## City to Vacate Present Library

Unanimous action of the city council Monday night directed vacation of the present building rented by the city for library-fire hall purposes.

Rented from Robert N. Rollin, the building has served since January 1978 as a fire hall annex and quarters for the Tawas City branch of Iosco-Arenac Regional Library.

The resolution adopted by the council directed the fire department to determine proper quarters for maintenance of fire apparatus, while giving discretion to the regional library board to move the library temporarily into the former Adamek house west of the city hall or provide interim service with the bookmobile parked near the city hall.

City Mgr. Lowell Thomas had asked the council for permission to continue rental of the Rollin building until permanent facilities could be obtained. Thomas said the building owner had agreed to a \$50 per month increase in rent, from \$225 to \$275, which was less than the request several months ago.

Rollin had notified the city earlier that the quarters would have to be vacated by April 1, but an extension of time was given while the city looked for a new location. Since then, a zoning variance requested by the owner to permit an auto body shop at that location was denied at the public hearing.

In his presentation to the council, Thomas said he planned to obtain the services of an architect to design a library-fire hall, plus plans for minor renovation of the city hall. This proposition would require voter approval and, if approved, the new library-fire hall would not be ready for occupancy until next year.

The city obtained an extension on a Farmers Home Administration loan at an interest rate of five percent for use in financing the construction over a 40-year period. The money had been allocated to previous city building proposals which were rejected by voters and FHA placed the money in escrow until November of this year to await further developments.

Coun. Joseph Martin expressed the opinion that the library-fire hall building and the city hall renovation should not be placed into one package to be presented to voters, inasmuch as the two previous proposals involving the city hall had been rejected. He also was of the opinion that the council was "dragging its feet" in regard to the library-fire hall project, which he believed the people would approve.

"As long as we leave it there (the present library-fire hall location), we will never do anything," said Martin. He felt that Rollin deserved the increase in rent, "but as long as the building is available, we will lease it."

Use of the Adamek house purchased by the city for city hall expansion purposes had been discussed earlier this year as a possible temporary location for the library. Moving one or two trucks to the city garage on Fourth Street had also been discussed.

Coun. Hugo Keiser said he was in favor of the Adamek house as a temporary location for the library as more people could use library facilities at the location near the city hall. He said that library use had dropped off due to the present location south of the river bridge. He said it would not provide a first class location, but one that could be used temporarily.

Mayor David Westcott said he could support the moving of trucks to the city garage only as a temporary measure. He felt, however, that fire trucks could be arranged at the city

hall garage, with the possibility of parking an old 1949 truck outside the city garage, as it was only used for a tanker. The city manager felt that the regional library should be given

the discretion to using the house as a library or to offer library services with the bookmobile. He said the city crew could prepare the house for library use at minimum expense.

BEING CONSIDERED as a temporary location for the Tawas City branch of Iosco-Arenac Regional Library is this old house owned by the city, once known as the Henry Kane residence. The city hall can be seen in the background.—Tawas Herald Photo.

## TA Maintenance Tax Levy, Bd. Vacancies to be Decided

Voters of Tawas Area School District will fill two vacancies on the board of education from a list of four candidates at next Monday's annual school election.

In addition, voters will receive two proposal ballots, one asking permission to levy one-half mill of taxes and the second to create a sinking fund for the construction or repair of school buildings for a period of five years.

Robert N. Curry is the lone incumbent running for re-election.

as Randall J. DeWyse, presently serving as president, retires at the end of his term on June 30.

Other candidates include Richard G. Anderson, Terry L. Montgomery and Gavain E. Teuscher.

Although not specifically stated on the ballot, the one-half mill tax levy proposal could be considered a renewal as this tax expired with the 1979 levy after being approved by voters 25 years ago.

Because of the need for main-

taining and improving present school buildings, the board of education felt it would be a natural course to ask voters to retain the one-half mill of taxes for building maintenance purposes.

The board of education has emphasized that the approximately \$55,000 to be raised annually would be placed in a sinking fund to be used exclusively for building maintenance and would not be used for regular school operation.

## Hale Voters to Fill Two Bd. Posts

Competition for two vacancies on the board of education plus a millage renewal proposition features the annual school election Monday, June 9, at Hale Area School.

Two incumbent members of the board of education, Frank Leiva and Charles Millard, have opposition from Dale Brumfield and David G. Toelner, plus a write-in candidate, Linda Grosz.

The board of education is asking voter-approval of the millage renewal which calls for an assessment of 14.75 mills of taxes for a period of two years.

This represents a levy of \$14.75 on each \$1,000 of state equalized valuation.

Because of its high property valuation behind each child, Hale Area School receives no membership aid from the state. Continued operation of the school is contingent on renewal of the operational millage.

## Were You Counted in '80 Census?

Were you counted during the 1980 census? It is important that the census is complete and correct. This is particularly important to state and local governments as congressional and state legislative districting is based on population, while reimbursement to local units from state and federal sources is based on population.

If anyone believes that he, or anyone else in the household, including visitors, was not counted during the census, a special form is printed on page 4, section 2, of this newspaper which can be filled out and mailed immediately to the United States Census Office.

## Parking Removal Gets Partial OK

Removal of parking in front of the Tawas City post office was approved Monday night by the city council, but removal of three additional parking slots along Lake Street in front of the Martha Bublitz residence was rejected.

A council resolution adopted by a six to one roll call vote was submitted to the Michigan Department of Transportation authorizing removal of the parking slots in front of the post office.

Removal of parking had been recommended by the sheriff's department following a study of traffic safety. The report had been submitted to the planning commission, but no recommendation was given.

Coun. Hugo Keiser expressed the opinion that removal of parking in front of the Bublitz residence would be detrimental to the Dutch Kitchen's business. He felt removal of parking in front of the post office would improve use of the postal drop box.

Mayor David Westcott felt that removal of parking in front of the post office would eliminate congestion at the drop box, but was opposed to removal of the three slots in front of the Bublitz residence.

Keiser cast the lone "no" vote in asking the state to remove parking.

City Mgr. Lowell Thomas said that a citizen had requested removal of parking from the west side of First Street and asked for an opinion from the council. He said that removal of several slots next to the Alpena Candy and Cigar Company building would permit two lanes of traffic to enter Lake Street.

Councilmen expressed the opinion that removal of parking could hurt businesses in that area and the city manager was instructed to conduct a survey among property owners to determine the advisability of removing parking.

In other business, the council authorized location of portable toilets at the North Street athletic field and at the Knothole League field west of the elementary school.

The council gave its approval to hold a paper sale in the community July 25-26 for the benefit of crippled children. The program is to be conducted by Shriners and permission was requested by Clarence King.

The city manager presented a brief outline of data to be presented by the city at annexation hearings to be held June 13. The council reaffirmed the city's annexation efforts by a unanimous vote.

Resolutions of appreciation were authorized for business places and industries which participated in the mayor's exchange program on Wednesday and thanks were extended to wives of councilmen for assisting with the program. The council made note of the fact Melvin Brown had provided his charter boat at no cost for a trip of Tawas Bay by the visitors and city officials.

The council approved extension of a coastal zone management grant contract from May 30 to July 31.

Approval was given to the transfer of money into two different accounts and several transfers are to be made at the next meeting prior to the end of the city's fiscal year on June 30.

Councilmen were invited to attend a meeting Thursday, June 12, 7:30 p. m., between the planning commission and John Beckett, planning consultant, concerning the city's shore line use plan.

City Clerk Rachel Sue McCredy reported that representatives of the state were making a survey of traffic control signs in the city. The city is eligible to receive federal funding to upgrade signs according to new regulations.

## Hot Campaign for County Elected Posts in Primary

A hot campaign for county offices has been assured for the August primary election, following a late flurry of filing nominating petitions at the 4:00 p. m. deadline yesterday (Tuesday).

Every member but one of the Iosco County Board of Commissioners will have opposition in the primary election and

there will be a race for sheriff in the primary election and a contest between two candidates in the November general election. Two candidates have filed nominating petitions for the office of prosecuting attorney and there will be a con-

test for that post in November. James Stech, incumbent county commissioner for District No. 1, Oscoda, filed his nominating petitions Tuesday afternoon. He has no opposition for the Republican nomination in August.

Two candidates have filed for District No. 2, Oscoda. Filing were the incumbent, David S. George, along with Daniel T. Myles, both Republicans.

Carlton Merschel, veteran commissioner of District No. 3, filed his nominating petitions as a Republican and will be opposed by Dennis H. Cholger of Wilber Township.

Marian Ulman is unopposed for the Republican nomination as county commissioner for District No. 4, but petitions were filed Tuesday morning by Boynton V. St. James of Tawas City, a Democrat. The two candidates will meet in November.

Four different candidates have filed for District No. 5, two Republican and two Demo-

crats. John D. Webb Jr., the incumbent, will be opposed for the Republican nomination by Alfred Baker of Plainfield Township. Seeking the Democratic nomination in the primary election will be Robert W. Pember and Ronald R. Larsen.

George W. Westcott, incumbent sheriff, will be opposed for the Republican nomination by Robert A. Busse of Baldwin Township. George Naumowicz filed petitions for this office as a Democrat.

Stephen H. Naegele, incumbent prosecuting attorney, is opposed for the Republican nomination, but will have opposition in November from Walter W. Schultz Jr., who filed as a Democrat.

Unopposed candidates in the primary election are Leon Putnam, register of deeds; D. Keith Pappas, county clerk; Edward Nelkie, county treasurer; Harry Krueger, drain commissioner. All of the above candidates are Republicans.

FIRST PLACE WINNER in the safety poster contest sponsored by the Tawas Area High School chapter of SMASH was Alison DeLage, left, who won a \$95 prize and gift certificates. Second place winners were Lynn DeWyse, center, and April VanSickle, right. Turn to page 3, sec. 2, for more pictures and story.—Tawas Herald Photo.

She is survived by a daughter, Mrs. Eugene (Veda) Van Wormer of Hale; two grandchildren, and four great-grandchildren.

THIS AERIAL VIEW of the Tawas River mouth shows city-owned property on the east side of the river (upper left hand side) which is being considered for future development by the city. Extensive plans had been made for the property earlier in the year as a Gateway Park, but those plans

have now been tailored back by the parks and recreation board due to the current lack of federal and state funds to assist with the project. It is expected that final plans will call for a phased long-range project to best utilize the property over a period of 10 years.—Tawas Herald Photo.

# Council Authorizes Clearing Two Lots-Road for Industry

Clearing of two lots and road-way to serve the city's industrial park west of Ninth Avenue was authorized Monday night by the Tawas City Council.

City Mgr. Lowell Thomas asked permission to have the property surveyed to include five or six lots, but only two lots and the street right-of-way to serve those lots would be cleared at the present time.

A decision is to be made if the work would be performed by the city crew, or if a contractor would be hired for the project.

Work is to be accomplished during the present construction season.

Preparing at least two lots in the industrial park and preliminary preparation of a road was recommended by Coun. Donald Hayes, who is the council's industrial representative. Hayes said the property is presently covered by brush and trees and he felt that two cleared lots should be available to show persons interested in locating industry here.

In another matter, the city

manager reported that a resident had requested the city to investigate a drainage problem in the ditch dividing North Park Acres and Huron Gardens Subdivisions.

The city manager said he had not been able to determine ownership of the ditch, which drains a considerable amount of property west of Fifth Avenue, as well as the subdivisions. He said the ditch apparently was not a county drain and that property owners would be required to provide easements to

the city in order to conduct any improvements.

The city manager said the ditch, which drains to the Tawas River, has a small tube at one point which provides a drainage problem. He said that replacement with a larger tube along the entire length of the ditch would be costly and would require property owner participation.

Investigation as to the actual status of ownership of the ditch is to be continued by the city manager.

## Wilson - Lacy Marriage Vows Solemnized May 31

Tawas United Methodist Church, Tawas City, was the scene of the double ring ceremony Saturday, May 31, uniting in marriage the former Wanda Lacy, daughter of Mr. and Mrs. Herbert Lacy of Tawas City, and Jessie Wilson, son of Mr. and Mrs. Glee Wilson of Flint.

The Rev. Kenneth Tousley performed the 4:30 o'clock ceremony before an altar decorated with white gladioli and multi-color carnations and chrysanthemums.

Given in marriage by her father, the bride wore an organza gown with circle neckline. Raschel lace and seed pearls adorned the bodice. Matching lace trimmed the cuffs on the bishop sleeves and formed a panel on the pleated skirt with attached cathedral train. Completing her attire was a lace appliqued bandeau cap with seed pearls attaching a two-tier fingertip veil. She carried a cascade bouquet of blue chrysanthemums and babies breath with center corsage of white roses.

Maid of honor was Bonnie Brueback of Tawas City with Lori Hopper and Mrs. Edward Wood of Flint and Wilma Lacy, sister of the bride, bridesmaids. They were attired in gowns of peach, green, yellow and blue with empire waistlines and lace sleeves. Floral baskets of multi-color carnations, daisies and babies breath comprised their bouquets.

Serving as best man was Aaron Wilson of Flint. Groomsmen

were Richard Wilson of Tawas City, Roger Wilson and Edward Wood, Flint. John Cadorette of East Tawas and William Brown of Tawas City were ushers.

For her daughter's wedding and reception for 400 guests at Oscoda Knights of Columbus Hall, Mrs. Lacy chose a purple silver gown and Mrs. Wilson wore a floral gown. Guests were present from Pontiac, Drayton Plains and Birch Run.

The couple will reside in the Tawas area following a 10-day trip to Northern Michigan.

Honoring the bride at showers were Miss Brueback, Joanne Bergstrom and her sister and in Flint by Sandra Lacy and Mrs. Wood.

### Engaged

Mr. and Mrs. Orval Armstead of Hale announce the engagement of their daughter, Julie May, to Paul David Westcott, son of Mr. and Mrs. George Westcott of Tawas City. The couple will exchange vows in rites planned for July 12.

### Vacation Bible School at ET Baptist Church

East Tawas Baptist Church, 725 Newman Street, will hold vacation Bible school for the week of June 15 through 22 from 6:00-8:30 p. m. Age levels will include four to 17 years. An adult session will study "A Christian's Response to Crisis." A nursery is available during class hours.

A picnic at 4:30 p. m. June 21 will highlight the week and parents' night is June 22.

### Announce Engagement

Mr. and Mrs. Robert Creer of Saginaw announce the engagement of their daughter, Helen Lorine, to Rick Ashmore, son of Mr. and Mrs. Justus Ashmore of East Tawas.

Miss Creer and her fiance, a 1973 graduate of Tawas Area High School and an employee of Consumers Power Company, are planning a summer wedding.

Tuesday, May 27, 52 members and guests of Tawas Hospital Auxiliary met for the regular monthly meeting which followed a noon luncheon.

Pres. Jane Churchill read the membership a legislative alert: Bill No. 5001 regarding one fund raising event per year, which would be tax exempt; bill No. 4562 regarding the amendment of the existing bingo act by providing for the licensing of raffles. Further information can be secured by contacting the area representative and/or congressman.

Plans were discussed and finalized on the hospital auxiliary's forthcoming rummage and bake sale June 27 and 28 at the East Tawas Community Building. All members are urged to contribute rummage and baked goods.

It was reported Rose Blackmore, human resource director of Tawas Hospital, and Mrs. Churchill attended the East Central District annual meeting of the Michigan Association of Hospital Auxiliaries in Flint on May 21. Mrs. Blackmore attended the workshop with film and discussion, "You Can Surpass Yourself." Mrs. Churchill attended the session on "Building Volunteer-Staff Relationships."

Both women attended "Legal Aspects of Volunteering." Such workshops offer continued education, not only to management but to volunteers serving Tawas Hospital and the community.

The next scheduled meeting of Tawas Hospital Auxiliary is Tuesday, June 24, 12 noon, at Lakeview Shores. This will be the annual meeting with election and installation of 1980-81 officers.

## Whittemore Women Held Installation

Lelia Barrington was installing officer for investiture at Whittemore City Hall Wednesday, May 28, during the regular meeting of Whittemore Women's Club. Invested as president was Lula Dunham; vice president, Alice Umphrey; secretary, Val Samson, and treasurer, Marian Thompson. Following installation, Beulah White was named chairman of the program committee with Jenny Valley and Faye Johnson serving as committee members.

Other committee appointments included social, Mrs. Barrington, chairman, Ruth Martin and Bernice Auterlich; parliamentary and auditing, Mrs. Dorcey; sick and visiting, Mrs. Valley; legislative, civics, community improvement program and ways and means, Adele Brown and Phoebe Brand; historian and publicity, Mrs. Samson; conservation, Joyclyn Provoast; Club Women's News, Mrs. Thompson.

Sheriff George Westcott explained the laws of life uses and informed the club that it was useful in industrial and farm accidents for extracting persons involved. The department has five men trained to use the apparatus and will leave the county if necessary to aid in accidents.

Mrs. Brown, outgoing president, conducted the business session and requested committee reports. She announced the northeastern district workshop is to be at the Holiday Inn, Houghton Lake, July 1. Reservations are due by June 26.

Mrs. White reported on club outings and the decision was made to dine at Lutz's Restaurant, AuGres, Wednesday, June 11. Members are to meet at the city hall at 12:30 p. m. and leave from there.

The new president ended the meeting by reading a poem entitled "Pros and Cons of Women's Clubs."

The club will recess for the summer and resume meetings in September.

### Sight Clinic Set by Lions

Tawas Area Lions Club will be conducting a free sight screening clinic Friday and Saturday, June 6-7, from 2:00 to 5:00 p. m., in the Kroger parking lot.

The purpose of this clinic is not to prescribe glasses, but to aid in detecting the need for professional help where indicated.

## Beef—Great on the Grill

Beef strip steaks, sizzling on the grill spur those lazy-day appetites. A great on the grill combination anytime is a steak along with a packet of your favorite vegetables. Cook up your combo tonight.

### Broiled Beef Strip Steaks

Let charcoal burn until covered with light gray ash before placing steaks on the grill. If a grill thermometer is used, it should register about 350°F. for the cooking period. To prevent sticking, rub grill with piece of suet trimmed from edge of the steak.

Place steaks on grill; cook 8 to 10 minutes. Turn with tongs. Season with salt and pepper. Broil second side 8 to 10 minutes or until browned. Total cooking time for a 1-inch thick strip steak is 15 minutes for rare, 20 minutes for medium.

(If steak is 1 1/2 inches thick, broil approximately 25 minutes for rare and 30 minutes for medium.)

### Vegetables in Foil Packets

Cut four 9 x 12-inch pieces of heavy-duty aluminum foil. Use 2 tomatoes, 2 onions, 1 green pepper and 8 fresh mushrooms for 4 servings. Alternate 2 thin slices of onion and 2 slices of tomato, cut 1/2 inch thick, in an overlapping row on each piece of foil. Top each with a thin green pepper ring and two fresh mushrooms, sliced. Season with salt and pepper and top each with a pan (1 teaspoon) of butter or margarine. Close foil packet tightly with a double fold and turn up ends. Place packets on grill with steaks. Cook 15 to 18 minutes or until vegetables are tender.

## Bonnet Contest Featured

Ninety members attended the Tawas Area Senior Citizen's meeting Wednesday, May 28, at East Tawas Community Building. Feature of the day was a spring bonnet contest judged by two campers from the park. Frances Sheeks received honors for the most beautiful hat; Eleanor VanMeter, most original, and Priscilla Fraser, most humorous. Carey Manson won honorable mention for a paper bag creation.

In the men's contest, Herbert Steele, Edward Seifert and Lester VanMeter were winners. Fred Francis received honorable mention. Prizes were silver dollars.

Door prizes were won by Stephanie Deprest and George Liske. Other prizes went to Sophia Wood, Gerry Johnson and Thelma McGuire.

Summer meetings are to be held at Immaculate Heart of Mary Parish Hall. Featured at the June session will be selection of member of the month and a half price sale. Members are asked to donate a grocery item to be sold at half the store price marked.

## Mrs. Phelps' Students in Recital Friday

A piano, organ and flute recital by the students of Mrs. Alden Phelps and her daughter, Janie Coffin, will be presented Friday, June 6, 7:00 p. m., at Tawas United Methodist Church.

Featured will be Mrs. Coffin on the flute accompanied by Melanie Lauack at the piano. Their performance will include selections from "Suite for Flute and Jazz Piano" by Claude Bolling.

The public is invited to attend.

## Slate Concerned Parents Meeting

A meeting of concerned parents is to be held Thursday, June 5, 7:30 p. m., at the library of Tawas Area High School. Speaker will be Deputy David Brumfield of the Iosco County Sheriff's Department. Alcohol and substance abuse among young people will be the meeting topic.

## Commission on Aging Meeting

Iosco County Commission on Aging will meet Tuesday, June 10, 1:30 p. m., in the Whittemore Senior Citizens Center.

# TC Indies Bounce Back With Victory

After losing to Gladwin two weeks ago, Tawas City Indies bounced back Sunday to beat Meredith, 20-0, in Northeastern Michigan League action.

The afternoon, including triples by Randy Scales and Mike Lear. Pat Jordan had a pair of doubles.

Bill King was the winning pitcher and limited the losers to only two hits, both by R. Heath. King struck out 10 batters and walked two.

Tawas scored four runs in the first inning, five runs in the second, three in the third, seven in the fourth and one in the seventh inning. The game was called at the end of seven innings.

Scales had four hits to lead Tawas, followed by Jordan Potts, Gracik and Lear with three hits each.

The team now has a record of two wins and one loss in league play.

# TA Bravettes Won District Ball Title

Tawas Bravettes softball team won the district championship Saturday at Kalkaska. It was the first district trophy ever won by a Tawas softball team.

In the semifinal game, Tawas beat Houghton Lake, 12-2, in five innings. Laurel Minard was the winning pitcher and allowed only one hit. Kari Allen and Cindy Stephan were top hitters.

The Bravettes defeated Charlevoix, 9-4, in the final game to win the championship. Minard was again the winning pitcher and leading hitters included Allen, Stephan and Joyce Hatcher.

Tawas now advances to the regional tournament at St. Charles next Saturday.

### IN THE SERVICE—

### Finishes Basic Navy Course

Mark W. Rehil, navy engineer fireman recruit, son of Mr. and Mrs. James A. Rehil, Hale, has completed the basic engine course at the Naval Training Center, Great Lakes, Illinois, where students received instruction on the use of basic hand tools and machine shop equipment. They studied the theory and construction of internal combustion engines, plus the operation, maintenance and repair of small diesel engines, distilling plants, air compressors and auxiliary boilers. The students were also introduced to the types of duty watches that engine men stand aboard ships.

Rehil joined the navy in October 1979.

### Dancers Gave Preview

A preview of Betty Kubiak's dance revue was enjoyed by residents at Isco Medical Care Facility Saturday, May 31, when 35 students presented a "Sentimental Journey," theme of the program.

A benefit show will be staged Saturday, June 14, at Oscoda Area High School with proceeds going toward a roof over the patio of the facility. Dancers range in age from three to 15 years.

### Adult Grads. at Tawas Area High School

# MC Puts Energy Answers on Wheels

Michigan Consolidated Gas Company is putting its energy answers on wheels and sending them across the state to their one-million-plus customers.

The 32-foot "Energy Answermobile" is a roving unit of information containing displays on energy conservation, services Michigan Consolidated provides its customers and the effort it is making to assure customers a continuing supply of natural gas.

The Energy Answermobile is available to travel across the state upon request for community activities and events in

Michigan Consolidated's service area. The company is making the unit available to schools, churches, block clubs, senior citizens' centers, fairs and festivals and any other interested group and/or events.

Any interested groups or individuals may arrange to have the unit on location for an event in Michigan Consolidated's service area by contacting Gayle King in Detroit (313) 965-2430, extension 3661, or by calling the local Michigan Consolidated Gas Company business office. Thirty-day advance notice is requested whenever possible to insure the unit's availability.

### Iosco History Deadline Now Set for July 31

Deadline for the new history of Iosco County has been extended to July 31, according to Mrs. E. M. Vaughan, chairman, so that the hundreds of families still working on their family and business histories will be able to get them in the book. Any who have not yet started to compile their history should have time to complete it by this new deadline.

Every family in Iosco County is urged to include their family history in the new book. Whether a family has lived in the county only briefly or for several generations, their history will be important to this book for it will be a family heirloom in the years ahead. Those who hesitate to write their history are reminded that their grandchildren and great grandchildren will be disappointed when they find no record of the family in years to come, Mrs. Vaughan pointed out.

# School Property Transfer OK'd

A three to two decision May 28 by Isco Intermediate School District approved transferring of property in Hale Area School District to Whittemore-Prescott Area School District.

The request had been made by Mr. and Mrs. George F. Good, who have three children presently attending Whittemore-Prescott Area School. The property is located on M-55.

Hale Area School District opposed the property transfer, but members of the intermediate school district board took note of the fact that a similar situation saw the transfer of another family's property two years ago from Whittemore-Prescott Area to Hale Area School District.

It was felt by the majority of the board that the change would not affect the boundary lines of the school district significantly.

## E. Tawas Council Delays Action on Zoning Decision

Following a final hearing on a petition for changing the zoning at the junction of US-23 and Tawas Beach Road, East Tawas Council Monday night granted a delay in action until the next regular meeting.

The petition for a zoning change had been filed by the property owner, Charles Schreck Jr. A letter from his attorney requested the council to delay action on the matter in order that he could present material in his client's behalf.

On a split decision, the council granted the attorney this opportunity, but stipulated that action to be taken at the next meeting would not be considered a precedent.

A report was read during the hearing from the city planning commission. Conclusion of the commission suggested that the zoning change would further aggravate the congestion and confusion of traffic at that point as there is no possibility of providing off street parking.

The only people present for the hearing were Mr. and Mrs. Orville Moore, who supported the feelings of the planning commission in regard to the proposed zoning change.

In other matters, Harris Barkman of the Iosco County Historical Society appeared before the council and appealed for some form of official security from the city for development of the county museum on the basis that the county board of commissioners clearly exhibits "its complete desertion of the project."

While commending Barkman for his dedication to the museum project, the city council indicated that the present group could not properly make long range commitments by the city.

Upon recommendation of Police Chief Donald Docking, transfer of a 1977 class C liquor license located in escrow at 821 Bay Street was made to Michaelene Ann Lull from Max E. Rott, trust in bankruptcy from Edward D. Knight and the Vida Garlock estate, Ronald

B. Garlock, executor. The transfer involves the former Bay House Restaurant.

The council approved resolutions requested by Gary Nelkie urging the United States Forest Service to place a high priority on winter sports activities in development of Silver Valley for cross-country skiing and snowmobiling, as well as to support the Tawas River Canoe Race.

The council adopted an ordinance bringing under centralized city administration the National Building Officials Code, basic plumbing code, basic fire prevention code, basic mechanical code and the National Electrical Code. The city building inspector is to issue permits for all construction under a fee system subject to council approval.

### Freel's SDD License Gets State Approval

The Michigan Liquor Control Commission has reaffirmed approval of an SDD license at Freel's King's Market, Tawas City, following a hearing May 22. At the same time, the commission denied a request from Brugger's Foodland for an SDD license.

The license was awarded on geographic location as Brugger's Foodland is only 1,790 feet away from an existing SDD license.

The action reaffirms a February 20 decision by the commission, which was appealed by Brugger's.

A Dish You Can Count On

Tasty, inexpensive, and easy-to-prepare, yet elegant enough for company, is this Monte Cristo Stir-Fry made with cooked ham and turkey or chicken (leftovers welcome), inexpensive and always appetizing cooked rice and a can of condensed cream of chicken soup.

Stir-frying requires only a few minutes of high heat and quick mixing in a small amount of butter, margarine or oil. The condensed soup helps make the meal easier to prepare, and the rice makes it easier to pay for, yet lends the dish a more aristocratic appearance.

Rice, white, brown or parboiled, is a versatile staple that absorbs the flavor of the foods with which it's served, making a tasty meal such as this one even more so.

#### MONTE CRISTO STIR-FRY

- 1/2 cup chopped green pepper
- 1 can (2-1/2 oz.) sliced mushrooms (drain; reserve liquid)
- 1 tablespoon butter or margarine
- 1 can (10-3/4 oz.) condensed cream of chicken soup
- 1/3 cup milk
- 1-1/2 cups boned, cooked turkey or chicken (large pieces)
- 1 cup cubed cooked ham
- 2 tablespoons diced pimiento
- 2 tablespoons dry sherry, optional
- 3 cups hot cooked rice

Sauté peppers and mushrooms in butter until tender crisp. Stir in soup, milk, liquid from mushrooms, turkey, ham, and pimiento; heat thoroughly. Add sherry. Serve over beds of fluffy rice. Makes 6 servings.

### 4-H's Support Vial of Life Program

You live alone, and suddenly there's a medical emergency. How can you be sure the rescue squad personnel will know that you're allergic to certain medication?

You can't, unless there's a Vial of Life in your refrigerator. That small plastic container with vital medical information could save your life.

The Vial of Life program was initiated by a Michigan Deputy Sheriff whose concern for elderly residents prompted his search for a uniform place and easily accessible position for the small (approximately four inches) container. He selected a plastic cylinder to be taped in the upper right hand shelf of the refrigerator.

4-H's in the safety program, supported by The General Motors Foundation, are learning that such information can be crucial to elderly residents in particular, but it's a good idea to have one if you live alone, too.

For example, one 4-H Club in Moscow, Idaho has been using the program for over three years as part of their safety project. An estimated 1,500 vials have been given out to residents of this university town by the club's 40 members. The 4-H's stress that the information such as the resident's name, age, physician's name, relatives or neighbor's name, past medical history and current medication be included on a

Encouraging senior citizens who live alone to participate in the "Vial of Life" project is one of many 4-H activities. A part of the 4-H safety program, supported by The General Motors Foundation, the "vial of life" contains vital medical information that can be helpful to rescue personnel during an emergency.

sheet of paper in the plastic cylinder or vial. Rescue squads, police and doctors know where to look for this information in the event of an emergency.

The Moscow club's program is just one of hundreds of 4-H clubs across the country that has been successful in using the Vial of Life project.

The 4-H safety program teaches youths other kinds of safety concepts, including bicycle and traffic safety and proper eye care. Program objectives include the opportunity for youths to become better citizens through participation in cooperative programs that help others become more safety conscious. The program also offers a

way for youths to become involved in the safety movement of this nation.

Youths, nine to 19, can enroll in a 4-H safety program and become eligible for county and state awards, donated by The General Motors Foundation, and arranged by National 4-H Council. One youth from each state also earns an expense-paid trip to the 59th National 4-H Congress in Chicago, Nov. 30-Dec. 4. Six 4-H's who've demonstrated outstanding safety practices receive \$1,000 scholarships.

Winners are selected by the Cooperative Extension Service. More information is available from the county extension offices.

## Commencement Held for Hale Area Graduating Class

"Today well lived makes every yesterday a dream of happiness and tomorrow a vision of hope."

The above was the motto of the 51-member graduating class of Hale Area High School, which held commencement exercises Sunday, June 1, at the high school gymnasium.

The program included the playing of "Pomp and Circumstance" by the senior high school band for the professional and recreational, as well as a special senior selection under direction of Jacquelyn Bergey. Following comments by Supt. Peter M. Holley, Timothy Jay Lesneski gave the salutatory. Scholarships and awards were presented by Joseph K. Vander-Veen, guidance counselor, followed by the valedictory by Gail L. Tamplin and William F. Denstedt. Members of the class were recommended for graduation by Prin. Robert E. McDonald.

Presentation of diplomas was by Charles Millard, president of the board of education, while the Rev. Fr. James Holtz, pastor of St. Pius X Catholic Church, gave the invocation and benediction.

The class sponsor was Miss Roberta Ryan. Class colors were light blue and white and the class flower was the yellow rose.

Members of the class include: Jill K. Armstead, Allen L. Baker, Scott E. Barnes, Bonnie

### Jury Forms Should be Returned

Residents receiving questionnaires from the Iosco County Jury Commission concerning prospective duties in district and circuit court, should fill out the information and return questionnaires promptly within 10 days.

This was the word received last week from Marion Killingbeck, jury commission president, who reported that questionnaires have been mailed out to 1,070 registered voters.

Jurors are now being selected for terms beginning September 1 through August 31, 1981, for both district and circuit courts.

The new law provides for no excuses from jury service, however, on the basis of hardship, the judge may defer to a later time. (MSA 27A.1374)

### TOPS Named Chapter Queen

National City Chapter No. 1318, TOPS, honored KOPS graduates, chapter queen of the year and division winners at awards night Thursday, May 29. By reaching her goal in 1979, Joan Skrocki became the chapter's first KOPS member. Mrs. Skrocki was also honored as chapter queen for having lost the most weight to reach goal. For her loss, she also placed first in division four.

Division winners are determined by weight loss from first to the last weigh in of the year.

Dorothy Huntley won second place division four and was also honored for best loser last summer.

Alice Warren took first place in division three and was also presented a charm.

Other awards went to Mrs. Skrocki for staying under goal for six consecutive weeks; Dorothy Allen, Pearl Rabideau, Holly Martin and Dorothy Smith for work within the club. Chapter No. 1318 meets weekly on Tuesday evenings at Grant Township Hall with weigh in at 6:30 p. m. and meeting at 7 o'clock. For more information, call 362-2144 or 469-9382.

WHITTEMORE-PRESCOTT Education Association president, Dennis Hebert, recently presented Margaret Bassi with a \$250 scholarship from the association. Margaret plans to attend Delta College where she will study child development. She has been active in basketball, on the yearbook staff and honor roll and a member of the National Honor Society. Her parents are Mr. and Mrs. Carl Morrison of Whittemore.

ALTERNATE STUDY CORRIDORS  
STANDISH TO M-65

Rep. Alley Reports on US-23

Michigan Department of Transportation planners are looking favorably at the possibility of continuing a limited access US-23 highway up to a new junction with M-65, but any further development of US-23 or other highway alternatives from M-65 north is doubtful during the 1980 decade.

This was the word last week from State Rep. Tom Alley of West Branch, who was given an update concerning US-23 in a meeting with Sam Cryderman, deputy director of the bureau of transportation planning; Maynard Christensen, East Region manager, and Harold Rappuhn, transportation planner for the department of transportation.

"It was their contention that

something will be done to alleviate traffic problems from the I-75 Standish interchange to the M-65-M-55 interchange area," said Representative Alley. "They are looking favorably at the possibility of continuing a limited access highway up to the M-65-M-55 area. However, a public hearing must be held before making a final decision on this issue."

A map showing the two possible corridors for the limited access highway was included in Alley's memorandum to interested persons. "I believe they look favorably upon the south corridor for the construction of a limited access highway," he stated.

That corridor meets US-23

south of Standish and the proposed route would by-pass Omer.

A timetable outlined to Alley indicated that a public hearing regarding highway alternatives would be held this fall or winter. Environmental concerns regarding the feasibility of a limited access highway would be considered this month, while the site selection would be made in 1981-82, if limited access is to be used.

Bids would be let in the fall of 1984 and construction would begin in the spring of 1985.

Christensen told Alley that US-23 from Standish to M-65 is the number one priority in the 14-county East Region. He was also told that the traffic count

suggests a limited access to the M-65 area.

Alley said that it is very doubtful if anything would be done to US-23 in this decade from M-65 north, except for existing road improvements which will include resurfacing.

"There are obstacles that will have to be overcome if we are actually going to see any construction begin by 1985," said Alley. "This project will be primarily federally funded thus we must gain federal approval. Also, environmental impact studies and statements must be done."

Alley said the department of transportation's planning division is working on this problem and would keep him posted as to developments in this area.

Thomas Hopeful That Annexation Decision Will be Based on Merit

"I hope the State Boundary Commission will make its decisions based on merit, not on the number of persons testifying for or against annexation at hearings scheduled here on Friday, June 13."

This was the opinion expressed Thursday by City Mgr. Lowell Thomas, when speaking before the Tawas City Business Association.

While urging those persons in business who may wish to make a statement to appear at hearings, Thomas said that more often than not, annexation is an emotional question for citizens in the area to be annexed, but not to the community requesting it.

He said he would be happy to

share information with anyone interested in the question and was invited to speak at next Thursday's meeting of the association.

The hearings Friday, June 13, are to be held at the county building. The hearing with Tawas Township is to be held at 11:00 a. m. and the hearing with Alabaster Township is to be held at 1:00 p. m.

Information and testimony based on the following criteria adopted by the State Boundary Commission is to include:

Population, population density, land area, land uses, assessed valuation, topography, natural boundaries and drainage basins, plus the past and probable future urban growth,

including population increases and business, commercial and industrial development in the area.

In addition, information is to be presented on comparative data for the annexing municipality and the remaining portion of the unit from which the area will be detached; need for community services; present cost and adequacy of governmental services in the area to be annexed; probable future needs for services; practicability of supplying such services in the area to be annexed;

Probable effect of the proposed annexation and of alternative courses of action on the cost and adequacy of services in the area to be annexed and on

the remaining portion of the unit from which the area will be detached; probable increase in taxes in the area to be annexed in relation to the benefits expected to accrue from annexation;

Financial ability of the annexing municipality to maintain urban type services in the area; the general effect upon the entire community of the proposed action; the relationship of the proposed action to any established city, village, township, county or regional land use plan.

A considerable portion of the land being proposed for annexation is vacant and those areas inhabited have a population less than the number required to hold a vote on the question.

When Plainfield Upstaged Fred Allen and TOWN HALL TONIGHT SHOW

BOWMAN

"Fred Allen's 'Town Hall Tonight' went on the air at 9 o'clock last Wednesday night, but it was not half as entertaining as it usually is for the folks of Plainfield Township, for on that same evening, around 7 o'clock, the returns were in on the question submitted at a special election that day as to whether or not the township would sell the Olde Town Hall at Hale."

This was the lead paragraph in a news story written by Howard Bowman and published April 28, 1938, which dealt with modernization of the township. Much has transpired in Plainfield Township during the past 42 years, but it is always well to recall what led to location of the township's fine community center at its present site.

When the smoke of battle cleared away in 1938, the returns were 147 "yes" to sell the old township hall and 68 voted not to sell it. But that only half tells the story.

That special election was one of those in which the "fors" and the "againsts" really got right down to some serious business, which led Bowman to comment: "If the Republicans would only, at one of the regular elections, get out their cars and escort the voters to the polling places as was done at this special election, Hoover could be returned to the presidency under the banner of 'no contest'."

Party lines, if there was such a thing in that part of the county in those days, were forgotten—or if not forgotten, overlooked for the moment—and some of the Republican brothers talked long and earnestly with Democratic brothers and the other way around, fraternizing with WPA workers.

"The sight of members of the elite was something to warm the blood and cause the heart to beat a bit faster," said Bowman, referring to the fact that Republicans were opposed to Franklin D. Roosevelt's "New Deal" WPA program.

Before M-65 was graveled, the speed through the four corners at Hale was somewhat modified and, coming from the south, motorists saw the Olde Town Hall on the corner. It was an old building and time had not treated it too kindly. It was painted and repainted, but as the village grew, it seemed to diminish in size. It got so small, in fact, that dances could not be held there, nor could it handle other community programs.

"I remember some years ago, when Hale had the railroad and bank, a one-man show came to town. He did slight-of-hand tricks and was an acrobat and had other accomplishments. He did a slack wire stunt, by attaching the wire to two of the window frames. He leaped nimbly to the wire and a sash came out. It was not on the program, but it got a great laugh.

"The next night he attempted moving pictures, but due to the length of the hall, the actors on the screen looked like pygmies. However, the hall was crowded, and we all thought we got our money's worth even if we did

PLAINFIELD TOWNSHIP dedicated this new township hall in 1941, after the building was under construction for three years. This featurette tells the story of events which led to its construction. The building was destroyed by fire in 1958.

pay 35 cents a ticket," recalled Bowman.

But times changed—the town hall got too small for accommodations and accomplishments. The floor space of the building could be lost in the large and commodious space of the dance hall operated in conjunction with the tavern at Hale.

"Some thought if the dance hall floor was larger, they might get larger crowds than the beer hall, while others of an opposite turn of thought concluded that the beer hall with its soft, flowing music, plus other attractions, would never suffer much because of diy competition," said Bowman.

Then came the advent of local interest in basketball. A net was hung at one end of the hall, but the result was not at all agreeable to boys and girls roaming about in shorts. As a recreational center, it was a complete washout. Folks thought something had to be done.

For some reason or another, the state said M-65 was going to be widened and the township hall was put on skids—materially not politically—and moved back. However, the township only owned so much of the property in Hale and it was impossible to move it back far enough so it would be out of sight. It still remained as what some disrespectful persons regarded as a "wart on the fair face of Hale."

Then in the spring of 1938, there came the happy announcement that some gas company had put up \$50 as evidence of good faith to purchase the building if the township folks would sell the building for \$2,000.

"Now here, at last was sump-in—or other," wrote Bowman. "In place of the drab old town hall there arose in the mind's eye of the progressive citizens the picture of an ornamental gasoline station. Perhaps due to its great strategic location, Hale might well hold the world's record for gasoline stations to the square inch, there being six present and accounted for (or when I passed through

there last night) and another, like the proverbial drink, won't do any harm."

To backtrack in the story, a year or so earlier the township had tried to vote on a new community hall, but it did not carry. But in 1938, a more united front was determined upon, backed by a campaign of education.

The battle cry, "We need an auditorium," was started and gained momentum. Across the trenches from the other side came the challenge: "We are talking about getting a new school and won't we have an auditorium?" The school district was to get a new school with auditorium in connection, but that came later.

"It was a lucky thing, maybe, that the vote was held when it was," wrote Bowman. "Plainfield Township was in the throes of great internal strife, but luckily for all of us, right became triumphant. That is, the boys who thought that a gas station would look better than the old town hall, plus the women who wanted an auditorium, plus the parents who have boys and girls who play basketball, plus all the other public minded citizens, plus the WPA boys who were told that federal funds would furnish employment in the building of a new town hall, all got together and put the sale over."

"It was a splendid victory and ought to silence forever those who were not interested in selling the town hall for \$2,000 for a gasoline station and who thought that the other \$4,000 bucks in the township's general fund was not doing any great harm right where it was. But the progressive of today learns fast from the lessons taught by our national administration: "If there is a dime in the treasury, let's spend it for something."

The election held to sell the town hall did much more than accomplish a great civic improvement; it made political bedfellows of many who, on other questions, had not been able to see eye-to-eye for some time.

Plainfield Township got its new hall and one large enough for dances, basketball games and movies. "It will be an auditorium where death blows can be thrust at the wickedness of the beer halls as gathering places for the youth of today," commented Bowman.

"I feel sorry for those misguided ones who opposed it," he commented. "The 'no' voters will have to face the 'yes' voters for a long time, but maybe here even the breach may be healed by time's caressing hand."

Bowman felt glad that the proposition passed, "if only for the gentlemen who sat in the hall on election day and whispered to the Missus how to vote and I feel doubly glad for the villager with the loud voice, who started forth early the next morning to greet the enemy with: "So we beat you, huh?"

After being under construction for the better part of three years, the township hall was dedicated in the fall of 1941 to the great pleasure of Plainfield Township residents. It was funded through an initial WPA grant of \$16,300, plus proceeds of the sale of the old town hall and funds in the township treasury. Some 78,000 board feet of logs were donated by the United States Forest Service and sawn into lumber at the Salisbury mill.

The auditorium measured 70 by 72 feet, contained a large stage, offices for the township board, a ticket booth and a projection room. The basement contained a modern kitchen, a large dining hall and service rooms.

The building, one of the largest frame structures in this part of the state, was used for weddings, meetings, dances, basketball, roller-skating, movies, dinners, school functions and many other activities.

Township officers and others who spent much time to make the building possible included Lewis Nunn, Claude Salisbury, John Mortenson, A. E. Greve and John O. Johnson.

To the grief of township residents, the hall was destroyed by fire in July 1958, which all but ruined the Iosco County Fair that year as the building served as the center attraction for displays.

The present hall was constructed of concrete blocks and dedicated in 1961, followed by construction of a new fire hall, a new junior and senior high school and remodeling of the old county garage into a senior citizen multipurpose center.

Residents of Plainfield Township can take great pride in an excellent community center—all centrally located—but it all began back in 1938 when residents missed listening one evening to Fred Allen's "Town Hall Tonight" radio program and went one better by selling the old township hall and looked to the future.

FOCAL POINT of the township's community center, which has been developed in recent years, is this township hall which was dedicated in 1961.—Tawas Herald Photo.

**EDITORIAL**

(Read Matthew 16:13-19)  
 "Who do people say the Son of Man is?" (Matthew 16:13-17)  
 Several issues of The Upper Room have contained portraits of Christ as seen by famous artists. One paints Him as a young, solemn-faced Italian with classic Roman nose. Another, sensitively sculpturing in wood, lays bare suffering and anguish in the face of a black Christ wearing a crown of thorns. Another paints a native American Christ kneeling in the Garden of Gethsemane.

Pondering this diversity of imagery, I thought about how Christ appears to believers throughout the Christian world. What image, unconsciously or involuntarily, passes across the screen of the imagination of Christians the world over when they kneel in prayer?

John assures us in his first Epistle that we are already the children of God. Then he adds, "It is not yet clear what we shall become. But, we know that when Christ appears, we shall be like him, because we shall see him as he really is." John notes that the central characteristic of Christ is purity, defining purity as doing what is righteous—in love.

Keeping the model of Christ ever before us is the secret to Christian growth and action.

**PRAYER**  
 Christ, Thy companionship daily. May we become more like You in love and faithfulness. Amen.

**THOUGHT FOR THE DAY**  
 As we know Christ more, we will grow to be more like Him. — Beatrice M. Carson (Washington, D. C.)

### First Baptist Women Elect New Officers

Women's Missionary Society of First Baptist Church, Tawas City, elected officers at the regular business meeting Tuesday, May 27, in the fellowship hall. Other business included finalization of plans for the father-son banquet.

Geri Cerling was named president with Helen Ferguson to serve as vice president-interpreter; Edna Frye, vice president-missions; Debra Russell, vice president-Christian service; Lucille Beyer, vice president-leadership development; Isabelle Ballinger, secretary; Emma Landon, treasurer. Dorothy Norris is chairman of Rachel Circle.

Lunch was enjoyed by 18 members and guests at the meeting served by Wilma Westcott and Frances Martin of Ruth Circle. A pot-luck luncheon at noon Tuesday, June 10, will be the final session until fall.

The father-son banquet is slated for Saturday evening, June 14, 6:30 o'clock at the fellowship hall. The film, "A Sports Odyssey," is planned for entertainment. Tickets for the event may be purchased from members of the society or Kim Hunter, 362-8553. Deadline to obtain tickets is June 8.

## Church Doctrine Cited

Christian Science Church leaders declared today that "humanity cannot afford a continued drift toward the morally bankrupt doctrine that material pleasures are the sole or chief good in life."

The Christian Science Board of Directors urged members of the denomination to help counter such tendencies through "humbler dependence on divine guidance and deeper understanding of what Christian discipleship really means."

On hand in Boston, Massachusetts, for the denomination's annual meeting were more than 7,000 members of The Mother Church, The First Church of Christ, Scientist, from some 23 countries.

The yearly gathering of Christian Scientists of Boston reaffirms the unique link that exists among the branch churches of the denomination. Christian Scientists have been active in the Tawas area since 1950.

Jean Stark Hebenstreit, incoming board chairman, said, "The time has come for all of us to have a larger view of Christian Science and its mission. . . . The Master brought the blessing of spiritual vision right into the midst of human need. That same spiritual vision of Jesus' day is central to our responsibilities in these times," she said.

Church officers gave members a mixed report of challenge and progress. The clerk of the church reported an increase in the flow of new membership applications from Africa and Latin America and recognition of new branches in these areas.

The treasurer said church funds had increased 160 percent in the past six years and Mrs. Hebenstreit reported the church totally free of debt.

Members were told that despite inflationary cost pressures, modest circulation gains have been recorded for both the daily and weekly editions of The Christian Science Monitor for the year March 1979 to March 1980. Income from the endowment fund set up for the paper two years ago is beginning to help meet the newspaper's expenses.

The church's committee on publication told members that a flurry of recent attacks on the denomination had stirred a "great, sensible brotherly love and unity in the Christian Science movement" and was, in fact, producing a "fresh tide of evidence of Christian healing."

Named president of The Mother Church for 1980-81 was a former senior editor and correspondent of the Monitor, Sallie R. Davis. Davis told members that "Mankind is moving in new directions, doing its best to construct a world of equality and justice for every individual—a world of universal freedom and blessing. Our church," said Davis, "plays a distinctive and powerful role in this transition."

## Community Should Consider Dual Theme

A voice vote Thursday by Tawas City Business Association indicated that the majority of the members were in favor of adopting the area's rich Indian heritage as a community theme.

Although the theme is not the particular choice of the editor of this corner—who gave up wearing "loincloths" 50 years ago—the county's Indian heritage has been important in the past, judging from the volume of copy which has been written on Iargo Springs, the naming of the community after Chief Tawas, the Indian settlement and church west of Oscoda, etc.

That the Tawas Bay Artists suggested the theme is a natural, for its president, Mrs. Herbert (nee Joan Cowan) Blust, has a family background which has always expressed a deep and admiring interest for the heritage of Michigan Indians. Mrs. Blust's grandparents, the late Mr. and Mrs. Arthur Cowan, befriended the Indians of Iosco County long ago and, for years, held annual summer encampments for the Indians at Sand Lake.

There were some dissenting opinions expressed at Thursday's luncheon, the most recurring being the fear that such a theme could possibly exploit the Indians in a commercial way. Two or three other voices felt that final approval should be delayed until some consid-

eration was given to a nautical theme, tying in the area's present architecture with the rich history of shipping and boating on Tawas Bay.

The editor of this corner would have preferred the nautical theme, as suggested to the Tawas City Parks and Recreation Board by the city's planning consultant, but that is of no real concern.

This community—perhaps the entire area—needs a central theme around which future plans might be based, but there is no reason to think that a combination of themes would be detrimental. One theme based strictly on Indians could become tiresome (perhaps a little drafty, too, if everyone reverts to loincloths).

Perhaps the central theme could weld the Indian heritage and our local shipping history together, using the best and most authentic ideas of each to make an interesting theme of brotherhood. Some research would be required, for instance, to get rid of the notion that Chippewa Indians wore head-dresses of eagle feathers in bonnet fashion like their brothers from the plains, or that a totem pole should be transported way down here in Michigan from Washington State and the Canadian Northwest.

Authenticity should be preserved and it would not be too difficult to keep the record straight in either theme.

## OK Indian Theme for Business Area

Development of a Michigan Indian theme for Tawas City, as proposed by Tawas Bay Artists, was endorsed Thursday noon by the Tawas City Businessmen's Association. The organization is to urge the entire county to adopt the same theme to provide continuity.

Since first suggested two weeks ago by the artist group and discussed by the association, interest in adoption of Indian heritage as a community theme has grown tremendously. Ben Brewer told businessmen that an Indian theme had prevailed here for many years, judging from place names—Tawas, memorializing an Indian chief by that name who

lived on Tawas Point, along with Oscoda, a word of Indian origin. Brewer also pointed out that athletic teams at all levels of the schools were called the Tawas Braves.

Brewer expressed the opinion that the Indian heritage theme would be inexpensive to carry out, that it would be an excellent vehicle by which visitors can become acquainted with this area and thought it was the answer to the question of an area theme which has been under discussion for many months.

During discussion on the proposal, the Rev. Kenneth Tousey expressed the opinion that there was much deep-seated feeling concerning the derision of Indians and that authenticity should be maintained if the area is genuinely concerned in the Indian heritage.

Various suggestions proposed by Thomas Trahey in the outline suggested by Tawas Bay Artists included construction of a miniature Indian village on grounds of the chamber of commerce office, a large sculpture of an Indian at the city park funded by matching funds with the Michigan Artists Association, totem poles at the city entrance, festivals and crafts shows staged by local Indians.

In cooperation with Hazel LaVoie of Oscoda, a history of local Indian heritage has been prepared and will serve as a basis for the theme.

## BEWARE! Fish Plants in Tawas Bay Down from Year Ago

These blasting caps can be dangerous. Explosives are useful tools to construction workers, miners and the like, but they can be destructive in the hands of children or untrained adults. If you ever see something that looks like the blasting caps pictured here, don't touch it. Call the police, or fire department. A free poster and helpful information about blasting caps is available from the Institute of Makers of Explosives, 1575 Eye Street, N.W., Suite 550, Washington, DC 20005.

Fish plants in the Tawas Bay area are down 60,000 from a year ago, according to a report from the Michigan Department of Natural Resources read at Thursday noon's meeting of the Tawas City Business Association.

Part of that loss came through a decision to take 25,000 lake trout fingerlings from each planting area of the state and transfer them to treaty waters to provide fish for Indian gill net operators.

In addition, 35,000 rainbow trout were planted here in 1979 and none were planted this year.

The report stated that 10,000 yearling brown trout were planted here in late April and another 10,000 brown trout fingerlings are to be planted in the fall.

The lake trout planting amounted to 75,000 yearlings, as compared to 100,000 last year. There were 100,000 yearling coho salmon planted.

THIRD PLACE winners in the poster contest were, from left, Michael Allen, Teresa Beach and Cindy Yanna.—Tawas Herald Photo.

FOURTH PRIZE WINNERS were, from left, George Larson, Eric Painter, Paul Blust and Shari Muchow.—Tawas Herald Photo.

## SMASH Lists Winners of TA Poster Contest

Tawas Area High School chapter of SMASH (Students of Michigan Attaining Safer Highways) last week presented awards to junior high school winners in the recent poster contest.

Safety related pamphlets were also distributed to seventh and eighth graders, helping to promote traffic safety

awareness among students.

Topics selected by student-entering the contest included bicycle and motorcycle safety, railroad crossing safety, speed limits, drinking and driving problems, seat belt use, traffic signs, car maintenance, being courteous and cooperative.

Posters were judged on originality, content, neatness and artistic ability. Judges were Lynn Kosto, high school art teacher; Jerry Youngs, junior high school principal, and David Niles, SMASH advisor.

Prizes totaling approximately \$200 were awarded as follows: Alison DeLage, first prize; Lynn DeWise and April VanSickle, second prize; Michael

Allen, Teresa Beach and Cindy Yanna, third prize; George Larson, Eric Painter, Paul Blust and Shari Muchow, fourth prize.

Prizes for the contest were donated by area merchants, Tawas Area SMASH Club and Niles.

High school students helping with the project included Charles Allen, John Brockenrough, Bruce Bolen, Keith McCready, Nancy Mooney, Gary Spencer, Paul Stevelinck, David Spencer, Kim Wilson, Wendy Ordiway, Kurt Papenfus and Lisa Konenske.

Winning posters are to be displayed at area business places.

## Questions and Answers Concerning Millage Vote

Supt. Allan D. Dighera of Tawas Area Schools has submitted the following questions and answers regarding the upcoming request to establish a sinking fund and a request for levying one-half (1/2) mill for a sinking fund:

What are the two extra ballot questions to be voted on June 9, 1980, in the Tawas Area School District?

We are asking the district to create a sinking fund and to allow a renewal of one-half mill for five more years to be placed into this fund. To do this would require a yes vote on both proposals.

How is this a renewal of one-half mill?

One-half mill has been collected to pay off the debt on Tawas Senior High School. The last payment on the high school will be made at the end of June 1980. We are asking you to renew this one-half mill for five years to be used for building maintenance and general repairs. In addition, proposed repairs will make our buildings more energy efficient.

Will the Tawas Area millage rate be increased if we vote yes on June 9, 1980?

No, your millage rate will remain the same as in the past year and will not result in raising your total millage rate for the school.

What can this money be used for during the next five years?

The money raised from this millage, by law, can only be placed in the sinking fund and used for building reconstruction, maintenance and repairs. It cannot be used for salaries, land purchases, new schools, etc.

Why does the Tawas Area Schools need a sinking fund?

To upgrade and improve our facilities before major problems occur. We can earmark these funds and devote them to some of our urgent needs. By doing it now, we can avoid greater costs in the future. Our budget is so tight that when unforeseen problems arise we must "rob Peter to pay Paul." The renewal of the half-mill would allow us to plan and schedule our repairs in a more efficient manner.

Where would the majority of the sinking fund be spent?

The Tawas Area Board of Education would list, in order, those projects that need attention. Some immediate needs which would result in immediate cost savings to the district would be related to energy savings.

What items would be related to energy savings?

The Tawas Area Board of Education conducted an energy audit two or three years ago. The audit showed that by replacing some windows in our schools, installing automatic day-night temperature controls and heating ventilating units, replacing gymnasium lighting with more energy efficient lights and replacing thermostats, the district would have a payback period of 10 to 14 years. These figures were for 1979. Energy costs have gone up and will continue to rise in the future. This will save the district dollars at an even faster rate.

What was the estimated costs to do only the energy savings portion of the Tawas Area

School District Energy Survey? While costs have risen since the board's survey and is over a year old, the estimated cost will be in the area of \$157,000 or higher due to inflation.

What other repairs are needed in addition to the ones outlined in the energy survey?

We will look at all repairs carefully and proceed in an orderly manner. Listed below are items that may need attention in the future.

Roof inspection and maintenance, heat updating and/or conversion, plumbing replacement, meet "barrier free" regulations (federal law), roads, parking lots, general grounds upkeep, painting inside and out, improve athletic facilities, and improvement of transportation facilities, etc., etc.

Does the Tawas Area Board of Education have a figure for all of the repairs needed?

Unless hidden problems show up, we are estimating costs of \$350,000. This may be high, it

may be low, depending upon circumstances surrounding the maintenance and repairs.

Are the cost estimates higher than the revenue one-half mill will raise in five years?

Yes, at today's evaluation the one-half mill will raise approximately \$270,000.

Why not ask for more than one-half mill?

The board believes that by renewing only the one-half mill for five years, that by prudent investing and doing some work ourselves, that we may accomplish most of the repair goals. A good faith effort, hopefully, will find a sympathetic public, if additional repair is needed after this five-year period.

Will the ballot wording indicate an increase in millage?

By law, any millage over that divided by the allocation board must be listed as an increase. However, since one-half mill is expiring from the debt levy we are asking that only that one-half be renewed.

## State Salutes Dairy Month

When that old Michigan sun is beating down on you this summer and you are looking for a cool escape—think milk!

In Michigan, where good things are growing, milk is the largest single item sold from Michigan farms. The 403,000 dairy cows produce an estimated 4,793-million pounds of milk each year, worth about 506-million dollars last year, according to the Michigan Department of Agriculture.

Milk is a perfect base for many refreshing drinks such as raspberry rum cooler or a blueberry shake. (Michigan's raspberry and blueberry crops are ready for harvest in early July.)

For both recipes, pour four cups of cold, fresh milk into a blender. Add one cup fresh raspberries or blueberries and scoops of delicious Michigan vanilla ice cream for desired thickness. Add one-half teaspoon rum extract to complete the rum cooler. Cover and blend until creamy.

Invite neighbors and friends over to help celebrate National Dairy Month—June—and serve

do-your-own sundaes. Let guests experiment with different Michigan ice cream flavors combined with toppings made in advance and chilled, like Michigan peach-cherry delight.

In a saucepan, gradually add one-half cup water, one-quarter cup maraschino cherry syrup (maraschinos are produced in Michigan, too!), four drops red food coloring to one-quarter cup sugar, one tablespoon corn starch and a dash of salt. Mix well until blended.

Cook over medium heat until thickened, stirring constantly. Fold in one cup chopped peaches and one-quarter cup maraschino cherry halves. Chill before serving over ice cream.

More than 50 major commodities are produced in Michigan each year, amounting to a 12-billion dollar industry in 1979 with addition of transportation, processing and marketing costs. For more facts about Michigan agriculture, contact MDA's Communications office for the free booklet, "Michigan Food Facts," Post Office Box 30017, Lansing, 48909.

## Mayor Exchange Day

BEAUTIFUL WEATHER greeted visitors from Imlay City Wednesday on a return visit to Tawas City as a belated observance of the Michigan Week program. Last year, Tawas City officials visited Imlay City. The group enjoyed a cruise on Tawas Bay, toured the area and were guests at a noon luncheon and evening dinner party. Mayor David Westcott is shown at top right greeting Mayor Shirley Metcalf of Imlay City. The center picture shows City Mgr. Lowell Thomas greeting his counterpart from Imlay City, Jack Schumacher. Officials from the two communities posed in front of the city hall (lower picture) prior to the tour.—Tawas Herald Photos.

## Selected for Health Care Who's Who

Paul J. Christenson, M. D., M. P. H., health officer medical director of District Health Department No. 2, has been informed by the Aspen Systems Corporation, Maryland, that he has again been honored by this publisher as being one of the health professionals included in the next edition of "Who's Who in Health Care," to be published later this year.  
 "Who's Who in Health Care" contains comprehensive biographies of health professionals in every area of the health care industry, among whom are leaders in the health professional schools, officers of health-related foundations, executives of hospitals and other health facilities, senior government health officials and executives in the private health provisions industry.  
 Doctor Christenson currently is honored as well by having his biography listed in "Who's Who in the Midwest," "Who's Who in the United States," "Who's Who in America," "American Men and Women of Science," "Who's Who in Government," "Men of Achievement," the "Dictionary of International Biographies," "International Who's Who in Community Service" and "Personalities of the West and Midwest."

**Reconstruct First Street This Summer**  
 15 Years Ago—  
 June 9, 1965—A \$7,000 project for reconstruction of First Street was approved by the Tawas City Council and a \$12,128 street rehabilitation program was approved by the East Tawas Council.  
 Seven candidates seeking three vacant positions on Tawas Area Board of Education include Waldo J. Curry, Walter Champion, Carl J. Helmer, Earl Davis, Donald Deering, Clare Herriman and Merton Killey.  
 Tawas Bay, which enjoys the distinction of being one of the finest bodies of water in the country for the sport of sailing, will be host to three important events during the coming summer. Regattas include the Great Lakes Finn Invitational, the Michigan District Lightning meet and the world's championship of the National One Design.  
 Registration has started for American Red Cross-sponsored swimming programs at city parks at East Tawas and Tawas City.  
 Federal mediators have been called in on the strike which has closed all of National Gypsum Company's installations in Iosco County.  
 25 Years Ago—  
 June 9, 1955—A Great Lakes freighter which wandered into the firing range of Lake Huron was struck by a dummy missile fired from a T-33 jet trainer from Wurtsmith Air Force Base. There were no injuries, but the missile was buried in 13,000 tons of ore in the ship's hold.

at Whittemore Methodist Church for Peter J. Cameron, Iosco's oldest resident. He will be honored on his 103rd birthday.  
 Tawas Area High School graduates receiving scholarships included Nerita Hock, board of education scholarship from Central Michigan University; James Laidlaw, four-year tuition scholarship at Michigan State College; Rosalie Lambert, an honor scholarship for her freshman year at Kalamazoo College.  
 Elwood Bronson, president of Tawas Chamber of Commerce, was toastmaster for the organization's annual banquet held at the Holland Hotel. The increase in area tourist business was reflected by Bronson's report, which indicated that camper permits at the state park had increased from 945 in 1945 to 3,349 during 1954.  
 35 Years Ago—  
 June 8, 1945—After hearing a report from the park committee and an offer from the chamber of commerce, the Tawas City Council reiterated its position on the park memorial building project. Members of the council stated that the city's finances would not permit considering an expenditure for the building this year. The chamber of commerce proposed that the city match \$6,000 which that organization would raise for the construction of a building. Women of the park committee have raised \$2,000 for the project.  
 Sgt. Myrel N. Ulman of Tawas Township died from wounds received on Luzon. He had served 29 months in the Pacific area.  
 Ira Scofield and Earl Bielby of Hale have purchased the Merle Bills farm west of town and have platted it into village lots.  
 Pvt. Ford Turrell writes his mother, Mary Turrell, from Okinawa that he is having plenty of excitement. Letters from home have finally caught up with him, including copies of The Tawas Herald.

### DEPARTMENT B—POULTRY

ENTRY FEE—10% of 1st Prize.  
 Superintendent—Perry Shellenbarger

#### —Rules—

Exhibitors are requested to read carefully rules and regulations covering exhibition of poultry.

All exhibits shall be (a) purebred (b) cross bred from purebred parents.

All birds showing any general disqualifications according to the Standard of Perfection shall receive no award.

Provided the birds are typical of the breeds which they represent, the placing of awards shall depend upon the following:

- A. Pullets:
1. Rapidity of growth.
  2. Depth of pigment.
  3. Uniformity of shape and size.
  4. Promise of egg production.
  5. Absence of defects and disqualifications.
- B. Mature Birds (Hens):
1. Degree of bleaching.
  2. Condition of abdomen (spread and pliability).
  3. Absence of new primary wing feathers.
  4. Alertness of head and eyes.
  5. Body weight, conformation and fitness.
  6. Absence of defects and disqualifications.

It is suggested, especially for fairs held late in September and October, that all birds exhibited go directly from the fair to market for slaughter so that none of them will be taken back to the farm. The reason for this precaution is that the birds may take back some disease to the farmer and injure his egg production of his farm flock, if such disease is infectious and of the type which will lower his egg production.

A pen entry shall consist of two females and one male.  
 (Classifications: Cock, Cockerel, Hen, Pullet.)

- Rule 10—in any case where there are fewer entries than premiums offered prizes will be awarded at the discretion of the judge.
- Rule 11—The judge's decision shall be final in all cases.
- Rule 12—Each purebred animal must be accompanied by its registration papers in order to be eligible to receive premiums.
- Rule 13—All livestock must be known to be free from disease before entering the grounds for exhibition.

MICHIGAN DEPARTMENT  
of AGRICULTURE  
ANIMAL HEALTH DIVISION  
LANSING, MICHIGAN 48913

**HEALTH REQUIREMENTS FOR LIVESTOCK EXHIBITED IN MICHIGAN (Revised January 1969).**

**GENERAL**

Requirements provided in Michigan Department of Agriculture Regulation Nos. 110, 117, 133, and Section 10 and 21b of Act No. 181, Public Acts of 1919, as amended.

1. Livestock affected with a communicable disease must not be exhibited at, nor brought to fairs.
2. At least seven days before an exhibition of livestock, the buildings and yards shall be thoroughly cleaned of all manure, litter and unused hay and straw. Following such cleaning, all structures shall be thoroughly sprayed with an approved disinfectant. After cleaning and disinfection, no livestock shall be placed in such pens until admitted for exhibition.
3. All livestock from other states, provinces or countries must be accompanied by an official interstate health certificate approved by the livestock sanitary official of the state of origin. Such animals shall meet Michigan requirements for importation into Michigan.

CATTLE

Cattle may not be exhibited from a quarantined premise or a quarantined area except upon permit from the Director of Agriculture or his authorized agent.

(Please turn to page 4.)

(Continued from page 3.)

All cattle must be identified by ear tag, tattoo, or registration number.

Cattle from other states, provinces or countries must be accompanied by an official interstate health certificate approved by the livestock sanitary official of the state of origin certifying that the animals meet Michigan requirements for importation.

OUT OF STATE FEEDER CATTLE

Feeder cattle originating in other states being held in quarantine on feeder permits may qualify for exhibition in the following manner:

1. Steers must pass a test for tuberculosis and shall have been removed from the feed lot and held separate from the quarantined feeders after having been tested. Such steers must be accompanied by copy of test chart ADE Form 22.

2. Male and female feeder cattle must be tested for tuberculosis within 90 days of opening day and animals over one year of age must pass a test for brucellosis within 90 days of the opening day of the fair or exhibition and shall have been removed from the feed lot and held separate from the quarantined feeders after having been tested.

3. All cattle to be eligible for awards will be shown in the ring at halter in a manner prescribed by the judge.

SWINE

Requirements provided in Michigan Department of Agriculture Regulation No. 117:

1. All swine for exhibition must be free from infectious and contagious disease.

2. Native swine are not required to be vaccinated against hog cholera.

3. No swine shall be presented for exhibition purposes which have originated from any garbage feeding premise or that are in a quarantined area for the prevention of the spread of vesicular exanthema; or if a quarantine is on the premise for any reason (except upon a permit from the Director of Agriculture or his authorized agent.)

POULTRY

Requirements provided in Michigan Department of Agriculture Regulation No. 133:

1. Feed and water container provided for exhibition coops shall be new or properly cleaned.

2. Feed or water containers from which birds have eaten or drank must be refilled so as not to contaminate the common supply of feed or water. Feed or water containers may not be removed from the exhibition coops except for the purpose of cleaning.

3. Exhibition coops must be thoroughly cleaned and disinfected both prior to and following such exhibition.

4. Exhibition coops must be so

STATE OF MICHIGAN  
WILLIAM D. MILLIKEN  
GOVERNOR  
LANSING

TO FAIR VISITORS AND SPONSORS:

Welcome to the fair. Nowhere else can you get so much information, education, and fun so close to home at such low cost.

Michigan's 86 4-H and agricultural county fairs are more than fairs. They're showcases for the horticultural, educational, mechanical and artistic skills of Michigan residents, regardless of age.

Don't miss seeing the exhibits of all the good things growing in Michigan. Michigan farmers produce more than 50 important crops which help to feed the people of our state, the nation and the world.

As Governor of Michigan it is a pleasure to welcome you to the 1956 fair. I hope you find enjoyment and a renewed appreciation of Michigan's great agricultural resources.

Sincerely,

*William D. Milliken*  
Governor

LANSING, MICHIGAN 48906

TO FAIR VISITORS AND SPONSORS:

The local fairs offer a fine opportunity for all citizens to see Michigan agricultural products and gain knowledge about agriculture, Michigan's second largest industry.

Increased efficiency by American farmers in the last ten centuries has made us the best-fed nation in the world. No other country has the immense food production capacity of the United States.

Agriculture is more than fertile soil, fresh air and country sunshine. It's a rewarding life of hard work and hard effort, the kind of spirit that built our nation. In the 1950's let's enrich our agricultural accomplishments, problems and opportunities, and develop a greater appreciation for this outstanding industry.

In behalf of the Commission of Agriculture and the Michigan Department of Agriculture, let us be glad to welcome you to your county fair.

Sincerely,

*Dean Priggen*
