daisies, carnations and babies breath.

Paul Kock, bride's uncle, was vocalist and was accompanied on the organ by Arnold Strehler.

Denise Carlson was maid of honor and Judy and Doris Kock of Tawas City, sisters of the bride, were bridesmaids. They wore yellow net over taffeta gowns and carried flowers matching the bride's bouquet.

Serving as his brother's best man was Larry VanDeusen of Red

Wing. Groomsmen were Daniel Reese and Brian Lohman, also of Red Wing. Daniel Augustine and Glen Stumpf seated guests.

Mrs. Kathleen Mickelson served as her sister's personal attendant. The couple will reside at Goodhue, Minnesota.

SENIOR CITIZENS HELD POT-LUCK DINNER

The senior citizen's pot-luck dinner was held Tuesday with visitor, Sister Bernarde of Monroe, in attendance. Plans were made for ladies to work two hours each at the homecoming.

A noon picnic August 7 is slated at the Sand Lake picnic grounds. Bring a dish to pass and table service. Drinks and meat will be furnished by the senior citizen club. Games and amusement will be featured.

A birthday cake honored Mrs. Anna Price, whose birthday was July 6, and a birthday card signed by all present. Mrs. Price was absent so the remainder of the cake and card were delivered to her. Door prizes were won by Octave and Margaret St. James.

Mr. and Mrs. Bruce Goupil went to Lakeview last week with Mr. and Mrs. Russell King accompanying them. Wednesday and Thursday nights, they went to Big Rapids to the harness racing, where Warren McMurray of the McMurray Stables of Whittemore made a good showing.

Wednesday, Mr. and Mrs. Garfield Provost went to Bay City to the Staphis Funeral Home to pay their respects to Gary Lewis.

Fifteen ladies of the Burleigh Rural Ladies Club and some of their husbands had dinner at Geni's at Tawas and took a ride on Tawas Bay aboard the Holiday. The next club meeting will be August 2 at the home of Mrs. Muriel Colvin.

Dennis Hoffman went to Bay City for a checkup following his auto accident last March and got a good report.

Monday, Marilyn Nickell visited her grandmother, Mrs. Irene Harsch, and other friends at Flint and enjoyed dinner together.

Mr. and Mrs. Harrison Snyder and the Floyd Freels spent a week camping at Traverse City during the Cherry Festival.

Mr. and Mrs. Michael St. Cyr of Ann Arbor and Marni McFall of Romeo arrived Friday night at the home of Edward Graham. Saturday night, all went to Sand Lake to the Graham cottage where Mr. and Mrs. Jack Graham and family joined them on Sunday to celebrate Edward Graham's birthday.

Mr. and Mrs. William Irish of Burt and Mr. and Mrs. Ted Norman of Flint all called at the Clarence Bellville home Saturday.

Ida Dorcy returned home Wednesday afternoon from Interlochen where she attended three days of meetings of the Michigan General Federation of Women's Clubs and also attended a 2½-hour program of Fred Waring and the Pennsylvanians. Mrs. Beulah White of Hale accompanied Mrs. Dorcy.

Mr. and Mrs. Joseph Parker and daughter, Teresa, of Marietta, Georgia, are visiting her parents, Mr. and Mrs. Clarence Bellville, grandmother, Mrs. Ethel Bellville, and sister, Mrs. Roger Gibson, and husband for a week and also went camping at Oscoda County Park. Mr. and Mrs. Kenneth Hasty of Davison visited the Bellvilles and joined the Parkers on the camping

outing. Thursday morning, the Clarence Bellvilles joined them for the rest of the week.

Mr. and Mrs. Gerald Bellen and daughter, Geraldine, and her daughter, Darlene, went to Flint Monday on business.

Mrs. Valda Lawe spent a week in Flint with her daughters and mother. On returning home, her daughter, Roxanne, and baby and another granddaughter came with her for a week.

William J. Nagy of Seffner, Florida, spent five days at the Bruce Goupil home. While there, he took the Goupils out for dinner at the Bear Track Inn. The Goupils took him back to Tawas to the Hirsts and to leave for Florida.

Mrs. Carey Emmons of Oscoda called on her sister, Helen St. James, Wednesday. They visited in Turner and Mrs. Emmons stayed for the evening.

Mr. and Mrs. John Gaulin and children of Rudyard spent the week here with her parents, Mr. and Mrs. Raymond Gay, and visited other family and friends. Mrs. Doris Venix of Freeland visited at the Gay home one day last week.

Margaret Bellor and Helen St. James were business callers in Bay City Thursday.

Thursday, Mr. and Mrs. Garfield Provost visited Russell Simons at Tawas Hospital.

Mr. and Mrs. Lowell Provost of Bay City were Friday guests of his parents, Mr. and Mrs. Garfield Provost.

Mrs. Barbara Milan and children of Flint spent a day last week with her grandmother, Mrs. Jennie Rigg.

Mr. and Mrs. Ethan Thompson and the Irwin Streeters of Prescott spent Thursday at Mackinac Island celebrating Mr. Streeter's birthday.

The Reno School reunion will be held Sunday, July 29, at 12:30 p.m., 7900 Old State Road, Whittemore, the Joseph Barnes residence. All former pupils and teachers are invited.

Mr. and Mrs. Ethan Thompson visited the Stanley Drzewieckis of East Tawas last Tuesday.

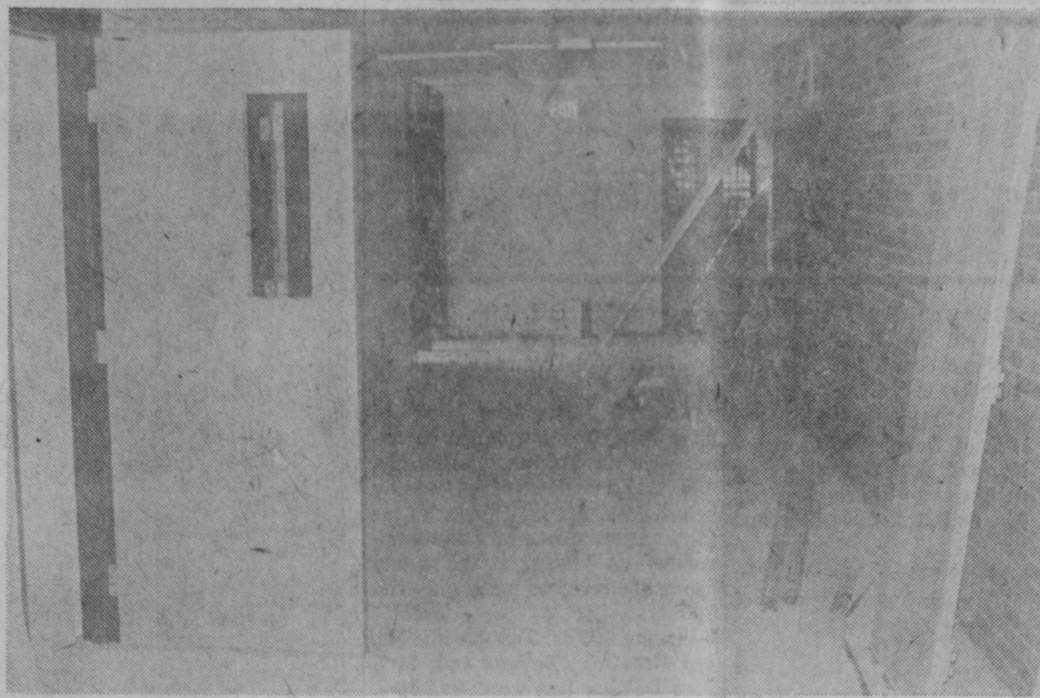

Commission

(Continued from page 1.)

cannot be prudently recovered from the county's insurance company." The case was brought by a private citizen against George Westcott and Robert Short, Hale tow truck owner, and concerned storage of an automobile.

A letter from the Tawas City Council said it was totally sympathetic to removal of parking spaces on either side of the driveway leading from US-23 to the sheriff's department. The letter signed by City Mgr. Lowell Thomas said, however, that three to four parking spaces would be removed from an already congested area. The letter asked the commission to erect signs directing motorists to park cars in the new county building parking lot.

Discussion was held on emergency training for tow truck drivers. It was reported that wreckers often reach the scene of an accident before ambulances and victims could be injured further if tow truck drivers are not properly trained.

THIS WAS THE SCENE Tuesday morning at the contractor to finish the project in early August. No workmen were around when the picture was snapped.—Tawas Herald Photo.

Tawas Area School to Sell Trampoline to Highest Bidder

Tawas Area School District will sell its trampoline to the highest bidder. There is just too much liability exposure when the equipment is utilized by children, according to school officials.

This action was taken Monday night by the board of education following a report by Supt. Allan D. Dighera.

The school's trampoline has been securely locked and stored in a corridor at the junior and senior high school since early last spring. That action was taken when a student was injured while using the equipment.

Dighera said that state school authorities had recommended some time ago that all schools dispose of trampolines because of the hazard to children. In addition, teachers are wary of accepting responsibility when children use the equipment.

In other business Monday night, the superintendent was directed to contact Tawas City officials concerning a 100 percent surcharge for public utilities and an increase in the water rate for public buildings. It was stated that the district paid more than \$2,000 to the city last year for water and sewer service to the high school.

A policy was adopted in 1977 making a 100 percent surcharge for all customers outside the city limit. It was noted, however, that the charge was not made for some quarters since adoption of the policy.

The school district was notified that the Gold Bond Division of National Gypsum Company was appealing its tax assessment in Sherman Township to the Michigan Tax Tribunal.

Possible introduction of a program to provide participation by juniors and seniors as guides at the Isoco County Historical Museum, as part of classroom instruction in

history, was discussed. The superintendent was authorized to continue discussion on the proposed program with Harris Barkman, president of Isoco County Historical Society.

A letter from State Rep. Tom Alley invited board members to an educational program on tourism to be held August 14-15 at Oscoda

Area High School and Redwood Motor Lodge.

Request for a one year leave of absence for Barbara Smith was granted, provided a suitable replacement can be obtained. She is a junior high school reading teacher and plans to further her education. Permission was granted to fill the position.

Common Sense Saves Gas And Lives

Most people are aware of the importance of driving at a safe speed, but did you know that you can practice automobile safety and conserve energy while your car is standing still?

Observing the 55 mile speed limit is certainly a key factor in both highway safety and fuel conservation, but it's not the only one. There are many others, all of which combine to make the nation's highways—and your driveway—a safer place to be. Liberty Mutual Insurance Company offers some tips that allow you to practice safety and conservation both on the road, and before you even get in your car.

ON THE ROAD
• Take a little extra time to get where you're going. It's a small price to pay for getting there alive.

• Be alert and avoid making quick starts and stops. Besides using more gasoline to do so, you may be placing yourself in a dangerous situation that could have been avoided with more cautious driving.

• Use your seat belt at all times, even when driving on short trips to the pharmacy or laundromat.

• Plan your trips so that you can get more errands done at one time. Avoid using your car when you can walk to your destination.

• Consider car pooling and public transportation, when available, as alternatives to driving. Many public transportation systems across the country are being or will be upgraded to accommodate an increasing flow of new passengers.

IN THE DRIVEWAY
• Don't idle your car's engine for more than five minutes. It wastes gasoline, and is against the law in

some states. If you should have reason to idle the engine, make sure you do so in an open, well-ventilated area. Don't idle the engine while in a garage. The fumes from the car's exhaust are highly toxic and could cause serious injury and even death.

• If you notice your car is using an abnormally high amount of fuel, or if you smell gasoline near the car's rear end, you may have a leak in your gas tank. Have it checked immediately by a service technician.

• Gasoline should not be stored inside of, or close to, any inhabited building. Never store or carry extra gasoline in the truck or passenger compartment of any vehicle.

• Check your tires for proper inflation. Proper air pressure can prevent premature tire wear, and also improve fuel economy.

• Keep your car well lubricated and have your service technician tune the engine as recommended by your owner's manual.

Remember, a good part of driving safely is simply good common sense. Stay alert at all times, check your vehicle frequently, use your seat belts, and remember to drive within the legal speed limit posted in your area. Driving at lower speeds not only is a safe habit; it helps conserve fuel, extend the life of your vehicle, and reduce maintenance costs. Save Fuel and Lives With 55.

HOW TO TALK GOLF

Don't ruffle your feathers. Go for a birdie!

The National Golf Foundation reports that more women than men are taking up golf. More leisure time, the added income produced by working women, and golf clubs designed for women have all contributed to an increasing interest in the sport.

And because of this added popularity, golf is becoming a favorite topic at cocktail parties and conventions. Whether you play the game or not, you'll want to understand what is meant by being trapped in a "bunker."

To help you sound like a pro, here's a list of golf terms from the experts at PGA Golf, manufacturers of the new Butterfly club designed especially for women:

- Ace**—a hole scored in one stroke.
- Approach**—a shot aimed to the green or to the pin.
- Apron**—grassy area bordering the green, also known as the fringe.
- Birdie**—one stroke under par for a particular hole.
- Bogey**—one stroke over par for a particular hole.
- Bunker**—a sand trap.
- Chip shot**—any short shot played up toward the green from a distance of less than 20 yards.
- Dogleg**—a bend to the right or left in the fairway.
- Eagle**—a hole scored in two strokes under par.
- Fairway**—the area between the tee and green.
- Handicap**—strokes allowed a poorer player to equalize her ability with a more experienced player.
- Hook**—to hit a ball so it curves to the left of target.
- LPGA**—Ladies Professional Golf Association.
- Lie**—position in which ball rests on the ground.
- Pitch**—short shot to the green.
- Slice**—to hit a ball so it curves to the right of target.

More information on golf and tips on how to get started playing the game are included in a free brochure, "Birdie's Eye View." To obtain a copy write to: PGA Golf, Suite 1100, One E. Wacker Dr., Chicago, IL 60601.

Scent Facts And Fancies

Some 17,000 smells have been classified. Among them is the most expensive ingredient for perfume: pure French middle note jasmine, which sells for \$197 an ounce.

Only a tiny amount of any substance—as little as one thirty-billionth part by weight in a given weight of air—is needed to stimulate your sense of smell.

The nerve endings or sensory receptors for smell cover a limited area in the upper part of the nasal cavities, but these receptors are so arranged that air is drawn over them when we breathe.

August 10 Hearing on Election Writ

Hearing on a writ of mandamus seeking a referendum on amending Tawas City's 1972 charter, originally scheduled for last Wednesday, later postponed until July 26, will now be held Friday, August 10, in Isoco Circuit Court.

Hearing the case will be Circuit Judge Leo Corbin of St. Johns, replacing Isoco Circuit Judge Allan C. Miller, who disqualified himself from hearing the case.

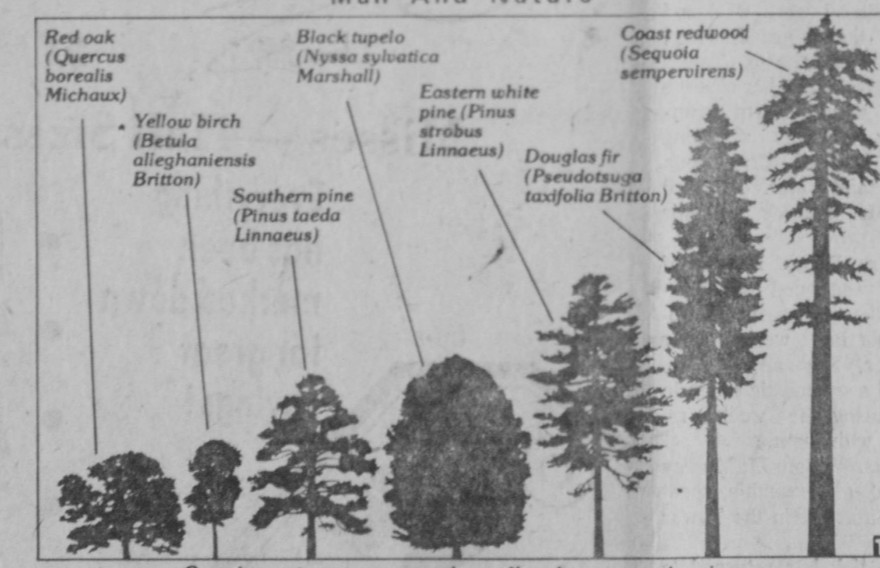

Brought by an Alpena attorney representing signers of petitions presented last month, the lawsuit names City Clerk Rachel Sue Mc-

Cready as the defendant. Petitions presented June 4 asked for a referendum on the question of returning the city to the three-ward system for electing aldermen. A charter amendment would be required.

On June 18, the city clerk reported that the petitions did not conform with state requirements and determined the document wording to be insufficient.

In his petition to the court, attorney for the plaintiffs asks the court to rule on the sufficiency of the petitions.

THE FOREST AND YOU

Growing trees come in all shapes and sizes.

This article has been prepared by George-Pacific, the growth company interested in protecting our natural resources.

The American Forestry Association lists 182 species of trees in the United States. Many experts say our country has the best mix of all species in the world, growing in the best of climates for constant, and relatively quick renewal.

American lands support a wide variety of hardwood and softwood species from which an amazing range of products is made. Our Douglas fir, coast redwood and Southern pine are among the most desired species in all the world.

There are 500 million acres of commercial timberland in the U.S., about 16 percent of which is owned

Helps Shrink Swelling Of Hemorrhoidal Tissues

Doctors have found a medication that in many cases gives prompt, temporary relief for hours from pain and burning itch in hemorrhoidal tissues, then helps shrink swelling of these tissues caused by inflammation. The name: Preparation H®. No prescription is needed. Preparation H Ointment and suppositories. Use only as directed.

OPEN THE DOOR TO OUR CITY COUNCIL

By electing a woman to sit in one of our council chairs, I have lived in Tawas City and worked with the public for 23 years. During the past two months I have visited many homes and talked to many people, so I feel I know the public reaction to the problems of Tawas City.

Some of My Goals Are:
Help Taxpayers get a Better Return from their Tax Dollars.

Industry cannot locate in Tawas City because of an inadequate sewage system. You may be interested in knowing that the proposed 100 apartment complex to be located near Provincial House will not be able to be built because we do not have the proper sewage facilities. This also holds true for any major industrial development in the area.

I would also encourage use of tax dollars for improvements of streets and sidewalks. Taxpayers' money should not be wasted on properties that give no return to the citizen.

These are the long range programs that will enable our city to grow—NOT REGRESS. I would appreciate your vote on August 7th.

Sincerely,
FLORENCE UPSON

Proceedings of the Iosco County Board of Commissioners

JULY SESSION
(Cont'd)

July 5, 1979

A regular meeting of the Iosco County Board of Commissioners held at the County Building in Tawas City on July 5, 1979, pursuant to adjournment June 20, 1979.

Meeting called to order at 1:40 p. m. by Chairman Webb and the roll called.

Present: Stech (District 1), George (District 2), Merschel (District 3), Ulman (District 4) and Webb (District 5).

Absent: None.

Chairman Webb invited any of the public in attendance to address the board, whereupon Tawas City Attorney Kenneth Myles spoke in reference to a proposed E. D. C. project for construction of a health care facility (doctors' offices) in Tawas City adjacent to the hospital, requesting that the board, in accordance with the statute, adopt a resolution to appoint two additional directors to the County Economic Development Corporation, to serve only in respect to said project. He thereupon submitted a proposed resolution, which was referred to Commissioner Merschel.

Alice Friebe and Lilly Wells, of the Hale Area Senior Citizens organization, presented a petition signed by 363 residents of the Hale area, Long Lake area, and the southern part of the county requesting that the board of commissioners arrange with the Iosco Transit Corporation to have one of the buses for the new transportation system stationed and maintained in the Hale area. In discussion of the matter, Commissioner George explained that the original plan has not been changed, as a change at this juncture could delay the program by 18 months, but that the plan can be amended any time after the system is implemented; further indicating that the transit corporation will be hiring a full-time director, who will update and re-write the plan. The possibility of crossing over into Ogemaw County, due to the location of the Tol-free Hospital in West Branch, was also discussed.

At 2:00 p. m., committees were ordered to their respective duties, the board to stand in recess subject to the call of the chair.

The communications received by the clerk's office were referred directly to the chairman for assignment to committees:

Upon call to order at 3:40 p. m., all commissioners being present, Commissioner Merschel presented and moved adoption of the following resolution, motion being supported by Ulman and carried.

Resolved, that the Iosco County Economic Development Corporation has designated a project area located within the City of Tawas City and that it is necessary pursuant to M. S. A. 5.3520 (4) that there be appointed two (2) additional directors of the Iosco County Economic Development Corporation who shall serve only in respect to that project and shall be representative of the neighborhood residence and business interests likely to be affected by the project proposed by the corporation, and who shall cease to serve when the project for which they are appointed is either abandoned, or if undertaken, is completed in accordance with the project plan;

Resolved, that Robert W. Elliott, Jr. and Paul H. Dude be and the same are hereby appointed directors to the Iosco County Economic Development Corporation for the City of Tawas City project area;

Resolved, that all resolutions or parts of resolutions in conflict herewith are hereby repealed.

Chairman Webb referred to a letter received July 2, 1979, from Ross Williams, of Whittemore, sub-

mitted a bid of \$1,000 on a 1978 LTD retired from service by the sheriff's department. Following a brief discussion wherein it was indicated that only one other bid, of \$500, was received, it was moved by Stech and supported by George that the \$1,000 bid be accepted. Motion carried.

In further discussion, Commissioner George raised the possibility of utilizing a retired sheriff's patrol vehicle for general county use, whereupon Commissioner Stech was assigned to investigate the matter.

Commissioner Ulman presented and moved adoption of the following resolutions:

Your administrative committee recommends that Prosecuting Attorney Stephen Naegele be authorized to attend the Michigan Conference of Prosecuting Attorneys Association, to be held on Mackinac Island in July.

Supported by Merschel and carried.

Your administrative committee recommends that Deputy Register of Deeds Lorna Fahselt be authorized to attend the Michigan Register of Deeds Association summer conference, to be held in Traverse City, Michigan, August 5-8, 1979.

Supported by Merschel, and, following a brief discussion wherein Commissioner George expressed his concern with respect to establishing a precedent, carried on the following roll call: Ayes: Stech, Merschel, Ulman and Webb. Nays: George.

Your administrative committee recommends that Ethel Coppler and Marian Ulman be reappointed to the Iosco-Arenac Regional Library Board for the term expiring April 15, 1983, and that Marguerite Bowers be appointed to fill the vacancy on said board occasioned by the resignation of Joseph Fox, for the remainder of the term expiring April 15, 1981.

Supported by George and carried.

Commissioner George reviewed the matter of Michigan Townships Association dues, for which a bill was received, questioning whether the county should continue membership in the organization. In the course of discussion of the matter, it was the consensus of board members that the membership should be continued.

Continuing, George presented and moved adoption of the following resolutions:

Your finance committee recommends that travel expense vouchers for County Road Commissioners A. J. Aulerich, Ralph T. White and Henry M. Conley in the amounts of \$29.24, \$11.22 and \$36.72, respectively, be approved for payment from road commission funds.

Supported by Stech and carried.

Your finance committee recommends that the balance due on the 1979 National Association of Counties dues, amounting to \$124.00, be paid from budget item V-C, county memberships, and that an additional \$124.00 be transferred from the contingency account to cover this expense.

Supported by Ulman and carried.

Whereas, it is in the public interest to have available, employees having experience in diverse county offices and who are able to fill both regular part-time and temporary full-time employment;

Therefore, Be It Resolved, that the 81st District Court is authorized to establish and staff one (1) employee position of "81 District Court-Iosco County Swing Person" in the job position of clerk-typist (salary grade 04), subject to all terms and benefits of the 1978 District Court-Steelworkers contract (as extended) not inconsistent with this special employee position, said employee to serve within the

district court not less than two (2) days nor more than three (3) days per week and to serve such other county offices for the remainder thereof as this board shall from time to time authorize and direct.

The county clerk shall prorate the wages and fringe benefit costs of such employee among the various offices which said employee may serve during each week and shall charge such sums against the budget of such offices and credit same to the 81st District Court.

Be It Further Resolved, that the Iosco County Register of Deeds is authorized to receive the services of the 81st District Court-Iosco County swing employee for not less than two (2) days nor more than three (3) days per week until further order of this board.

The foregoing shall be deemed retroactive for employee pay purposes to June 11, 1979.

Be It Further Resolved, that the 1979 Iosco County budget be amended to read:

III-D District Court
7. Part-time (450 hours) ... \$1707
7. (A) (1) swing person ... 3920
7. (B) less reimbursement from other county departments ... (1960)
8. Personnel fringes ... 13,000
V-F Register of deeds
5. Personnel services provided by another county department ... 2500
Appropriate adjustments to be made to the contingency fund.

Supported by Ulman and carried.

Your finance committee recommends that payment be made to the Michigan Townships Association for membership dues for the period July 1, 1979, to June 30, 1980, in the amount of \$107, with payment to be made from the general fund contingency account.

Supported by Merschel and carried.

Continuing, George presented the following report of minutes of the statutory finance committee meeting of June 21, 1979, moving its acceptance. Following a discussion of the report with respect to a payment that was made from Federal Revenue Sharing on the contract for operation of the County Landfill, wherein the hours that the landfill is to remain open was questioned and referred for investigation, motion was supported by Ulman and carried on the following roll call: Ayes: Stech, George, Merschel, Ulman and Webb. Nays: None.

MINUTES OF STATUTORY FINANCE COMMITTEE MEETING OF JUNE 21, 1979

Members present: Ulman, Stech and George

1. Claims and accounts as attached were reviewed by the committee and approved with the following exceptions:

EXCEPTIONS REASON ACTION
Claims & Accounts No. 2
Bob's Auto Parts, do not pay sales tax ... rejected \$ 18
Hale Shell Service, do not pay sales tax ... rejected 34
Jerry's Marina, do not pay sales tax ... rejected 18
Oscoda CB & Communication, do not pay sales tax ... rejected 1.84
Forward Oil Company, interest charged for non-timely billing ... rejected 2.92
Claims & Accounts No. 3
Merschel Hardware, do not pay sales tax ... rejected .04

2. Additionally, the committee discussed the following items and took indicated disposition: None.

The clerk directed attention to the appointments to be made to the construction code board of appeals and the vacancy to be filled on the Economic Development Corporation board of directors, inquiring as to when action would be taken, whereupon Chairman Webb indicated that the board would act on the matters at the next meeting.

Upon motion by Merschel, supported by Stech and prevailing, the minutes of the June 20, 1979, meeting were approved as drafted and presented by the clerk.

Finance Chairman George presented and moved adoption of the following resolution, motion being supported by Merschel and carried.

Your finance committee recommends that authorization be granted for payment to the Standard and Poor's Corporation of a \$50.00 registration fee for assignment of Cusip Identification Number 462236 in connection with the bond issue for Tax Revolving Fund No. 2.

Chairman Webb referred to a letter received from Wayne Case, former superintendent of Hale Area Schools, tendering his resignation as a member of the board of directors of the Iosco Transit Corporation, whereupon it was moved by George and supported by Stech that the resignation be accepted, with regret. Motion carried.

Continuing, Webb indicated that Mr. Case has recommended that Peter Holley, the new Hale Area Schools superintendent, be appointed to succeed him on the Iosco Transit Corporation Board of Directors, whereupon it was so

moved by Commissioner Stech and supported by Commissioner Ulman. Motion carried.

The business scheduled for the day having been concluded, it was moved by George and supported by Stech that the board adjourn until July 18, 1979, at 9:30 a. m., or subject to the call of the chair upon 24 hours notice to board members and news media. Motion carried and meeting adjourned at 4:45 p. m.

McIvor News

Merry Neighbors Club had the monthly meeting Thursday at the Dease Lake cabin of Grace Grabow. A pot-luck dinner was served. The next meeting will be hosted by Florence Ronger.

Gladys McIvor spent last weekend in Oscoda with her nephew, SSGT. Robert C. Williams, and his family. Williams is the son of Mr. and Mrs. Robert S. Williams of Mt. Morris and was recently assigned to the Wurtsmith Air Force Base from Cannon, New Mexico.

Rodney Schroeder, who attends college in Indiana, visited his grandparents, Mr. and Mrs. Herbert Schroeder, last Saturday.

Mr. and Mrs. Larry Jordan and family of Flint spent last week-end with his parents, Mr. and Mrs. John Jordan, Sunday, Mr. and Mrs. Gerald Jordan and family spent the afternoon and evening there to help celebrate the birthdays of Larry and his daughter, Larri Lynn.

Mr. and Mrs. William Schroeder and his mother, Marcella Schroeder, of Lake Orion visited with the Herbert Schroeders Tuesday afternoon.

Mr. and Mrs. Henry Luce of Bay City spent a few days at their cabin here.

Earl Jordan visited Mr. and Mrs. Harold Parent Thursday.

Mr. and Mrs. Edward Purzycki visited in Flint a few days last week.

Mr. and Mrs. Leighton Kohn and family were at their cabin here for a few days.

Mrs. Edward Magalski visited her niece, Mrs. Dale Wood, Thursday.

Tuesday, Mr. and Mrs. John Jordan were callers in West Branch. Mr. and Mrs. William Horton of Au Gres were Wednesday evening guests of his sister, Mrs. Herbert Schroeder.

The Harold Parents entertained relatives from Ohio for a few days last week.

Mr. and Mrs. Dennis Viele and son, David, visited her parents, Mr. and Mrs. Arthur Ranger. Their other son, Dennis, will return home with them after spending two weeks with his grandparents.

Mr. and Mrs. William Cholger and daughters visited her parents, Mr. and Mrs. John Jordan, one day last week-end.

CONSTIPATION
Doctor proven ingredient requires no prescription

Doctors find a special laxative ingredient to be highly effective in relieving even severe constipation overnight. Don't let irregularity or constipation become a problem. This medical ingredient is now available in the exclusive EX-LAX formula. Use only as directed. Choccolated Tablets or Unflavored Pills. **EX-LAX**

ON JULY 27-28, Elf Khurafeh Temple of Saginaw will hold a newspaper sale in the Tawas area to help support Shriners hospitals and burn units. Shown purchasing the first newspaper at left is Harold Cook of East Tawas. At right is Robert Huddy, a member of Elf Khurafeh Temple's ritualistic cast, a resident of Douglas Drive. The 18 Shriners hospitals for crippled children and the three burn units, which are open to any

child regardless of race or religion, have cured or materially helped over 200,000 children. This year, the cost to operate these 21 facilities will be about \$45,000,000. Operating funds are derived from an assessment each Shriner must pay, individual donations and proceeds from such Shrine sponsored events as circuses, football games and newspaper sales.—Tawas Herald Photo.

Sand Lake

Saturday afternoon, the Sand Lake Sno-Goers, 130 strong, gathered at the community grounds for a picnic. Highlights of the afternoon were a pot-luck dinner, complete with a pig roast, corn roast and games for all ages.

The Vincent Wades spent the week-end in Flint with their daughter, Mrs. James Clark. Coming Sunday to celebrate July birthdays were their daughters and families, the Scott Phelps family of Flint, the Joseph Kulhanek family of Battle Creek, and their son and family, the Charles Wades of Flint.

Mr. and Mrs. Allan Stern, Mr. and Mrs. Gerald Koehn and the Jerry Boldts spent last week-end in Nashville, Tennessee.

Mr. and Mrs. Jack Dodson of Lake Wales, Florida, are spending five weeks in the area visiting friends and neighbors.

Basil Duncan has returned after attending activities associated with the Cherry Festival in Traverse City.

Mrs. Letha Clark, Clio, recently spent a week with her son and daughter-in-law, Mr. and Mrs. William Clark.

Mrs. Estelle Quibell, Ft. Lauderdale, Florida, spent a week visiting her niece, Mrs. Virginia Clark.

Seventy-seven retirees met last Thursday for a pot-luck dinner and an advisory board meeting. During the afternoon, a king and queen, Ross and Violet Butler, were chosen to represent the seniors on Senior Day, August 10, and during the summer festival. Prize winners of the afternoon were Edward McCann, Alice Eveland, Rodney Pearson, Harry Eveland and Jack Curtis.

Sherman News

Thursday, Trina White of Whittemore was an overnight guest of the Theodore Litchotas.

Mr. and Mrs. Harold Parent, the Harvey Smiths and Mr. and Mrs. Calvin Nickell attended township

officers' meeting and dinner at Sand Lake Thursday evening.

Several people from here attended the carnival and races held in Whittemore last week-end.

Mr. and Mrs. James Alamasky of Brighton spent several days at their cabin here.

Lucille Kerwin and daughter, Sharon King, and children of Flint spent several days at their trailer house here.

Amy Smith spent several days in Bay City with the Stephen Lewicki family last week.

Alice Goupil is residing at Provincial House, Tawas City, and would like to hear from her friends.

The Donald Kellys returned home from Alaska where they spent several days with their son, Robert, and wife.

Sunday, the Kohn family held a reunion at the Sherman Township Hall with about 60 persons in attendance.

Howard Miller of Essexville spent last Sunday with his brother, Floyd, and other relatives.

Funeral Held for Mary Katterman

Funeral service for Mary Ann Katterman, who expired Saturday, July 20, at Tawas Hospital following a lingering illness, was conducted Tuesday, July 24, at Zion Lutheran Church, Tawas City, with the Rev. Bernhard Kube officiating. Burial was in the church cemetery.

Mrs. Katterman was born June 20, 1924, in Tawas Township.

She is survived by her husband, John; two sons, Dennis Leitzow of Deer Lodge, Montana, and William Katterman of Tawas City; two daughters, Donna Mae Ridenour of Tawas City and Debra Kay Mangani of Jacksonville, Florida; eight grandchildren; four brothers, Adam Birkenbach of National City, Frank and John Birkenbach of East Tawas and Steven Birkenbach of San Diego, California, and two sisters, Mrs. Josephine Blust and Mrs. Lillian Wegner of Tawas City.

Reno News

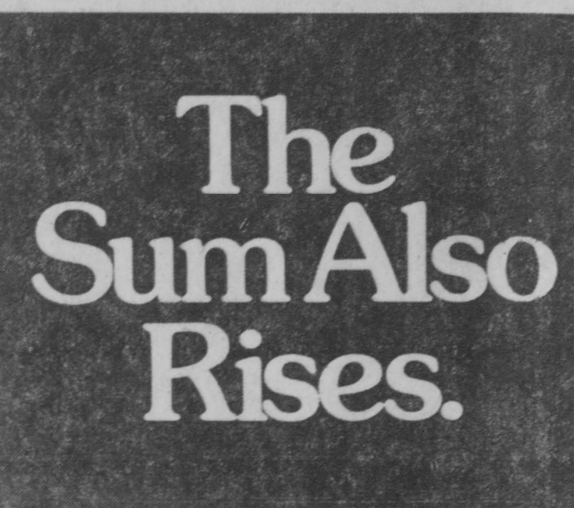

The Rev. and Mrs. Norbert Smith of Owosso visited and had dinner with his aunt, Mrs. Myrtle Waters, on Tuesday.

The 42nd annual Reno School picnic will be held at the Joseph Barnes residence, 7900 Old State Road. Pot-luck will be served at 12:30 p. m. All Reno Schools will participate to assemble and renew old friendships.

Mr. and Mrs. Arthur Aulerich were in Bay City on business Wednesday, Friday, they went to Mio to the Forestry Exposition.

Florence Latter recently spent two days at Harbor Beach where she visited and held services with her migrant Spanish friends. Mr. and Mrs. Harvey Bowen came to get her and brought her home.

If you're totally in the dark when it comes to saving, United States Savings Bonds can help you see the light.

Just join the Payroll Savings Plan where you work. That way a small part of each paycheck will be set aside, automatically, to buy Bonds.

Then one fine morning you'll wake up to find that not only do those Bonds add up, but that the sum also rises. At the rate of 6% when held to maturity of five years (4 1/2% the first year).

And that, to sum up, is a great way to save for anything. From a college education to a special vacation.

So buy United States Savings Bonds through the Payroll Savings Plan.

You'll be surprised how bright your future looks, with that sum always rising.

E Bonds pay 6% interest when held to maturity of 5 years (4 1/2% the first year). Interest is not subject to state or local income taxes, and federal tax may be deferred until redemption.

Take stock in America.

Expand County Offices

COUNTY OFFICERS and personnel of the county building are enjoying the expanded quarters now nearing completion. This project started late last fall and included construction of new vault and office areas for county offices as well as construction of new facilities for the district court and an addition to the circuit court wing, still being completed. The county board of commissioners is planning an open house in the building in early fall.—Tawas Herald Photos.

Forest Service Wants Comments

The United States Forest Service, Huron National Forest, Tawas Ranger District, is soliciting public input and comment prior to completing management plans for compartments 95, 96, 126, 127 and 128. This area is bounded by Cham-

bers Road on the west, Shellenbarger Road on the north, Rembert, Brownell and Monument Roads on the east and Pond, McArdle and Trout Roads on the southwest. The area includes the old Silver Valley Recreation area, fish and wildlife and recreation improvements. A 7 o'clock meeting is planned for Tuesday, July 31, in the East Tawas Community Building at Newman Street and US-23. All interested parties are invited to attend. Anyone interested but unable to attend may submit written comments to: District Ranger, United States Forest Service, Federal Building, East Tawas 48730, no later than July 31.

Investigations by Sheriff's Dept.

Nine larcenies and two burglaries were investigated last week by Iosco County Sheriff's Department.

Two Roseville men await arraignment on a larceny charge after being apprehended by officers. They are charged with stealing a quantity of cash from the AuSable Live Bait Shop in Oscoda Township.

Operator of the shop told officers that the two men, who were backpacking along M-65, asked to use the telephone. The money was later discovered missing.

Other larcenies included: Roger Ulrich, theft of an aluminum boat at Sand Lake; Carl Long, larceny of an outboard motor, Sand Lake; Scott Bird, Tawas City, larceny of

a tape player and speakers from car; Lee Spencer, larceny of gasoline; Everett Beaver, South Branch, larceny of a tool box; Robert L. Davis, Tawas City, larceny of an outboard motor; Carrie Mielock, East Tawas, larceny of an aluminum boat; John E. Monahan, Grosse Pte. Shores, larceny of cash from car parked on River Road, Oscoda Township.

Burglaries were reported by George Eberhardt, Hale, and Stanley Beaver, Long Lake.

The sheriff's department and its tracking dog assisted Oscoda Township Police Department in investigation of the burglary of a business place. The burglars were not captured.

TO THE CUSTOMERS OF MICHIGAN CONSOLIDATED GAS COMPANY (Published by Direction of the Michigan Public Service Commission)

NOTICE OF HEARING ON APPLICATION TO REVISE PURCHASED GAS ADJUSTMENT RULE 30

On May 18, 1979, Michigan Consolidated Gas Company (Consolidated) filed an application (with supporting testimony and exhibits) with the Michigan Public Service Commission (Commission) in Case No. U-6133, requesting approval of an amendment of Rule 30, Consolidated's Purchased Gas Adjustment Clause (PGA).

Rule 30, approved by Commission Order dated August 29, 1977, in Case No. U-5304, provides that when the current annualized weighted average cost of gas to the Company from all authorized sources is higher or lower than the base cost of gas—currently 143.93¢ per Mcf (14.65 psia) as determined in Case No. U-5365 (Order dated September 28, 1978)—the charge per Ccf or therm for gas service rendered will be correspondingly increased or decreased by the difference between the current computed cost and the base cost.

Section F of Rule 30, added by the Commission Order of September 28, 1978 in Case No. U-5365, requires Consolidated to file data, within 30 days after December 31 of each year, "sufficient to permit reconciliation of PGA performance during the prior 12 month period ending December 31." It also provides that "upon review of the reports and confirmation of the reconciliation results, if an overrecovery exists the Company shall file a refund proposal with the Commission for the equitable distribution of all overcollections to its customers."

Consolidated states that it obtains approximately 99% of its gas supply by purchases from interstate pipeline companies and producers of gas in Michigan and that the prices it pays for its gas supply are fully controlled by government.

Consolidated states that cost of gas is its largest single item of expense, representing almost 80% of its total annual operating expenses so that changes in cost of gas have an immediate and substantial impact on Consolidated's operating expenses and, therefore, on its net operating revenue and the return it earns on its property dedicated to the public use. Consolidated further states that changes in its cost of gas are frequent.

Consolidated states that Section F of its Rule 30 ensures that purchased gas adjustments will pass through no more than the increases in Consolidated's cost of gas, but there is no provision in Rule 30 to ensure that purchased gas adjustments will pass through no less than the increases in Consolidated's cost of gas.

Consolidated states that the reconciliation for 1978 under Section F of Rule 30 showed that Consolidated's purchased gas adjustment collected \$5 million less than the increases in its cost of gas. Consolidated estimates that the undercollection for 1979 will be approximately \$17 million.

Consolidated proposes Rule 30 be amended to authorize the Company to surcharge PGA undercollections to its customers, as well as require the Company to refund PGA overcollections to its customers as shown by annual reconciliations pursuant to Section F of Rule 30.

Specifically, Consolidated asks the Commission to amend Section F of Rule 30 by adding the following:

"If an underrecovery exists, the Company shall surcharge the underrecovery to its customers during the 12 month period beginning March 1 subsequent to December 31 of the calendar year for which the reconciliation is being performed. The per Mcf surcharge

shall be calculated by dividing the underrecovery by the level of PGA sales established in the Company's latest rate case. Any overrecovery or underrecovery related to the collection of the surcharge shall be netted against subsequent PGA overrecoveries or underrecoveries."

Consolidated estimates that under the proposed amendment of Rule 30, undercollections of \$5 million and \$17 million would result in surcharges of approximately 1¢ per Mcf and 4¢ per Mcf, respectively.

THE AMENDMENT TO ITS PURCHASED GAS ADJUSTMENT CLAUSE DESCRIBED IN THIS NOTICE HAS BEEN REQUESTED BY MICHIGAN CONSOLIDATED GAS COMPANY. THE MICHIGAN PUBLIC SERVICE COMMISSION MAY EITHER GRANT OR DENY THE REQUESTED AMENDMENT, IN WHOLE OR IN PART, OR MAY APPROVE A DIFFERENT AMENDMENT TO THAT CLAUSE.

NOTICE IS HEREBY GIVEN THAT:

A. A public hearing will be held at 9:30 a.m. on August 13, 1979 and continue, if necessary, on August 14 and 15, 1979 in the offices of the Commission, Mercantile Building, 6545 Mercantile Way, Lansing, Michigan, for the purpose of determining whether Consolidated's PGA Clause, Rule 30 should be amended as proposed. Any interested persons may attend the hearing and participate, subject to the provisions of the Commission's Rules of Practice and Procedure.

B. Any party seeking to intervene, in accordance with Rule 11 of the Rules of Practice and Procedure Before the Commission, shall file with the Commission, on or before August 8, 1979, an original and 12 copies of a petition to intervene, together with proof of service upon Applicant.

Subparagraph (2) of said Rule 11 provides as follows:

"(2) A petition to intervene shall set out clearly and concisely the facts supporting the petitioner's alleged right or interest, the grounds of the proposed intervention, and the position of the petitioner in the proceeding, so as fully and completely to advise the parties and the Commission of the specific issues of fact or law to be raised or controverted." (Emphasis added)

The Commission will require strict compliance with the above-quoted rule.

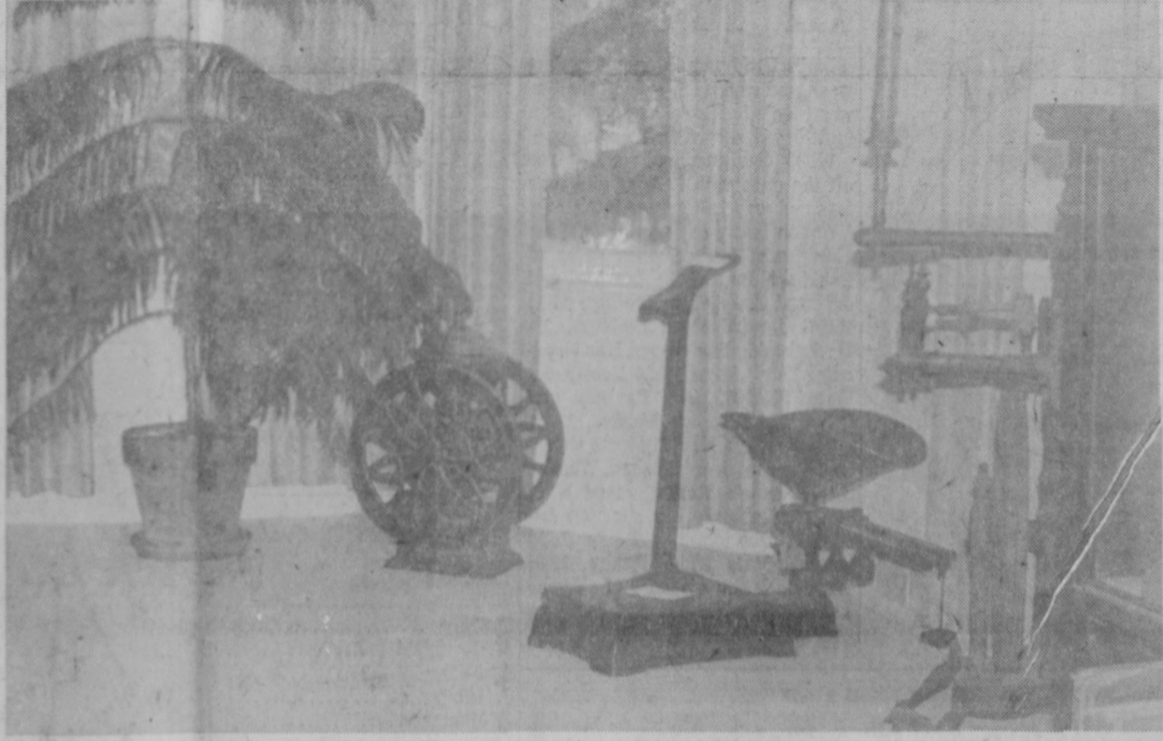

C. Consolidated shall promptly serve upon each intervening party a copy of the written direct testimony of its proposed witnesses and its proposed exhibits as filed with the Commission. Proof of service shall be filed with the Commission on or before August 15, 1979.

D. Consolidated shall, at least 10 days prior to August 13, 1979, have available for inspection at each of its District offices in its gas service area a copy of its application, testimony and exhibit.

Jurisdiction in this matter is pursuant to 1909 PA 300, as amended, MCLA 462.2 et seq.; 1919 PA 419, as amended, MCLA 460.51 et seq.; Section 6a of 1939 PA 3, as amended, MCLA 460.6a; 1969 PA 306, as amended, MCLA 24.201 et seq.; and the Commission's Rules of Practice and Procedure, 1954 Administrative Code, 1968 Annual Supplement, R 460.11 et seq.

A Place to Visit

AN INTERESTING PLACE to visit while vacationing in the Tawas and Iosco County is the Iosco County Museum at East Tawas. Located west of the East Tawas City Park in the residence of former banker, L. G. McKay Sr. The museum is operated by the Iosco County Historical Society. The major part of the collection was a gift to the community by the late Joseph Barkman, Tawas businessman, who collected historical artifacts pertaining to the area's early history. His brother, Harris, historical society president, is shown below with a portrait of Joseph which hangs in the building. The museum features many different displays, including household articles which were common in days gone by, old pictures, lumbering era tools, antique furniture, business machines and a wide variety of clothing items. The museum is always looking for new additions and contributions or loans will be accepted.—Tawas Herald Photos.

Hale Area News

SENIOR CITIZENS ENJOYED TRIP

Two bus loads of Hale Area Senior Citizens enjoyed a trip Thursday, July 19, which turned out to be to the Huckleberry Railroad and Crossing, near Flint. Heading the group were Beverly Rand, program coordinator for Trio Council on Aging, and Evelyn Brown, Hale center manager.

A train ride, complete with an enacted train robbery, highlighted the excursion. Following lunch and a tour of the village, the group boarded the buses for the return trip home. That was not uneventful, as a small fire developed in a brake necessitating a call to the Bangor Township Fire Department while the passengers cooled off at the ice cream shop.

MUSICAL GROUP SETS APPEARANCE

Miss Cynthia Piper, a 1972 graduate of Hale Area High School and daughter of Judith Ellsworth, will introduce the musical group, God's Echo, at a concert Sunday, July 29, at First United Methodist Church, 7:00 p. m.

The group is comprised of Alpena area youths and directed by Carl MacArthur. The public is invited to share in the event.

WENONA BURR DIED JULY 20

Wenona F. Burr, resident of Hale, succumbed Friday, July 20, at Tolfree Hospital, West Branch, at the age of 40 years. She was born July 21, 1938, in Rose City.

Burial in Evergreen Cemetery, Hale, followed funeral services Monday, July 23, at Forshee Funeral Chapel, Hale.

She is survived by her husband, Ted; two daughters, and five sons.

Seven Hurt in Crash With Motor Home

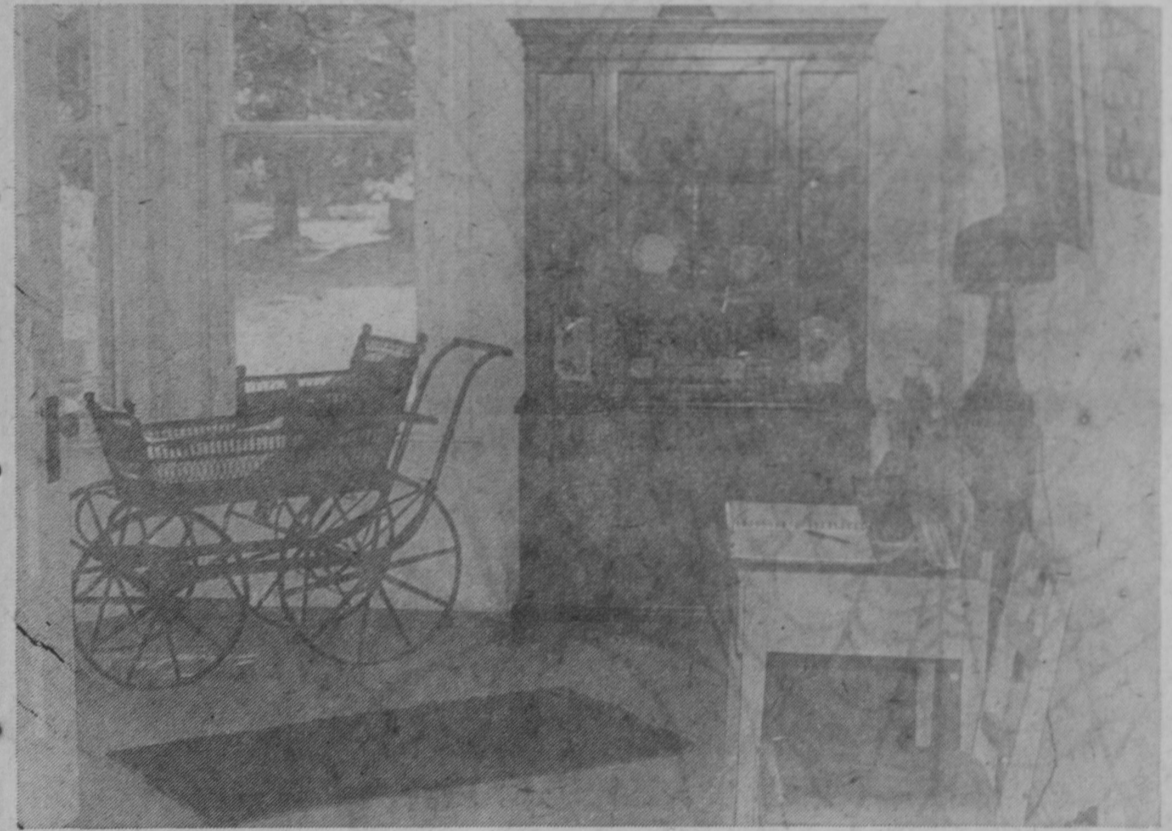

Seven of 11 persons riding in a motor home were injured in a crash Sunday morning on M-65.

Investigating sheriff's department officers said that a car driven by Richard A. Lehman, 28, Saginaw, struck the rear of the motor home operated by Randy L. Catalina, 29, Whittemore.

Injured besides the two drivers were Jean Umbel, Ardith Biggs, Ronald Dorcey, Benjamin Bloss, Dorothy Dorcey, all of Whittemore, along with Thomas D. Smith and Mary A. Smith, both of Prescott.

J. William Sherron, 36, Moraga, California, was treated at Tawas Hospital after his motorcycle crashed on the Seven-Mile Hill, Oscoda Township.

Douglas M. Mischley, 23, Alpena, was treated Friday at Tawas Hospital after his car ran off M-55, struck a guard rail and bridge abutment in Tawas City.

Let's Get on the Right Track...

Our city has some important issues to face in the next few years. There will be some hard decisions to make. Those decisions will affect our lives and the lives of our children. Judgments must be made based on the good of the majority of our citizens, present and future. I would like an opportunity to help get our city on the right track. Your vote on August 7 will be appreciated.

Robert Pawloski

—Paid Pol. Adv. 30-1p

IN THE SERVICE—

Lane Taylor Graduated from Hospital School

Lane S. Taylor, navy hospitalman apprentice, son of Howard Taylor of Oscoda, was graduated from the navy's Hospital Corps School.

During the 10-week course at the school at Great Lakes, Illinois, students received instruction on the basic medical procedures used by hospital corpsmen as they assist navy doctors and nurses.

The students were introduced to all phases of military health services including X-ray technology, laboratory analysis, general practice and surgery.

A graduate of Oscoda Area High School, he joined the navy in January 1979.

Florence Thomas Died July 19

Florence May Thomas, who was born January 9, 1902, in Tawas City, expired Thursday, July 19, at Iosco Medical Care Facility, Tawas City. She was preceded in death by her husband, Thomas O. Thomas, in 1958.

The Rev. Lloyd Jewett officiated at funeral services Monday, July 23, from Jacques and Kobs East Chapel, East Tawas. Burial was in Memory Gardens Cemetery, Tawas City.

Surviving are two sons, Leonard D. Thomas of Westminster, California, and Gerald J. Thomas of Boon, Missouri; two daughters, Vivian B. Brooks of Clio and Mary-blanche E. Styles of East Tawas; 20 grandchildren; six great grandchildren, and a sister, Mrs. Harold (Celia Geneva) Simpson of Sterling.

To: All Natural Gas Customers of Michigan Consolidated Gas Company

NOTICE OF HEARING

The Michigan Public Service Commission (Commission) in its Opinion and Order dated July 17, 1979, in Case No. U-6178 initiated proceedings on rate design and other mechanisms to implement the incremental pricing provisions of the Natural Gas Policy Act of 1978. The initial hearing in these matters is scheduled to commence at 9:30 a.m. on August 20, 1979, in the offices of the Commission, Mercantile Building, 6545 Mercantile Way, Lansing, Michigan 48909. The hearing shall continue thereafter on such dates as the presiding officer may set until the matters have been fully heard.

Any interested parties may attend the hearing and participate, subject to the provisions of the Commission's Rules of Practice and Procedure. Any person seeking to intervene in accordance with Rule 11 of the Commission's Rules shall file with the Commission, at least 5 days prior to the initial hearing of August 20, 1979, an original and 6 copies of the petition to intervene, together with proof of service upon their serving gas utility.

The proceedings initiated by the Commission will focus upon the following issues:

- (1) Any problems resulting from the implementation of incremental pricing, including but not limited to:
 - a. The effect of incremental pricing on the Pursued Gas Adjustment Clause.

- b. Potential administrative problems resulting from incremental pricing.
- c. Potential expense or revenue impacts resulting from incremental pricing.
- d. The appropriate accounting or ratemaking treatment of any costs or revenues resulting from the implementation of incremental pricing.

- (2) Any rate designs or other mechanisms for achieving the objectives of incremental pricing while simultaneously maximizing the benefit to rate-payers and minimizing any adverse impacts.

The Commission has directed its Staff to examine these issues and file evidence on or before August 3, 1979. The Commission has requested that gas utilities and other interested parties analyze these issues and file evidence after the conclusion of the cross-examination of the Staff's evidence.

Jurisdiction is pursuant to 1909 PA 300, as amended MCLA 462.2 et seq.; 1919 PA 419, as amended, MCLA 460.51 et seq.; 1939 PA 3, as amended, MCLA 460.1 et seq.; 1969 PA 306, as amended, MCLA 24.201 et seq.; and the Commission's Rules of Practice and Procedure, 1954 Administrative Code, 1968 Annual Supplement, R 460.11 et seq.

Indies Continue Rampage at Plate with Four Home Runs

Tawas Indies continued its rampage at the plate Sunday by cracking 18 hits in the 21-7 win over Melita.

The locals connected for four home runs during the day, including two by Earl Parsons and one each by Pat Jordan and Mickey Haglund.

Matt Milan, winning pitcher, was hit hard by Melita, giving up 10 singles and a home run, but the batting barrage by his mates was just too much for the losers. Milan

struck out three batters and walked 5.

Dave Bertiaume was the losing pitcher for Melita. He struck out four and walked nine. He had relief from Bob Piper and Sam Harrison.

Adding to their home runs, Jordan had two singles and Parsons singled once. Bruce Harris belted three singles during the day.

Piper had a single and a home run to lead the losers.

Action this Sunday finds Tawas hosting Gladwin for a single game

starting at 2:30 p. m.

Playoffs Continue in Junior Baseball

"Playoff" was the word around the Knothole and Pony League diamonds last week when the Pony League's Hawks and Twins faced off July 16 in the best of three series.

The first game went to the Twins by a score of 2-0. Tom Schreiber was the winning pitcher with 10 strike-outs and he allowed one hit. Jon Erickson went the distance for the Hawks, struck out 10 and allowed only three hits.

On Wednesday, the Hawks moved into the winners' circle by defeating the Twins, 4-1. Russ Carney gave up two hits, struck out one and walked one for the Hawks. J. C. Ullman pitched for the Twins, allowing seven hits,

walked nine and struck out four.

Final game of the series was to be played Tuesday night.

In Knothole League playoffs, the Cubs remained undefeated in the first of three games by slamming 17 hits, including a 174-foot homer for Steve Rollin over the left field fence. Rollin also went the distance for the Cubs on the mound and struck out 10. The final score saw the Cubs winning over the Jets, 18-6.

The second game of the series went to the Jets as they were flying high behind the no-hit pitching of Jim Pehrson and strong hitting from their battery. The Jets downed the Cubs, 10-3. Pehrson struck out 11 and walked 10.

The Disappearing Piece of Paper

PASTE A BIT OF PAPER ON THE SECOND FINGER. USE PASTE OR GUM.

WITH A WAVE OF THE HAND THE PAPER DISAPPEARS.

WITH ANOTHER WAVE OF THE HAND THE PAPER IS BACK AGAIN.

TAKE the second look at the picture, you will notice that the trick is to change the finger when you wave your hand. You should be able to perform the trick a number of times before your audience notices that you change fingers each time you wave your hand in the air.

MOMENTUM® Tablets are 50% stronger than Doan's.

Before you take Doan's Pills for muscular backache, remember this: MOMENTUM® Tablets are 50% stronger than Doan's. That means MOMENTUM gives you 50% more pain reliever per dose to relieve backache.

To reduce pain, soothe inflammation so muscles loosen—you can move more freely in minutes! There's no stronger backache medication you can buy without a prescription than MOMENTUM Tablets. Take only as directed.

During Mark Twain's days as a newspaperman, he was editor of a small Missouri paper. One day he received a letter from a subscriber, stating that he had found a spider in his paper, and asked if this was an omen of good or bad luck.

Twain replied: "Finding a spider in your paper is neither good nor bad luck. The spider was merely looking over our paper to see which merchant was not advertising so that he could go to that store, spin his web across the door, and lead a life of undisturbed peace ever afterward."

Hale Grounds Ready

County Fair Opens Today

Annual cleanup of grounds at Hale was held last week in preparation for the 1979 Iosco County Fair which opens today (Wednesday).

Crews of volunteers were working on a number of different projects, including one which saw construction of a new duck pond between the poultry and livestock exhibition buildings.

Both Gerald Bellen, president of the Iosco County Fair Society, and Richard M. Samson, secretary-manager of the fair, were on hand to coordinate efforts of the volunteers.

"We have had excellent interest and response from the community toward preparations for this annual event and the board of directors extends an invitation to all residents of the area to come to Hale and join the fun," said Samson.

The fair, opening today and extending through Saturday, again has a theme of fun for all ages.

The large midway of Skerbeck Brothers Shows, Incorporated, opened Tuesday evening with a free gate and is to continue through Saturday. There will be special reduced prices Wednesday and Thursday, 12 o'clock noon to 5:00 p. m., by presentation of free tickets which are available from merchants in the area. Five drawings of \$5 each will be awarded to children holding the lucky ticket at 5:00 p. m., each day of the fair.

Assembly of exhibits started this morning at 9 o'clock and continue to 4:00 p. m. Judging of open class horses starts at 4:00 p. m.

This evening's program features a pony pull starting at 7 o'clock. For Michigan teams only, events in lightweight and heavyweight divisions will be governed by rules of Pioneer Pony Pullers, Incorporated.

Program at the annual fair has always placed major emphasis on young people and judging of all youth exhibits, with the exception

of horses, starts at 9:00 a. m. Thursday. Beef judging also starts at 9:00 a. m. and judging of livestock entered by young people starts at 1:00 p. m.

A trail class in the youth department is scheduled at 4:30 p. m. and a heavyweight horse pulling contest, open to all entries, starts at 7:00 p. m.

A major attraction of any county fair opens Thursday afternoon at 2 o'clock with three harness races of two heats each. The fair is a member of the Northern Michigan Fair and Racing Association and United States Trotting Association rules govern.

Thursday's racing card includes a trot for nonwinners of \$2,000, six years and under; a pace for nonwinners of \$3,000, four years and under; a pace for nonwinners of \$10,000. Purses of \$1,200 each are offered for the first two races and \$800 for the third race.

Friday is another big day with judging youth horses starting at

9:00 a. m. This interesting program occupies much of the day. Harness racing at 2:00 p. m. will feature a trot for nonwinners of \$500, five years and under; a pace for nonwinners of \$500, four years and under; pace for nonwinners of \$1,500. Purses are the same offered on Thursday.

Friday is senior citizens day and all persons 60 years and over are offered free admission to the grounds. There will be a jamboree of retirees kitchen bands at 2:00 p. m. and crowning of retiree king and queen at 4:00 p. m. These activities will be held at the recently opened Hale Area Senior Multipurpose Center located north of the township hall.

The program Friday evening features square dancing starting at 8 o'clock.

Saturday's program concludes the annual fair, but it traditionally has the biggest program schedule for the four days. Games and contests for all ages start at 10:00 a. m. There will be a parade at 12:30 p. m., one of the main attractions of the day.

Always exciting is the youth fat steer sale starting in the arena at 1:30 p. m. Livestock entered in the fair by youngsters is sold at auction and, after bidding goes out of sight to benefit owners of grand and reserve champion animals, bid prices level off. This is an exciting event during the fair as local businessmen compete in bidding to make raising and tending of livestock profitable for the youngsters.

The final afternoon of harness racing, starting at 2 o'clock, features four races. The first is a trot for nonwinners of \$5,000, the second is a pace for nonwinners of \$5,000, the third is a trot for nonwinners of \$20,000 and the final race is a pace for nonwinners of \$20,000. Purses for each race is \$800.

The exhibition area in the Plainfield Township Hall is open daily to visitors and remains open until 9:00 p. m. Saturday. There will be displays of farm produce, flowers, craft items and 4-H Club projects.

Handicraft, baked goods and other domestic arts, historical and art displays are located in an exhibit-

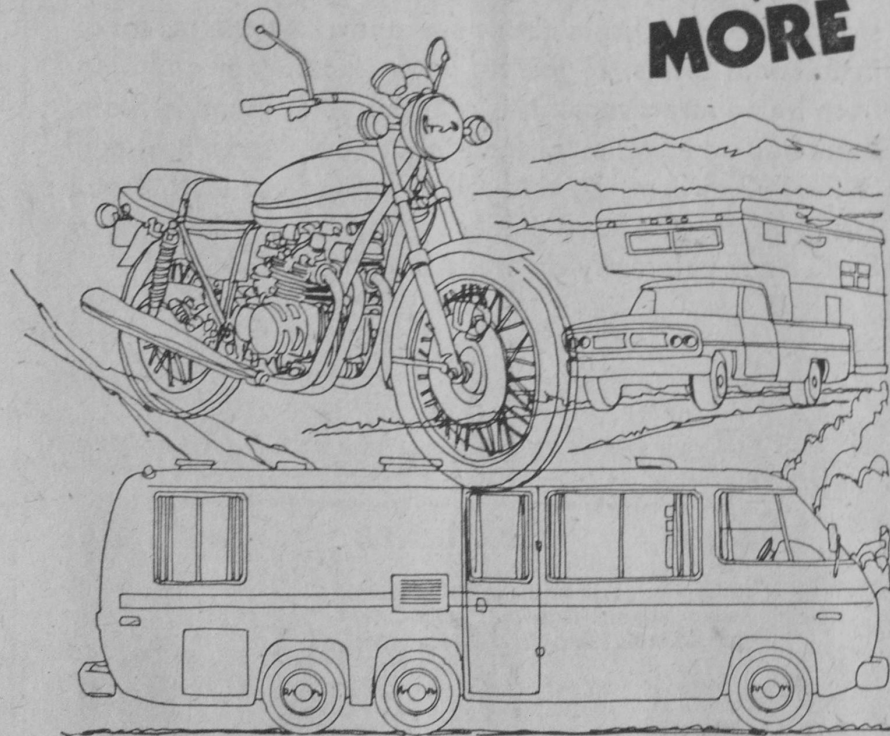

(See COUNTY FAIR, page 5.)

DUCKS AND GEESSE entered in the Iosco County Fair will have as much fun swimming as spectators will have watching when this new pond is

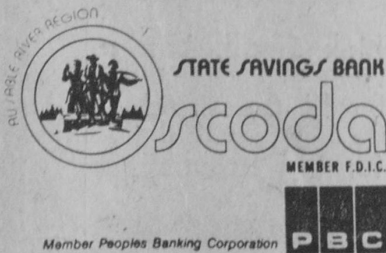

completed and filled with water. Volunteers were constructing the pond last Wednesday at the fairgrounds at Hale.—Tawas Herald Photo.

Member Peoples Banking Corporation

IN 1924 A New City Hall

"This city needs a new city hall and a place to house its valuable fire apparatus, other than the miserable building which now shelters it; it is the idea of the council to go ahead and build the new city hall this year. There should not be a dissenting vote, as this improvement is one that has been badly needed for many years."

Although this editorial comment in The Tawas Herald seems quite modern in tone, it appeared 56 years ago, on March 16, 1923, when Tawas City was considering construction of a new city hall to replace one originally constructed for township use and later for city offices.

Building of a new city hall was initiated in the spring of 1921 when the city council submitted a proposition to bond the city for a sum not to exceed \$7,000 for the purpose of erecting a new city hall and fire engine house, in connection with a community memorial building.

"The ancient barracks that has served as a city hall for so many years is an unsightly building and badly situated for the purpose for which it is used," commented the Herald on May 13, 1921. The original city hall, which was criticized by the Herald editor, was located at the northeast corner of the Mathews Street bridge and was hazardous to traffic on that street due to its location adjacent to the railroad tracks.

"The proposition has been favorably commented upon by many of our citizens and, if there is any opposition to the project, it has failed to make itself heard. It is anticipated that the proposition will carry by a good majority," stated the Herald.

Many of the larger taxpayers in the city expressed the wish that the entire tax levy could be made in one year. "But the limitations beyond which the city cannot go in spreading taxes forbids this and the amount will be spread over a term of years, which will make the amount paid each year so small that the average taxpayer will not notice it," said the Herald.

That the people were decidedly in favor of the new city hall was strongly demonstrated when they voted seven to one in favor of the bonding proposition. A total of 193 votes were cast, of which 169 were in favor and only 24 against the proposition.

The site selected for a new city hall was one of the historic spots in the community, having been the location of the fine residence of C. H. Whittemore, on Lake Street overlooking Tawas Bay. Gideon O. Whittemore, father of C. H., died in a rocking chair on the front porch of the house as he was recalling the day in 1854 when he founded Tawas City.

The property west of Whittemore Street had been purchased earlier at a delinquent tax sale by Charles Curry and Henry Kane, local businessmen, the founding family's fortunes having vanished some years earlier. Each man constructed a residence on either side of the old dwelling, Curry's being located on the present site of Myles Insurance and the Kane residence still stands on the west side.

THIS TWO-STORY frame building, located at the northeast corner of the Mathews Street bridge, served as the seat of municipal government in Tawas City until 1925. The bell in the tower served as the city's fire alarm and fire apparatus—first a hand pumper and a hose cart—

were stored behind the two large doors in front. "The ancient barracks that has served as a city hall for so many years is an unsightly building and badly situated for the purpose for which it is used," stated the Herald in 1921 when supporting a proposal to build a new city hall.

In speaking of the old Whittemore house, the Herald reported that it was constructed 60 years earlier for Whittemore by John Powers. "It was a fine example of the architecture of that time and was built of the best materials available in those days when good building material could be obtained. The plastering on the walls alone cost several thousand dollars and it is estimated that the house cost over \$18,000, even in the time of cheap material and labor."

"Mr. Whittemore was a man of taste and the house was furnished without thought of cost. In those days, imported gardeners were employed to keep the grounds in beautiful condition."

"In the passing of the old house, one of the few remaining marks of the days when lumber was king is obliterated and its tongue silenced forever," commented the Herald.

The original city hall project included a community building in conjunction with private subscriptions from citizens to pay for that portion of the project. The original plan failed to materialize and, in 1923, voters decided to use money for a city hall alone.

A second vote was required in 1923 authorizing the council to utilize \$7,000 in bonds approved two years

earlier. "There should not be a dissenting vote as this improvement is one that has been badly needed for many years," admonished the Herald. The proposal was approved by a three to one majority of the people.

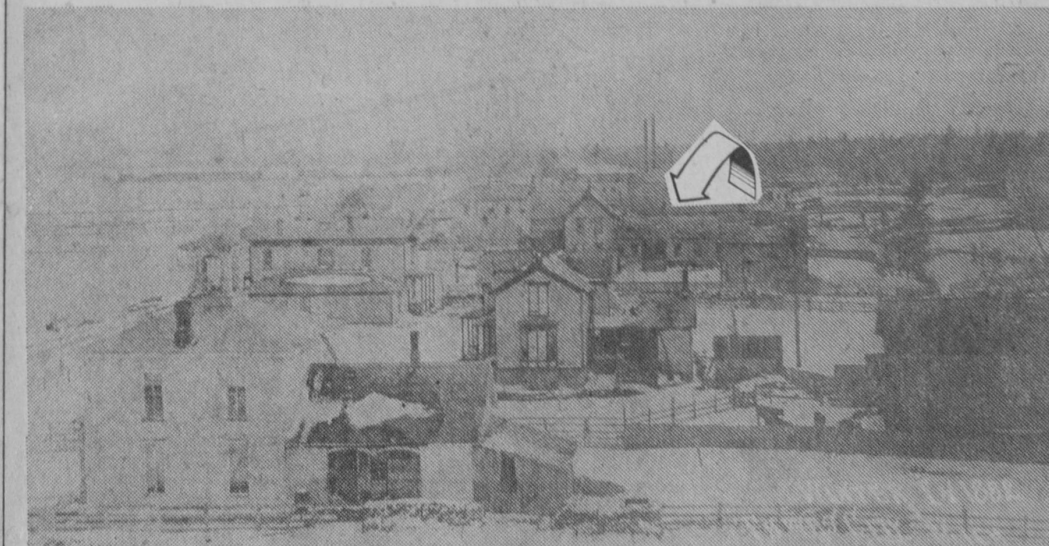

In its issue of May 2, 1924, the city advertised that bids would be taken for razing the old Whittemore house. Henry Fahselt, Tawas Township farmer, purchased the old house on May 26, 1924, and had until July 2 to remove it. At that same meeting, the council purchased the city hall site from Mayor Eugene Bing, who had secured it for city purposes from Curry and Kane.

On August 1, 1924, the council accepted plans drawn by Robert E. Bickel, Bay City architect, for a 44 by 60-foot building, with basement. Construction was to be of red brick and tile.

"The plan aldermen decided to accept called for one story which will probably be ample for the city's needs for many years. However, during the past few days, many citizens of the city have expressed the opinion strongly that the city should have a two-story building," reported the Herald.

"The second story would give the building a much better appearance and would provide a large auditorium, but would nearly double the cost of construction. Estimates made by the architect on the one story plan accepted by the council gave the cost at about \$12,000," stated the Herald.

The low bid of \$10,317 for the general contract was awarded to Nelem and Halterman, Tawas City (See CITY HALL, page 5.)

THIS VIEW of Tawas City was snapped during the winter of 1882 from the cupola of the Iosco County Courthouse. The arrow points to the fine residence of C. H. Whittemore, later to become

the site of the present city hall. The building in the left foreground was removed last year for expansion of parking at the county building.

**Joseph Krisak
Died July 16**

Joseph Krisak, resident of the Hale area for nine years, expired Monday, July 16, at Tawas Hospital. He was born February 29, 1912, at Superior, Wisconsin, and was a retiree of Chrysler Motor Corporation, Detroit.

Funeral services were held Thursday, July 19, at Sacred Heart Church, Oscoda, with burial at Holy Sepulchre Church, Southfield, Friday. The Rev. Fr. Zigmunt I. Gaj officiated.

Surviving are a son, Ronald of Jenison; a daughter, Suzanne Gagnon of Union Lake; three brothers, and three sisters, including Rose Nuttall of Oscoda.

HORSES will be featured during the annual Iosco County Fair this week, including pulling horses, riding horses and harness racing horses. The annual parade on Saturday always features the largest assembly of horses to be found in any event scheduled in this county.—Tawas Herald Photo.

By ANGELA FERGUSON GILES
Extension Energy Assistant
Cooperative Extension Service
BUYING AND USING MAJOR
APPLIANCES TO MEET YOUR
NEEDS

The total energy costs of many appliances will actually exceed the purchase price. You must consider what an appliance will cost during its lifetime. That is the operation, service and repair costs and the purchase price. Service and repair costs are hard to predict, but past performance of a particular brand may be some indication. Many energy-efficient appliances may cost a little more to buy because they have better design and construction. They can save you money in just a few years, and then you are ahead for the remainder of time you own and operate that appliance. These appliances can be purchased with many power saving features. Features such as automatic turnoff, electronic ignition, sudsaver, power and water mixer switches, see through oven doors, etc. This theory is known as "Life Cycle Cost." This practice will help you look beyond the purchase price to the true total cost of operation. As a consumer, you have little control over energy used in fac-

ories, commercial or government establishments, or public transportation. You can, however, contribute to national and personal conservation by careful use of energy in private transportation and in your home. When it comes to the energy needed to run a home, paying more for less is common these days and the situation is not likely to improve. The best a homemaker can hope for is to find ways to cut down on energy use. One basic way to savings is to use appliances properly to insure getting the job done with a minimal expenditure of energy.

Range: Limit preheating to 10 minutes for baking; do not preheat broiler. Never set the oven temperature control to a higher setting when preheating than you will use later. (The oven will not get hot any faster.) Prepare complete meals in the oven. Bake in batches and freeze a portion for later use. "Oven peeking" wastes energy—rely on your timer. Reduce oven temperature 25 degrees when glass or ceramic utensils are used for baking. They absorb heat and bake faster. Use flat-bottom pans with tight fitting lids to cook food more efficiently. Never use your oven to heat the room. Bring frozen meat to room temperature before roasting or baking.

Refrigerator and freezer: Adjust refrigerator controls to the medium range. After several days use, adjust upward or downward as experience indicates necessary. Place refrigerator-freezer in a level, dry, cool, well ventilated location. Allow enough space behind and above unit for air circulation to the condenser. Defrost nonfrost-free models regularly. Do not allow more than one-fourth inch of frost to build up. Reduce the number and length of time of door openings. Let hot dishes cool to near room temperature before they are placed in refrigerator. Always cover liquids stored in frost-free refrigerators. Uncovered liquids draw more moisture into the air making the unit work longer. Check door gaskets for tightness of seal.

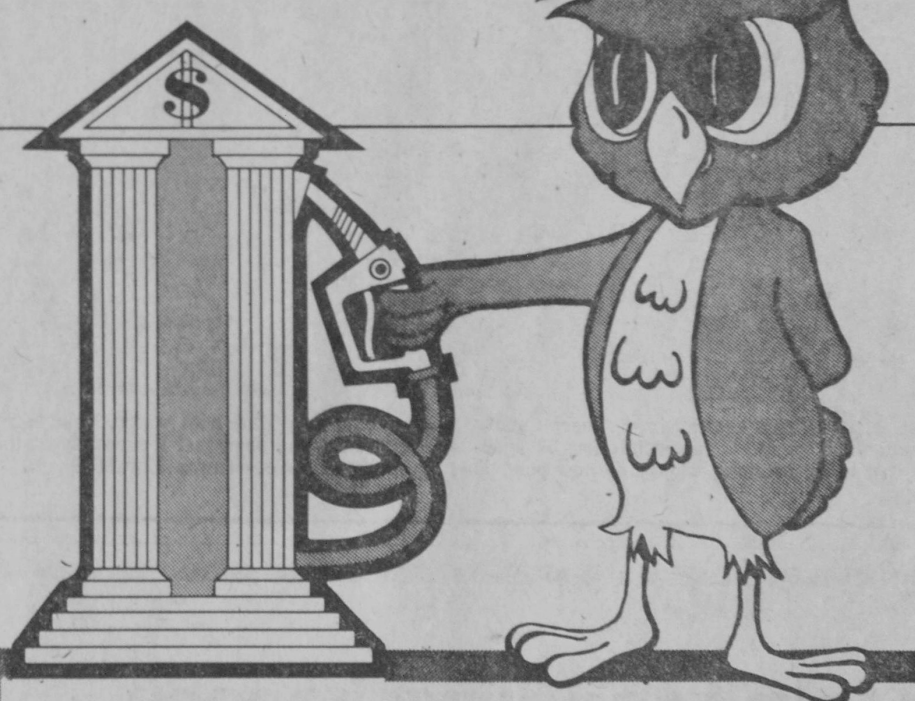

Automatic washer: Use cold water for lightly soiled items and during rinse. Use wash time and cycle suitable for load. Do not under or over load. Use high-spin for towels and rugs to remove more water and reduce drying time.

Dryer: Avoid overdrying—wastes energy and necessitates additional ironing. Clean lint screen after each load. Sort clothes into light and heavy fabrics for fast drying. Plan loads to run continuously from washer to dryer, using a warm dryer shortens drying time.

Automatic dishwasher: Wash full loads. Use short cycle for normally soiled dishes. Air dry after final rinse. Load dishes correctly, do not block detergent dispenser or spray arm. Use correct amount of detergent, too little or too much can cause spotting or filming.

Air conditioners: Keep air filter clean. Do not block air flow. When weather is hot, turn it on in the morning. Units operate less efficiently when started in the heat of the day.

'Clothing and Textiles' are CES Topics

A day-long seminar titled "Clothing and Textiles: Future Trends and Directions," will be offered in three Michigan locations during August. Sponsored by Michigan State University's Cooperative Extension Service and College of Human Ecology, the seminar is planned to be of interest to retailers, purchasing agents, home economics teachers and consumers concerned with clothing and textiles.
Dates and locations for the seminars are Tuesday, August 21, Traverse City; Wednesday, August 22, Birmingham; Thursday, August 23, East Lansing. Each session will run from 9:00 a. m. to 3:00 p. m. The seminars are designed to help participants identify new trends in clothing and textiles fabrics, gain access to informational resources, examine factors relating to clothing and energy, increase knowledge of techniques, determine quality and examine clothing consumer issues.
For further information about

these seminars, contact the MSU Cooperative Extension Service in Iosco County, Post Office Box 599, Tawas City, phone 362-3449, by Friday, August 3.

Environmental Education is Course Study

An environmental education course sponsored by the Cooperative Extension Service and the Continuing Education Department of Michigan State University, Central Michigan University and the United States Forest Service will be held in Oscoda County this summer.

The course, which can be taken for credit, will emphasize the process and problem solving approach to environmental education. School teachers from all grade levels and subject areas and others interested in environmental education, will find this material most useful in their programs.

The week-long workshop will be held at Camp Michi-Lu-Ca Sunday through Friday, August 19-24 and will include field and community investigation in Oscoda County, simulation games, environmental values clarification, lesson plans for environmental investigations and techniques for group involvement.

Participants may receive two semester hours or three term hours of graduate and undergraduate credit at either CMU or MSU. The course may also be taken for non-credit at a reduced fee. Any interested person may contact Robert Ojala, county extension director, Courthouse, Annex, Mio 48647, or call (517) 826-3280.

Area Team Won Second in Twirling

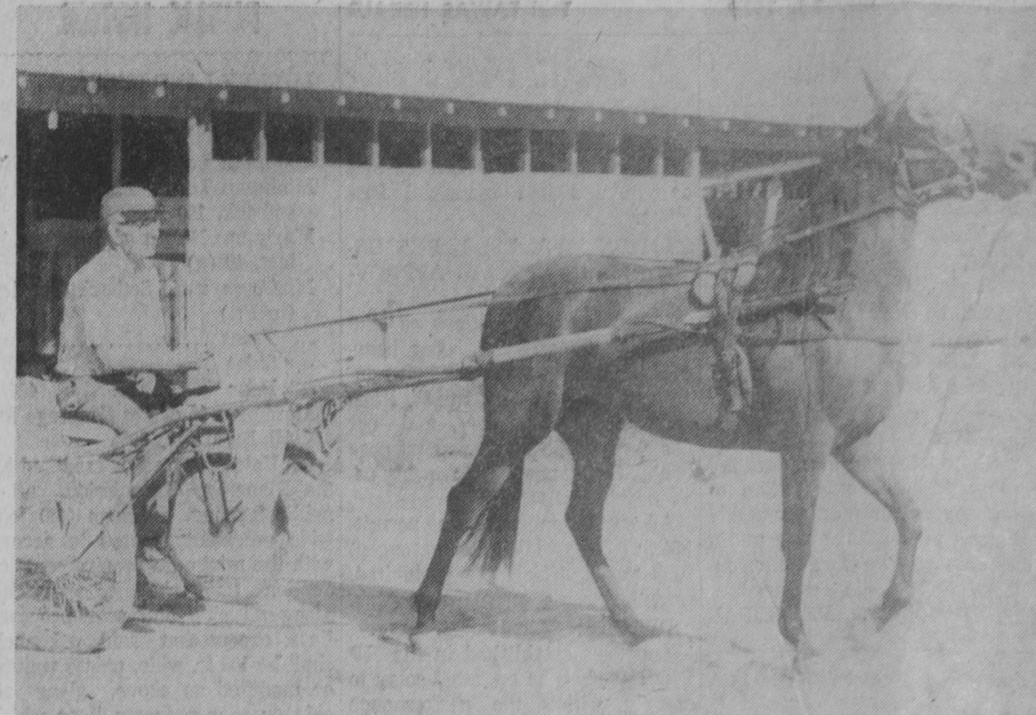

Six girls from the area recently comprised a winning baton twirling team at McMorran Arena, Port Huron, competition. Placing second as a twirling team and third in dance and twirling contests were Capt. Shelly Hottis and Melanie Hottis of Whittemore, Toni Tinkis and Terri Rase of Prescott, Amy Reincke and Sheri Truman of Oscoda. The girls range in age from seven to 16 years.
 Instructing the first year team was Patricia McDaniels of Wurt-smith Air Force Base.
 Teams and corps from all over the world competed in the July 11 contest and the girls experienced the opportunity of seeing a twirling corps from France, as well as from Canada, New York, Pennsylvania, Ohio and Wisconsin.

tion building south of the township hall.
 A giant fireworks display is to close the program Saturday night at 10 o'clock.
 Operation of the annual fair required the coordinated efforts of many different individuals. Superintendents of the various departments are as follows:
 Poultry, Perry Shellenbarger; farm produce, John Dooley; flowers and plants, Ann Strickler; home economics, Agnes Bodenhorn; domestic arts, Mrs. Gerald Bellen; antiques, Adele Brown; art, hobbies and handicraft, Mrs. Louis Gilles; games and contests, Beatrice Bernard and William McKuskey; harness racing, Robert Ruckle; pony pulling, John Hill.
 Superintendents for the youth division include Charles Preston, Brenda Hughes and Kim Wickert, horses, ponies and mules; Val Samson, home economics, horticulture, agronomy and conservation; Lynn Mervyn, arts and crafts; Betty Robinson, poultry and rabbits.

WELCOME TO THE FAIR!

builders. The bid of Fred T. Luedtke, Tawas City, for plumbing, \$680, and electrical wiring, \$267.60, was accepted. How the council raised the money to make up the difference between bonds and the actual cost has not been recorded.
 "The building will be thoroughly modern, built of the best materials and well equipped," stated the Herald. "It will contain a fire engine room, council chamber, committee room, clerk's office, voting room and vestibule and will be fitted with a hot water heating plant, lavatories and toilets."
 Ground for the new building was broken Thursday, September 25, 1924, and work was rapidly pushed forward and completed in time for the March 2, 1925, meeting of the city council. Mayor Bing retired from office and was succeeded by Mayor Frank Bright.
 "With completion of the building, the people of this city have a city hall to which they can point with pride," commented the Herald. "It is well constructed and equipped and has a fine appearance."
 One of the few controversies surrounding the construction was location of the rest-rooms. The original plan called for placing toilets near the front entrance, but the council decided to locate them in the basement.
 Nearly 60 years later, a new city council studied the feasibility of making major repairs to modernize the old building, but finally decided to submit a proposition to voters asking for authorization to build a new city hall-fire hall and library complex. That proposal was turned down by only 11 votes in the November 1978 general election and the council recently authorized placing a new proposal before voters.
 A matter of historical interest was council authorization in June 1979 to purchase property on the west side of the city hall, once a part of the grounds of the original C. H. Whittemore residence.
 Contrasting with an earlier day, when voters overwhelmingly approved a proposal to replace "the ancient barracks that has served as a city hall so many years and is an unsightly building," considerable controversy exists today over the cost of the project and retention of the site selected and used since 1924.
 However, calm and reasonable discussion on construction of a municipal building in any era of a community's history is important to that community's future.

PUBLIC NOTICE

ORDINANCE NO. 193, AMENDING ORDINANCE NO. 162 BY ADDITIONS AND CHANGES AS FOLLOWS:

THE CITY OF TAWAS CITY ORDAINS:

ARTICLE IX-A-IP INDUSTRIAL PARK DISTRICTS

PREAMBLE - The IP Industrial Parks District is designed so as to accommodate most activities permitted in the I Industrial District within a "parklike" setting affording greater conservation of natural spaces, greater protection of abutting residential areas and a more pleasing working environment.

SECTION 900 - A. PRINCIPAL

PUBLIC NOTICE

USES PERMITTED:

All principal uses permitted and as regulated in I Industrial Districts.

SECTION 901-A. USES PERMISSIBLE ON SPECIAL APPROVAL:

Under such conditions as the Planning Commission, after hearing, finds the use as not being injurious to the IP Industrial Park Districts and environs, and not contrary to the spirit and purpose of this Ordinance, the following uses may be permitted:

All special approval uses permitted in I Industrial Districts, except junk yards, which are prohibited.

SECTION 902-A. REQUIRED CONDITIONS:

Any use established in the IP Districts shall be operated so as to comply with the performance standards for IP Districts set forth hereinafter in ARTICLE XII, "GENERAL PROVISIONS."

SECTION 903-A. AREA AND BULK REQUIREMENTS.

See ARTICLE XI, "SCHEDULE OF REGULATIONS" limiting the height and bulk of buildings, and the minimum size of lot by permitted land use.

SECTION 904-A. SITE PLAN REVIEW:

No development or improvements within IP Industrial Park Districts shall be permitted without approval of a Site Plan by the Planning Commission pursuant to Section 1211.

ARTICLE XI - SCHEDULE OF REGULATIONS

SECTION 1100. STANDARDS LIMITING HEIGHT AND BULK OF BUILDINGS AND AREA OF

PUBLIC NOTICE

LOTS BY LAND USES: USE DISTRICTS

IP Industrial Park Dis. Minimum Lot Size, 44,000 sq. ft. Minimum Lot Width at building setback, 100 ft. Maximum Height of Buildings in feet, 40 (g) Sides 30(1) Minimum Yard Setback Per Lot (in Ft.) Front 60 Sides 30(1) Rear 40(1)

Maximum % of Lot Coverage for All Buildings, 30%

(1) Unless waived or modified by the Planning Commission, after public hearing, a fifteen (15) foot wide greenbelt planted in accord with the minimum requirements of Section 1209 shall be provided along all side and rear property lines, except that said greenbelt shall be 100 ft. wide, unless waived or modified as above, along all side or rear property lines which abut land zoned for residential use.

ARTICLE XII-GENERAL PROVISIONS

SECTION 1204. PARKING REQUIREMENTS:

Subsection 9.26: I Industrial Park Districts-No parking space shall be permitted in the required front yard except a limited number of spaces reserved for visitors when approved by the Planning Commission as part of Site Plan Review.

SECTION 1206. OFF-STREET LOADING AND UNLOADING:

Amend Subsection 2 so that it applies also to IP Districts, to read as follows:

2. All spaces for I and IP Districts shall be laid out in the dimension of at least ten by fifty (10' x 50') feet, or five hundred (500) square feet in area, with a clearance of at least fourteen (14') feet in height. Loading dock approaches shall be provided with a durable and dustless surface. All spaces in I and IP Districts shall be provided in the following ratio of spaces to useable floor area.

GROSS FLOOR AREA (IN SQUARE FEET)

LOADING & UNLOADING SPACES REQUIRED IN TERMS OF SQUARE FEET OF USEABLE FLOOR AREA

1 - 1,400-None.

1,400-20,000-One (1) space.

20,001-100,000-One (1) space plus one (1) space for each 20,000 square feet in excess of 20,001 square feet.

100,001-500,000-Five (5) spaces plus one (1) space for each 40,000 square feet in excess of 100,001 square feet.

500,001 and over-Fifteen (15) spaces, plus one (1) space for each 80,000 square feet in excess of 500,001.

SECTION 1210. SIGNS.

Subsection 1 DISTRICT REQUIREMENTS

IP Districts

-All signs and parts thereof shall be stationary.

-Signs shall be placed flat against the wall or canopy of a building, and no sign shall project more than eighteen inches from the face of such wall or canopy.

-The gross area of an exterior sign shall not exceed 20% of the area of the nearest building face with which it is parallel.

-Signs shall not extend above the roof line of any building.

-One free-standing identification sign portraying the name and/or insignia of the company shall be permitted subject to the following:

Signs may be located in the front yard. Such signs shall not exceed 5 feet in height. The gross sign area shall not exceed 25 square feet.

THE CITY OF TAWAS CITY FURTHER ORDAINS that district boundaries referred to and described in Section 301 be changed as follows:

That the following described parcel of land be rezoned from automatic residential to Industrial Park (IP):

The southeast 1/4 of the northwest 1/4 of Section 36, Township 22 North, Range 7 East, lying northwesterly of the D & M Railway, and annexed to the City of Tawas City by Resolution of the City Council February 6, 1978.

That the following described parcel of land be rezoned from Industrial (I) to Industrial Park (IP):

The west 594.21 feet of Outlot 1 of John W. King's Second Addition to the village of Tawas City, now City of Tawas City, Michigan, except the east 100 feet of the north 200 feet; and except the west 120 feet of the east 220 feet of the north 120 feet thereof.

ADOPTED IN ACCORD WITH SECTION 4.9 of the City Charter; to be published in the Tawas Herald July 25, 1979; effective date,

PUBLIC NOTICE

July 26, 1979. HERBERT W. CHOLGER Mayor RACHEL SUE MCCREADY Clerk

I hereby certify that the foregoing is a true and complete copy of Ordinance No. 193, duly adopted by the City Council of the City of Tawas City at a Regular Meeting held on July 16, 1979, and that public notice of said meeting was given pursuant to statute. I further certify that Councilman Keiser moved adoption of said ordinance and that Councilman Rollin supported said motion. I further certify that the following members voted for adoption of said ordinance: Lansky, Hayes, Keiser, Cotter, Rollin, Cholger; that no members voted against adoption of said ordinance; and that Councilman Landon was absent from said meeting. I further certify that said ordinance has been recorded in the Ordinance Book of the City, and that recording has been authenticated by the signatures of the Mayor and City Clerk.

RACHEL SUE MCCREADY City Clerk

The Ordinance, with Amendments, may be inspected, and copies purchased, at City Hall, 508 W. Lake Street, weekdays between 8:00 and 5:00.

REGULAR MEETING-TAWAS CITY COUNCIL

July 2, 1979

Meeting called to order at 7:30 PM at City Hall by Mayor Cholger.

Present: Cholger, Lansky, Hayes, Keiser, Cotter, Landon, Rollin. Others: Mgr. Thomas, Supt. Look.

Minutes of June 18 meeting approved.

Clarence King presented Shriners' request for permission to sell newspapers in Tawas City on July 27-28; granted.

Kathy White and Mrs. Joseph Cadorette complained of piled brush at the end of Twelfth Avenue. City will remove it sooner than scheduled.

Ordinance No. 193, amendments to Zoning Ordinance No. 162, as recommended by the Planning Commission after public hearing, was introduced and discussed, along with restrictive covenants recommended by Manager. Final adoption may be at July 16 meeting.

Forester Tom Jacques presented the proposed grant program toward funding for tree ordinance and maintenance. Motion by Cotter seconded by Landon that City proceed to obtain its share of funds by partial timbering of Oates Road property; carried. Motion by Keiser seconded by Rollin that Mayor and Clerk be authorized to enter into necessary contracts with DNR for grant, with Tom Jacques to write the ordinance and management program update, and with contractor to cut timber; carried.

Motion by Cotter seconded by Keiser that Manager proceed to get legal advice for preparing a ballot on City Hall-Fire Hall-Library construction on present City Hall site so that bonding may be authorized by the same vote; roll call vote; yes, Cholger, Lansky, Hayes, Keiser, Cotter, Landon; no, Rollin.

Motion by Hayes seconded by Lansky that Department of Transportation be requested to designate a "no parking" area on both sides of Sheriff's Department driveway, and request County Commission to direct County Building users to the off-street parking lot by placement of directional signs; carried.

Motion by Rollin seconded by Landon that funds be appropriated from surplus and unappropriated funds for FY '79, \$1580, and from FY '80, \$2370, for CETA maintenance worker, such amounts to be reimbursed by CETA; carried.

Motion by Keiser seconded by Lansky that \$5202 be appropriated from FY 1978-79 surplus and unappropriated funds for MESC billing; carried. Year-end transfers of \$850 (Manager's moving expenses), \$1400 (Fire Department insurance), \$1500 (engineering services re. US 23 storm sewer) approved.

Motion by Hayes seconded by Lansky that policy be established that after a windstorm, City will pick up a reasonable amount of branches placed on street rights of way by property owners, if cut up in 5-foot lengths and tied in bundles; carried.

Manager reported on status of sewage treatment system and effect of license renewal application on priority point system used in obtaining design and construction funds.

Discussed: 1. Collier's Marina application to dredge and construct piers, noticed for comment.

2. State sale of Oil & Gas Leases scheduled for July 23 includes Oates property.

3. Capital Business Service driveway to be defined when drainage

PUBLIC NOTICE

is installed.

4. Manager will attend to problem of garbage being placed out before collection days, and to excess trash in City Park collection box.

5. Manager's communication with General Television of Michigan indicates monthly payment is in order, and company will explore possibility of local payment location.

Resignation of Boynton V. (Bud) St. James from Parks & Recreation Commission was accepted, with regret, Council acknowledging their appreciation for his efforts on behalf of the City.

PUBLIC NOTICE

Water faucet in City Park to be set to turn off automatically.

Possibility of sewage in drainage ditches should be reported to Health Dept.

Businesses urged to fly flags for July 4th.

Adjourned 10:30.

You Read it in The Tawas Herald

"It's 2 A.M. and I feel rotten. Who has time to read medicine labels?"

Sorry, there is no excuse for not reading the medicine label. The label tells you what it's for, how much to take and how often to take it. It's important information. Before you take any medicine, read the label. Medicines can't help you if you don't take them right.

Isosco County Road Commission June 27, 1979 10:00 a. m.

Summary
Meeting called to order: Present; Commissioners' White, Conley, Aulerich; Engineer-Manager Delahanty; Secretary-Clerk Ferguson. Also, Calvin McLaren, AuSable Township; Jim Belson, Burleigh Township; Lowell Aspin, Grant Township; Ray Kesler, Plainfield Township; James Mielnick, Reno Township; Calvin Nickell, Sherman Township; Laverne Koepke, Tawas Township; Ted Cavell, Wilber Township; Marian Ulman, County Commissioner; and Mary Smith, News and Press. Minutes of the previous meeting were read and approved.

1. Township Cost-Share Formula: There was a discussion on the proposed Cost-Share Formula with the following points being agreed on: 1.) Dust Control Formula to remain the same with the Isosco County Road Commission contributions \$45,000.00 annually. 2.) Local Road Construction to be split 60% Township, 40% Isosco County Road Commission. 3.) Township to contribute \$10,000.00 per mile for Primary Road Construction. 4.) 50% of Township Share due when construction starts. 5.) ½% per month service charge on accounts after 60 days.

2. Abandonment of Alleyway in AuSable: A petition to abandon an Alleyway in AuSable Township was resubmitted. Motion by Commissioner Conley, supported by Commissioner Aulerich to absolutely abandon and discontinue said alleyway. Roll call vote, all yeas. Motion carried.

New Business:
1. Bids-Bituminous Paving: Only bid received was from Central Paving Company, \$17.85 per ton for Kokosing Road and \$19.66 per ton for Old U. S. 23. Motion by Commissioner Conley, supported by Commissioner Aulerich to accept the low and only bid of Central Paving Company per the recommendation of the engineer-manager. Roll call vote, all yeas. Bid accepted. 2. Drainage Problem: The engineer-manager read a letter from Mr. Elmer Werth concerning a drainage problem across his property in Section 29 of Wilber Township. The board will review the problem on the next road tour. 3. Dust Control: Motion by Commissioner Aulerich, supported by Commissioner Conley to sign a Dust Control Agreement with AuSable Township. Roll call vote, all yeas. Agreement signed. 4. Road Tour: The monthly road tour was scheduled for July 12 at 10:00 a. m. 5. F-41 Accident: The engineer-manager read a letter concerning a possible lawsuit for an accident on F-41 in June of 1978. The letter was forwarded to our insurance agent. 6. Traffic Hazard F-41: The engineer-manager read a letter from Mr. Harry Curley concerning a possible traffic hazard at the intersection of F-41 and Cedar Lake Road. The engineer-manager is checking on the problem. 7. Bills and Payroll: Motion by Commissioner Aulerich, supported by Commissioner Conley to sign the bills and payroll as presented. Roll call vote, all yeas. Bills and payroll signed. 8. Adjournment: Upon motion made and supported, the meet-

Notice of Application for a Drive-In Branch in the Village of Hale, Michigan. Notice is hereby given that The Farmers & Merchants State Bank of Hale, 114 North Washington, Hale, Mich. 48739, has made application with the Commissioner of the Michigan Financial Institutions Bureau for permission to establish a Drive-In Branch, at 3231 North M-65, in Plainfield Township, Isosco County, Hale, Michigan 48739. The application was accepted for filing by the Financial Institutions Bureau on July 11, 1979.

Any person who desires to protest the application must file a written notice of protest with the Commissioner of the Financial Institutions Bureau, P. O. Box 30224, Room 390, Third Floor, Law Building, Lansing, Michigan 48909 and with the applicant not later than August 10, 1979. The application is on file with the Commissioner and may be inspected during regular business hours. This notice is published pursuant to section 30 of the banking code of 1969, as amended, being section 487.330 of the Michigan Compiled Laws as amended by Act No. 524 of the Public Acts of 1978, which sets forth the procedures for processing applications and the manner in which protests may be made.

LOOKING BACKWARD—

Equalization Dept. Planned by Iosco Co.

15 Years Ago— July 22, 1964 — In compliance with the recent state legislation, Iosco County Board of Supervisors is making plans to establish a county equalization department. Among other changes provided by the new law, all wards in a city would be lumped together for tax assessing purposes.

The 90,000th camp permit since permanent records were first maintained in 1936 was issued at the East Tawas State Park by Park Officer A. Ray Prosch.

Legal machinery was set in motion Monday night authorizing a

\$47,000 revenue bond issue to finance cost of installing water meters at East Tawas.

Iosco County Board of Supervisors has entered into a use agreement with the Michigan Department of Conservation for operation of a 10-acre picnic and fishing site at the mouth of the AuSable River.

A clean bill of health was given Tawas City's sewer disposal system during an inspection last week by the Michigan Water Resources Commission.

25 Years Ago— July 23, 1954—The three-week-old strike of Anderson Coach Company employees ended Tuesday with an agreement by the company to recognize the Carpenters Union, American Federation of Labor, as bargaining agent. Maintenance men returned to work Wednesday morning and the plant was under production Thursday.

Iosco County law enforcement agencies warned all boat owners this week that an organized gang is operating in this area, stealing boats and outboard motors.

A petition was presented to the Tawas City Council asking that a parcel of land on Lake Street at Beech Street be rezoned from residential B to commercial. The petition was presented by Herbert Hertzler, attorney, representing Carlton Merschel of East Tawas.

A financial report read at the annual meeting of Tawas Rural Agricultural School District indicated disbursements of \$264,292.01 during the past term.

Bay and Iosco County civilian defense units combined forces Sunday during "Operation Road

Block," an exercise in which medical supplies and personnel were rushed to this area by water and air following an "attack" by enemy bombers.

35 Years Ago— July 21, 1944—The Iosco County Farm is one of 89 Michigan Holstein breeders recently admitted membership in the Holstein-Friesian Association of America. The county farm herd now totals 75 head of grade and purebred cattle.

Mr. and Mrs. George J. Bergevin of East Tawas recently entertained three of the Free French flyers, who have arrived at Oscoda Air Base. One of the boys was from Mrs. Bergevin's father's home town in France, which made the visit especially interesting for the Bergevins.

Among those receiving the newly created Combat Infantrymen Badge was Sgt. Ervin G. Shover of Tawas Township. A member of the Ninth Division fighting on the Cherbourg Peninsula, the unit was the first to enter Bizerte during the battle of North Africa.

During the annual meeting of School District No. 7, Tawas City and fractional part of Tawas Township, those attending authorized the school board to spend \$200 for plans for a new school building.

American engineers say that a 700-foot steel and concrete unfinished ramp captured in Normandy is believed to have been planned by the Germans as a launching site for rocket bombs.

Peter Vallier, formerly of Flint, has purchased the W. A. Evans Furniture Company building at the corner of Lake Street and Mathews Street in Tawas City.

IN THE SERVICE—

Oscoda Sailor in Fleet Exercise

Brian A. Haley, navy operations specialist seaman apprentice, son of Onilee F. Hubbell, Oscoda, is participating in a series of fleet readiness exercises in the Western Atlantic.

He is a crew member aboard the guided missile destroyer, USS Semmes, homeported in Charleston, South Carolina.

Conducted in the Western Atlantic and areas stretching from New York to the Caribbean, these exercises are designed to improve over-all fleet readiness.

A 1977 graduate of Oscoda Area High School, Haley joined the navy in October 1977.
