

# Short Term Improvement Slated for US-23, but Major Work Stymied

HONOR STUDENTS at Hale Area School are, from left, William F. Denstedt and Gail J. Lesneski, covaldictorians, and Timothy J. Lesneski, salutatorian.

## Honor Students Named at Hale A. High School

Covaldictorians for the 1980 graduating class at Hale Area High School are announced this week by Robert McDonald, principal.

William F. Denstedt and Gail J. Lesneski, both with grade point averages of 3.88, are covaldictorians. The salutatorian is Timothy J. Lesneski, who has a grade point average of 3.82.

The son of Mr. and Mrs. Samuel J. Denstedt, William is a member of the school band, has served as class officer, participated in solo and ensemble festivals, is a member of the local chapter of National Honor Society, attended Wolverine Boys State, is listed in Who's Who Among American High School Students and serves as president of the senior trip club.

He was a finalist in the Michigan Competitive Scholarship program and plans to study law at Michigan State University.

Gail is the daughter of Mr. and Mrs. Robert Tamplin. She plans to major in music at Michigan State University and then attend the Cleveland Institute of Music.

She has competed in state and district solo and ensemble festivals, has received first division ratings for the past three years and was first chair oboist in the all star band, was first oboist in the 1979 Michigan Honors Orchestra and toured Europe in 1978 as first oboist with the Blue Lakes Fine Arts Symphony Orchestra.

She is a member of the National Honor Society, is listed

in Who's Who Among American High School Students, served as class secretary during her junior and senior years, was a Michigan Competitive Scholarship finalist and has received an academic and music scholarship to MSU.

Timothy, the son of Mr. and Mrs. Robert Lesneski, has been accepted at Ferris State College and plans to become a pharmacist. He is a member of the National Honor Society, is listed in Who's Who Among American High School Students, lettered in basketball, football, baseball, and track and was captain of the varsity football, basketball and track teams. He was named to the all conference football team. He has served as a class officer.

Communications between State Rep. Tom Alley and the Michigan Department of Transportation indicate that nearly three-million dollars worth of short-term improvements are scheduled for US-23 in 1980 and major improvements are slated north from M-65 through Iosco County, with letting in 1986.

A letter from the department of transportation dated February 21 indicated, however, that while businessmen, community leaders and concerned citizens are asking that something be done to improve capacity and safety on US-23, "there is not agreement as to what the nature of these improvements should be."

That fact was borne out at recent hearings held in the region

where opposition was voiced to widening the existing highway to four lanes; others testified at those hearings that the highway should be widened and other community leaders felt that widening was needed, but emphasized that bypasses should be provided around populated areas.

The state's letter to Representative Alley said that federal-state requirements and public involvement processes have added to the planning study time period. What used to take eight years now may take up to 12 years, not including possible court litigation.

The segment of US-23 from Standish to M-65 is currently scheduled for construction in the mid-1980s. Traffic volumes

indicate that a freeway-type facility will be required. Two study corridors for a new facility have been established, one staying south of existing US-23 and the other crossing US-23 northeast of Standish, continuing north to Omer to M-65.

Department route location engineers are currently studying various highway alignments within these two corridors. Following this, social-economic and environmental studies will be required for each alignment for comparison purposes and to determine positive and negative impacts on the area.

It is anticipated that a public hearing will be held some time in 1980 to present these findings to the public and obtain their impact.

Regional system studies indicate that major improvements to US-23 would be required from the Oscoda-AuSable area south to Standish and minor improvements would be adequate from the Oscoda-AuSable area north to Alpena.

It is anticipated that the minor improvements can be implemented along the existing roadway. This concept follows the transportation commission's policy regarding management of the existing highway system and is in keeping with the Michigan Action Plan and federal requirements mandating that all feasible minor alternatives be implemented before a commitment is made to a major capital-major impact improvement.

While these project studies

are on-going to determine a final recommendation for US-23, maintenance type improvements are scheduled. Nearly \$3,000,000 worth of improvements are scheduled for US-23 in 1980. Resurfacing, joint repairs and three-foot hard surface shoulders added to both sides of US-23 will take place on nearly all of the rural mileage in Arenac and Iosco Counties.

The report said that the addition of the three-foot shoulders would provide an added safety factor for motorists. In addition, nearly \$300,000 would be spent on widening to five lanes in Oscoda between Evergreen and Skeel, including intersection improvements to Skeel Road which serves Wurtsmith Air Force Base.

## East Tawas Dock Gets Federal Grant

A federal grant of \$165,000 to help repair and expand the 1,310-foot Michigan Waterways Commission Dock at East Tawas was announced today by Gov. William G. Milliken. The local project was included in federal grants totaling \$634,533 received by Michigan communities.

The federal grant will help finance part of an improvement that will more than double boat docking capacity to 126 slips.

The project, which will cost 1.219-million dollars to complete, is expected to add more than \$2,000,000 in additional tourism spending annually to the local economy.

It is also expected to help attract a private sector investment of 1.8-million dollars for a new 58-room quality motel and restaurant and improve sport fishing accommodations in the area, said the governor.

In addition to the above project, grants were awarded construction of an airport road at Grayling, a new water system for downtown St. Ignace and a tourism personnel training program at Traverse City.

The funds were approved by the Upper Great Lakes Regional Commission at its meeting held Tuesday in conjunction with the National Governors' Association annual winter session at Washington, D.C.

Governor Milliken said the grants "were aimed at bolstering the state's tourism industry at a time when it was particularly concerned with mounting gasoline prices and a below-average winter season resulting from unusually warm weather conditions."

In addition to the tourist-re-

lated grants, the commission approved a request made by Milliken to provide funds for a program to train local officials in economic development skills in the 14-county area of Northeast Michigan. Also approved were funds for a feasibility study to expand the Menominee water system by linking it to Marinette, Wisconsin, its cross-border neighbor.

## East Tawas Studies New Planning - Zoning Proposal

A proposal to prepare a new master plan and zoning ordinance made by an Ann Arbor firm has been taken under advisement by a special committee appointed by the East Tawas Council.

Serving on that committee are members of the city's finance committee, the superintendent of public works, city clerk and members of the planning commission, who are to evaluate the proposal and make a recommendation shortly to the council.

A proposal to conduct the work at a cost of \$8,000 by Ayres, Lewis, Norris and May, Incorporated, was made Monday night.

Donald Wortman, a member of that firm and remembered locally for preparation of an outstanding plan for the Newman Street business district and waterfront area as a master thesis at the University of Michigan, said that a number of deficiencies exist in the city's present zoning ordinance which would require modification.

The Ann Arbor firm presently is in the process of revising Baldwin Township's master plan and zoning ordinance and information currently being gathered for that work could be coordinated with East Tawas to provide a saving to both units.

The last plan for Baldwin Township and East Tawas was completed in 1967 and it is generally believed that the plan is outdated and does not reflect the modern needs of the community.

In other business Monday night, the council accepted the low bid of Peoples State Bank of an eight percent interest rate to be charged on \$105,000 worth of

water supply system revenue bonds. Total net interest during the life of the bond issue from 1980 to 1988 would be \$57,800.

The low bid of \$5,979.16 entered by Schreck Lumber Company for furnishing materials to construct a new ceiling and insulate the city garage was accepted. Work is to be performed by the city crew.

Other bids received included Schaaf Lumber Company, \$6,050, and Bernard Lumber Company, Hale, \$7,124.30.

With City Mgr. Lowell Thomas serving two weeks duty at Washington, D. C., as an air force reservist, Monday night's meeting of the Tawas City Council saw only limited action.

City Clerk Rachel Sue McCready reported that the city had received excellent response to rental of city-owned cottages adjacent to the city hall. Damaged water pipes has resulted in considerable work by the city to get one or two units ready for occupancy.

She said that the former Adamek dwelling had been cleaned and prepared for occupancy, but the house is being reserved in case it is needed for the location of a temporary library.

It was reported that a public hearing on special use of the Rollin building for auto body shop purposes has been postponed at the request of the owner until April 17. The building presently houses two city fire trucks and the library.

## Baldwin Bd. to Consider Appointment

Baldwin Township Board is to give consideration at its March 10 meeting to the appointment of an interim supervisor to fill the vacancy of the late Richter Lixey, who filled the position for the past 16 years.

Frieda Rempert, township clerk, said that state statute provides that the township has 45 days in which to fill the vacancy. The supervisor serves as clerk of the tax board of review which meets March 4, 5, 10, 11 and 12.

She believed that a person other than the supervisor could be appointed to serve as clerk of the board of review. The township clerk normally acts as the presiding officer at township board meetings during the absence of the supervisor.

A supervisor appointed by the township board would serve until December 31. June 3 is the deadline for filing nominating petitions for the August primary election.

## Tawas City Council Held Brief Meeting Monday Night

With City Mgr. Lowell Thomas serving two weeks duty at Washington, D. C., as an air force reservist, Monday night's meeting of the Tawas City Council saw only limited action.

City Clerk Rachel Sue McCready reported that the city had received excellent response to rental of city-owned cottages adjacent to the city hall. Damaged water pipes has resulted in considerable work by the city to get one or two units ready for occupancy.

## Iosco Proceeds to Apply for County Airport Funds

Authorization to proceed with federal and state applications for a \$291,152 runway expansion and modernization project at the county airport was given Thursday by the Iosco County Board of Commissioners.

The project calls for a \$99,033 contribution from the county, which is to come from federal revenue sharing funds received by Iosco.

The commission petitioned the Michigan Aeronautics Com-

mission to provide \$35,000 from the state aeronautics fund to assist the county on a 50 percent matching basis to extend the runway 1,500 feet by 75 feet at the west end. This project includes a turn around and medium intensity lighting.

The commission also petitioned the state for a \$50,000 loan to assist the county in financing Iosco's share of the total project. The federal government is to pay 90 percent of the

project's total cost, while the state and county each contribute five percent of the cost.

Webb said the county was looking to pay off its share of the project over a 10-year period. The resurfacing project is not expected to be completed for another two years.

Webb said that extension of the runway should result in increased air traffic at the airport, helping to generate more receipts from users.

## 21st Consecutive Tawas Band Gets 1st Rating

Tawas Area Symphonic Band participated in the District IX Band and Orchestra Festival of the Michigan School Band and Orchestra Association Saturday, March 1, at Gladwin. For the 21st consecutive year, the Tawas band received four ones for an over-all first division rating.

A first division rating is defined, in part, as "an unusually high standard of performance and musicianship... worthy of the distinction of being recognized as a first place winner."

A 1 rating makes the band eligible to participate in the

State Festival which will be held Saturday, April 26, at Traverse City.

Bands from Alcona, Pinconning, Oscoda, Clare, Houghton Lake, Harrison, Standish-Sterling, Ogemaw, Beaverton, Gladwin, Roscommon, Mio-AuSable, Arenac-Eastern, Atlanta, Hillman, AuGres-Sims, Hale, Whittemore-Prescott, Farwell and Tawas participated at this site of the festival.

At the festival, bands compete against set standards which vary slightly between classes of schools. Each band

performs three numbers before three judges, then sight reads two selections before a fourth judge. Tawas received three 1 ratings from the concert adjudicators and a 1 from the sight reading judge for an overall first division rating.

There are a combined total of 32 categories which the judges adjudicated each band. Tawas received one B and 31 A gradings.

The band played "Knights-bridge March," "Italian in Algiers" and the required selection, "Satiric Dances."

Judges and some of their comments were: Carl Gippert, "Directors do not come any finer than yours. Well trained band. I enjoyed listening to you, it was a pleasure." Robert Storey, "You have many excellent individual players but more importantly you have a band that plays together as one. Congratulations on a fine performance." Robert Brown, "I enjoyed hearing you." Richard Jensen, "A nice appearing and well-trained band. Keep up your excellent work."

## Critical Millage Proposals Face Oscoda School

A critical election for Oscoda Area Schools—possibly the most important since 1974—is to be held Monday, March 31.

Three different proposals will go to voters of the district:

1. An operational levy of 12.85 mills, which includes 10.3 mills of renewed taxes;

2. An operational levy of 1.18 mills specifically designated to reopen the Glennie Elementary School, restore, the seventh period in the high school and restore seventh and eighth periods in the junior high school;

3. A \$250,000 bond issue to renovate the Oscoda Elementary School to meet requirements of the state fire marshal. This would be paid off in a period of five years and would require one-half mill the first year, re-

ducing in proportion to the valuation growth.

At the present time, the district has an operational levy of 19.55 mills and one-half mill for debt retirement.

Following defeat for the second time of a three-mill operational request last August, the board of education was forced to close the Glennie Elementary School and eliminate the additional periods which would be restored if approval is given now by voters.

The Oscoda Elementary School, constructed in three different phases during the 1920s and 1930s, is structurally and architecturally sound but stairwells must be closed to meet safety ratings.

## Mayor Believes County Should Aid East Tawas With Apartments

Continuation of a project to construct a new high-rise apartment building for senior citizen housing at East Tawas may require some additional local participation and Mayor Robert Bolen is of the opinion that additional financial help should come from the county at large.

East Tawas voters recently passed a 1.7-million-dollar general obligation unlimited tax bond issue pledging the full faith and credit of the city in retirement of the bonds. The money is to be repaid over the next 30 years through a guarantee from the Department of Housing and Urban Development (HUD) of \$200,640 annually.

When construction bids were opened two weeks ago, however, it was found that the lowest bid exceeded present financing by approximately \$90,000.

The city housing commission's architect is currently studying proposed plans with bidders in an effort to reduce the over-all cost of the project.

Mayor Bolen said Monday night that a survey of the 111 senior citizens who have made applications for the 44 one-bedroom apartments revealed some extremely interesting information. Of the total number of applications, 36 were from East Tawas residents, 62 applications came from residents in other areas of the county and 13 came

from out-of-county residents.

"The city has taken on the major responsibility of financing and administering this important project as well as to provide three lots which will go off the tax roll. The entire project could 'go down the tubes' if East Tawas does not receive some local help and I believe that should come from the county because of those 62 applications from other areas of Isosco," said Bolen.

Bolen pointed out the importance of this new high-rise, five-story apartment building. He said that the present Bay Park Tower provides the only senior citizen housing in the county which is based on the tenants' ability to pay.

The new apartment building would be almost identical to Bay Park Tower, which has been commended as one of the best located senior citizen housing projects in the state. That building and the site of the proposed new structure is located within easy walking distance of the shopping center, post office, municipal buildings, city park, county museum, theatre and other service centers.

Bolen felt that other local governmental units should realize the need for this new housing project and suggests that it would be in the best interest of the entire county to assist East Tawas in the project.

## Two Business Changes Listed in the Tawas

Two business changes in the Tawas are announced this week by Robert Richter of Arliss Woodward Real Estate Agency, East Tawas, who handled the listings and sales.

Joanne Moss and Mary Demham of East Tawas have purchased Schmidt's Store on Newman Street from William Schmidt, while Paul West, formerly of Detroit, has purchased Lad's Padd in Tawas City from L. G. McKay.

The new owners of Schmidt's have selected the name, The Pier, for their gift and party store, grill and delicatessen business. Future plans call for decorating the interior in a motif to compliment Tawas Bay and the Michigan Waterways Commission Dock.

Mrs. Dunham has closed her Backroom Party Store, formerly located in Scoot's Small Mall, and has incorporated it into the

new business. Mrs. Moss has 17 years of experience as an employee of Keiser's Drug Store in Tawas City.

The state SDD and SDM license located in the store is to be continued and Mrs. Dunham said that plans call for one of the finest wine takeout selections in Northern Michigan.

Schmidt owned the business for 15 years, having purchased it from the late T. S. Dimmick. West comes here after 21 years as a printer-pressman for the Daily Sports News at Detroit, publisher of racing forms. He has owned property for the past two years in Arenac County and makes his home at Point Lookout.

The bar has been renamed The Padd. The business, formerly known as the Isosco Hotel, was purchased by McKay in August 1975 and opened as Lad's Padd on October 7, 1975.

## T. City Officials to Review Application for River Funds

Representatives of the city council and city planning commission have been invited to a special meeting of the Tawas City Parks and Recreation Board to discuss a finalized draft for a recreation plan and river mouth site plan in conjunction with preapplication for federal-state development funds.

This plan is due March 15 and the parks and recreation board, along with City Mgr. Lowell Thomas, have coordinated efforts with John Beckett, Ann Arbor consultant hired to prepare the final draft.

Carl Babcock, a member of the parks and recreation board, reviewed the plan briefly at Monday night's council meeting. He emphasized that although

time was getting short for submission of the application, documents to be submitted were only preliminary and that revisions could be made at a later date.

Babcock said that information gathered during previous applications for assistance at the river mouth was being coordinated with the latest information developed by Beckett and a recent public survey conducted by the parks and recreation board.

He said that the latest survey indicated that local citizens gave high priority to development of the river mouth and improvement of facilities at the city park.

Although a variety of ideas may be held by parks and rec-

reation board concerning the route the city should take to develop the river mouth, Babcock said the general feeling expressed by the board two weeks ago was that the river mouth should be a multiple use recreation area.

Earlier, the city had concentrated its efforts toward obtaining state funds for development of a boat launching site there, but two past applications have proven failures. Babcock said that development of a new boat launching ramp at East Tawas by the state could be the reason.

He brought out one major point emphasized by Beckett that the mouth of the Tawas River is the first point where motorists traveling along US-23

can get a good view of Lake Huron and that the city should present its best face at that point.

Multiple use of the city-owned property on the east side of the river, said Babcock, could include a green area as a park, benches, limited vehicular parking and major emphasis on pier or riverside fishing facilities.

Although he said that final action next Wednesday on the preliminary draft may not rule out boat launching facilities at the mouth, it was generally felt by the parks and recreation board that the city's present boat launching facility off Ninth Avenue and upstream from the US-23 bridge was presently adequate and could be improved.

The present boat launching area is located on property leased from the Detroit and Mackinac Railway and has gradually been expanded and improved since the mid-1960s.

Babcock said the important thing was to receive assistance in the stabilization of the river mouth with a breakwall and proper engineering to insure that any pier constructed would help to remedy the current silting problem at the river mouth.

He said that the Ann Arbor consultant had developed a number of innovative ideas concerning future development which should prove interesting to those attending the meeting.

"The mouth of the Tawas River is a valuable asset to the city," declared Babcock.

In addition to a review of the final draft on the river mouth project, Beckett is to present the results of his shoreline survey, possible alternatives for route locations of US-23 to provide areas for public and private expansion and a presentation on land use zones along US-23.

The meeting is to be held at the city hall Wednesday, March 12, 4:00 p. m.

## this... that and the other

Mr. and Mrs. Lyle Joyce returned to Tawas City from a three-month vacation at their home at St. James City, Pine Island, Florida.

Thomas Greene was home from Alpena Community College to spend the week-end with his parents, Mr. and Mrs. Russell Greene of East Tawas.

Mr. and Mrs. LeRoy Etzel and daughter, Gloria, of Ann Arbor were week-end guests of Meta Laedick of Tawas City.

Mr. and Mrs. Bernard Belanger of East Tawas were honored on the occasion of their 25th wedding anniversary Tuesday, February 26, at the Ypsilanti home of their son and wife, Mr. and Mrs. Bernard Belanger Jr. Cohosting the event was the couple's daughter, Sylvia Belanger.

Mr. and Mrs. Arnold Hobach of Tawas City spent Friday in Bay City on business and Saturday, they visited their son and wife, Mr. and Mrs. Gerald Hobach of Saginaw.

Mrs. Ada Fitzpatrick has returned to East Tawas from Detroit where she spent the past several weeks with her daughter, Mrs. Beverly Halton, and other relatives and friends.

Mr. and Mrs. Irvin Ruppert of Tawas City returned home Friday from Illinois where they had attended the funeral of his brother-in-law.

Stanley J. Humphrey is on vacation from Northern University, Marquette, and is visiting his mother, Mrs. Mary Humphrey of East Tawas. Here for the week-end were his brother, Gary, and daughter, Jill.

Kenneth May of Tawas City was one of 12 students named to the dean's list at Wurtsmith Air Force Base campus of Alpena Community College.

One day last week, Mr. and Mrs. Rupert Charters of East Tawas were in Petoskey with his brother, Roy Charters, and wife of Hale. They went to the Burns Clinic where Roy received medical attention.

Mr. and Mrs. Paul Sayles of Tawas City were in Washington, D. C., over the week-end to visit his sister and husband. They were accompanied by his mother, Mrs. Alice Sayles, who will remain for an extended visit.

Mrs. Fred Pettibone has returned to her East Tawas home after spending a week with her daughter and husband, Mr. and Mrs. Kenneth McLean of Romulus. Mr. Pettibone drove down for the week-end and brought her home.

## Baptized at Zion Lutheran

Christie Lynn Cano, daughter of Mr. and Mrs. James Cano of East Tawas, was baptized Sunday, March 2, at Zion Lutheran Church, Tawas City. Sponsors for the infant were Mrs. Michael Herrick and Roberta Richter. The Rev. Bernhard Kube officiated.

A family dinner was served Saturday evening at the home of the maternal grandparents, Mr. and Mrs. Robert Richter of East Tawas.

Mr. and Mrs. Melbourne Metcalf, Janet and Richard of East Tawas were in Grand Rapids on Saturday to spend the day with Sheryl Metcalf, who is employed there. Richard, who attends Michigan Technological University, Houghton, spent the week at home during semester break.

Beryl Salisbury has purchased the Kennedy Bakery on Newman Street, East Tawas and will move the Book-Nook there.

Donna LaCombe of Tawas City recently attended a seminar at Bay Valley Inn where she learned the latest European techniques in hair cutting and permanent waves.

## Head Iosco Campaign for Bush

George Prescott and Elizabeth Rosenberg have been named co-chairmen in Iosco County for the George Bush for President Campaign. Their appointment was announced this week by Donna Doule, cochairman for the 11th Congressional District.

As chairmen, they will work with Republican and independent voters who support George Bush, directing and coordinating activities in their county.

Prescott has devoted 32 years to public service, 12 years of which were in the legislature. Mrs. Rosenberg, an active Republican for many years, has been involved in several campaigns. She understands grass roots politics, having been a precinct delegate and going on to the national convention.

A steering committee is being formed for Bush and members will be announced in the next two weeks. Any area citizen interested in the candidate may call 362-8018.

## Nancy Hennigar Sells State Features to Japanese

An East Tawas native is a one-woman chamber of commerce, whose job is selling Michigan to Japanese industrialists as a good place to live, play and do business.

Nancy Hennigar, director of Asian operations for the Michigan Department of Commerce, Office of Economic Development, is the daughter of Mr. and Mrs. Joseph Hennigar of East Tawas. She is a graduate of Tawas Area High School.

In a Detroit Free Press interview Sunday, Miss Hennigar was described as having a lot going for her: Knowledge, professionalism, charm, an abiding love for her native Michigan and an ability to speak what one Tokyo native called, "perfect Japanese."

"She needs all those attributes in the high-stakes, cutthroat fight to recover some of the Yankee dollars that find their way to Japan because of American fondness for Japanese autos, television sets and other goods," stated Ralph Orr, Free Press labor editor.

Five other states have offices in Tokyo and more are coming.

## CHICKEN "KARI" IS SPICY DINNER DISH

The word curry is an anglicized version of the South Indian word, "kari," meaning sauce. In India the housewives blend their own curry flavorings by powdering dried spices—six or more usually—to make their many sauced dishes. Here in America we can buy curry powder already blended, which certainly simplifies the procedure. Curried Chicken With Tomatoes is a lusciously sauced dish, made easily, yet special enough for company. Browned chicken pieces are sauteed with curry powder to develop the flavor. Crushed whole tomatoes are added with onion flakes, salt and pepper, and the "kari" is simmered until the chicken is tender. It's lovely with rice and a spinach or cucumber salad.

### CURRIED CHICKEN AND TOMATOES

- 2 tablespoons salad oil
- 3 pounds chicken parts
- 2 tablespoons curry powder
- 2 cans (16 oz. each) whole tomatoes, crushed
- 1/4 cup onion flakes
- 1-1/4 teaspoons salt
- 1/8 teaspoon ground black pepper

In a large skillet heat oil until hot. Add chicken; brown on all sides. Drain and discard fat. Sprinkle curry powder over chicken; saute for 2 to 3 minutes. Add tomatoes, onion, salt and black pepper, spooning mixture over chicken. Simmer, covered, until chicken is tender, about 45 minutes. Serve with steamed rice, if desired. Yield: 4 portions.

The competition is getting fierce.

One of the things that Miss Hennigar has to fight in selling Michigan to the Japanese is the cold weather of this state. Tokyo's climate is moderate, snow is rare and the temperature seldom dips to zero. She combats Japanese fears with tourist brochures showing Michigan's forests in their fall raiment, lakes on a summer day and even the ski slopes.

"I am accustomed to Michigan's four seasons and I sell them hard. I tell them that we are prepared for snow because we have good snow removal equipment," she stated.

For all the Japanese concerns, Michigan is not alien territory for the Japanese. The 15 Japanese-owned enterprises and two joint ventures already in

the state employ more than 2,300 workers.

Miss Hennigar has held her post in Tokyo only since last July, but she is no stranger to Japan. Before that, she spent two years with a Tokyo public relations firm.

She earned two degrees at Michigan State University and later studied the Japanese language and culture at Yale.

Besides putting the best face on Michigan for Japanese businessmen considering US operations, she goes to bat for Michigan firms courting Japanese customers.

She receives one furlough to the United States each year and is to return to Michigan in May, just in time for the change in seasons she is sure the Japanese would like if they would only try.

The David Ballinger family of Brighton enjoyed the weekend with his parents, Mr. and Mrs. William Ballinger, returning home Monday. Former residents, Mr. and Mrs. Reno Krumm of Felton, Delaware, were joined by his sister, Meta Krumm Novak of Auburn, on a trip to Pennsylvania, New Jersey, where they visited their cousin, Albert Krumm, and his wife. They had not seen each other in over 60 years.

Shirley Nelkie, daughter of Mr. and Mrs. Russell Nelkie, was among students at Michigan State University College of Agriculture and Natural Resources to attend the college's annual awards banquet at the Kellogg Center for Continuing Education. Majoring in animal husbandry, she won the 1979 MSU meat judging award for hard work and dedication in placing fourth or higher in every contest.

# Worcestered Patties A Treat For Brunch

British Cheese Patties are a lovely concoction of Swiss and Cheddar cheeses, egg yolks, scallions and parsley which are formed into cakes, dipped in a bread crumb mixture, and sauteed very much like our hamburgers. The English know them as Glamorgan Sausages. And they season them, of course, with their own original Worcestered sauce for true piquant flavor. They serve them as an hors d'oeuvre, savoury or meat accompaniment. We think they'd be delectable for brunch—served with broiled tomatoes and bacon.

## BRITISH CHEESE PATTIES

- 1 teaspoon dry mustard
- 5 teaspoons water, divided
- 4 cups soft bread crumbs, divided
- 2/3 cup grated Swiss cheese
- 2/3 cup grated Cheddar cheese
- 1/4 cup minced scallions (green onions)
- 4 teaspoons chopped fresh parsley
- 1/4 teaspoon ground black pepper
- 4 eggs, separated
- 2 tablespoons plus 2 teaspoons original Worcestershire sauce
- 1/4 cup salad oil

In a small bowl combine mustard with 1 teaspoon water; set aside for 10 minutes to develop flavor. In a large bowl combine 2 cups of the bread crumbs with Swiss cheese, Cheddar cheese, scallions, parsley, black pepper, reserved mustard, egg yolks, Worcestershire sauce and remaining 4 teaspoons water. Divide mixture into 12 equal portions; form each portion into a patty. In a shallow bowl lightly beat egg whites. Place remaining 2 cups bread crumbs into another bowl. Dip each patty into the egg whites, then into the bread crumbs, coating thoroughly. In a large skillet heat oil until hot. Add patties; brown on both sides, about 5 minutes. Serve with broiled tomatoes and bacon, if desired. Yield: 12 patties.

# THE AFTER-SCHOOL COOKIE

Cookies are a delicious reason for scurrying home from school. Among the varieties of cookies are those in the drop-from-a-teaspoon category—Coconutty Chocolate Gems, to be specific. Who can resist these scrumptious flavors of rich semi-sweet chocolate, peanut butter and flaked coconut? The recipe makes 3 dozen appetite-appealing cookies, well worth the small amount of time they take to make.

## COCONUTTY CHOCOLATE GEMS

- 3 squares Baker's semi-sweet chocolate
- 1/4 cup peanut butter
- 1 cup sweetened condensed milk
- 1 teaspoon vanilla (optional)
- 1/4 teaspoon salt (optional)
- 1-1/3 cups (about) Baker's Angel Flake coconut

Melt chocolate in saucepan over very low heat. Add peanut butter and stir until smooth. Remove from heat; add milk, vanilla, salt and coconut and mix well. Drop from teaspoon onto well-greased baking sheets. Sprinkle with additional coconut, if desired. Bake at 350° for 10 to 12 minutes. Remove from baking sheets while still warm. Cool on racks. Store in a tightly covered container. Makes 3 dozen cookies.

# 200 million reasons to answer the Census.

People The Census is about, by and for you, all of you, all the people of this country. That's how it's been since 1790, when the first Census painted a picture of the country's population to help guide legislation. Legislation that helped people.

It's especially important to answer the Census because it is the data-gathering tool which helps assure each area of fair representation in Congress. Unless you answer the Census, unless you are counted, your area may not get the fair government representation it needs and deserves.

Now, almost 200 years later, the Census is

helping people more than ever. Census information is used in allocating over \$50 billion in government funds every year. These funds go to developing new job programs, building new schools, parks, hospitals, day care and nutrition centers, and many more important programs.

Nobody can use your census form to get information about you. Nobody. That's not just a promise. That's the law.

So please, when you get your census form in the mail, take the time to fill it out and return it. You'll be helping yourself, your community, your country.

## LETTERS TO THE EDITOR

Dear Editor:  
I am proud to have been one of the 10 businessmen who started the development of Baldwin Centre (then Tawas Centre) back in the mid-50s. We held monthly meetings at Mulvena Truck Lines, where the original name, Tawas Centre, was approved.

of about three people who would like a new office and a couple more who would like janitor and watchman work.  
We need a new business on that property to help the community, to pay taxes to the township and, hopefully, to employ more people. Even though it is in my front yard, I would welcome industry over a township hall. We do not need a "dead" dog now that we cannot afford to support.  
Our township hall is adequate now and the Iosco Sportsmen's Club is available at a low cost rental fee. If needed, in the future we can build a small hall in Baldwin Centre.

Many old faces have been replaced with new; many new businesses and homes have sprung up. I, myself, sold most of my front yard so Michigan Consolidated Gas Company would settle here as it was the only place feasible. It was a great loss to have them leave because they always watched my home while I was gone and in return I kept an eye on their property when they were not around.

So wake up and vote "no" on this foolish project, for the benefit of a few. Baldwin Centre should renew monthly meetings now after so many years.  
Robert (Bob) Trudell

But the greatest loss will be if Baldwin Township purchases that \$290,000 property. First in tax loss, then the cost of maintenance and utilities which must be a great expense. This, I presume would be to the benefit

Mr. and Mrs. William Richard on's children, James and Michelle, and grand-children, Suzanne and Eric, were weekend guests.  
Mr. and Mrs. Charles Collins spent the week-end in Clio celebrating her sister's 40th wedding anniversary.

## Iosco Delays Hiring of Inspector

With a slow building season anticipated due to the national economic picture, Iosco County Board of Commissioners Thursday tabled action on filling the vacancy of electrical inspector for the county building and safety inspection department.

Edward Sterling, department director, had requested the commission to appoint Lloyd Canute of Oscoda to fill the position now in order that he could be trained before the actual start of the construction season.

Commissioners felt that there was no need to rush the appointment at this time due to the slowdown in construction and that the department would just have to risk losing a potential employee.

## Sheriff's Dept. Complaints

Twenty-two persons were booked through the Iosco County Jail last week and the jail had 19 inmates Monday morning.

Complaints investigated by sheriff's department officers included five property damage accidents, three personal injury accidents, three persons driving under the influence of liquor, one person driving while license was revoked, four larcenies and two breakings and enterings.

Other complaints included one possession of marijuana, one arrest of a state hospital escapee, one warrant arrest, one arrest for obstructing an officer, one arrest for assault and battery, one malicious destruction of property complaint and five

complaints of bad checks. Russell R. Warmbrod, 78, Kenton, was treated Saturday at Tawas Hospital after being injured in a snowmobile accident in Section 16 of Oscoda Township.

Donald E. Olson, 44, Flint, was injured Sunday when his snowmobile hit a stump. He was treated at Tawas Hospital.

Other complaints were reported by Kevin Provoost, Whittemore, larceny of tools; Rafael Jaecques, Plainfield Township, breaking and entering of a cabin; Edward Davison, Section 12, Baldwin Township, breaking and entering of a house; Barbara Castonguay, Section 24, Sherman Township, larceny of a six-year-old horse.

### PUBLIC NOTICE

#### REGULAR MEETING - TAWAS CITY COUNCIL

February 18, 1980  
Meeting called to order at 7:30 PM at City Hall by Mayor Westcott.

Present: Pawloski, Upson, Westcott, Hayes, Keiser, Lansky, Martin. Others: Mgr. Thomas, Supt. Look.

Minutes of February 4 regular and February 14 special meetings approved.

Martin suggested installation of signs to slow traffic on First Avenue by ice rink and tennis courts.

Motion by Pawloski seconded by Hayes that Councilman Martin be excused from attendance at the next two meetings, as he will be out of town; carried.

Pawloski urged continued attention to completion of the demolition of the McKay building.

Motion by Keiser seconded by Pawloski that Mayor and Clerk be authorized to execute design contracts with Edmands Engineering for approach design, survey, alignment, etc., and with Brimhall Bridge Company for structural design of the two new bridges; roll call vote: unanimous yes.

Bob Krenn from Brimhall was present, and agreed to check in to the possibility of adding a cover to the bridge in the future.

Motion by Hayes seconded by Lansky to authorize Manager to proceed with arrangements for soil borings preliminary to the design; roll call vote: unanimous yes.

Considerable discussion followed on funding the City's share of bridge costs. Consensus was that City should finance through bonding, with some preference for a longer pay-off period, in order to take advantage of inflation and spread the cost over future users.

Bob Rollin appeared, stating that he is asking the City to vacate his building now being used as library and fire barn, by April 1. Consensus was that there is little the City can do

about it, since there was no written lease agreement. He agreed that the City might remove any materials added to the building by City in renovating it for use as a library. Mr. Rollin indicated he might extend the deadline to May 1.

Following discussion of the three-part report submitted under Urban Forestry Grant, resolution offered by Keiser, supported by Martin, that the following components of the Tawas City Forestry Program Update, 1979, and Urban Forestry Policy, October 1979, both prepared by Huron Consulting, be and are hereby adopted as the Forestry Master Plan for the City of Tawas City, and said plan shall be the general guide for forestry programs and tree planting and maintenance operations by the City whenever budgetary and manpower considerations permit, and when not in conflict with the Future Land Use Plan or other land use plans or programs accepted by the City: Long Range Goals, Short Range Plans, Plan of Action, Planting Operations, Landscape Maintenance Timetable, Transplanting Procedure, Care After Planting, Maintenance Practices, Landscape Maintenance Plan.

Roll call vote: unanimous yes. Mayor appointed a committee consisting of himself, Martin, and Lansky to study and reduce the scope of the proposed Tree Ordinance, with a view to make enforcement of policies possible through an ordinance.

Council was notified of Dawn Donuts' application for a new SDM license.

Motion by Hayes seconded by Lansky that Clerk McCready be appointed Acting Zoning Administrator during Manager's absence February 25-March 7.

Parks and Recreation Board will be asked to consider fee schedule for boat launch ramps, and make a recommendation to Council.

## AN AMERICAN SUCCESS STORY

PIONEERS IN TOTAL TRANSPORTATION

The truck trailer that brings in most of our food, clothing, textiles and appliances begins its second 65 years in 1915. So does the \$2-1/2 billion corporation that still bears the inventor's name.

The name is the same, but things have changed since 1914.

Then, nearly all roads were unpaved and, if you wanted to move something heavy, you hitched a team of strong horses to a wagon and hoped for the best. With luck, you might make 20 miles in a day. That was when Detroit blacksmith August Fruehauf invented the "semi-trailer" to haul a friend's boat behind a Model T Ford.

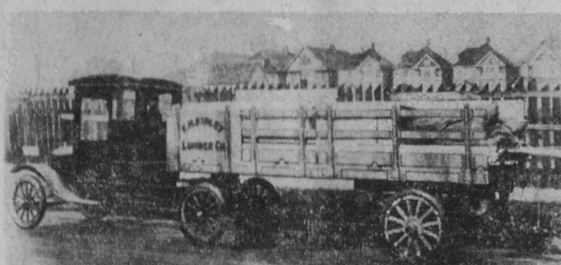

Fruehauf's success in harnessing automotive power propelled his blacksmith shop, the country, and the world into a new age of Total Transportation.

Now, trucks move what we need and want. In fact, more than 39,000 American communities—50 percent of all our cities and towns—depend solely on trucks to move their freight in and out.

The Fruehauf Corporation has been strongly oriented toward research and development since the days of its very first invention—the truck-trailer itself.

The first automatic trailer coupler, an economical tandem-axle trailer, and the lighter "frameless" van introduced in 1938 for heavier payloads are among Fruehauf innovations in the early years. And its modern management team—long-time board chairman and now executive committee chairman Bill Grace and president/chief executive officer Bob Rowan—has led Fruehauf to a world beyond its origin as the best blacksmith shop in Detroit.

Today, Fruehauf manu-

A NEW AGE—Getting America's goods to market was as important in 1915 as it is today. This "semi-trailer" used to haul lumber was one of the forerunners of today's modern truck-trailers.

In this age of Total Transportation, Fruehauf was a pioneer in "piggybacking" trailers on railroad cars, and in manufacturing trailer containers to speed America's products overseas.

Fruehauf's Paccoc subsidiary builds the giant cranes that unload those cargo and container ships in harbors around the world.

## Hale Eagles Defeat Mio in First Round of District

After losing to Mio Friday night, 56-50, to end the regular season of play, Hale Area Eagles knocked off the Thunderbolts Monday night in the opening round of the class D district basketball tournament at Hale, 62-45.

HALE AREA	FG	FT	TP	MIO	FG	FT	TP
Sanders	3	0	6	Blamer	5	0	10
Reed	12	9	33	Rizzardi	4	4	12
Lesneski	1	1	3	McIntyre	2	0	4

Deer	1	0	2	Boyer	2	0	4
Brindley	0	4	4	Bronscan	0	2	2
	24	14	62		18	9	45

The Eagles found their home floor to their liking and turned in a tremendous game, playing denial defense against the Mio squad. Except for the first quarter, the Eagles had command of the entire game and later in the fourth quarter opened their lead to 21 points.

Hale outrebounded the visitors, 38-31, and had better shooting percentages from the floor and from the charity lines. The Eagles hit the hoops at a 39 percent clip from the floor and made 74 percent of their shots from the foul lines. Mio made good on 25 percent of its shots from the floor and 50 percent from the foul lines.

Officials called 18 fouls against the Eagles and 19 against Mio.

The Eagles had two big quarters during the night, scoring 23 points in the second and 19 in the final.

Vern Reed had his best night of the season with 33 points on 12 field goals and nine foul shots. He also turned in seven rebounds and six assists.

Maynard Smith pulled in 15 rebounds to lead the Hale squad for an over-all outstanding team effort.

Action last night (Tuesday) saw Fairview meeting AuGres and the Eagles are to play Arenac Eastern Wednesday night. The championship game is to be played Friday night.

## Freshmen Won Two Games

Tawas freshmen hoopsters won two decisions over Ogemaw Heights last week, the "A" team winning, 68-43, and the "B" team coming out on the long end of a 66-53 score.

Chris Wojahn scored 14 points to lead the "A" team, followed by 10 points for Charles Elliott, nine points for Dan Mooney and eight points each for Rod Loeffler and Dan Moffatt.

John Tenbusch scored 14 points and led the "B" team. Steve Johnson was next with 12 points, while Pat Kaems and Rick Brown each scored 10 points.

It was the last game of the season for each team. The "A" team had an over-all record of nine wins and four losses and the "B" team's record was eight wins and five losses.

## TA Bravettes Win District

Tawas Bravettes were crowned district volleyball champions Saturday night following wins over three schools. The tournament was held at Clare High School.

The Bravettes won an exciting three-game match over Sanford-Meridian to take the district trophy. Tawas won the first game, 15-12, then lost the middle game, 11-15. The Bravettes came back to win the final, 15-8.

Jan Johnson was leading scorer with 10 points, followed by Donna Hughes' nine points and Kari Allen's eight points. Diane Erickson and Cindy Wood each turned in five points and Joyce Hatcher scored four points.

Hughes had 20 sets, Johnson turned in 15 spikes and Hatcher had two blocks.

The Bravettes earned the title shot by defeating the Whittemore-Prescott Cardinals, 15-7 and 15-3, followed by a win over the Clare Pioneers in three games, 15-5, 11-15 and 15-12.

Hughes and Wood were scoring leaders against the Cardinal with nine and eight points respectively, while Erickson and Hatcher had nine points and Johnson had 13 points to lead the way against Clare.

Hughes had 18 sets against Clare and Johnson turned in 19 spikes against the same school.

The Bravettes now compete in the regional tournament Saturday at Clare.

The Bravettes are scheduled to meet Merrill at 2:15 p.m. The winner of that round meets the winner of the Charles

Howard City game at 3:30 p.m. for the regional championship. The winner goes to the

final rounds of the state championship March 15 at Valley High School, Mt. Clemens.

## ENERGY ANSWER NO. 1

# Mich Con can help senior citizens pay gas bills.

## Just ask.

If you're 60 years of age or older and unable to pay your winter heating bills, let us know. You might be eligible for financial aid through a new program called the Senior Citizen Energy Assistance Program. It's Michigan Consolidated's way of helping senior customers pay their winter gas bills and avoid winter shut-offs.

Enrollment in the program is easy. We'll put you in touch with a Michigan Community Action Agency or an Area Agency on Aging. They'll see if you meet the income eligibility requirements. If you qualify for financial assistance, you could get help with your gas bills... and you won't have to worry about a shut-off this winter! So write or visit a Michigan Consolidated office.

Or better yet, go straight to one of the following agencies. And ask about the Senior Citizen Energy Assistance Program. Mich Con can make bill-paying easier... because we have the energy answers!

A new snowplow acquired by the Detroit and Mackinac Railway slightly more than a year ago has not seen any service this winter on its main line along the Lake Huron route, due to the extremely limited fall of snow.

This is not an unusual situation in the history of the railroad for Michigan's "snow belt" covers the northwestern and north-central portions of the Lower Peninsula, although the eastern shoreline is usually hit by one or two blizzards each winter and there is still the possibility that tracks could be plugged by a storm this winter.

Conditions during 1979-80 are quite similar to those of a century ago when the first railroad was founded in this region. In 1878, lumbermen constructed a narrow gauge railroad as an auxiliary means to move logs out of the pineries. For two straight winters, lack of snow had bankrupted many loggers, whose operations depended on sufficient snow to skid timber out of the forests using horsepower.

When there was no snow in the winter, there was very little water in the streams during the spring runoff period and area lumbermen operating on the AuGres River system depended on those streams to carry logs to Saginaw Bay.

Shortly after the tiny railroad from Tawas City to the AuGres River was opened into present-day Sherman Township, the winter of 1878-79 saw one of the worst periods of continuous blizzards in history and, due to the fact that it could not operate, the fledgling railroad was forced into receivership. After several reorganizations and extensions, the route eventually became known as the Detroit and Mackinac Railway.

A JORDAN SPREADER purchased by the Detroit and Mackinac Railway in the early 1900s is shown punching its way through drifted snow on the way to Cheboygan. This

unit actually saw only limited use because the eastern shore of Michigan rarely has more than one or two heavy falls of snow during the winter.

Periodic storms over the years have caused some trouble for railroad operations along the shore, particularly between Alpena and Cheboygan, but nothing of the magnitude of the 1878-79 season and certainly nothing in comparison to the storms which hit Western Michigan and the snow belt area of Ontario.

The railroad has used a variety of equipment to clear its route of occasional snow drifts, including makeshift plows and flangers operated by steam locomotives during its early history. Some of that specialized equipment was fabricated in its Tawas shop.

The railroad purchased a Jordan spreader in the early 1900s, which proved useful in removing snow from tracks as well as in maintenance of the roadbed. A number of pictures snapped during the winter of 1915-16 show

this unit in operation south of Cheboygan.

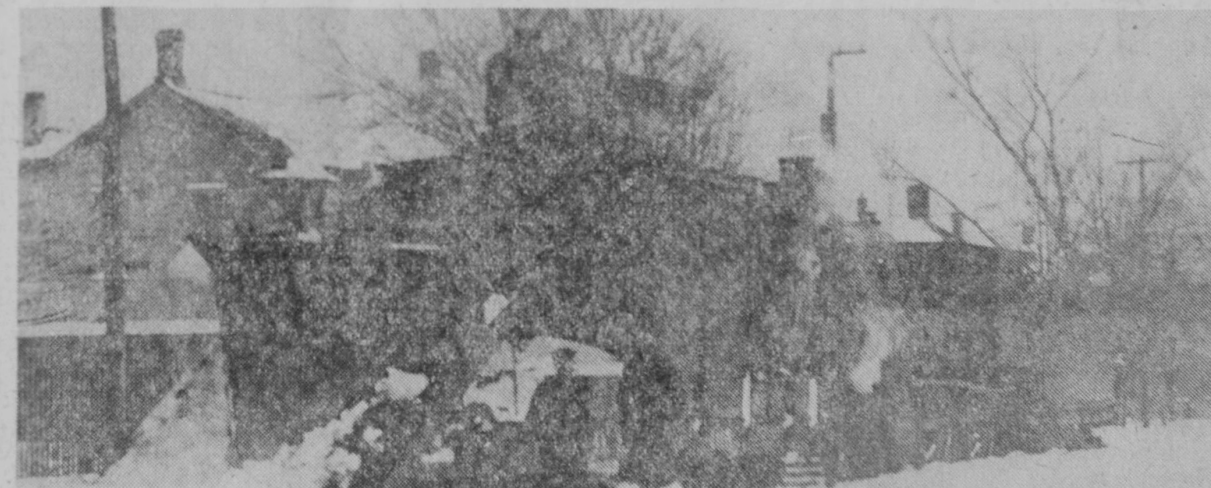

While snow has hampered the railroad's operations on only a few occasions in its history, a more serious hazard has been the threat of ice from Saginaw Bay being pushed across the tracks in the area above Bay City. One winter, a field of ice was pushed across the tracks causing a serious derailment. The fireman of a steam locomotive was scalded to death when the train left the tracks and the engine overturned.

In the old days, the engineer operating a railroad snowplow literally ran blind when it was necessary to punch through drifting snow. On a number of occasions, there was major damage to trackage when blowing snow blinded the plow operator and the flanger ripped out switches, crossings and other obstructions.

That hazard has been practically eliminated today as the trainmen are in constant radio communication with foremen preceding the plow at the head end of the train.

The big yellow snowplow seen on D&M tracks for the first time during the winter of 1978-79 was formerly owned by the Penn-Central and utilized on its route in the Gaylord area. Trackage south of Gaylord is now operated by the D&M on a lease basis and the former Penn-Central line from Gaylord to Cheboygan and extending north to Mackinac City has been purchased by the D&M.

The area north from Cheboygan usually is the hardest hit when "Old Man Winter" plays his tricks, but railroadmen are thankful that the volume of snow falling here causes only occasional problems in comparison to those encountered in Michigan's snow belt.

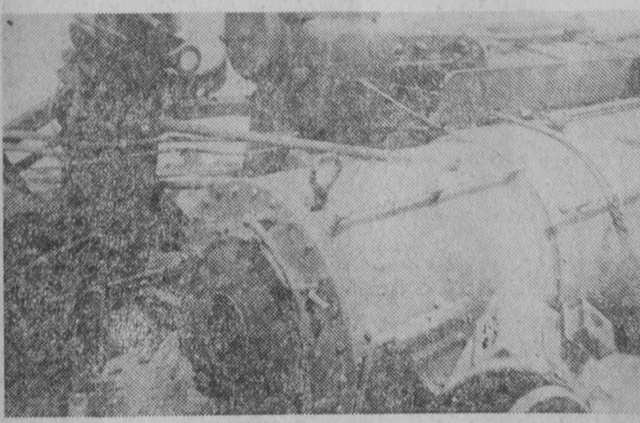

AN EARLY SNOWPLOW of the Detroit and Mackinac Railway pauses along Bay Street at East Tawas during track

clearing operations in the early 1900s. The plow had to be lifted at crossings or damage would result to the tracks.

BUCKING its way through a heavy snowdrift is this flanger powered by a Detroit and Mackinac steam locomotive.

STORMS along Saginaw Bay have disrupted railroad traffic. The fireman of this locomotive was killed when the locomotive overturned after hitting a field of ice pushed across the tracks near Bay City.

SMOKE billowing from a steam locomotive against a mantle of white snow may be a photographer's delight, but winter storms provide problems for a railroad. This beautiful view was snapped in the Tawas in the early 1900s.

## Indian Fishing Rights Controversy Continues

Controversy over Indian "fishing rights" on the Great Lakes continues and, should the United States Department of Interior's order stand permitting unregulated commercial fishing by Indians during the state's appeal of a federal court decision, hostilities may even break out into open warfare between citizens.

A United States district judge has banned state regulation of fishing by Indians under nineteenth century treaties, but the case is being appealed. Gov. William G. Milliken said two weeks ago that interim federal regulations are premature and inadequate to protect the fishing stocks in the Great Lakes. That is putting it mildly.

At the core of this controversy is the use of gill nets by the Indian fishermen. The real question in the minds of most people is not over the rights of Indians to fish—it is the use of gill nets, which are unselective and hinder effective fish management in Michigan waters.

For example, the unrestricted use of gill nets by "white" Saginaw Bay fishermen in the 1960s

practically wiped out perch stocks here for more than five years and it was not until gill nets were banned in these waters that the yellow perch has finally returned in any number.

It is all well and good to talk about treaties made in the last century, but it should be remembered that those agreements were made when Lake Huron—the Great Fish Lake—was unspoiled and all the Great Lakes were filled with fish. The Indians could take all the whitefish they needed in those days through the use of box nets fashioned from willow branches.

No one advocates the return of willow nets for fishing, but a gill net made from nylon twine is a modern innovation and one which is most destructive to fish stocks. A reasonable settlement is possible in this question, but the current federal court decision seems to be saying that those few Indians being benefited by the nineteenth century treaties are really not citizens of twentieth century United States and are immune from today's conservation restrictions. That is unreasonable.

## Troubled Waters Run Deep for US

A great American newspaperman once prefaced an editorial with "What is wrong with Kansas?" Those words might be paraphrased with: "What is wrong with the United States?" There have been numerous occasions in United States history when "unsettled" times have caused great concern in this country. It is that way today and it does not appear there will be any return to "normalcy" in the immediate future.

The nation's economy which seemed to be booming during the past two decades has had a dramatic reversal and, on the surface, that flip-flop appears to have been caused by the manipulated oil crisis. Our troubled waters run much deeper, however.

Some elected officials at Washington, D. C., and some state capitols would line their pockets with personal gain through "payola," rather than attacking and solving the real problem; some corporations would rather grow fat and rich by taking advantage of a shortage—possibly even promoting

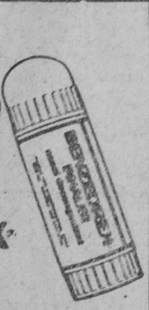

it; more than one state has taken advantage of the world oil crisis by tacking an unfair tax on fuel supplies—natural gas and coal—serving sister states.

The end result has been that the nation and the world are witnessing a terrible period of inflation, all brought on by greed. The little people are the major sufferers, as evidenced by the growing unemployment lines.

There are ways to attack the problem, if national leaders have the fortitude and integrity to accomplish it right in this country. After reading Jack Anderson's columns in the daily press, the first step might be to dust off the Sherman Anti-Trust Act and enforce its provisions. A single corporation should not be permitted to strangle this country through ownership and control of both petroleum and coal resources, for instance.

The situation will worsen in the future, but there is a ray of hope at the end of this crisis tunnel if man's ingenuity is encouraged and permitted to develop new energy sources.

## Briefs Filed in Suit Over NG Dock

(Read 1 Corinthians 13)  
"I say to you, love your enemies and pray for those who persecute you." (Matthew 5:44 RSV)

I have always been a sensitive person and easily offended by the slightest passing remark. A statement or conversation would come to mind later and resentment would begin to breed in me.

One day, we had a prayer seminar at our church and the minister talked on Jesus' command to pray for our enemies or those who have wronged us. The minister stressed not to pray passively but to imagine the person kneeling at the altar beside us. He said to visualize our hand on the person's head, representing our willingness to bless this person.

At first, it was difficult to put this theory into practice. It became easier, however, with each subsequent situation. I discovered that as I obeyed God's law of love, relationships were restored. I was also being relieved of burdening resentments that tormented my mind and hindered spiritual growth.

### PRAYER

Heavenly Father, thank You for Your love and compassion through even strict commandments. Help us that we may more and more actively obey Your word. Amen.

### THOUGHT FOR THE DAY

The love of Christ can heal our minds and spirits.—Susana McClendon Gonzalez (Mexico)

## World Day of Prayer Program

The 1980 World Day of Prayer, to be held Friday, March 7, at Seventh Day Adventist Church, Whitmore Street, Tawas City, will have Kaye Phelps of Tawas United Methodist Church as organizer. The prayers and reading on the theme, "Responsible Freedom," will be presented by appointed members of various churches.

Musical portion of the service will include a duet by the Rev. and Mrs. Daryl Burt of East Tawas Church of the Nazarene and will accent sections on Christian responsibility in one's life.

Refreshments will be served following service and the public is invited to attend.

## Invite Public to Pot-Luck and Service

Wilber United Methodist Church members extend an invitation to the public to attend pot-luck supper and Lenten service at the church. The meal is to be served at 6 o'clock followed by church service at 7:30 p. m. Thursday, March 6.

Scheduled to speak is the Rev. Edward Fairbanks of the East Tawas Assembly of God Church. The Rev. Eric Hamer, Methodist district superintendent, will deliver the worship service at Tuesday evening, March 11, 7:30 o'clock following a 6 o'clock pot-luck.

All area residents are welcome to attend. Bring a dish to pass and table service.

## Briefs Filed in Suit Over NG Dock

15 Years Ago—

March 10, 1965—All briefs were filed as of last Wednesday in the \$625,000 lawsuit against National Gypsum Company, which involves the firm's lake loading installation south of Tawas City. Hearings had been concluded last December after 45 days of hearings spread over a several-month period. A decision is expected to be given shortly by Circuit Judge Allan C. Miller.

Iosco Blood Bank had another outstanding turnout of donors in the year's first visit of the American Red Cross bloodmobile. There were 271 pints donated.

Hale Area was the only school of Iosco to survive district basketball tournaments last week. The Eagles won class D honors at AuGres Saturday night. Hale lost a 76-73 thriller Tuesday night in the regional tournament against McBain.

Twenty adults enrolled in a six-week typing course at Tawas Area High School have completed the instruction under Miss Grace Asplund.

Iosco's 324 retail establishments had sales of 25.6-million dollars in 1963, an increase of 25 percent from 1958.

25 Years Ago—

March 10, 1955—The City of Tawas City has requested clarification from the Michigan Department of Conservation concerning published reports of "widespread fill-in operations of Great Lakes bottomlands" which allegedly have taken place in Tawas City. A letter from the city said that the council had been working with state agencies to improve the river and lake frontage and that no notice had been received of any violations.

Like the three servants in the parable of the talents as recorded in the 25th Chapter of St. Matthew, last Sunday about 40 members of Tawas City Methodist Church were allotted \$10 each to invest in gainful projects for the increase of the memorial hall building fund.

Fred Swartz was hired by the city council to serve as the city's new bookkeeper.

Whitmore Cardinals won the class D district championship at AuGres by downing Hale, 72-43. The champions reached the finals by dropping a scrappy Harrisville quintet on Thursday night, 61-41.

The Whitmore Racing Club will stage its annual Irish minstrel show on St. Patrick's Day March 17. End men will be Donald Armstead, David Mills, Thad Hall, Clifford Burkholder, Eddie Slavinski and William Fuerst. The interlocutor will be Charles Bailey.

Miss Sada McKiddie, clerk of Alabaster Township for the past 17 years, has announced that she will not seek re-election.

35 Years Ago—

March 9, 1945—Tawas City Chamber of Commerce and the Twentieth Century Club are raising funds to construct a memorial building at the Tawas City Park.

A basket by Dale Landon with five seconds left on the clock saw Tawas City defeating St. Bernard, 19-18, in the class D championship in the district basketball tournament Saturday night. Jim Dubovsky meshed 11 points as the East Tawas Indians defeated Oscoda, 24-23, to win class C honors.

A proposed amendment to the state constitution to permit an increase in the 15-mill limitation by a majority vote of qualified taxpayers in any school district will be placed before state voters at the April election.

Receiving "A" grades in the fourth grade spelling test at Tawas City School were Rollie Gackstetter, William Brown,

Philip Mark of Tawas City, now in the United States Navy, serves aboard a destroyer which escorted the convoy which took President Roosevelt to the Yalta conference.

## Information of Interest to Veterans

The 1980 edition of the Veterans Administration's publication, "Federal Benefits for Veterans and Dependents," is off the press and is available for two dollars through the Superintendent of Documents, Washington, D. C. 20402.

The 73-page volume contains updated compensation and pension rate tables and rates of pay to veterans training under the GI Bill, along with explanations of general eligibility requirements for various benefits available to veterans and their dependents.

The booklet also provides convenient listings of toll-free telephone numbers that enable anyone in the 50 states and Puerto Rico to call VA for consultation with a veterans' counselor.

## Tickets Available for Eighth Annual Miss Iosco Pageant

Tickets for the eighth annual Miss Iosco County pageant, to be staged Saturday evening, March 15, at Oscoda Area High School Auditorium, are available at Miller Shoes, East Tawas; Gilbert's Rexall Drug, Oscoda; Hale Hardware, Hale, and Lutz's Bakery, AuGres.

James Rand, general chairman, announces the pageant is the most ambitious production planned. Designed to depict poise, grace and beauty of the contestants, the show is sure to please the capacity audience expected.

Due to limited seating in the auditorium, advance ticket purchase is advised as ticket sales at the door will be at a minimum. It is also advised to arrive at the school by 7:50 for the 8 o'clock show to assure seating.

The new Miss Iosco County will be awarded a total of \$1,200 in scholarships and gift wardrobes. She will also gain the right to represent Iosco County in the Miss Michigan pageant.

Elmer Strom will be master of ceremonies and music will be provided by Northeastern Music Center of Oscoda.

JANE RICH gets ready to make a batch of popcorn while James Arquilla, a resident of Provincial House in Tawas City, looks on. She is a volunteer and employee at the nursing home.

## Volunteer Makes Popcorn for Provincial H. Patients

Jane Rich has two favorite pastimes—eating popcorn and spending time with residents at the Provincial House skilled nursing facility in Tawas City. So, every Saturday afternoon, Miss Rich, 20, combines those interests by volunteering at the nursing home and making popcorn for residents. An employee in the nursing home's house-keeping department since the facility opened in July 1978, she works full time and finishes her workweek at 1:00 p. m. on Saturdays. Then, she comes back about 2 o'clock and starts popping corn. When she makes the announcement that popcorn is served, residents enthusiastically join her in the activities room and dining area for bowls of the puffed white snack. Even people who do not care for popcorn join the group for friendship and conversation. If residents who usually like to partake in the popcorn do not make it to the activities area, Miss Rich goes to get them or takes a bag of popcorn to their rooms. Miss Rich says that she has kept up this Saturday afternoon tradition because she enjoys it as much as the residents. A 1977 graduate of Tawas Area High School who lives with her family directly across the road from the nursing home, she has become accustomed to spending her Saturdays with the residents at Provincial House. "I really like the people and I think they look forward to it, too. We have fun together."

## Beef Chowder---Grandma's Penny - Saving Favorite

Cooking from scratch saves money, so now is the time to prepare some of grandma's penny-saving favorites. But for sure success, follow modern tested recipes unless you are an accomplished cook. Creative failures can be expensive. Reitha M. Hankey, Michigan Beef Industry Commission, executive vice president, suggests counting on beef stews, casseroles and chowders as budget balancers. Rice, beans and pasta products such as noodles, macaroni and spaghetti help stretch that great beef flavor to satisfy hearty appetites. A basic beef chowder is an economical dish that provides lots of hearty flavor.

**BEEF CHOWDER**

- 1 pound beef for stew, cut in 1/2-inch pieces
- 2 cups water
- 6 medium potatoes
- 2 med'um carrots, diced
- 2 med'um onions, diced
- 2 teaspoons celery salt
- 2 teaspoon salt
- 1/4 teaspoon pepper
- 2 cups reconstituted dry milk
- 1 teaspoon parsley flakes

Place beef in Dutch oven or soup kettle, add water, cover and cook slowly one hour. Pare potatoes and cut into half inch cubes (approximately five cups). Add potatoes, carrots, onion, celery salt, salt and pepper. Cover and cook slowly 30 minutes or until meat and vegetables are tender. Add reconstituted dry milk and parsley flakes and continue cooking covered, 10 minutes. Yield: Six servings of 1 1/2 cups each.

## Girl Scout Cookie Sale Starts Friday

## Win Math. Contest at W-P School

What has become an annual tradition continues in the Tawas area—girl scout cookie sale begins Friday, March 7, and extends for two weeks. This year, nine cookie and cracker varieties will be available. Members will be taking orders door-to-door, at fixed points around town and over the phone. If not approached, call Edith Kovacs, cookie chairperson, 362-2130. Since 1936, cookie sale funds have helped neighborhood girls participate in national and international girl scout events, to purchase equipment and property for camperships and other council and troop activities. All money earned by the cookie sale remains in the local community. The mathematics department of Whittemore-Prescott Middle School announces the winners of a mathematics contest recently held for sixth, seventh and eighth graders. The sixth grade was able to name four winners because the class has over 100 students. These were Matthew Engster, Susan Webb, Naomi Scherfner and Ronald Bassi. Seventh grade winners are Cynthia Portice and Mark Tremble; eighth grade winners, Geordon Portice and Nathan Rohn. Those named will represent Whittemore - Prescott Area School at the Region II qualifying contest to be held Saturday, April 26, at Alpena. Winners of the qualifying contest will then proceed to the state contest at Central Michigan University May 17.

### RESOLUTION TO ABANDON A PUBLIC ROAD

On a motion duly made by Commissioner Aulerich, supported by Commissioner Conley, and unanimously carried, it was moved to adopt the following resolution:

WHEREAS, a petition bearing the signatures of freeholders of Grant Township, Iosco County, Michigan has been filed with the Board of County Road Commissioners of Iosco County, Michigan asking that a portion and/or portions of roads be absolutely abandoned and discontinued, said roads being described as follows:

That part of Sunkissed Street beginning 200 feet southerly of the North boundary line of the recorded plat of "Palm Beach" (at the North Line of Lot 5, Block 3) and all of South Street beginning at its intersection of Sunkissed Street and extending to the Easterly line of Easy Street, a distance of 270 feet, according to the recorded plat thereof as recorded in Liber 3, Page 8 of Plats, Office of the Register of Deeds, Iosco County Building, Tawas City, Michigan 48763.

WHEREAS, the Board examined the area and noted that the roads served no useful purpose, were not suitable for public access and that abandonment was in the best interest of the public;

NOW THEREFORE BE IT RESOLVED, that the above mentioned sections of said roads be and are hereby absolutely abandoned and discontinued;

EXCEPT, upon the condition that the title to all public utilities and drains and all appurtenances thereto, now in, over or under said right-of-way is reserved to and shall remain in the respective owners thereof together with the easements and continued rights to occupy said roads for public utility or drainage purposes with the present or additional facilities and to operate, maintain, repair, replace, or remove the same, to the same effect and in the same manner as if said roads had remained a public way.

I hereby certify the above is a true and correct copy of a resolution unanimously adopted by the Board of Iosco County Road Commissioners at a meeting held February 18, 1980.

### NOTICE OF HEARING

#### PETITION TO ABSOLUTELY ABANDON AND DISCONTINUE A COUNTY ROAD

##### Resolution

Commissioner Aulerich moved the adoption of the following resolution:

WHEREAS, in accordance with the provisions of Section 18, Chapter IV, Act 283 of the Public Acts of 1909, as amended, seven or more freeholders have petitioned this Board to absolutely abandon and discontinue that portion of Lincoln Road, also known as Martindale Road, located in the South East Quarter of Section 11, T 22 N R 8 E, Baldwin Township, Iosco County, Michigan, commencing approximately 33 feet North of the South line of Section 11, T 22 N R 8 E Iosco County, Michigan, on the North South 1/4 line of said Section 11 and proceeding in a Northerly and Easterly direction across the S. E. Quarter of Section 11 to its intersection with Scott Road, a distance of 3200 feet more or less, in accordance with Map Sheet No. 19 of the Iosco County Road Commission's Certified Road Maps as approved by Michigan Department of Transportation on July 1, 1979.

NOW, THEREFORE, BE IT RESOLVED, that a hearing be held on March 17, 1980 A. D., at 10:00 a. m., E. S. T., at the Board's offices, 3939 W. M-55, Tawas City, Michigan 48763 and that a Hearing Examiner of the Board shall hold said hearing and obtain all necessary facts and information concerning the advisability of either granting or denying said petition, and shall report all findings of fact to the Board.

BE IT FURTHER RESOLVED, that true copies of this notice be served, posted and published in accordance with the provisions of said Act No. 283 of 1909, as amended.

The motion was supported by Commissioner Conley and carried by the following vote:

Ayes, Commissioners Conley and Aulerich, Nays, None.

##### CERTIFICATION

I, Stephen D. Ferguson, Secretary and Clerk of the Board of Iosco County Road Commissioners, do hereby certify that the above and foregoing is a true and correct copy of an excerpt from the minutes of a meeting of said Board held on 18 February A. D., 1980, as appears of record in the office of said Board; that I have compared the same with the original and it is a true transcript therefrom.

IN WITNESS WHEREOF, I have hereunto set my hand at Tawas City, Michigan, this 18th day of February A. D. 1980.

## Medicare Can Cover Skilled Nursing Care

Many people in the local area are not aware that Medicare hospital insurance can cover care in a skilled nursing facility following a period of hospitalization, a social security representative said recently.

Sometimes patients no longer need all the services that hospitals provide, but still need daily skilled nursing or rehabilitation services as inpatients. In such a case, the doctor can transfer a patient to a skilled nursing facility. Not all facilities qualify as skilled nursing facilities.

When the conditions required for Medicare coverage are met, hospital insurance will cover the following services in a skilled nursing facility:

- Semiprivate room.
- Regular nursing services.
- Rehabilitation services, such as physical, occupational, and speech therapy.
- Drugs furnished by the facility while the person is a patient.
- Medical supplies such as splints and casts.
- Use of appliances and equipment furnished by the facility.

When Medicare can cover a stay in a skilled nursing facility, it will pay for all costs for covered services for the first 20 days in a benefit period and for all covered costs except \$22.50 a day for an additional 80 days in each benefit period.

Additional information about services covered by Medicare can be obtained at any social security office. The address and telephone number of the nearest social security office can be found in the telephone directory.

### questions and answers

Q. My dentist has told me that I need a root canal. Will my Medicare medical insurance pay for it?

A. No. Medical insurance can help pay for dental care only if it involves surgery of the jaw or related structures or setting fractures of the jaw or facial bones. Root canal therapy, care in connection with the treatment, filling, removal, or replacement of teeth; surgery for impacted teeth; and other surgical procedures involving the teeth or structures directly

supporting the teeth are not covered.

Q. The only income my parents have is a small social security check. I've tried to get them to apply for SSI payments, but they don't think they would qualify because of their assets. Will their assets count against them?

A. A couple may have resources (assets) of up to \$2,250 and be eligible for SSI payments. Not all resources are counted against that limit, however. Their home and the

land adjacent to it are not counted, regardless of value. Personal effects or household goods with a total equity value of \$2,000 or less and life insurance policies with a total face value of \$1,500 or less per person are not counted. A car is not counted if its current market value is \$4,500 or less. Under certain conditions, a car may be excluded regardless of its value. For more information, call any social security office.

# Braves Won Final Over OH; Play Thursday in Tourney

Tawas Braves turned in a come-from-behind, 64-62, victory Friday night over the visiting Ogemaw Heights Falcons to close out the regular basketball season.

Annual "March Madness" starts this week for state schools and the Braves are scheduled to play Thursday night at Roscommon in the class C district tournament, meeting the winner of the Whittemore-Prescott Cardinal - Grayling game which was played Tuesday night.

The Braves were extremely cold in the first quarter of Friday night's game and Ogemaw Heights held a 23-6 lead at the first buzzer. Tawas made only three of 18 shots from the floor while the Falcons meshed 11 of 19 attempts.

The Braves made a little better showing in the second quarter, meshing six of 19 shots, but trailed at intermission, 34-24.

Finally finding their shooting eyes in the third quarter, Tawas completed nine of 13 shots from the floor and Ogemaw made

only four of 25 shots and the Braves closed the gap by knocking the score at 42-all at the end of the third quarter.

The final quarter found Tawas ringing up a victory by completing six of 20 shots from the floor and 10 of 15 shots from the charity line while Ogemaw completed eight of 15 shots from the floor.

The Falcons found themselves in foul trouble in the fourth quarter with two players leaving via the five-foul route. Coach Mike Zimmerman of the

Falcons was assessed a technical foul during a disputed call which sent one of his players to the bench.

Tawas finished the season with a 41 percent team average from the floor and completed 55 percent of its shots from the charity lines. Brian Norton and Kevin Grace were leading shooters for the year with a 45 percent shooting average.

The Braves had four players scoring in double figures Friday night, led by Norton's 16 points. Kraig Moffatt and Grace each had 13 points while Jay Grabow had 12 points.

Mark Berdan's 22 points topped both teams and two other Falcons scored in double figures, Larry Riegler turning in 15 points and Joe Girard had 11.

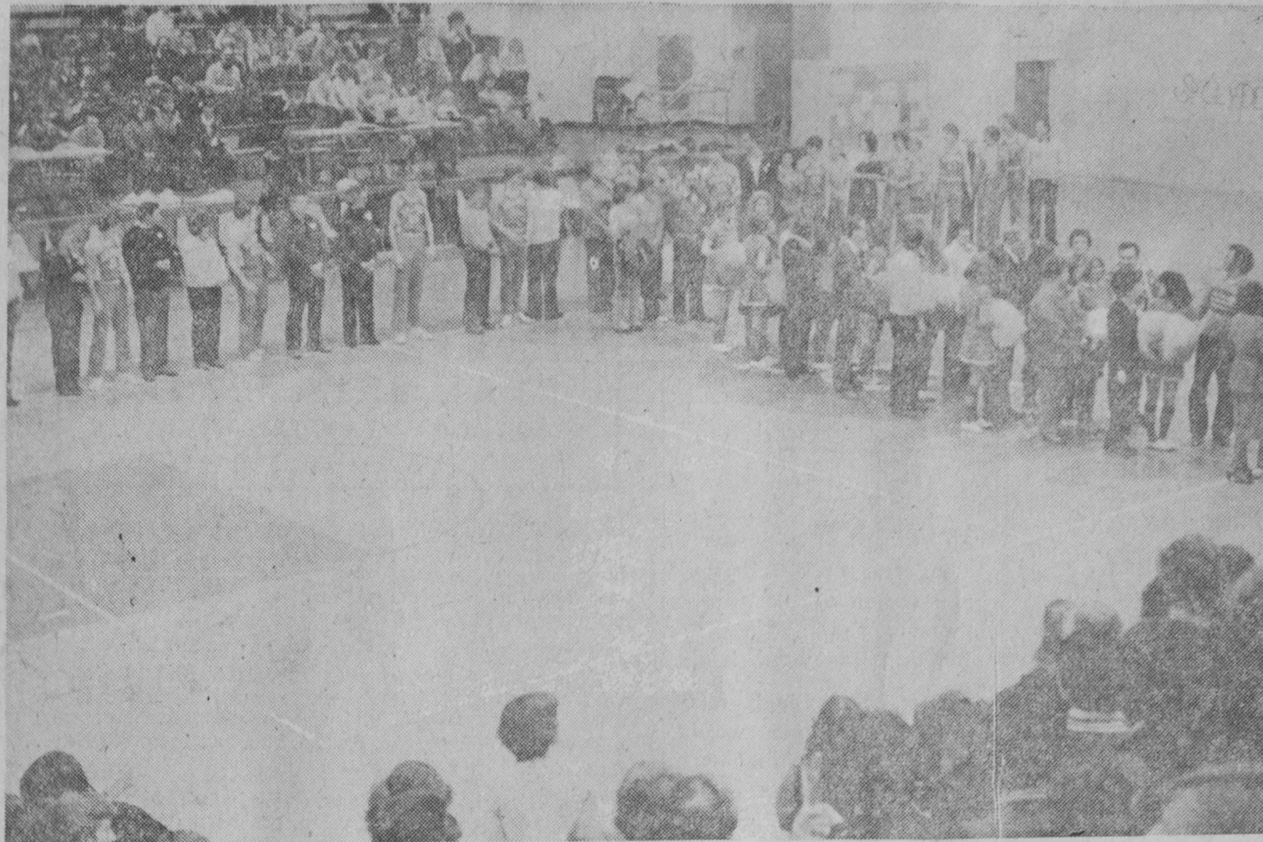

Last season, Tawas defeated Gladwin to claim a share of the NEM lead before being upset by Ogemaw Heights on the latter's home floor. The Braves then turned aside Pinconning in the final home game and went on to win district, regional and quarter-final basketball tournaments before losing in the semifinal game at Ann Arbor. The win over the Spartans provided the winning momentum which carried the Braves to great heights in 1979 and Coach Paul Becker hopes that Friday night's win over Ogemaw will provide that needed spark for the Braves in tournament play.

The Junior Braves also found themselves in trouble in the first half of Friday night's game against the Falcons, but came from behind to win, 51-44.

The visitors jumped off to a 20-10 first quarter margin and led at intermission, 26-16. Tawas pumped in 20 points to Ogemaw's six points in the third quarter and held on to the victory with a 15-12 bulge in the final quarter.

Scoring for Tawas were John Caplis, 20; Mark Jurczyk, 11; Kelly Moffatt, six; Jon Dunn, four; Ed Harris, Keith Harris, Bill Dalbec, Randy Biggs and Dan Barry, two points each. Lon Thompson paced the losers with 15 points.

## Bravettes Lost Two to Oscoda

Tawas Bravettes lost two games, 15-7 and 15-6, and lost a volleyball match February 25 to the Oscoda Owls.

Scoring Tawas' 13 points were

Diane Erickson, six; Kari Allen, four; Laurel Minard, two, and Donna Hughes, one.

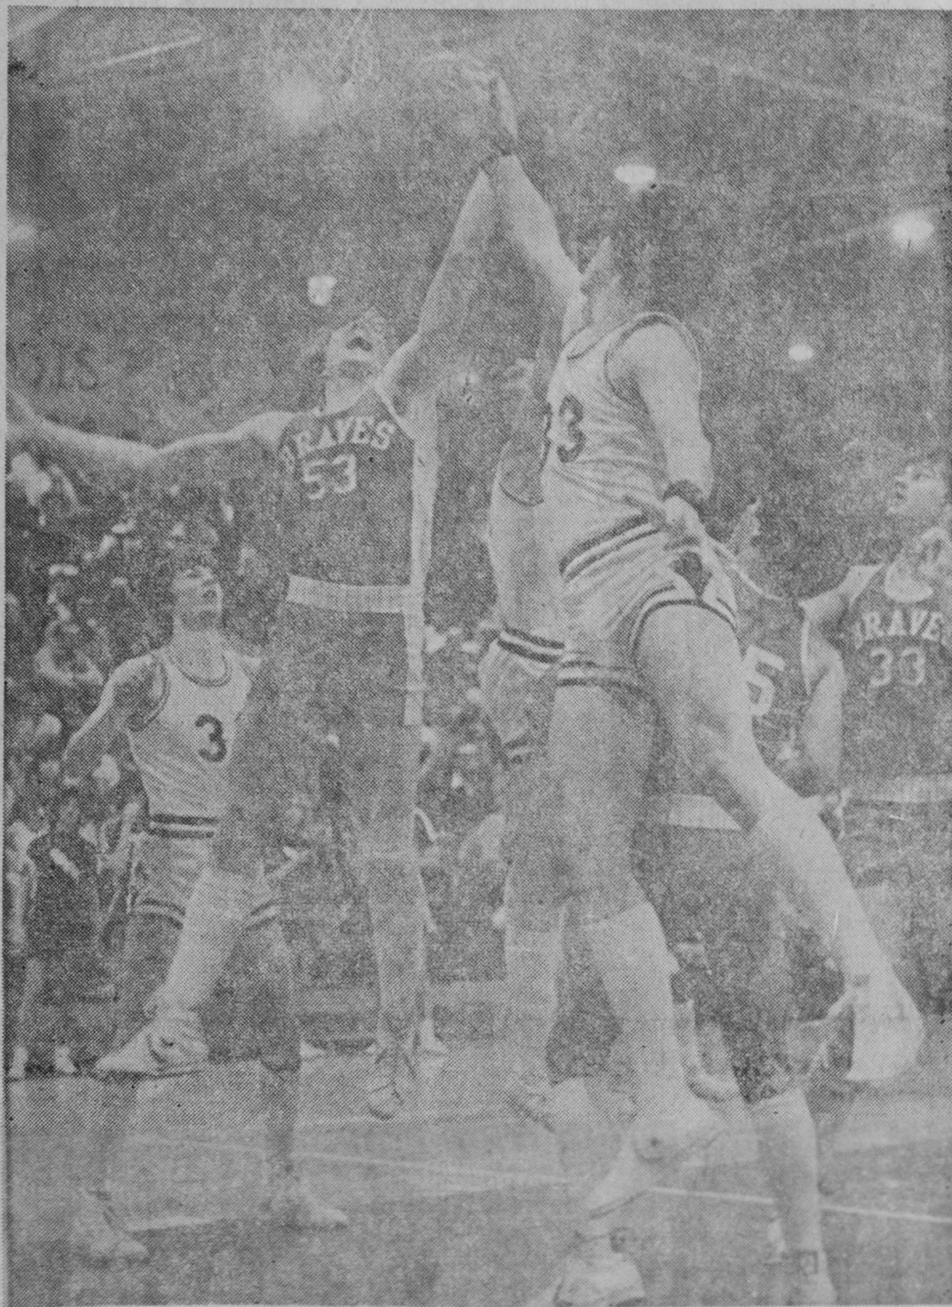

The Bravettes had 38 sets and were led by Hughes with 13. Joyce Hatcher turned in seven

spikes and Hughes had three saves.

The junior varsity lost to Oscoda in three games, 17-15, 13-15 and 12-15. Nikki Painter had 13 points, followed by Debbie Allen

and Lisa Bielby with 10 points each.

The freshman squad lost to Oscoda, 15-2 and 15-11. Peggy Holmes had seven points to lead Tawas.
