

EAST TAWAS is seeking federal assistance to repair damage to the beach and camping area at the east end of the city park caused by a shift in the water current of Tawas Bay. City Clerk Clyde Soper said Monday that construction of the new state boat launching ramp, coupled with development of the Michigan Waterways Commission harbor of refuge resulted in erosion to the shore line behind the Michigan State Police Post. The

damage was detected earlier this year and broken concrete was dumped into the lake to prevent further damage (top picture). The bottom picture shows where the current sweeps between the west end of the boat launching ramp on the left, which was used for the first time this past summer, and the outer arm of the harbor of refuge.—Tawas Herald Photo.

## Three Candidates File for ET City Treasurer Vacancy

Three candidates have filed petitions for city treasurer and East Tawas has been assured of a primary election on Monday, February 16.

In addition, prospective candidates have until Monday, December 29, 4:00 p. m., to file petitions with the city clerk and more contests are expected.

Grace Pelton, veteran city treasurer, announced recently that she would retire at the end of her present term ending

April 1.

Filing petitions thus far for the office are Kathleen F. Bolen, Norma Reinke and Kimberly Morrill. The top two candidates in the primary vote will vie for the office in the April general election.

Terms of aldermen expiring include George Staudacher, First Ward; Larry Wingrove, Second Ward; Norman Klenow, Third Ward. Klenow is finishing out the term of Jacob Mont-

gomery, who was appointed city superintendent.

All of the above councilmen are circulating petitions for reelection. A fourth candidate, Robert Powell, is circulating petitions, according to City Clerk Clyde Soper.

Both Soper and Mayor Robert Bolen are candidates for reelection.

Last day of registration for the February 16 primary election is January 19.

## Council Accepts Survey of Redivision of City Property

Accepting a new survey of city-owned lots on Twelfth Avenue between Fourth and Third Streets, Tawas City Council Monday night decided not to offer the eight lots for sale until next spring.

This action came at the recommendation of City Mgr. Lowell Thomas, who said that present high interest rates probably would result in a depressed market at this time.

This heavily-wooded site has been owned by the city for many years and the council decided earlier this year to make the property available for

home sites. Nine lots were redivided into eight lots in order to make the property more attractive to prospective buyers.

Present plans call for a minimum bid of \$3,500 per lot, although preference could be given to a developer wishing to purchase the entire parcel. A stipulation in the deed would require construction of a home on each lot within five years.

Sanitary sewer would be provided to the property through establishment of a special assessment district.

An expenditure of \$600 was authorized to pay for the property survey.

site at the corner of Fourth Avenue and Mathews Street. The city had obtained options to purchase the property from the Detroit and Mackinac Railway and William Borosch.

The city manager said that \$6,000 would be used for the actual land purchase, \$100 for fees and \$2,900 for architectural work, a topographical survey and soil boring.

The above amount was included in the city budget. (See COUNCIL, page 2.)

### Air Force Investigates

A number of air force personnel assigned to Wurtsmith Air Force Base are under investigation for the off-duty possession, use and sale of controlled substances. Personnel in sensitive positions have been suspended from such duties pending the results. Because the investigation, conducted by the Air Force Office of Special Investigations (AFOSI), is still under way, additional information is not available at this time.

### Santa Sets Dec. 18 Visit

A visit by Santa Claus to the children of the Tawas area is slated for Thursday evening, December 18, 6:30-8 o'clock at the East Tawas Community Building. He is to arrive via the East Tawas Fire Department truck to distribute bags of goodies to the children.

### Chamber Balloting in Progress

Six candidates are vying for three vacancies on the board of directors of Tawas Chamber of Commerce.

Candidates are Gary Bailey, Bradley Chartier, Carol Klenow, Mitchell Mendrygal, John O'Connor and James Ver-crassy.

Ballots mailed to members of the organization are to be returned by December 10.

# Winter's Fury Struck State

Winter returned to the Iosco County region with a vengeance Tuesday morning, leaving a deposit of six inches of heavy snow over sleet-covered roads.

For some areas of the county, it was the second snowstorm of the year as roads were snow-covered on Thanksgiving Day. The Tawas area missed that earlier storm.

Iosco County Sheriff's Department reported Tuesday morning there were relatively

few "fender bender" accidents caused by the overnight snowfall, "not like Thanksgiving Day when numerous accidents were investigated."

All schools of the county, with the exception of those in the Oscoda Area School District, were closed Tuesday because of slippery road conditions. Coming off a recent strike which closed classrooms for three weeks, Os-

coda School officials decided to run buses and youngsters reported for classes as usual.

City Mgr. Lowell Thomas said that Tawas City's Department of Public Works snow removal equipment was in readiness for the expected storm and, despite slippery roadways, motorists experienced only minor difficulty at some intersections as plows made an initial snow clearance early in the morning.

Last winter, the area was hit by a storm about a week earlier than this snowfall, but the winter proved to be one of the mildest on record and one with little snow.

This region has enjoyed unseasonably mild weather throughout November and most residents are hoping for a repeat of last year. The exceptions would be the devotees of snowmobiles and cross-country skiers, who experienced a poor season in 1979-80.

## Tax Statements Late, but Work Finally Finished

Tax statement time in Iosco County, when property owners are billed annually to financially support county-township governmental operations and school operations for the coming year, is a little late this year due to a delay in the county's tax equalization office.

Property owners normally receive their tax statements by mail on or about December 1, but the county's new computer division was not expected to have the statements prepared until Tuesday afternoon (yesterday).

John Rose, county tax equalization director, was not in his office Tuesday morning—he worked nearly all night Monday and early Tuesday morning operating the computer printer—but an office employee said that work was nearly completed.

Although summer tax statements were prepared for Tawas City and East Tawas earlier this year, this was the first time that the new computer system was used to prepare the 28,000 tax statements to be mailed in December.

The office spokesman said that considerably more time was required to prepare the statements than anticipated, although the system was not faulted and speedier processing will come with experience.

The computer division has

been working steadily since late last year on feeding property description information into the system. This has been a major undertaking for the department and tax statement preparation will become a routine matter in the future.

According to state law, the assessing officer of each unit must check over each tax roll and tax statements and sign an affidavit as to their correctness before turning the statements over to unit treasurers for mailing to property owners.

County Treas. Edward Nelkie said Tuesday that the tax statements should be in the mail by this week-end.

Nelkie said that some township treasurers had complained to him that an envelope was not included for the taxpayer to return his check and tax statement to the treasurers. This had been the practice when the tax statements were prepared by a Midland contractor. Providing the additional envelopes is left to the responsibility of the individual units starting this year.

Nelkie also felt that the county should investigate the use of a better grade of paper for second and third copies in order to insure that tabulations are clearly printed on the receipt.

This may require financial participation by local units in the county's new system.

WINTER struck with all its fury Monday night and continued most of Tuesday, dumping more than six inches of snow in Iosco County. Main roads are open, but motorists were warned yesterday to stay off highways.

Snow left in the wake of the storm turned pine trees into things of beauty—as shown here—if one enjoys the natural beauty of a Michigan winter.—Tawas Herald Photo.

## Tawas City Council OK's EDC District for Brugger

Certification was given Monday night by Tawas City Council to an application from John Brugger for designation of lots between First and Wheeler Streets as an Iosco County Economic Development Corporation project.

This was the second step in a move by Brugger to obtain low interest financing through the EDC for a shopping center to occupy the present site of Tawas Industries, Incorporated.

As announced last month, the industrial firm is to vacate the block-long building between First and Wheeler Streets along Court Street some time next year. Tawas Industries is to consolidate its entire operation on Cedar Street.

The city planning commission had approved designation of the property for the EDC program. The council's official resolution stated that the EDC program was designed to "alleviate and prevent conditions of unemployment, to assist and retain local industries and commercial enterprises in order to strengthen and revitalize the city's economy and to encourage the location and expansion of commercial enterprises to provide needed services and facilities."

The EDC district extends the entire block along Court Street and from First Street to the property line of Consumers Ap-

pliance Sales along US-23.

According to an earlier announcement, it is the intent to move Brugger's Foodland into the industrial building, with possible location there of additional shops. It was stated Monday night that plans call for a paint manufacturing and distributing business in part of the building, which would require one portion to remain industrial.

This was the second such

EDC district designated by the city council during the past year. The first was to finance the medical arts building at Tawas Hospital.

The council held a first reading on an amendment to the zoning ordinance changing the property designation from industrial to commercial. The one exception was for a portion of the building to remain for paint manufacturing.

## Four Airport Fires Cause of Concern for ET Council

Noting that its fire department had handled four blazes at Iosco County Airport during the past year, East Tawas Council served notice Monday night that it was studying the possibility of billing the county for this service.

This suggestion was made by Ald. Gene Fernetto, a member of the fire department. He pointed out that funds received could be used to purchase special equipment to combat aircraft fires.

As it now stands, the fire calls at the airport are paid by Baldwin Township under contract with the city. Councilmen were of the opinion that this was too much of a burden to place on the township or the city and the county at large should share in the cost.

In other matters, the council authorized an expenditure of \$4,010 for the fire department:

The amount would cover the cost of hose replacement, coats and to update four air packs.

City Supt. Jacob Montgomery was designated as the city's official representative in applying for parade and other permits with the state department of transportation.

Consumers Power Company was authorized to install a new street light at 614 Tawas Street.

The city superintendent was given authority to dispose of an old pickup truck for a minimum of \$50. The vehicle has been used to provide replacement parts for other trucks.

The council directed that the old dump on Lincoln Street be cleared of stumps and brush which had been dumped there in recent years. The action came at the request of the Michigan Department of Natural Resources.

## Three Hunters Were Wounded

Three hunters were victims of gunshot wounds last week in Iosco County.

Lee C. Gibbs, 26, Whittemore, was struck in the leg Saturday afternoon by a rifle slug while hunting in Section 11, Burleigh Township.

Sheriff's department officers said Monday that the name of the shooter was withheld until a determination is made concerning possible prosecution.

A Detroit hunter apparently mistook Gibbs for a deer and fired at a range of 75 yards. The injured man was treated at Tolfree Hospital and then trans-

ferred to Bay Medical Center. Edward J. Carter, Madison Heights, was injured Saturday while loading his 30-06 rifle on McArdle Road. The weapon discharged and the slug struck his left foot. He was treated at Tawas Hospital.

On Thursday, Glen H. VanSickle, 16, Tawas City, was wounded in the right thigh by a .22 caliber slug while hunting in Section 32, Tawas Township.

His companion, Larry West, 15, McArdle Road, fired his rifle into an ice pond and the slug hit VanSickle. He was treated at Tawas Hospital.

**KEEP CUPBOARD READY FOR UNEXPECTED GUESTS**

Holiday time usually means unexpected guests. And, it's axiomatic that unexpected guests expect, however unreasonable, to be fed—any thing from a complete meal to a snack with drinks.

How to accommodate them without throwing yourself and your household into a tizzy, every time the doorbell rings? Stock up in advance with delectables. A few cans or jars of nuts, some candies packaged in bright holiday wrappings, a couple of cheeses—a hunk of Edam, a round of Brie, some of that scrumptious cream cheese with herbs spread—and some boxes of savory crackers will go a long way to satisfying the appetites of those friends and neighbors who stop in for a while to share the Christmas cheer.

They'll also make a hit with the family on Christmas Eve, or whenever a late-night snack is desired.

**THE TWELVE DAYS TWO WAYS**

Quick, do you know what gifts were given on the twelve days of Christmas, according to the popular old song?

They are: a partridge in a pear tree, two turtle doves, three french hens, four colly birds, five golden rings, six geese a-laying, seven swans a-swimming, eight maids a-milking, nine pipers piping, ten drummers drumming, eleven lords a-leaping, and twelve ladies dancing.

When! According to *Christmas Customs and Traditions*, by Frank Muir, another version of the song, originating in Western France, counted out as the gifts: one boneless stuffing, two breasts of veal, three joints of beef, four pig's trotters, five legs of mutton, six partridges with cabbage, seven spitted rabbits, eight plates of salad, nine dishes for a chapterful of canons, ten full casks, eleven bosomy maidens, and twelve musketeers with their swords.

Just try putting that to music!

He is survived by his wife, the former Marge Alsobrooks, whom he married in June 1951; a son, Albert Bremer of Bay City; a daughter, Mrs. Richard (Sue) Reden of Livonia; five grandchildren; a brother, Leslie Bremer of Florida; a stepbrother, Larry Noels, and a stepister, Frances Knorre, of Saginaw, and a stepfather, Henry Noels of Florida.

**Cross Country Skiers Ready for Season**

AFTER POOR weather conditions last season, Iosco skiers are looking forward to this week-end when cross country skiing should be perfect—if present conditions hold true.

**Tree-trimming with glee**

Tree-trimming—one of the pleasant traditional activities that impart to the Christmas season a feeling of family togetherness.

Armed with a bowl of freshly-popped popcorn, and another of eggnog flavored with nutmeg, tree-trimmers will get to work, taking pride in their activity.

Whether the tree is natural or artificial, six feet tall or perhaps two feet, it engenders the same feeling of warmth and happiness that characterizes Christmas.

Ornaments range from strings of bright lights to garlands of popcorn and cranberries to family heirlooms handed down from generation to generation.

Well-traveled people may take pride in the wide variety of countries represented on their tree, a veritable U.N. Food-lovers may opt to make their tree edible—hanging little chocolate balls and bells covered in bright-colored foil, and home-baked gingerbread cookies in a myriad of shapes.

Candy canes can be hung from the tree's branches by their crooks, or can be grouped in miniature Christmas stockings. Miniature stockings can also be used to hand small bottles of booze from the tree.

And, with edible ornaments, there's one further advantage—when it comes to taking down the tree, after Christmas, you can make a last party of it—eating what comes off the tree, with glee.

ed in the \$175,000 proposition approved by voters at the general election.

The council approved renewal of a one year contract with Vilicani, Lemay and Associates, the city's planning consulting firm. The retainer for the coming year, which includes two meetings between the consultant and the planning commission, is \$2,000. This is an increase of \$600 over the current contract.

A joint meeting of the council and the planning commission is to be held December 18. Topic of the meeting will be a discussion on the role of East Central Michigan Planning and Development Commission. A representative of that organization is to be present.

**YULETIDE GOODIES DELIGHT GUESTS**

Holiday entertaining offers every host and hostess the opportunity to bring out the very best.

To make your holiday hosting better than ever, take time to plan a few get-together basics that will guarantee a smooth-running, fun and festive evening for all.

Christmas homes are laden with every sort of treat and "goody" imaginable.

Pull out all of the candy dishes, compotes, cheese boards and nutcrackers so that your guests will be surrounded by generous helpings of Christmas delights.

Place dishes of candy, bowls of nuts, and plates of cookies and crackers near every chair.

For an added bit of "entertaining psychology," keep the treats separated; don't put a little bit of everything everywhere. This is a great way to keep people mingling.

As they move from the cheeses to the candied fruit, your party conversation will move and flow without effort!

If you're planning a whole evening of entertaining, don't rush things in a well-intentioned attempt to keep the canapes hot and the bread crusts crisp!

From first cocktail to last coffee, keep your hosting pace slow and loose—no one should have to interrupt a good conversation to come to the table and get a piece of pie!

Have everything prepared so that your guests set the pace—then relax and have a good time, the best thing any host or hostess can do!

**Menu Maker: Macaroni Peanut Salad**

Today more people are cooking because they want to. And they are giving more thought to aesthetics, such as color, taste and texture in the dishes they prepare. The accompanying recipe for Macaroni Peanut Salad is a recipe for today's cooks. It's colorful, nutritious and satisfying. And the recipe is adaptable. If you'd like it fancier, use walnuts or cashews instead of peanuts. Also, you might increase the vegetables and reduce the macaroni.

Premium quality nuts are available in cello bags in supermarkets. The nuts are packaged by Planters in convenient amounts for use in cooking and baking as well as for snacks. And some varieties of Planters nuts are available unsalted as well as salted.

cream soup. Crunchy corn sticks go well with salads. For dessert, Apple Crisp served with a hard sauce, or melon balls in a ginger syrup, or fresh pears with cheese.

**MACARONI PEANUT SALAD**

Makes 8 to 10 Servings

3 cups broccoli flowerettes  
3 cups sliced unpeeled yellow squash  
Cold water  
½ cup Planters Oil  
1 cup diagonally sliced celery  
1 cup chopped tomato  
½ cup minced green onion  
½ teaspoon crushed garlic  
1 teaspoon salt  
1 teaspoon basil leaves  
1 teaspoon oregano leaves  
¼ teaspoon ground black pepper

½ pound bowtie macaroni, cooked, drained and cooled  
1 cup chopped Planters Salted Peanuts  
1 cup freshly grated Parmesan cheese

Steam broccoli and squash for 5 minutes. Rinse with cold water to cool. Drain well. Heat Planters Oil in large skillet over medium heat. Add celery, tomato, green onion and garlic. Saute 5 minutes stirring occasionally, until celery is tender crisp. Stir in salt, basil, oregano and pepper. In a large bowl combine steamed vegetables, cooked macaroni, sauteed vegetables, Planters Salted Peanuts and Parmesan cheese. Toss well. Chill before serving.

**Menu Maker: Sour Cream Nut Pie**

It's the season for fresh nuts: crunchy, crisp and many varieties. They add a flourish to meats, vegetables, salads, breads as well as desserts. The accompanying recipe for Sour Cream Nut Pie is one that will bring compliments to the cook. This is a pie with special character: it's crunchy, fragrant, mystical and delicious. It's a versatile recipe, too, because pecans, walnuts or peanuts may be used in place of cashews, shown in the picture.

**SOUR CREAM NUT PIE**

Makes 1 (9-inch) pie

2 teaspoons flour  
½ teaspoon ground cinnamon  
1 cup dairy sour cream  
2 eggs, well beaten  
¼ cups sugar  
1 teaspoon extract (see variations below) Planters Nuts (see variations below)

for 40 to 45 minutes, or until firm. Cool. Garnish with whipped cream if desired.

Rum Pecan: Use rum extract and 1 cup Planters Pecan Halves.

Maple Walnut: Use maple extract and 1 cup Planters Walnuts.

Peanut: Use vanilla extract and 1 cup Planters Salted Peanuts.

Cashew: Use vanilla extract and ¾ cup Planters Cashews Halves.

MICROWAVE METHOD: Bake 6 to 8 minutes on high power, giving pie ¼ turn halfway through cooking time. Edges of pie filling should be nearly firm and center moist, but not liquid. Pie will continue baking when removed from oven.

INSPECTING coloring books received Tuesday at Tawas Hospital is Susan Rieth, left, educational coordinator. At center is Albert Hedun, commander of Oscoda Veterans of Foreign Wars Post No. 3735, and at right is Adel Siler, hospital chairman for the VFW Auxiliary.—Tawas Herald Photo.

## Coloring Books Comfort Young Surgical Patients

Children who are patients at Tawas Hospital will have some of the trauma experienced in surgical treatment eased through the use of educational coloring books donated by Oscoda Veterans of Foreign Wars Auxiliary No. 3735.

The auxiliary made its annual gift to the hospital Tuesday morning and making the presentation were Adel Siler, hospital chairman, and Albert Hedun, post commander.

The auxiliary and post presented a group of coloring books on hospital tests and procedures which will be used to familiarize children with medical activities.

The books, authored by Capt.

Jane Roberts, an air force nurse at Wurtsmith Air Force Base, are full of realistic illustrations of different activities at the hospital—from "shots" to operations—which the children can color.

In addition, narrative descriptions are provided for parents to read for their own edification or to read to their children. A glossary defines medical terms.

The VFW Auxiliary makes yearly contributions to hospitals from Saginaw to Alpena and decided to give the books this year to both Tawas Hospital and Wurtsmith Air Force Base Hospital.

Susan Rieth, educational co-

ordinator at the hospital, said the books were an outstanding gift.

### Christmas Tea Set Dec. 9

Tawas United Methodist Women will host the annual Christmas program and tea Tuesday evening, December 9, at the fellowship hall of the church. The program at 8 o'clock will be followed by refreshments.

For reservations, call the church office, 362-4288, or 362-4594 by Sunday, December 7.

### Artists Plan Annual Party

The regular monthly meeting of Tawas Bay Artists will be a Christmas dinner party at Tawas Country Club Friday, December 19, 6:30 p. m. cocktail hour. Reservations may be made by calling Wanda Race, 362-2586.

A Christmas tea and bazaar will be held at the gallery Saturday, December 6, 10:00 a. m. - 5:00 p. m. Featured will be Christmas and white elephant items, a bake sale and refreshments. The public is invited to attend. Martha Stephens is chairman with Connie Dreher in charge of baked goods.

Larry DeRosia and Adolph Simek presented the November program on the Windjammer cruise to the Virgin Islands and refreshments were served by Marjorie Gage and Mrs. Race, hostesses.

## this... that and the other

Mr. and Mrs. Neil Glasse of Castro Valley, California, and Roger Campbell of Hayward, California, were here for a vacation and visited their aunt, Esther Langhorst, at Provincial House, and their cousin, Betty Herrick, and family of East Tawas.

Mr. and Mrs. Kenneth Hite and sons of Kawkawlin and Linda Conklin of M'dand spent the holiday week-end with their parents, Mr. and Mrs. Albert Conklin of Tawas City.

Mrs. Mary Westerlund returned to her East Tawas home Sunday after spending several days with her children in Saginaw, Birch Run and Flushing.

David Rapp was in the area for 10 days and visited his mother, Janet Rapp of Tawas City, other local relatives and his daughters, Kristi and Mindi of Mt. Pleasant. While here, he also traveled to Mio where he was presented with the 1979-80 Mio-AuSable Elementary year-book "dedicated to Mrs. Esther Shepherd, Mrs. Ruth Glanc and Mr. David Rapp. Their many years of loyal and dedicated service at Mio-AuSable School will always be appreciated and never forgotten." Rapp is teaching English in the Madeira, Florida, school system.

Charles Willison and son, James, have returned to their home in Circleville, Ohio, after spending several days with the Russell Small family of East Tawas.

Gertrude Syria of Tawas City entertained friends at a harvest party at her home Friday, November 21. Those present were Marion Willis, Marjorie Brooks and Maud Braman of Tawas City and Gladys Davis and Leticia McIntyre of East Tawas. A delightful reunion was enjoyed. Mrs. Davis will be leaving shortly for Florida.

Mrs. Robert Trudell of East Tawas is at St. Luke's Hospital, Saginaw, where she underwent surgery Wednesday and is rapidly improving. She is in room 458 and would appreciate receiving cards from Tawas friends.

Mr. and Mrs. Arnold Hoshbach of Tawas City joined Mrs. John Carlisle and her sister, Lucy Carlisle, of Saginaw at the home of Mr. and Mrs. Gerald Hoshbach for the holiday.

Mr. and Mrs. Brad'ey Goebel and son, Joshua, of Delton were guests of their parents, Mr. and Mrs. Leonard Gottleber of East Tawas and the Cy Goebels of Greenbush, for the Thanksgiving holiday.

Spending Thanksgiving with their parents, Mr. and Mrs. Roy Hoin of East Tawas, were Mr. and Mrs. David Hoin of Lake Orion, Mr. and Mrs. Steven Hoin of Kalamazoo and Jeanne and Janice Hoin of Roseville.

Mrs. LeRoy Krueger of East Tawas was at Alma for several days this week where her father, Bert Sager, is a patient at Gratiot Community Hospital.

### Lower Hemlock

Enjoying Thanksgiving at the Flint home of Mr. and Mrs. Gale Durant were Mr. and Mrs. Clayton Ulman, the Arnold Drumm family, Laurel Whitford family, Mr. and Mrs. James Katterman and family and Mary Ulman.

Mr. and Mrs. Van Miller of Southfield are parents of a son, Clayton Allan, born November 22 at Providence Hospital. Weighing eight pounds, 12 ounces, he is the grandson of Mr. and Mrs. Clayton Ulman and Mr. and Mrs. Allan Miller.

## Books Make Great Gifts

Tawas Elementary Schools and Isoco Reading Council have submitted this information on books, the holiday gifts that bring year-round pleasure.

Parents, as you prepare to shop for your children's holiday gifts, keep in mind that books make great presents. Carefully chosen books will please your youngsters much more than you might think. Furthermore, books can have lasting appeal to youngsters. Dr. Bernice Cullinan, a professor of education at New York University and member of the International Reading Association Board of Directors, says, "Well-chosen books are gifts to be treasured and enjoyed all year long; they are read and reread; they are shared with close friends and kept as private pleasures."

Books not only bring enjoyment to children, but also stimulate them intellectually. For this reason, Doctor Cullinan stresses the importance of selecting books wisely. "If you want your children to have healthy bodies, you do not feed them a steady diet of junk food. And, with books, we are feeding children's minds. It is important to feed their minds with creative and thought provoking stories."

However, in order for children to enjoy reading, they must have books which are appropriate to their interests and reading ability. The 65,000-member International Reading Association offers the following tips on choosing books for children:

Use a child's interests and hobbies as a guide for choosing books. Children are most likely to enjoy reading about subjects which interest them. For instance, a child who likes horses would probably welcome books such as "The Black Stallion" or "King of the Wind."

Seek advice from teachers and librarians. They know which books are appropriate for various age groups and they also know which authors are most popular among children.

Take advantage of television and movies. Many popular books relate to movies and television programs. A child who shows a special interest in a particular movie or program would probably enjoy the book upon which the program was based. The child might also like books with themes or characters similar to those in the show.

Remember the classics. Some of the old favorites from past generations will please today's children, too. The quality of a book does not change and children are still children.

Take advantage of book lists. These lists, which recommend books for children of various ages, are often available through schools or libraries.

Select books with the appropriate reading level. A book that is too difficult may discourage the child, while one that is far too easy may bore the youngster. Of course, the best way to decide if a book is appropriate is to leave it up to the child. However, when choosing a book in the child's absence, it is better to get one that is too easy than one that is too hard, says Dr. Dorothy Strickland, professor of education at the Teachers College of Columbia University. "Even easy books usually present some new words or concepts."

Finally, Doctor Strickland urges parents to "trust your instincts. You know your child better than anyone. Remember which books and subjects your child has enjoyed in the past and use that as a guide for choosing books now."

So when selecting holiday gifts for youngsters, keep books in mind and remember the tips outlined here. Following these simple guidelines could make the difference between buying a book that the child really enjoys and buying one that is put down after a few pages.

# TA Bravettes Lost in Final

Tawas Bravettes just could not find the range from the floor in the district final November 25 at Houghton Lake and lost to the Alcona Tigerettes, 47-36, in overtime.

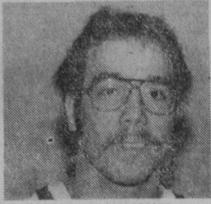

Tawas held a 19-15 lead at intermission in the low scoring game, but Alcona went ahead, 25-23, at the end of the third quarter. The Bravettes came back to tie the game, 36-36, at the end of regulation play, but could not score a point in overtime.

The Bravettes completed only 14 of 70 shots from the floor during the night while Alcona made good on 20 of 45 attempts. Jan Johnson, senior, was top scorer for Tawas with 15 points, followed by Ann Wood's seven points. Lisa Bielby, Colleen Curry and Diane Nelkie each garnered four points while Dawn Allen added two points.

Johnson was tops on the backboards with 14 rebounds. Bielby and Nelkie each had nine. Apsey topped Alcona with 11 points.

Tawas earned a shot at the district title by defeating the Roscommon Bucks, 44-37, on November 24. The Bravettes were down, 32-29, at the end of the third quarter but turned things around in the final quarter.

Diane Nelkie was top scorer with 11 points, followed by nine points turned in by Dawn Allen. Others scoring were Wood, Bielby and Johnson, six points each; Curry, four points; Lisa Konenske, two points.

# Tawas Braves Open Season Friday Night at Fairview

Tawas Area Braves open the 1980-81 basketball season Friday night when they travel to Fairview for a nonconference game. The Braves are scheduled to play their first home game on Tuesday, December 9, when

they meet the Hale Eagles. With only three returnees from last year's squad which had a record of 13 wins and nine losses, Coach Paul Becker and his Braves will have some new faces.

The returnees include a pair of senior guards, Rick Mousseau and Jay Grabow, along with junior Forward Tom Schriber, all of whom saw plenty of action last season. Moving up from the junior

varsity are Randy Biggs and Mark Jurczyk, both five-foot, eight-inch juniors; Keith Harris and Kelly Moffatt, five-foot, nine-inch juniors.

Providing height for the squad will be Jon Dunn, six-foot, three-inch junior; John Caplis, six-foot, two-inch junior; Bill Dalbec, six-foot, three-inch junior; Ed Harris and Dan Barry, six-foot, four-inch juniors.

Don Brannan, a five-foot, six-inch senior, did not play basketball last season but made the squad. The Braves open the North-eastern Michigan Conference season Friday, December 12, when they travel to Ogemaw Heights.

## Industrial Expansion

EXPANSION at two local industries is now under way as part of a tax abatement incentive offered by the City of Tawas City under a state act. Top picture shows a \$8,000-pound stamping press being unloaded at Bopp-Busch Manufacturing Company on Industrial Avenue. The lower picture shows workmen constructing an addition to Baylock Man-

ufacturing Company's plant in the industrial park on Ninth Avenue. Both firms took advantage of a state law which permits local communities to establish special industrial districts to provide property tax relief for expansion of industry and subsequent expansion of local job opportunities. —Tawas Herald Photos.

## Elegant Living in Greene Pack's Mansion

Persian rugs covered the floors and French wallpaper accented the interior decor of the Greene Pack mansion at Oscoda.

The mansion owned by Greene Pack was one of the few homes escaping destruction during the 1911 fire that leveled the twin communities of Oscoda and AuSable. Until recently, the historic home provided quarters for a unique restaurant.

their beauty to this day. The Herald's historical series is indebted to Bruce Myles of Oscoda for the loan of these magnificent views showing the elegant style of living enjoyed by one of Michigan's lumber barons. Because of the fact that the wealthy lumbermen usually left the area once the pine was harvested, finding a complete series of pictures such as this is exceedingly rare.

Pack came to Oscoda in 1876 as manager of Pack, Woods and Company and became a millionaire in the lumbering business. He was one of Oscoda's most prominent citizens until he moved to Detroit in 1894 when he became president of the Detroit Street Railway.

Besides employing skilled carpenters in building his home, Pack brought European artisans here to finish the interior. Imported furniture of French walnut filled

WHEN THE DEFENSE DEPARTMENT closed the Strategic Air Command Base at Kincheloa, 18 miles south of Sault Ste. Marie, a bleak future was predicted for surrounding Chippewa County. Now, just two years later, a new community with its own substantial economy is starting to feel its oats. The Chippewa County Economic Development Corporation with a 4.3-million-dollar federal grant has successfully attracted 20 companies employing 800 people to the industrial park in the former air base hangar buildings.

Over one-half million square feet of space have been leased. Employment is expected to continue to grow by 50 percent in the next year. The former housing area, called "Woodside," is under development by Nevis, Pauly, Hoss and Lunt, a California based firm. The 1,200 residential units, only 12 to 15 years old, are attractive, substantially-built and in good condition. When or if Wurtsmith Air Force Base in Iosco County is closed, a similar program probably would be considered by local authorities.

### NEW BOOK AVAILABLE THE HOW-WHAT-WHY OF HOME BUYING PROCEDURES

This Easy-to-Read book will better prepare you to:

- NEGOTIATE THE LOWEST PRICE POSSIBLE
- ANSWER YOUR QUESTIONS AS TO WHETHER TO WAIT FOR LOWER INTEREST RATES
- SOLVE YOUR DOWN PAYMENT PROBLEMS
- OBTAIN THE MORTGAGE YOU NEED
- BE LEGALLY AND FINANCIALLY PROTECTED AT ALL STAGES OF THE NEGOTIATIONS
- PROTECT YOURSELF AGAINST UNEXPECTED EXPENSES AFTER THE PURCHASE

SIX WORKSHEETS INCLUDED TO HELP YOU PROCURE THE HOME YOU WANT!

These and a host of other problems are solved in an easy-to-read, forthright manner.

Two new types of mortgages have been approved in the past year. These types make bankers more interested in placing their resources in mortgages. Learn about these mortgages so that you can talk intelligently about them when discussing your loan requirements with lenders. And learn why, if you are going to accept these type mortgages, you should do your buying in the near future.

Two other mortgage variations will probably be approved early in '81. These will make it possible to have lower mortgage payments. BE AWARE of these possibilities and what you may have to "give up" to get them.

A SHORT TIME SPENT reading this material can answer your problems of how to buy the home you want NOW. The problems of buying in these "tight money" times are NOT insurmountable. Prepare yourself by reading this book—then buy the home you want. Don't be "scared out" by news stories that buying is impossible. It can be done and when YOU want to do it.

TO RECEIVE YOUR COPY of this book type or print on a blank piece of paper "Home Buying Procedures" followed by your name, address and zip code. Mail this along with \$6.00 to: ABD, INC., 127 North Market Street, P.O. Box 28, Selinsgrove, PA 17870. (We pay all shipping and handling charges) © 1980

## Davison Gets WAFB Job

Roy L. Lemons, deputy chief, contracting division at Wurtsmith Air Force Base, reported that a contract to rehabilitate dormitories was awarded to Davison and Son Builders, Incorporated, Tawas City.

Lemons said the contract was awarded for \$477,000. He said 31 bidders were solicited and five bids were received. The award was made to a small business based upon the lowest responsive and responsible bid received, Lemons added.

# SSI Eligibility Re-examined

People receiving supplemental security income (SSI) payments because they are 65 or older or blind or disabled have their eligibility re-examined each year, a social security representative said recently.

SSI is a Federal program, administered by social security, that provides a basic cash income to people 65 or older or blind or disabled who have little income and little in the way of resources or assets.

"The purpose of the re-examination is to insure that people getting these payments continue to be eligible and are receiving the correct payment amount," the spokesperson said.

The amount of the SSI payment depends on the person's other income and his or her living arrangements. People getting these payments are required to promptly report any change in their circumstances that can affect their payment rate or their eligibility.

The annual re-examinations are part of the continuing process designed to ensure that SSI payments go only to those people who are eligible. Payments are stopped if a person does not cooperate with social security.

SSI payments are made

from general funds of the U.S. Treasury. They are not made from social security taxes.

For more information about SSI or about any social security program, call any social security office. The address and telephone number of the nearest social security office can be found in the telephone directory.

## questions and answers

**Q. My disabled son, who gets supplemental security income, is able to perform very simple tasks in a sheltered workshop where he earns a little money. Do I have to report his earnings to social security?**

A. Yes, all pay received in a sheltered workshop is considered to be earned income and must be reported. The first \$65 a month of earned income (\$85 if there is no unearned income) plus one half of the earned income over \$65 (or \$85) is not counted in figuring SSI payment amounts.

## questions and answers

**Q. I understand that Congress has passed a bill to restrict disability benefits. I have been receiving social security disability benefits for years. Will my payments be reduced?**

A. No one now getting benefits will get less. Under the old method of computing disability benefits, some disabled workers with families received payments that were higher than their average earnings before becoming disabled. It also awarded disproportionately higher benefits to young disabled workers than to older disabled workers. The new law is designed to solve these problems and may, for some people, result in somewhat lower payments than were made under the old system. The new method for computing benefits will apply only for those individuals who become entitled to disability benefits after June 1980.

**Q. I was injured in an automobile accident last year and, according to my doctor, will never be able to return to my job as a construction worker. Social security has disallowed my claim twice, saying that I am not disabled within the meaning of the law. What does that**

mean, "within the meaning of the law"?

A. The law states that, in order to be disabled for social security purposes, a person must have a disability that prevents him or her from doing substantial gainful work. Substantial gainful work is generally measured by a person's earnings. Your age, education, training, and work experience are considered in determining whether you are able to work in spite of your handicap. If you cannot do your regular work but can perform other substantial gainful activity, you will not be considered disabled within the meaning of the law.

**Q. I worked at a job covered by social security until my marriage 7 years ago. Because we are having such a difficult time making ends meet, I'd like to go back to work—but I can't because I'm disabled. Can I get disability benefits?**

A. If you are disabled within the meaning of the law and if you worked under social security long and recently enough you can get disability payments. The amount of work credit you need and when you must have worked are based on your age when you became disabled.

## LETTERS TO THE EDITOR

**EDITOR:**  
Who will dare show their pride in the Tawas? Who will dare to give a helping hand to the Tawas area?

The Tawas need you! Perchville wants your hometown spirit!

Don't complain. That's for losers. Apathy must stop somewhere! Why not stop it here in the Tawas first?

TAPS (Tawas Area Promotions) needs those people who are willing to contribute not only their time and talents but their goodwill, their concern and interest.

We have seven empty seats on the board of TAPS just waiting for the concerned. That's you! Join us!

Memberships on the board are not the only way you can help. We need chairpeople for five of the several activities to be held during Perchville. They are (1) Fishing contest, (2) polar bear swim, (3) snow removal, (4) public address system and (5) ice skating events.

You have something to contribute no matter your age or occupation—the young, their enthusiasm; the mature, their experience. All volunteers are invited. Call us now at the Tawas Area Chamber of Commerce, 362-8643.

How about a concession stand? Perchville has five booths available on a bidding arrangement to any group—private, nonprofit or commercial who are interested. Call the chamber of commerce for further information. Hurry! The deadline for final bidding is January 1, 1981.

Do you dare?  
Let's tap a hidden resource—our pride and concern for our hometown, the Tawas area!

We believe in you. Dare to be-

lieve in your home—the Tawas!

Join TAPS, your Perchville people, today—and it doesn't cost a dime—only your time.

We dared to take a chance on you. We, David and Judy Mari-

on, moved to Tawas City and bought the Tawas Motel last September. We believed in our dream, and it came true.

We believe in the Tawas area. Judy Marion

RESOLUTION TO ABANDON A PUBLIC ROAD

On a motion duly made by Commissioner Aulerich, supported by Commissioner White, and unanimously carried, it was moved to adopt the following resolution:

WHEREAS, in accordance with the provisions of Section 18, Chapter IV, Act 283 of the Public Acts of 1909, as amended, seven or more freeholders have petitioned this Board to absolutely abandon and discontinue that portion of Chain Lakes Road described as follows:

"Part of the Old Chain Lake Road beginning at a point 33 feet north of the section corner common to Sections 7, 8, 17 and 18, T24N, R5E, Plainfield Township, Iosco County, Michigan, thence North on Section Line between Sections 7 and 8 to the Southerly right-of-way of Chain Lakes Road a distance of approximately 1300 feet."

WHEREAS, the Board examined the area and noted that abandonment was in the best interest of the public;

NOW THEREFORE BE IT RESOLVED, that the above mentioned roadway be and is hereby absolutely abandoned and discontinued;

EXCEPT, upon the condition that the title to all public utilities and drains and all appurtenances thereto, now in, over or under said right-of-way is reserved to and shall remain in the respective owners thereof together with the easements and continued rights to occupy said road for public utility or drainage purposes with the present or additional facilities and to operate, maintain, repair, replace, or remove the same, to the same effect and in the same manner as if said road had remained a public way.

I hereby certify the above is a true and correct copy of a resolution unanimously adopted by the Board of Iosco County Road Commissioners at a meeting held November 10, 1980.

HOME ENERGY  
CONSULTANT

### GETTING THE MOST FROM YOUR CLOTHES DRYER

Ever wonder how you can save energy and still have the convenience of an automatic dryer?

The first and most obvious way is to always dry a full load. Some automatic washers have water level selectors so you can choose a setting which corresponds to the size of the clothes load. Dryers do not have load size selectors. However, if you have finished a FULL load in the washer and have sorted carefully before washing, you have automatically sorted for drying. A good washer load is usually a good dryer load.

For the most effective drying, sort by kinds of fabrics, as follows:

- White or light-colored cottons and linens
- Dark, colorfast cottons and linens
- White synthetics, Wash 'n Wear or Permanent Press blends
- Colorfast synthetics, Wash 'n Wear or Permanent Press blends
- Poly-knits
- Noncolorfast items

Also sort by weight of fabrics, or by the amount of drying time needed. Terry-cloth towels and other heavy items will hold more moisture and take longer to dry. It is better not to mix light, delicate, easily dried items with heavier items. The light items will dry faster and may suffer damage from extreme overdrying.

Automatic moisture de-

tecting devices on dryers can save energy. A dryer with this automatic feature can save as much as 20 percent of the energy required to dry your clothes. When properly set, the detector turns off the dryer when the moisture has been removed from the clothes. Also, the clothes will always be dried just right at the end of the cycle. There will be no need to restart the dryer to complete the drying process. This not only saves energy, but also saves you from extra trips back and forth to check if clothes are dry.

Many dryers have an end-of-cycle signal which tells you that the load is dry. Particularly when you're drying Permanent Press items, this too can save energy. The signal reminds you to remove Permanent Press and other no-iron clothes. If these clothes are left in the dryer when tumbling stops, they may wrinkle. In such cases, it is often necessary to restart the dryer for 10 or 15 minutes to relax the wrinkles.

Keeping the lint filter and exhaust vent clean also keeps the dryer operating more efficiently. Before every load, check to make sure the lint filter is in place and clean.

One last, but by no means least, energy-saving feature—if your old gas dryer has a gas pilot light and you replace it with one which has electric ignition, you can save about 40 to 50 percent of the energy you use to dry your clothes each year.

(Read Matthew 25:31-46)

A poorly dressed woman was selling lemons on a busy South American street. Suddenly, a policeman appeared and said to her, "Do you not know it is prohibited to sell goods on the street? Give me your box of lemons. Otherwise, I will send you to jail. On your way—and hurry!"

Sorrowfully, the woman lifted her child and said, "You can take this box of lemons, Mister Policeman, but take my child, also. It is for him that I am selling lemons. He is sick and I do not have money to buy medicine. If I cannot sell lemons, take my son!" Many people gathered around, interested in what was happening. They looked at the policeman with recrimination. The woman was crying softly.

The policeman perceived he could do nothing against her. He turned his back, leaving her with the crowd.

A few moments later, the woman lifted her tear-filled eyes and saw, alongside the box of lemons and in the hands of her child, many coins and bills.

A continuation of the October statutory session of the Iosco County Board of Commissioners held at the County Building in Tawas City on October 29, 1980, pursuant to adjournment October 22, 1980.

Meeting called to order at 10:15 a. m. by Chairman Webb and the roll called.

Present: Stech (District 1), George (District 2), Merschel (District 3), Ulman (District 4) and Webb (District 5).

Absent: None.  
Also in attendance were John Landry, Republican nominee for county commissioner District No. 1, and Barbara Malcho, Plainfield Township treasurer.

This being the date and time noticed for a public hearing on the proposed federal revenue sharing funds budget for 1981, the hearing was declared officially open by Chairman Webb, who proceeded to review the 1981 proposed budget indicating disbursements to December 31, 1980, of \$193,837.31, balance on hand as of that date, of \$272,862.69, and disbursements for 1981 of \$103,630.31, leaving an uncommitted balance of \$169,232.38.

Plainfield Township Treasurer Barbara Malcho addressed the board to request some county remuneration for Emily French, former CETA worker, who is presently the township zoning administrator, indicating she has written 439 building permits for the county building and safety inspection department since May 3, 1979, and has collected \$12,407.10 in fees.

Commissioner George referred to the need of a CETA position, or "slot", for a custodian for the Oscoda-AuSable Senior Citizens Center, indicating that the current CETA custodian has completed the 18-months period provided under the program and is being terminated. In discussion of the matter, it was proposed that a slot be transferred from either the air base or the county parks commission.

There being no one in attendance with questions regarding the proposed federal revenue sharing budget for 1981, Chairman Webb reviewed the agenda and the business before the board.

In other discussion, Commissioner Stech proposed that the parks and recreation operation be placed under the direct control of the county board of commissioners. Commissioner George voiced his concurrence.

A brief recess was ordered by the chairman at 10:45 a. m. Upon call to order at 11:00 a. m., the proposed use hearing for federal revenue sharing funds for 1981 was declared closed and the public hearing on the proposed 1981 county budget declared officially open.

Chairman Webb reviewed the proposed county budget, page by page, with those in attendance and discussed departmental allocations with the department heads in attendance.

The board recessed for lunch at 12:00 noon upon order of the chairman, to stand in recess until 2:00 p. m.

Upon call to order at 2:05 p. m., all commissioners being present, the county budget review was continued.

At 3:15 p. m. the public hearing on the proposed county budget for 1981 was declared closed by the chairman.

The matter of salaries for elected officials was discussed

briefly, whereupon it was proposed that the matter be taken up in committee.

County Equalization Director John Rose appeared before the board to present the county 1980 tax apportionment report, which was prepared by his department, reviewing the report in detail with board members and explaining the procedure followed with respect to property transfers between school districts on which there is bonded indebtedness. Rose further indicated that he will present to the board at the next official meeting an amendment to the report covering special assessments for the city of East Tawas.

Committees were ordered to their respective duties at 3:45 p. m., the board to stand in recess until 4:15 p. m.

Upon call to order at 4:45 p. m., Finance Chairman George presented and moved adoption of the following resolutions:

Your finance committee recommends that travel expense vouchers for County Road Commissioners A. J. Aulerich, Henry M. Conley and Ralph T. White in the amounts of \$10.70, \$36.72 and \$14.96, respectively, be approved for payment from road commission funds.

Supported by Stech and carried.  
Your finance committee recommends that travel expenses of \$115.15 for Circuit Court Probation Officer James Mielke be approved for payment from budget line item No. 273.

Supported by Ulman and carried.

Your finance committee recommends that the attached 1981 budget for the Iosco County Medical Care Facility, as approved by the Iosco County Social Services Board, be approved.

Supported by Merschel and carried.  
Your finance committee recommends that the following general fund and federal revenue sharing budgets be approved as summary budgets, with the exception of compensation for all elected Iosco County officials and judges; further, that a detailed line item budget be adopted prior to December 31, 1980, but after the Michigan State Legislature has determined what state revenues and programs will be provided the county in 1981; and, further, that the board of commissioners hereby approve for 1981 and 1982 the indicated compensation in the following salary schedule for all elected officials and judges.

Supported by Merschel and carried.  
(On file in office of county clerk)

**SALARY SCHEDULE**  
Prosecutor 1981 Salary 26,500.00  
Prosecutor 1981 Cooperative Reimbursement supplement 2,944.00  
Probate Judge 1981 County supplement 6,800.00  
County match 6,000.00  
State of Michigan 23,950.00  
District Court Judge 1981 County supplement 6,206.00  
Circuit Court Judge 1981 County supplement 8,500.00  
County supplement 8,500.00  
It is the board of commissioners' hope that the probate, district, and circuit court judges will accept the county's supplement as compensation for sitting in Iosco County Courts as visiting judges whenever possible, without charging the county the visiting judges' fees.

The Iosco County Board of Commissioners hereby rescinds its resolution of 8/2/80, which prohibits the payment of bar association dues for judges and prosecuting attorney, effective January 1981.

County Clerk 1981 Salary 17,600.00  
1981 Circuit court & board of commissioners supplement 2,000.00

all county elected officials received salary increases amounting to 13.42%; and

WHEREAS, increasing the compensation of a board of commissioners member by a similar amount would increase the monthly salary to \$226.84 and the per diem to \$39.70; therefore,

BE IT RESOLVED, that the 1981 monthly salaries of the Iosco County Board of Commissioners members remain at their 1972 level (\$200/member & \$250/chairman), while the per diem be increased to \$40/day (this increase representing an average annual increase of 4.2% per year for a commissioner who works on county business two days per week); and

WHEREAS, county elected officials shall be granted raises in 1981 & 1982, totaling at least 8 1/2%; and

WHEREAS, increasing the compensation of a board of commissioners member by a similar amount would increase the monthly salary to \$246.12 & the per diem to \$43.07/day;

BE IT THEREFORE RESOLVED, that the 1982 monthly salaries of the Iosco County Board of Commissioners members shall remain at their 1972 level (\$200/member & \$250/chairman), while the per diem be increased to \$45/day (this increase representing an annual increase of 7.9% for a commissioner who works on county business two days per week).

Your finance committee recommends that the following 1980 Iosco County Tax Apportionment report, as presented by the equalization director, be approved.

Supported by Stech and carried.  
(On file in office of county clerk)

Chairman Webb referred to a request by the sheriff's department for installation of new linoleum floor covering at the jail office, whereupon Commissioner Merschel reported on having examined the floor and confirmed the need for replacement of the floor covering. In discussion of the matter, it was the consensus of board members that the request should be approved and that a resolution is not required.

Upon motion by Stech, supported by Ulman and prevailing, the minutes of the board of commissioners meetings of October 14 and 22, 1980, were approved as drafted and presented by the clerk.

The business scheduled for the day having concluded, it was moved by Merschel and supported by Stech to adjourn until November 5, 1980, 2:00 p. m., or subject to the call of the chair upon 24 hours notice to board members and the news media. Motion carried and meeting adjourned at 5:00 p. m.

### NOVEMBER SESSION

November 3, 1980  
A special meeting of the Iosco County Board of Commissioners held at the county building on November 3, 1980, pursuant to adjournment October 29, 1980, and the call of the chair, for the purpose of acting on a proposal to pave a runway and parking apron at the county airport and such other business to properly come before the board.

Meeting called to order at 10:10 a. m. by Chairman Webb and the roll called.

Present: Stech (District 1), George (District 2), Merschel (District 3), Ulman (District 4) and Webb (District 5)

Absent: None.  
Commissioner Merschel reviewed the airport expansion program to date and explained that the county has received an offer from the Central Paving Company, of West Branch, Michigan, to pave (with black-top surfacing) the existing 3500-ft. east-west runway and parking apron at the Iosco County Airport for the sum of \$72,000, if they do the job this fall, as opposed to \$104,000 which they would normally charge, advising that there is \$52,000 remaining from the 50/50, state-county match monies appropriated earlier this year for the airport development program, and that the state will provide an additional grant of \$10,000 and a loan for a like sum to make up

### PUBLIC NOTICE

the additional funds. He indicated that, otherwise, the county would have to wait until next year to apply for federal funds, as was originally intended, noting that the project, thus far, has cost far less than estimated under the federal participation program.

In discussion of the matter, it was pointed out that there is no guarantee the county will receive federal funds if the board waits and makes application next year, and that the state aeronautics commission is urging the county to proceed with the present proposal; Chairman Webb observing, however, that the county is required to pay only 5% of the cost under the federal program, as opposed to a 50% match with the state, indicating he is reserving judgment, but is not completely in accord with the proposal before the board. Commissioner Stech proposed that, in the alternative, they contract for at least partial paving at this time to prevent damage to aircraft due to the existing condition of the runway, and Commissioner Ulman indicated her opposition to the proposal because of the substantial commitment of County funds.

A meeting reported to have been scheduled for 3:00 p. m. at the county airport with Robert Peckham, of Peckham Engineering, the firm retained to provide engineering services for the airport expansion program, it was moved by Stech and supported by Merschel to recess the official meeting until 4:00 p. m. Motion carried and meeting recessed at 10:25 a. m.

Upon call to order at 4:45 p. m., all commissioners being present as well as County Civil Counsel Ronald Tyler, discussion continued on the proposal for immediate paving of the runway and parking apron at the county airport on a 50/50, state-county matching basis, wherein it was pointed out that, although the county would only be required to contribute 5% of the cost under the federal program, the requirement for an environmental impact statement and other federal requirements make the federal program far more expensive.

Commissioner Merschel thereupon presented the following resolution and moved its adoption, which was supported by Stech. Following further discussion, motion carried on the following roll call: Ayes: Stech, George and Merschel. Nays: Ulman. Abstentions: Webb.  
BE IT RESOLVED, that we, the Iosco County Board of Commissioners, authorize a total project expenditure of \$220,000 on a 50/50 match basis with the State of Michigan to overlay the existing east-west runway, 75' x 3500'; the existing taxi-way and apron, and the extension of runway 08, 75' x 1300'; and

BE IT FURTHER RESOLVED, that we, the Iosco County Board of Commissioners, hereby appropriate and will deposit with the Michigan Bureau of Aeronautics an additional \$18,000. Said \$18,000 will be requested from the State of Michigan as an extension to the existing project loan.

In response to a question by Commissioner Ulman with respect to his reason for the abstention on the roll call vote on the motion, Webb reiterated his feeling that the board was misled concerning the federal funding.

Finance Chairman George presented and moved adoption of the following resolution, motion being supported by Merschel and carried.  
Your finance committee recommends that the 1980 county budget be amended to increase the child care fund line item by \$1,000 and to decrease the contingency fund line item by \$1,000.

The business scheduled for the day having been concluded, it was moved by Stech and supported by Ulman to adjourn until November 5, 1980, 2:00 p. m., or subject to the call of the chair upon 24 hours notice to board members and the news media. Motion carried and

### NOVEMBER SESSION (CONT'D)

November 5, 1980  
A regular meeting of the Iosco County Board of Commissioners held at the County Building in Tawas City on November 5, 1980, pursuant to published schedule.

Meeting called to order at 3:05 p. m. by Chairman Webb and the roll called:

Present: Stech (District 1), Merschel (District 3), Ulman (District 4) and Webb (District 5)

Absent: George (District 2)  
Commissioner Stech presented and moved adoption of the following resolution, motion being supported by Merschel and carried.

Your airport committee recommends that Chairman John D. Webb, Jr. be authorized to sign the attached application for renewal of airport liability insurance coverage.

Commissioner Ulman presented and moved adoption of the following resolution, motion being supported by Merschel and carried.

Your administrative committee recommends that the election workers in the county clerk's office receive compensation as follows for tabulating the results of the general election on election night pursuant to the statutory requirements.

Betty Blake 40.00  
Jane Papas 40.00  
Patricia O'Farrell 40.00  
D. Keith Papas 40.00

In a brief discussion regarding resolutions for the county airport project, it was proposed that the resolutions be held up for a vote by the full membership of the board.

Chairman Webb referred to the proposed contract with Oscoda and AuSable Townships for ambulance service, which County Attorney Ronald Tyler was requested to draft by Commissioner George, proposing that board members study the proposed agreement before the next meeting. Commissioner Merschel read the proposed agreement and discussed it briefly, recommending that the board "take a good look at it" and perhaps establish a limit on the amount of deficit that will be funded by the county.

Chairman Webb thereupon read a letter dated October 27, 1980, from Tawas St. Joseph Hospital Ambulance Service Coordinator Terry DeRosia indicating that the sum of \$21,160.57 is due the ambulance service from the county for deficit ambulance operation as of December 31, 1980. In discussion of the matter, Ulman reported that the Tawas Hospital Service would like quarterly payments from the county, due to a cash flow problem, and Merschel expressed the feeling that they will have to seek a voted millage or pay for deficit ambulance operation out of federal revenue sharing funds, as the operational deficit could escalate upward very rapidly.

Following further discussion revolving around the ramifications of a full-time ambulance service administrator, wherein board members speculated as to the problems that could result, Chairman Webb proposed that the request for payment from the Tawas Ambulance Service be held for action by the full board and that they explore the possibility of the county medical care facility taking over operation of the ambulance service, indicating that he will investigate the matter with Medical Care Facility Administrator Dale Landon. In continued discussion, it was proposed that Mr. DeRosia be requested to meet with the board, and Commissioner Merschel requested that the ambulance matters be scheduled as a special order of business for next week's meeting, adding that they must find some way to finance ambulance operation.

In a general discussion of board business: Commissioner Stech referred to a letter from the Michigan Aeronautics Commission approving state match-

The business scheduled for the day having been concluded, it was moved by Stech and supported by Ulman to adjourn until November 19, 1980, 2:00 p. m. or subject to the call of the chair upon 24 hours notice to board members and the news media. Motion carried and meeting adjourned at 3:50 p. m.

## Alcona Murder Charge

Grant Goddard Jr., 52, captured recently in Iosco County on a federal fugitive warrant, and his son, Kenneth A. Goddard, 27, of Oakley, have been charged by Alcona County authorities in the slaying last August of a Glennie hunting lodge caretaker.

The younger Goddard is held on an open murder charge while his father, who is held at Bay City, is charged with being an accessory to murder.

The body of George L. Wissmiller, 70, was found in a wooded area behind a lodge owned by a Birmingham resident in Millen Township on August 17. Wissmiller, caretaker at the lodge, was killed by a single gunshot wound to the chest.

At the time of the slaying, the Goddards were staying in a trailer in Oscoda Township. After the father's arrest, police recovered several items stolen from Wissmiller's cabin and the hunting lodge. Grant Goddard Sr., 78, presently on two years probation for harboring his son before his capture October 8, has been ruled out as a suspect in the case.

Grant Goddard Jr. entered a guilty plea in federal court at Bay City to four firearms violation charges and remains lodged in Bay County Jail in lieu of \$50,000 bond.

Goddard also remains a suspect in the disappearance August 2 of Cherita J. Thomas, 20, of Oscoda, who was last seen getting into a blue pickup truck.

The younger Goddard is believed linked to more than 100 break ins of hunting camps in Northern Michigan. He remains lodged at Alpena.
