

Shown with the cooperators of the year award received Wednesday night from Iosco Soil Conservation District are Mr. and Mrs. Charles Anschuetz, who operate a dairy farm in Grant Township. Anschuetz was recognized for the installation of a waste handling system.

Iosco SCD Elects Officers

Franklin Bischoff and Russell Nelkie were re-elected to three-year terms on the board of directors of the Iosco County Soil Conservation District, at their annual meeting held Wednesday, February 18, at the Plainfield Township Hall, Hale.

Charles Anschuetz was recognized at the meeting as the district's cooperators of the year. He was recognized for outstanding achievements during the past year in conservation, including the installation of a new animal waste handling system.

Guest speaker at the annual meeting was Charles T. Bond of the Dow Corning Corporation. He gave a slide presentation on Dow's new power plant under construction at Midland which will be fueled by wood.

Legal Services Become Expense of Departments

Iosco County Board of Commissioners adopted a resolution Wednesday directing that all legal expenses be charged to the departments utilizing services of the county's legal counsel.

This action came about after receipt of a bill from Ronald Tyler, attorney, for his work on the VanEtan Lake dam controversy. The bill was directed to the county drain commissioner's office for payment.

Carlton Merschel, finance chairman, said the legal expense in resolving the problem over maintaining the level of VanEtan Lake would be considerable. He said the \$385 represented only one month of legal service in this matter.

An expensive dam was constructed some years ago to maintain the proper level of VanEtan Lake, but shore line property owners are in disagreement as to the proper level. Some owners, whose property is being eroded by high water, believe the level should be lowered, while others who enjoy the recreational system, feel the water level should be high.

Webb recommended that the county take its time in developing a new landfill, as the state apparently has lost its suit in Delta County over enforcing its landfill requirements. The opinion of the court was that

Liquor Store Dealers Want Sunday Sales Resolution

No action was taken last week by Iosco County Board of Commissioners on a proposal by local dealers to permit Sunday liquor store sales under terms of state law.

Joseph Fox, a former Iosco commissioner and now a representative of the Michigan Association of Counties, was spokesman for a group of liquor store dealers in attendance.

Fox said that two counties in the Upper Peninsula had adopted resolutions permitting Sunday liquor sales effective March 31.

He felt that the county commission should adopt a sample resolution being presented because Iosco is a tourist-oriented county, that 85 percent of all license fees are returned to local units, that a 15 percent additional fee on licenses would be returned as the result of passage of the resolution.

Before taking action, the county board of commissioners felt that language of the state act should be reviewed and a decision is to be made at a later date.

In other matters, the commission formally adopted a resolution authorizing longevity pay,

Hale A. School Settles Salaries With Principals

Settlement of contracts with two principals was the primary action taken Monday night by Hale Area Board of Education.

Dennis Guiser, elementary principal, is to receive a salary of \$24,500 during the next term and Dale Purkey, secondary principal, was given a one-year contract calling for a salary of \$25,500.

Both contracts are to expire June 1, 1982. Guiser will be on the second year of a two-year contract.

During discussion prior to the action, Supt. Peter Holley outlined some of the negative aspects which he had heard concerning the school during the past year and expressed the opinion that the "good things which had taken place in the school far outweighed the negative viewpoint."

TA Board Adopts Other Cuts Spring Sports Stay in Budget

Operating with deficit would require enabling legislation, reports Dighera.

Under the pressure of around 100 parents attending Monday night's meeting, Tawas Area Board of Education voted six to one—then unanimously—not to include spring sports and two other areas of extracurricular activities included in proposed budget cuts to reduce a deficit facing the school district on June 30.

In taking this action against the advice of Supt. Allan Dighera, Susan Rieth, board of education president, told Edmond Dodson, spokesman for the group of parents, that the board was taking the pressure "as a pledge by parents" to support the district in next June's millage election.

This school district, like all others in the state, is being faced with budget trimming due to reduced funding resulting from Michigan's economic pinch. Tawas Area School is one of 55 out of 70 Northern Michigan districts which are "out of formula"—they receive no state membership aid—and transportation aid to those districts has been practically eliminated.

Although one categorical aid cut of \$25,000 ordered by the governor in August was reflected in the 1980-81 budget, after the budget was approved a second cut of \$151,596 in state funds was received. The majority of this deficit is in transportation funds "guaranteed" by the state. Reimbursement from the state which amounted to \$212,000 in 1979-80 was cut to \$85,000 in 1980-81. Next term, the district will only receive around \$10,000 in transportation funds from the state and it may be eliminated entirely.

To meet this deficit, the superintendent proposed to the board of education two weeks ago—following study of several weeks—to make cursory cuts in the budget, but still carry a full academic program during 1980-81.

Dighera proposed elimination of spring sports and extracurricular activities (forensics and band travel), a saving of \$12,500; figured a saving in gas consumption, \$15,000; cut all custodians five hours a week, \$3,902; cut all secretaries five hours a week, \$2,752; cut time in food service program, \$2,130; reassign detention supervision, \$800; cut K-12 budget in operation and maintenance, fiscal services, administration expense (cut board salaries), cut special education, elementary and high school expenses for a saving of \$13,500.

After adding up the cuts, only \$49,615 was actually reduced from 1980-81 spending. By using \$38,156 in its fund equity and \$27,809 from debt retirement, the deficit was reduced to \$115,570—but still \$36,026 short of eliminating the total deficit.

As the result of returning spring sports and extracurricular travel to the program Monday night, the deficit is \$48,526—and it could go higher if anticipated cuts are made at Lansing in state spending.

Prior to action by the board Monday night, Dodson told the board of education that a group of 45 persons had conducted a telephone campaign last Thursday to get interested parents out at Monday night's meeting. He said the group was asking the board not to cut spring sports and extracurricular travel and "to permit them to aid in meeting the deficit by supporting the upcoming millage vote. The large number of parents here should be an indication of that support," stated Dodson.

The group of parents last week submitted a list of 11 questions to the board of education and Dighera read his answers during the meeting.

The first question asked what taxpayers and parents "have to do to convince you, the school board, to continue the activities for the rest of the year."

Dighera's answer said it was not a matter of convincing anyone. "As the superintendent, I have a responsibility to all of the citizens, both morally and ethically, to conform to the laws, rules and regulations promulgated by the State of Michigan. The board of education has the same responsibility to uphold the oath of office and the rules and regulations of the State of Michigan. Since board of education members are your elected representatives, they are open to suggestions, but be mindful of their legal responsibility."

"Research data also suggests that this group has one of the lowest percentages when it comes time to vote in any election. You may support your schools or you may not. Approaching a millage campaign in a positive manner is important if we are to convince the majority (70 percent) to help us pass our millage."

In answer to another question, the superintendent said that increasing the deficit by offering extracurricular programs may necessitate cutting basic programs of reading, writing and arithmetic.

In the event of major budget cuts, arrangements would be made to allow youngsters to participate in intramural type activities. Hopefully, he said, this will not be necessary in 1981-82.

Answering three other questions, the superintendent felt it would be a waste of tax money to have an outside party make an evaluation as to how to make the school more cost effective.

By incurring the deficit, the superintendent said the district would have to get enabling legislation to run the district next year, present a two-year plan to the department of education, present monthly progress reports and follow the plan to eliminate the deficit.

In answer to a question intimating that the board of education had not done its "homework" concerning finances, Dighera said that "this board of education has done its homework. Information has been released in a number of ways, including a historical review at our last board meeting. Belt tightening started last year and continued into the present school year."

"The biggest part of any budget is that portion attributed to salaries. Our staff members have obligations and needs as well as everyone else. I will enter into the upcoming negotiations in good faith. I would expect our board and employee groups to do the same."

Although stating that "I would expect that we should pay a wage equitable to our

area," Dighera said, "we do have items in our contracts that we will be looking at and I am sure that our employee groups will be doing the same."

Discussion was then opened to the board of education. Trustee James Russo said that board members were not the enemies of taxpayers and parents and that he, along with other members, also has children in school. He said that only "the tip of the iceberg" was presently being felt when looking at the financial problems facing all schools over the next two to four years. He said that cuts had been made in library, books, supplies and general education positions. He said the board would hold millage down to finance a basic program but, he told parents, "do not delude yourselves that you are a majority opinion in the district." He also pointed out that the district has one of the most fiscally responsible superintendents in the state.

Barbara Miller, board treasurer, pointed out that the school had not paid out-of-town bills since November "and we cannot make an example to the kids to buy it now and pay for it later. If a businessman would do this, he would not remain in business," she stated.

On motion of Russo, the board of education then voted to make all budget cuts as proposed, with the exception of spring sports and extracurricular activities. Mrs. Miller was the only member voting no, but she reversed her vote after the roll call to make the decision unanimous on the part of the board of education.

Trustee Thomas Huck said he was not in favor of cutting spring sports, but the school has a cash flow problem. "We cannot go further with deficit spending without getting into a legal entanglement." Although stating he could now see how "we can cut staff without cutting spring sports," he said he favored all the proposed cuts with the exception of spring sports.

Trustee Richard Anderson said he did not like cutting wages of personnel, but that there was no alternative. Trustee Stanley Brockenbrough felt that all extracurricular activities were part of a well rounded education, "but we are getting down to a problem of dollars—we are between a rock and a hard place." Trustee Robert Curry said that "the school is you, the people. It is up to the community to support it."

California achievement tests this year as an economy move was tabled until the next meeting. Total cost of the testing of students is \$2,000.

Official action was taken on requesting the Municipal Finance Commission to permit the district to use \$25,959 remaining in the debt retirement fund as bonds approved by voters on July 1, 1985, to construct the junior and senior high school were retired last year. The money would be transferred to the general fund.

Supt. Allen Dighera said that superintendents of the North-eastern Michigan Conference held a meeting last week to look at mutual problems concerning financing of spring sports. He said that a realignment of schools was being studied as a means of cutting transportation costs.

Study Water Injection for School Bus Engines

Action during Monday night's meeting of Tawas Area Board of Education included the appointment of Trustee Stanley Brockenbrough to assist the administration in studying a proposal to install water injection systems on engines of school buses.

A private firm submitted a proposal to the board of education to install the units at \$199 each. A 10 percent saving in fuel costs is said to be guaranteed.

In other matters, T. D. Haskin, athletic director, reported that the Braves Booster Club had contributed \$43,664 to the school's various athletic programs since 1970-71. Funds have been used to purchase equipment as well as providing money for banquets.

A decision on eliminating

TWO NEWLY remanufactured Alco locomotives delivered last Thursday night to the Detroit and Mackinac Railway are to go into service this morning (Wednesday). These locomotives, including two more to be delivered next month, were remanufactured in the Hornell, New York, facility of General Electric Corporation. Besides changing the exterior appearance of the units and installation of all new components, horsepower rating has been boosted. The locomotives have a green body with a horizontal gold stripe. Each end is painted in a herringbone pattern with yellow stripes to improve visibility to oncoming traffic. A "Mackinac Mac" decal is located directly under each cab window. The new units modernize motive power on the railroad's 400-mile service area along the Lake Huron Shore and in the state's central corridor from Linwood to Cheboygan.—Tawas Herald Photo.

At Tawas Area School

Business Persons Address Students; Conduct Survey

Five different business and professional persons from the community are cooperating with Tawas Area High School's business department to bring firsthand information to students enrolled in business practice courses.

In addition, Ray L. VanHorn, instructor in the business education department, is conducting a survey to study how the school's educational program

meets the needs of the local business community.

Opening the speaking engagements in business department classrooms Monday was Edmond Dodson, president of Peoples State Bank of East Tawas. The speaker Tuesday was Carol Klenow, owner of Carol's Curl Corner, who stressed the importance of hair care and neatness when graduates apply for a job.

enable our department to study our business community and assess our program standards.

"We feel it is most important for our business department to work in cooperation with the businesses in the Tawas area in order to maintain effective communication which will only help to improve our programs and provide business with better prepared future employees."

Sherman

Helen Smith spent several days in Bay City with her daughter and family. She was caught in the storm and had to spend several extra days there. Bay City received two or three times as much snow as locally.

Betty Bamberger visited her daughter and family in Midland this week. She brought her daughter, Rana, home with her for a few days.

Anna Price took Helen Smith to West Branch Tuesday.

Mrs. Louise Sylvester is confined in the West Branch hospital. Friends wish her a speedy recovery.

Wednesday evening, the supervisors of National Gypsum Company enjoyed a meeting and dinner at the Bear Track Inn.

Mr. and Mrs. Theodore Lichota visited at the Russell White home last week-end and enjoyed a visit with their son, who is home for a few days from Kentucky.

Friday evening, Mr. and Mrs. David Wedyke entertained several friends of their son on his 16th birthday at the Sherman Township Hall.

Several people from here attended the roller-skating party in Oscoda Wednesday evening.

Last Thursday, the Donald Kelley family of Prescott and his mother, Florence Kelley, visited Harry Kelley at the Iosco County Medical Care Facility.

Charles Cottrell called on his mother, Shirley Cottrell, last Saturday.

Members of St. James Altar Society and Men's Club of the church held their monthly meeting at the social center Tuesday evening.

Inflation - Fighting IDEAS NEWS OF PROGRESS

More Miles From The Gallon
If you want to slow down your fuel costs, step up your personal conservative program. These tips, suggested by the Colonial Penn Insurance Company, can help you get more miles from each gallon of gas.

Regular maintenance may increase mileage by up to 14 percent—that might mean 40 to 50 extra miles per tank!

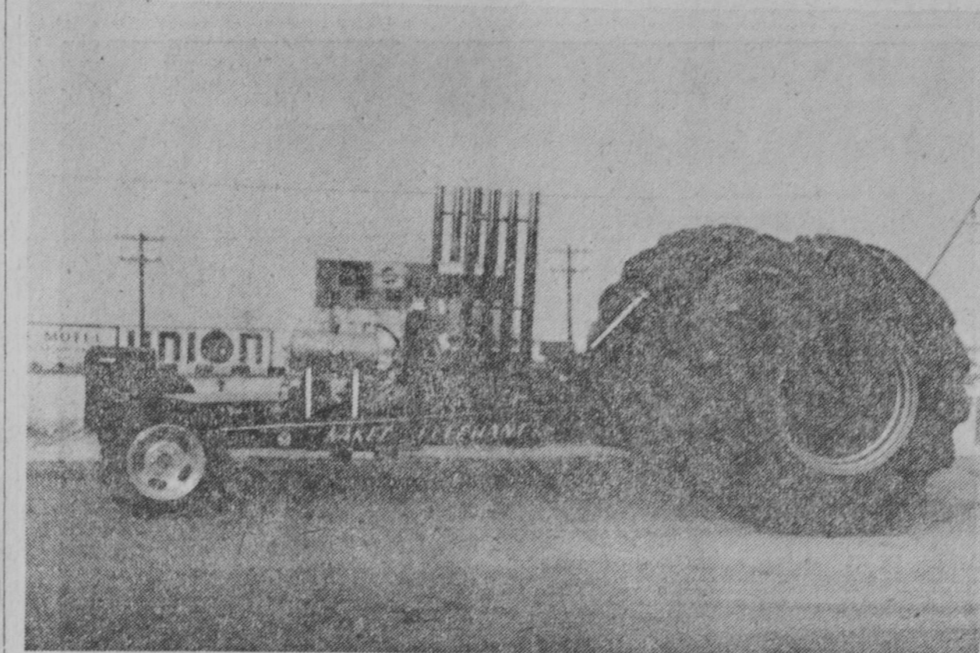

Sudden movements of the gas pedal increase gasoline consumption. Anticipate situations that might require you to reduce speed so you can slow down gently. Maintaining speeds just under the speed limit helps stretch your time between fill-ups, and you'll hardly notice the increase in travel time.

Regular car maintenance enhances gas mileage. Keep your engine tuned; replace worn-out plugs regularly. Correct ignition tuning is essential—rapid idling wastes gas.

Clean or replace your oil and air filters at recommended intervals to keep the engine operating at peak efficiency. Check your tires—even slight underinflation can cost you a lot of miles from each tankful of gas.

The largest-known sapphire weighs 916 carats.

NEARLY one million dollars worth of tractors will assemble at the Pontiac Silverdome February 28 and March 1 for the sixth annual event known as the world's largest tractor pull. Modified monster tractors meet in a special invitational competition that features 70 of the best pullers from all over

the Midwest and Canada. Fans will be treated to incredible, super-charged action. The souped up machines roar down a 300-foot track, constructed from 3,000 yards of clay and packed down the center run of the Silverdome floor.

The United States produces over 80 percent of the world's grapefruit.

JOHN WEBB JR., a member of Iosco County Board of Commissioners, is the new chairman this year for the Region 7B Employment and Training Consortium administrative board of directors. He is shown here with Clarice Sperry, who is vice chairperson. Robert Proulx of Arenac County and a former resident of Alabaster, is one of four new members on the board. Main function of the board is to oversee the financial and operational status of all CETA employment and training programs ongoing in the eight-county area served by Region 7B.

Obituaries

Rites Held for Alma Johnson Cecil A. Boyd Passed Away

Services for Cecil A. Boyd of Glennie, who died Wednesday, February 18, at Iosco County Medical Care Facility, Tawas City, were conducted Saturday, February 21, at Forshee Funeral Chapel, Hale. Burial was in Glennie Cemetery.

He was born December 27, 1903, in Lutie, Oklahoma. Among survivors are his wife, Pauline; a daughter and two sons.

A. I. Provencal Died Feb. 20

Alphonse I. Provencal of Tawas City, a lifetime member of the Fr. Neumann Assembly of the Knights of Columbus, succumbed Friday, February 20, at Wayne County General Hospital. He was born July 21, 1904, in Pawtucket, Rhode Island.

Funeral Mass was recited by the Rev. Fr. Lawrence Boks Tuesday, February 24, at Immaculate Heart of Mary Church, Tawas City. A Christian wake service was conducted Sunday evening at the west chapel of Jacques and Kobs Funeral Homes, Incorporated. The Knights of Columbus held a Rosary service at the chapel Monday evening.

Surviving are four sons, Carl of Westland, John of Northville, Anthony of Texas and Joseph of Tawas City; two daughters, Marie Bawks of Hessel, Rita Flores of Westland; 21 grandchildren; 15 great grandchildren, and one sister, Lea Dion of Massachusetts.

Alma Johnson, an East Tawas resident, passed away Sunday, February 22, at Tawas Hospital. The 89-year-old native of Baldwin Township was born July 26, 1891, and was a life member of Grace Lutheran Church.

The Rev. James Mehan will officiate at services Wednesday (today), February 25, 1:00 p. m., at Grace Lutheran Church. Burial will be in Greenwood Cemetery.

Several nieces and nephews survive. The family requests memorials be directed to Grace Lutheran Church.

Funeral Mass for Mrs. Herrick

Funeral Mass for Katherine Herrick of East Tawas was conducted by the Rev. Fr. Francis Murphy at St. Joseph Church, East Tawas. Burial was in the church cemetery. A Rosary service was held Sunday evening at Jacques and Kobs East Chapel, East Tawas.

A patient at Iosco County Medical Care Facility, the 91-year-old Mrs. Herrick was a life member of St. Joseph Altar Society and life member of the Ladies Catholic Benevolent Association. She was born April 2, 1889, in Baldwin Township.

Surviving are one son, Jack of East Tawas; four grandchildren; five great grandchildren; one brother, Reuben Quarters, and one sister, Genevieve Trudell, both of East Tawas.

Gary Sullivan to Conduct Concert

Adrian College Jazz Syndicate will present a concert Sunday night, March 1, 7:30 p. m., in the high school gymnasium. The group's conductor is Gary Sullivan, a product of Tawas Area High School.

The ensemble, composed of 20 musicians from all majors of the college, will be on a seven-day tour of Michigan schools. They will be performing music of Woody Herman, Stan Kenton, Benny Goodman, Maynard Ferguson and Artie Shaw. Special arrangements to be performed will be by Brad Sharp, Robert Eberhart and Sullivan.

Sullivan started his music

career at Tawas, under the tutelage of Gene Salamony, where he played baritone horn with the high school band. He attended Michigan State University, studying with Leonard Falcone. Teaching one year at North Branch Junior High School, he then taught at Northern Ohio University before coming to Adrian.

The ensemble will perform at Stockbridge, Rochester, Holly, Mt. Morris, Deckerville, Hemlock, Midland, Clare and Greenville in addition to its Tawas performance.

The concert is complimentary and all are welcome to attend for an evening of musical enjoyment.

Melvor News

A surprise birthday party honored Mrs. Robert (Dorothy) Allen Monday, February 9. The guests were her daughter and family, Mr. and Mrs. Randy Murphy and daughter, Kelly, of Sand Lake; Mr. and Mrs. Dale Wood and children, Kimberly and Michael, and Mr. and Mrs. Clyde Wood. They had a beautifully decorated cake.

Mrs. John Jordan and daughters, Mrs. Reginald Look and Mrs. Donald Hester, and daughter, Debbie, spent Monday in Saginaw.

Mr. and Mrs. Herbert Schroeder enjoyed the last two weeks in Florida visiting friends and relatives. Enroute home, they visited at the Ann Arbor home of their son, Richard.

Mr. and Mrs. Melvin Marsh spent Thursday and Friday in Saginaw with their daughters, Mrs. Vernon McGinnis and Mrs. Louis Martin, and their families.

Mr. and Mrs. William Neely of Tawas visited her aunt, Mrs. Gladys Melvor, last Monday.

Mr. and Mrs. John Jordan were Sunday supper guests of their son, Gerald Jordan, and family.

Last Sunday, Mr. and Mrs. Clyde Wood and the Orville Strauers were in Saginaw.

Mr. and Mrs. Brian Agar and family of Oxford spent last week-end with her parents, Mr. and Mrs. Robert Allen.

Ericka White enjoyed last week with her grandparents, Mr. and Mrs. Vernon McGinnis, and son, Vern Jr., in Davison.

Mr. and Mrs. Ronald Melvor of Prescott visited with his mother, Mrs. Gladys Melvor, Saturday.

Mrs. Josephine Draeger, who has spent some time in Florida visiting friends and relatives, returned home Tuesday.

Mr. and Mrs. Herbert Schroeder entertained Della Youngs and Lloyd Katterman Saturday evening.

this...that and the other

Mr. and Mrs. Martin Luedtke of Bad Axe are the parents of a daughter, Joleen Ann, born February 12. Meta Luedtke of Tawas City is the paternal grandmother.

Mr. and Mrs. Harry Christensen of East Tawas have announced the birth of a granddaughter, Jennifer Elizabeth Christensen, who arrived February 7. Parents of the baby are Mr. and Mrs. Hans F. Christensen of Fullerton, California.

Mr. and Mrs. William Brown of Tawas City attended the Farm Bureau convention Thursday through Saturday at the Hyatt Regency, Dearborn. Shelley Brown of Central Michigan University, Mt. Pleasant, was home for the week-end with her parents.

Rudolphe Castagnier of East Tawas was in Jackson on Saturday to attend an IOOF, Rebekah and home board executive meeting at the IOOF home.

On Saturday, Mr. and Mrs. Ronald Hilliar of Indianapolis, Indiana; Mr. and Mrs. Keith Humbert, Mr. and Mrs. Lynn Thompson and baby of Clarkston; Mr. and Mrs. Dale Humbert and children of Midland; Mr. and Mrs. James O'Farrell of Prudenville; Gerry Cholger of Traverse City; Karen Cholger of Lansing; Mr. and Mrs. Allen Anschuetz, Mrs. Frieda Cholger, Mr. and Mrs. Dennis Cholger and the Harold Cholgers enjoyed the afternoon and a pot-luck dinner at the Andrew Anschuetz home on Monument Road.

Mr. and Mrs. Robert Harmon of East Tawas were Bay City visitors on Sunday.

Mr. and Mrs. Brian McMurray and son, Jonathon, were guests of his parents, Mr. and Mrs. John McMurray of East Tawas, over the week-end. Brian has recently accepted a position with Dow Chemical Company, Midland, in data processing.

Visiting with Mrs. Arthur Apple at her East Tawas home this week are her granddaughter and husband, Mr. and Mrs. James Stevens, and children, Julie and Eric, from Royal Oak.

Theodore Anderson and friend of Alpena visited Andrew Anschuetz at his Monument Road home on Sunday.

Week-end guests of Mr. and Mrs. Oren Carpenter at East Tawas were her family, Mr. and Mrs. Donald Parolari and children from Frankenmuth and the Ernest Gossel family, Flint.

Larry Boyce New Loan Officer for Mutual Savings

Larry Boyce, a former resident of Big Rapids, recently became the new loan officer at Mutual Savings, East Tawas. He had served as loan officer and branch manager for three years before coming here.

A native of Grand Ledge, Boyce attended high school there and following work experience served three years in the army, with one year in Vietnam.

Sand Lake

Retirees met at the community building on Thursday afternoon for a pot-luck dinner and advisory board meeting. Prize winners were Dorothy Kohlmann, Lola Biggs, Mary Frances Snow, Rose Curtis and Ray Moore.

Guests of Mr. and Mrs. LaVerne Miller for a few days last week were their daughters, M. Joyce Pinter and Phyllis Hamilton, both of Ypsilanti.

Mrs. Mabel Taylor, Grosse Pointe, and Mrs. Dorothy Rutzen, Bay City, called on their brothers and wives, Mr. and Mrs. Herbert Schultz and Mr. and Mrs. Alfred Schulz, Thursday afternoon. Other callers on Friday were their nephew and wife, Mr. and Mrs. Donald Boyce, Saginaw.

Grant Township Historical Society will meet on Thursday, February 26, 7:30 p. m.

Mr. and Mrs. George Atkin, Clio, spent the week-end with his sister and brother-in-law, Mr. and Mrs. Joseph Nimeski. Other callers at their home for an afternoon were Mr. and Mrs. Edward Kittle, Atlanta.

Newly elected officers of the Sand Lake Heights Women's Auxiliary are Edna Schweitzer, president; Jean Durant, vice president; Nonnie Dyer, secretary, and Dorothy Moore, treasurer. An installation of officers program is planned for March 10.

Lee Reeside was hospitalized last Monday at Tawas Hospital. Reports from Florida indicate that Hazen (Ted) Durant is hospitalized in Venice, Florida, following a heart attack.

Ida Sheridan has been discharged from Tawas Hospital.

Guests at the Ray Lenczewski home for the week-end were Mr. and Mrs. Colin Parks, Saginaw.

Clarence Cnudde was admitted to Saginaw Veterans Hospital last Wednesday.

Five Larcenies Investigated

Five larcenies and two breakings and enterings were investigated last week by Isco County Sheriff's Department.

Larcenies were reported by Marianne Kruse, Oscoda, outboard motor stolen from boat in storage; Paul G. Vertz, larceny of fishing equipment from shanty on Tawas Bay; Reginald C. Sepp, Long Lake, chain saw stolen from vehicle; Arnold Jakobi, Greenwood Road, Grant Township, theft of 17 gallons of gasoline from vehicle. This was the second time in two weeks he had reported larceny of gasoline; William Feitke, Hale, chain saw stolen from garage.

Burglaries were reported by Sunshine Realty, Tawas City, vacuum sweeper missing; Whittemore-Prescott Elementary School, cash stolen.

CLUB NEWS & NOTES

VFW Auxiliary Held Meeting

Thirteen members of Veterans of Foreign Wars Auxiliary No. 5678 were present at the Monday night, February 23, meeting to welcome Frances Hill back after a long illness.

Post Com. William Lear attended the session during which the joint meeting held February 20 was discussed. Another joint meeting is slated for March 20. All members are urged to attend.

At the March 23 meeting, election of district delegates and alternates is on the agenda. Mabel Smith won the mystery package. Refreshments were served by Barbara Dubovsky and Anna Burleson. Erna and Cheryl Becker will serve lunch following the March 9 meeting.

Name Delegates to AIA Meeting

Worthy Matron Donna Lemon welcomed 55 members of Tawas Bay Chapter No. 71, Order of the Eastern Star, Tuesday evening, February 17, at Tawas Masonic Temple.

Maude Rollin gave her sunshine report and cards were sent to shut-in members. Isabelle Leslie reported that Past Matron and Life Member Laura McKenzie of Tawas Bay Chapter passed away in Port Huron Sunday, February 15.

Elected delegates to the AIA Association meeting April 24 are Marie Hennigar, Betlah Western and Mrs. Lemon. Reporting delegate is Mrs. Leslie.

The next regular meeting will be held Thursday, March 5.

Refreshments were served by Mr. and Mrs. Orin Hodge, Pearl Spencer, Ruth Stump and Donald Langley. Tables were decorated with cupid and valentines.

Editor:

I must write concerning the Isco Transit Bus situation! We need to keep them, desperately! These buses are the smartest thing the Tawas has ever done! They are a necessity!

As an example, I have a friend who is severely disabled and is on crutches. She can no longer drive herself around and has no husband to drive her to places of necessity. She depends greatly on these buses! She rides the bus every week, to get her groceries! The bus drivers are true ladies and gentlemen when it comes to her! They carry her groceries from the bus to her doorway! (And I doubt that they are getting "carry-out boy" wages.)

We need this bus system! So do a smart thing and write to Tom Alley, State Legislature, Lansing, Mich. 48913, and see what he can and will do to help us keep our bus system!

Thanks loads!
Sincerely,
Dorothy Allen

Lioness Club Held Luncheon

First meeting of Tawas Area Lioness Club was a luncheon held at Coyle's Restaurant Tuesday, February 17. Future projects comprised the discussion period.

Sherry Jackson, president of the AuGres Lioness Club, was present to answer any organizational questions. The club is open to all area women 18 years of age and up. To join, one need not be the wife of a Lion member.

Second meeting of the Tawas Area Lioness Club will be held at Lixey's China House Tuesday, March 3. An optional dinner will be served at 6 o'clock with a meeting at 7:30.

Overnight Wonder: Pill for Constipation

Never too sudden, never too slow — this remarkable little pill stimulates your system's own natural rhythm. Gently, comfortably, overnight. In the morning, you're right back on schedule. Smoothly, comfortably, every time. That's why they call Ex-Lax pills the overnight wonder. That's right. Ex-Lax pills! For occasional use. **EX-LAX** Take as directed.

You read it in The Tawas Herald.

Extra strength relieves problem itching. It's called **BICOZENE** and it has 20% more anesthetic than Lanacane. BICOZENE's extra strength anesthetic safely cools all kinds of problem itching virtually on contact. And BICOZENE's antibacterial action speeds healing of itchy genital or anal areas.

Look for BICOZENE Creme in the purple box at your pharmacy. Or ask for "By-Co-Zen".
Extra strength. Use only as directed. **BICOZENE**

Whittemore-Prescott 'Jump Rope for Heart'

Whittemore - Prescott Area High School is conducting a "Jump Rope for Heart," a nationwide program sponsored by the Michigan Association for

Health, Physical Education and Recreation to benefit the Michigan Heart Association. This is the first year for Whittemore-Prescott to participate in such an event. It will be directed by Sheryl McLean and assisted by Miss Forest, student teacher.

Any student may enter but teams must consist of six students. There will be one jump rope for each team. The rope is then passed from one student to another continually jumping until the three-hour time limit is up. Any team that completes the three hours will receive a certificate and a patch. Each member will be given a pledge sheet, the minimum recommended pledge is two cents per minute contributing for the entire three hours.

Teams try to collect a minimum of \$200. The team with the most contributions will receive T-shirts. Tentative date for the "Jump Rope for Heart" is Wednesday, March 4, 3:45 to 6:45 p. m., in the Whittemore-Prescott gymnasium. Each student must have a signed permission slip from their parents or guardian. Anyone interested in participating may contact Mrs. McLean at the school.

"We do more than help you get the best insurance buy for your money."

We help with claims, too. We are Independent Insurance Agents. In business for ourselves. Trying to do a better job for you than anyone else in town.

We don't work for just one company. We work for you.

Wilber News

Andrew Anschuetz, Mr. and Mrs. Keith Humbert, Mr. and Mrs. Allen Anschuetz, Mr. and Mrs. Dennis Cholger gathered at the Harold Cholger home Tuesday night for a birthday dinner for Mrs. Humbert.

Wilber Home Extension Group held its meeting Friday night at Mr. and Mrs. Clarence Krueger's home.

Mr. and Mrs. Roger Weber, Emily and Martha came from Maumee, O., to spend the week-end with Mr. and Mrs. Richard Cunningham.

Members of United Methodist Women went to Iosco Medical Care Facility Friday for a valentine party for relatives and friends.

Gerry Cholger of Traverse City, Miss Karen Cholger of Lansing and Mrs. Frieda Cholger were week-end guests at the Harold Cholger home.

United Methodist Women held a meeting Thursday night at the church.

Mr. and Mrs. Casey Cavell and family of Plymouth spent the week-end with his father, Dr. E. B. Cavell.

Helps Shrink Swelling Of Hemorrhoidal Tissues

caused by inflammation
Doctors have found a medication that in many cases gives prompt, temporary relief for hours from pain and burning itch in hemorrhoidal tissues, then helps shrink swelling of these tissues caused by inflammation. The name: Preparation H®. No prescription is needed. Preparation H Ointment and suppositories. Use only as directed.

Question to be Discussed

Alternative Crops - Winners-Losers?

This question, alternative crops are they winners or losers, and others about alternative crops, sunflowers, faba beans, buckwheat, trefoil and dry beans, will be discussed at the program called alternative crops for Northeastern Michigan. Offered at three different locations, the schedule includes Tuesday, March 10, 7:00-10:00

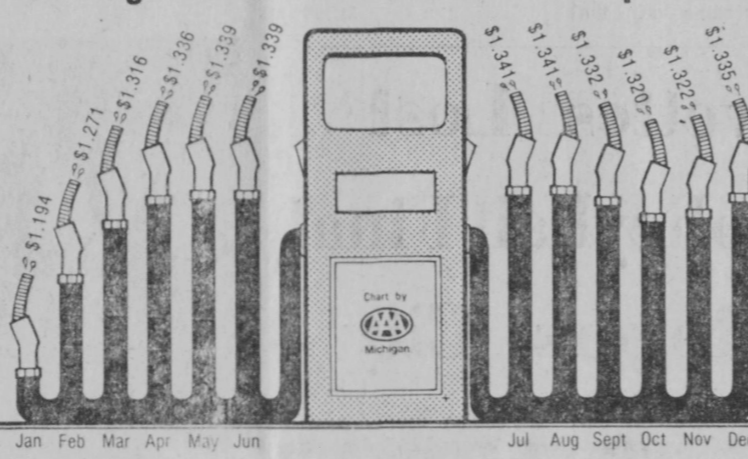

p. m., at Posen High School, one-half mile north of Posen; Wednesday, March 11, 1:00-4:00 p. m., at the township hall in Fairview, one-quarter mile north of M-72 and M-33 intersection; Thursday, March 12, 7:00-10:00 p. m., at the Whittemore-Prescott Area High School, four miles west of Whittemore on Prescott Road.

Resource people will include Dr. Richard Leep, MSU Upper Peninsula experiment station, discussing the culture of the alternative crops. Dr. Jerry Schwab, agricultural economist from MSU, will discuss the costs of production and marketing of the crops. Thomas Coulter, D-Arcy Grain Company of Minnesota, will also discuss the marketing of alternative crops and their experiences with the culture of these crops.

Part of the program will also take a look at the expected returns from wood lot management. This information should help a property owner justify the management of his woodlands.

For more information contact the Iosco County Extension Service office, 362-3449.

Michigan's '80 Gasoline Costs Up 12%

The average price of full-serve no-lead gasoline along the state's major travel routes rose 14.1 cents per gallon, or nearly 12 percent, from January through December, 1980. That is the second highest annual price increase for no-lead since Automobile Club of Michigan began its weekly "fuel gauge" survey of gasoline costs and availability in 1973. The highest one-year increase occurred in 1979, when the no-lead price along main travel routes rose 53.1 percent. The year-end survey also shows that Detroit-area full-serve no-lead gasoline rose 12.5 cents per gallon, or 10.4 percent, during 1980. The highest Detroit-area no-lead jump also occurred in 1979, when the average price rose 53 percent.

Teacher Panel Discusses Discipline in School

A panel of teachers, Ilona Oliver, Kathy Currie and Thomas Webb, and Middle School Prin. Roger Spencer participated in a discussion on discipline within the school system at the regular meeting of the Whittemore - Prescott Parent - Teacher Association meeting Monday, February 16.

About 20 PTA members learned that resolving school discipline problems depends up-

on joint effort between parents and teachers. Spencer shared that while there are many minor disturbances in the junior high, the major discipline problem seems to be the inability of some students to complete their work on time. He admitted that parents have the responsibility to instill proper study habits in their children.

The panel also emphasized that well-behaved students tend to come from homes where parents are concerned about their child's school and are willing to become involved in the educational process.

The Rev. Donald Schark, PTA president, invites all par-

ents and teachers to attend the next meeting at 8:00 p. m. Monday, March 16, in the high school library.

Refreshments, provided by Eva Ruckie, were served after the discussion.

Up to 1625, THERE WERE NO PAVED ROADS IN AMERICA. IN THAT YEAR THE FIRST PAVED HIGHWAY WAS BUILT IN PIMAQUID MAINE. IT CONSISTED OF STONES, ROCKS AND COBBLESTONES.

Restrict Weight Starting Today on Iosco Roads

Iosco County Road Commission will be imposing weight restrictions on all of its roads beginning at 7:00 a. m. Wednesday (today), February 25. Signs were posted on Monday and Tuesday with actual enforcement of regulations occurring on Wednesday. The reason for these restrictions is the continual warm weather of the last week. The frost is leaving the roadbeds creating an unstable condition.

In a normal year, weight restrictions probably would not be in effect until the middle of March. Restrictions will be in effect until further notice.

TOM SCHRIBER of the Tawas Area Braves drives toward the basket and tries an underhand shot against Scott Mudge (12) of the Standish-Sterling Panthers. Schriber made good on 12 field goals during the night.—Tawas Herald Photo.

Braves Downed S-S Panthers

Tawas Braves had a slow first quarter start Friday night against the visiting Standish-Sterling Panthers, but withstood an all-out second quarter assault by the Panthers and then won going away.

The Braves used the height of Jon Dunn and Dan Barry to good effect late in the first quarter and came up with a 19-18 margin.

Some deadeye shooting by Matt Koin of the Panthers in the second quarter had the Braves on the ropes, the visitors holding a 41-35 margin at intermission.

Tawas' offense, with three players scoring more than 20 points during the night, began to take command in the third quarter with a 29-18 margin and the Braves continued to find the net in the final quarter with a 20-21 margin.

Jay Grabow paced both teams during the game with 28 points on 12 field goals and four charity tosses. Tom Schriber turned in 24 points on 12 field goals and Dunn added 21 on nine field goals and three charity tosses.

The Panthers had five players scoring in double figures, topped by Koin's 20 points. Scott Mudge had 15 points, Mike Kutcheck turned in 14 and Dave Anless and Tom Dubiel each had 12.

Bill Dalbec came off the

bench for Tawas to turn in several key steals and helped Tawas to dominate the backboards.

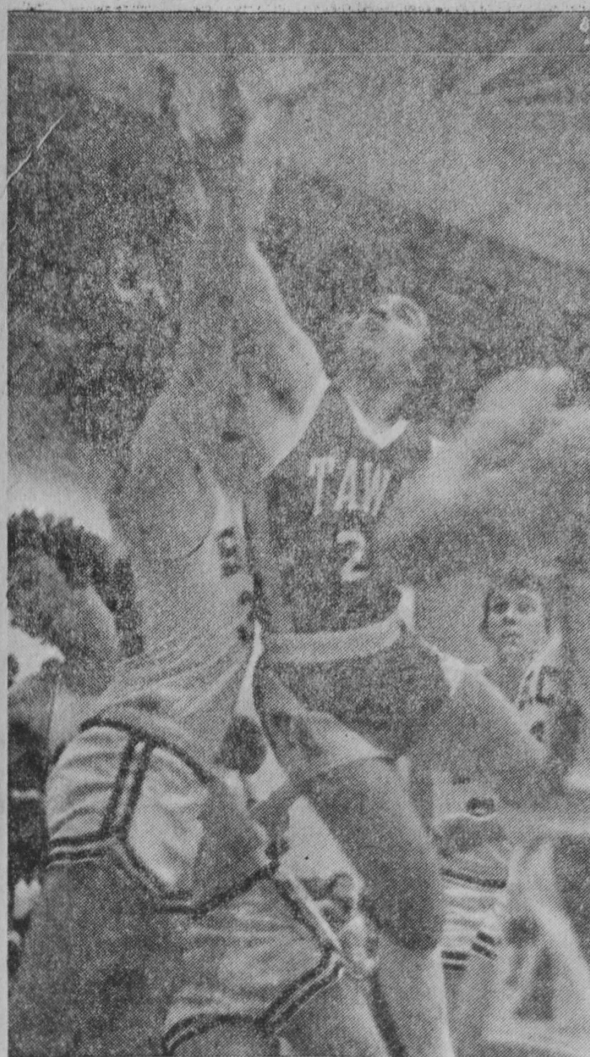

Tawas also won the preliminary, but the Junior Braves had a much tougher time turning the trick, 55-52. Eric Groff canned 20 points to pace Tawas and Wojahn had 14.

The Junior Braves held an 11-point lead at one time in the fourth quarter, but Standish-Sterling closed the gap to only two points on two occasions.

Tawas closes out the Northeastern Michigan Conference schedule this Friday night by hosting Gladwin.

Triple Overtime Win for TA Frosh

Charles Lewis meshed his first two points of the season Thursday night to give Tawas Area School's freshman "B" team the margin of victory in a triple overtime game with Standish-Sterling.

Thirteen players on the two teams fouled out during the game as officials tooted a total of 76 fouls during the game. Tawas won the game, 70-68.

Tawas came from behind to overcome a 10-8 first quarter advantage held by the visitors, but Standish-Sterling tied the game at the end of regulation play. Each team made five points in the first overtime period, six points each in the second and Tawas held a 10-8 edge in the final overtime period.

Matt Hintz scored 17 points to lead the winners, followed by Torre Miller with 14 points and Mike Allen's 12.

The "A" made it a sweep over Central with a 75-46 victory. Scoring in double figures were Don Hester, 18; Bruce Nelkie, 17; Joe Boik, 16; Jim Nivison, 12.

Forensics Contest Today at TAHS

Competition in forensics is being held Wednesday (today) at Tawas Area High School. Winners in the various categories are to present a program Thursday at an assembly of students.

Tawas Meets Grayling in District Tournament

Tawas Braves are to meet Grayling in the second round of district basketball tournament No. 89 which is to be held next week at Houghton Lake.

The Houghton Lake Bobcats take on Beaverton in the opening game on Tuesday, March 3. Tawas and Grayling meet on Wednesday, March 4.

The semifinal games are to

be held Friday night. Whittemore-Prescott Cardinals are to meet the winners of the Tawas-Grayling game at 7:00 p. m., followed by a game between Roscommon and the winner of the Beaverton-Houghton Lake game at 8:30 p. m.

The championship game is to be held Saturday, March 7, 7:00 p. m.

Bravettes Lost in Volleyball Final at Rogers City

Tawas Bravettes reached the final in Saturday's tournament at Rogers City and finished second behind the host school.

The Bravettes registered wins over the Whittemore Cardinals and Charlevoix, but fell twice to the Rogers City Hurons.

Tawas had wins of 15-5 and 15-8 over Whittemore-Prescott; lost to the Hurons, 11-15 and 14-16; then defeated Charlevoix, 15-13, 8-15 and 15-11.

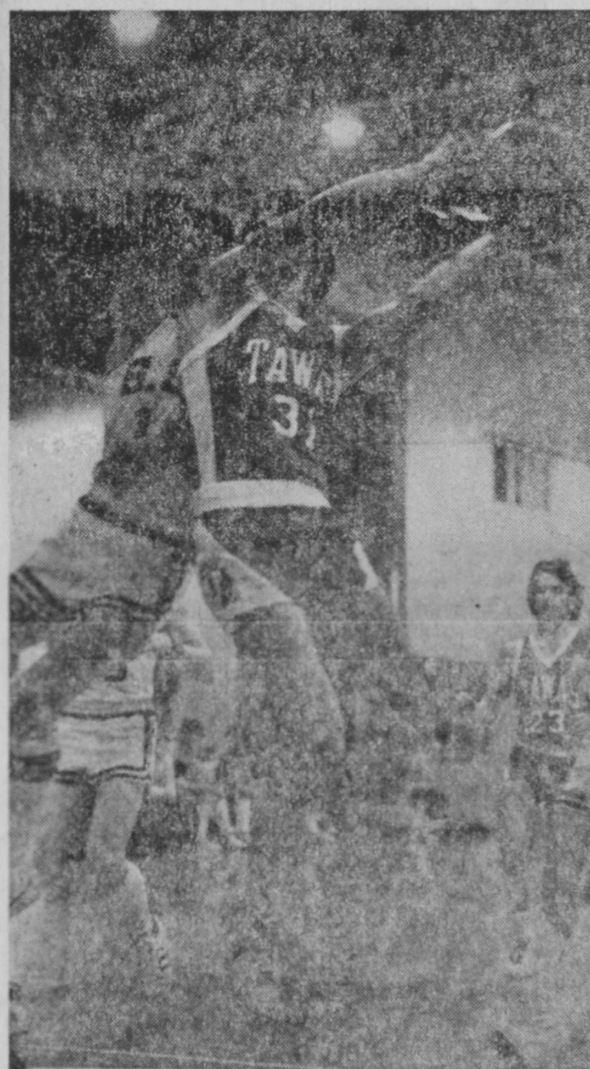

Tawas showed good team effort in the final with Rogers City, but not quite enough to win the last game. Tawas won the first game, 15-8; lost the second, 11-14, and then lost by the same score in the championship game.

Scoring for Tawas in the championship series were Pam Epley, nine points; Stephanie Royster, eight; Nikki Painter and Lisa Bielby, six points each; Debbie Allen and Jan Johnson, four points each.

In action Thursday night, Tawas downed Standish-Sterling, 15-12, 7-15 and 15-6. Allen had nine points, Epley turned in eight and Johnson had seven to lead the scoring.

The Junior varsity won its series, 15-9 and 15-7. Jane Stonehouse led the way with 11 points, followed by Dawn Allen's six points.

The freshman squad lost two games to Standish-Sterling, 9-15 and 10-15. Top scorers for Tawas were Ann Bogdziewicz, Sharon Hughes, Michelle Wheatley and Vicki Yanna with three points each.

KELLY MOFFATT of the Tawas Area Braves tries a left-handed shot against Dan LaClair of the Panthers. The Braves came from behind a 41-35 deficit at the half to win.—Tawas Herald Photo.

Hale Beat Au Gres, Lost to Fairview

Hale Eagles downed Au Gres, 76-55, in North Star League action February 17, but lost to Fairview, 76-55, on Friday night.

Ken Jansen topped Hale scorers with 25 points against Au Gres, while Tom Sanders, Dan Dear and Jeff Dillon each meshed 11 points.

Dillon was top rebounder with 17, while Jansen and Sanders had 13 each. Kurt Wilson had five assists.

After coming from behind to tie the score at 24-all at intermission, Hale was edged by Fairview, 37-35, at the end of the third quarter and Fairview went on to outdistance the Eagles in the final quarter.

Wilson was Hale's leading scorer with 16 points, followed

by Ken Jansen with 10 points. Jansen also had nine rebounds. The Eagles were to close the season Tuesday night against the Whittemore - Prescott Cardinals.

Lost Control of Car in Slush

Laurie J. Engle, 16, East Tawas, was treated at Tawas Hospital February 16 after she lost control of her vehicle on Harris Avenue, Tawas City, and hit a snowbank. Officers said that slush on the road contributed to the accident. She struck her head on the steering wheel.

Eighth Grade Split Decisions

Eighth grade basketball teams of Tawas Area School split the decisions February 17 in two games with Whittemore Prescott Area. The "A" team lost, 43-40, and the "B" team won, 29-28.

Stuck was high scorer for the "A" team with 16 points. Jim Vanderclip, Loren Lear and W. Osborne were top scorers for the "B" team with six points each.

DAR Presented Awards to Student American History Month Winners

American History Month essay contest winners with their parents and teachers were honored by the River Aux Sables Chapter, Daughters of the American Revolution, at a St. Valentine's Day luncheon in the First United Methodist Church, Hale.

Mrs. Lyle W. Adams, chapter vice regent, presided at the awards meeting. Students were introduced by Mrs. Worthy T. Boyd, chapter chairman of the American History Month committee and state registrar, Michigan DAR.

Winners were picked from entries written on this year's national theme, "A Military Leader of the Battle of Yorktown." The theme was chosen to commemorate this year's 200th anniversary of the Battle of Yorktown on October 19, 1781, which ended with surrender of the British forces to the American army under George Washington.

Reading their essays and receiving silver medals for first place were Teresa Gay, fifth grade, Fairview Area Schools; David Ruda, seventh grade, St. Joseph School, West Branch, and Sandra Bak, eighth grade, St. Joseph School.

Bronze medals for second place were awarded to Monica Handrich, fifth grade, Fairview Area Schools, and Sandra Mitrzyk, eighth grade, St. Joseph School.

Their parents are Mrs. K. Gay and Mr. and Mrs. Darrel Handrich, Fairview; Dr. and Mrs. Richard J. Ruda, Mr. and Mrs. Bernard Bak and Mr. and Mrs. Donald Mitrzyk, West Branch.

In addition to the medals, Mrs. Boyd presented certificates of award to the winners and certificates of appreciation to all who wrote essays. The contest is part of the annual national observance of February

as American History Month, she said.

The first place essays have been entered for judging at the state level, with state winners from each grade then entered in the national DAR contest, according to Mrs. Boyd.

State winners and runners-up will be announced at the Michigan DAR spring awards meeting on April 2 at Kellogg Center, East Lansing, and national winners on May 1 in Washington, D. C. The chapter's 1980 eighth grade first place winner, Cathy Holmes, St. Joseph School, won second place at the state level last year.

Mrs. Jo Benson, Mrs. Lyndon Fogelsong and Mrs. Ralph Haley were cohostesses with Mrs. Boyd.

Buses Lose 'Santa Claus'

County Must Replace Lost Federal and State Funds to Keep Buses Rolling

A cut in federal-state subsidy funds may see an end to the fledgling Iosco Transit System on October 1, unless local money is found to bail out from an operational deficit.

Word last week was that the federal subsidy would be reduced by one-half—from \$43,000 to about \$23,000—in the next fiscal year and the state legislature has not appropriated its one-third share to cover gross operational funding.

When originated two years ago, the Iosco County Board of Commissioners signed a three-year contract with the state "guaranteeing" 100 percent reimbursement during the first two years and 75 percent reimbursement the third year.

At the conclusion of the three years, the theory was that the bus system would be self-sufficient and the major portion of any operational deficit could be

handled locally, although it was stated there still would be federal-state money available to help offset the deficit.

Because of budget reductions at the federal and state level—and other cuts surely to follow—the timetable for local government to assume full financial responsibility for operation of the bus system has been accelerated. Iosco County is not alone in facing the problem, as evidenced by the fact that Arenac County adopted a similar system only a few months ago.

As it now stands, county government could keep the bus system operational during the last three months of this year by providing \$15,000 in funds. Before that happens, however, the county must make some decision concerning funding the system in 1982 and in the future. That will require study and a vote of the people may be required.

Stanley Brockenbrough, director of the bus system, told the board of commissioners Wednesday that a \$60,000 appropriation from county funds would generate \$286,000 to keep the system operating next year. The latter figure represents the system's total budget, based on anticipated funding at this point.

In addition, approximately \$42,000 can be expected in passenger fares and about \$12,000 from other receipts, including maintenance of buses for Iosco Intermediate School District. Iosco Transit System currently provides maintenance for intermediate buses at its garage in Tawas City.

A resolution adopted by Iosco Transit Authority in January stated that the system "would not be operating after October 1, 1981," because of state and federal revenue cuts. The board stated it "felt betrayed by the state and federal governments."

Although a decision on continuance of the bus system probably will not be made at the annual meeting March 12, some decision on local funding must be made next summer.

Reappointed to the transit authority board of directors Wednesday were David George and John Webb of the county board of commissioners, along with Peter Holly, superintendent of Hale Area School.

Chairman George pointed out that the county does have a three-year contract with the state to subsidize the bus system and that efforts would be made to encourage the state to live up to its agreement.

The bus system director said that 5,800 passengers were transported during January and that fares had been steadily increasing each month. He felt that costs could be reduced somewhat by cutting service hours, reducing the number of buses in operation, increasing fares and to obtain additional revenue by expanding maintenance service to other systems.

He said that a number of changes had already been made in the operation, principally through combining runs to reduce the level of "taxi" pickups.

Signing of the bus system contract two years ago came on the heels of scrapping the county's original bus system, which operated under a different set of laws and regulations. Despite the use of bus drivers paid through the CETA program, that system ran into a financial bind and was abandoned when its worn-out buses ran out of gas, leaving a large deficit in unpaid fuel and maintenance bills.

To date, there has been no local cost to the county for operation of the bus system under the present contract, other than the time spent by members of the county board of commissioners in negotiating the contract with the state, along with some legal fees.

Iosco was one of the first counties in the state to take advantage of the present program and buses were purchased with federal funds. Members of the county board of commissioners believed Wednesday that if the state abided by terms of its contract obligations, the system could become self-supporting in the future.

IOSCO TRANSIT SYSTEM will need more than a Santa Claus to solve its serious financial problems during the coming months. Emergency funding will be required during the last three months of the year.—Tawas Herald Photo.

ANNUAL SPRING BREAKUP of ice in Dead Creek came last Thursday and this dragline of the Tawas City Department of Public Works was at work in the fog clearing an ice jam near the railroad bridge. This scene usually is a signal that spring is not far behind, but several weeks more of winter weather can be expected.—Tawas Herald Photo.

"OVER THE RIVER and through the woods, to grandmother's house we go; the horse knows the way to carry the sleigh over the white and drifting snow . . ." This tune sung by several generations of school children fits the above scene

perfectly: A horse and cutter is drawn up at the front porch and an entire family poses for A. G. Emery in front of his big eight by 10-inch view camera.

An Old-Fashioned Winter

THERE IS AN OLD SAYING about Michigan winters—"if you don't like it, wait awhile and the weather will change." The winter of 1980-81 has been typical: Cold weather caused heating bills to soar early in November and, although there was little snow, frigid temperatures continued through January. Sub-zero readings were frequent during January and February. The worst storm of the winter hit the entire Midwest during the second week of February, closing schools and governmental offices for two days. Transportation came to a standstill as wheeled vehicles could not get through the snow. This was followed by unseasonably mild weather, then dense fog and the ice began to break up in Dead Creek on February 19. This selection of pictures snapped by A. G. Emery of East Tawas shows how folks

treated a similar winter in the early 1900s. They made use of the snow by hitching their horses to cutters and sleighs and seemingly had a good time of it, although individual transportation in those days was not as important as it is today. Without buses, there is no school; without passenger cars and mail trucks, governmental offices do not open and some business places close. In time gone by, it was only a matter of clearing the sidewalks for pedestrians—the horses plowed their own way through roads filled with drifted snow. How many people would want to return to those days before automobiles? It is fun to look at the old pictures and try to hear bells jingling in the snow, but those days are gone forever. One thing is certain—there is a blizzard or two remaining during the winter of 1981; Michigan weather is like that.

OWNER of this beautifully matched pair of driving horses was not identified on the glass plate negative. The two men are ready

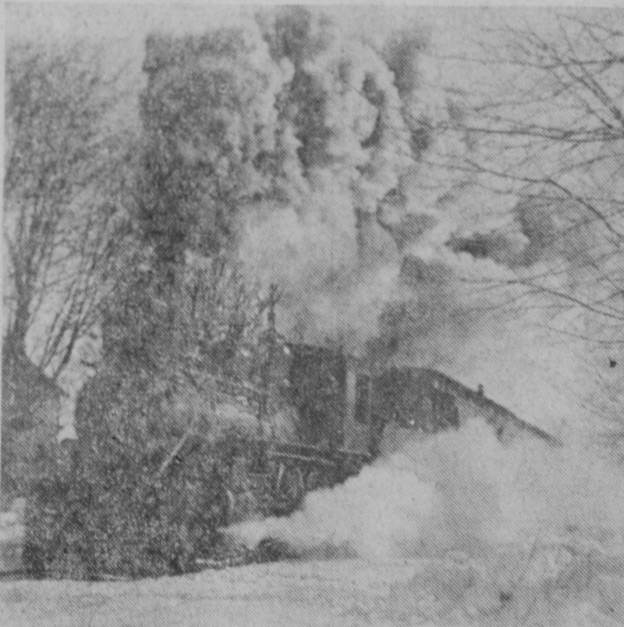

to set off on a fast spin through town and the belybands of bells on the horses played a merry tune.

MOST TRAVEL was confined to walking. A horse-drawn scraper has opened this sidewalk.

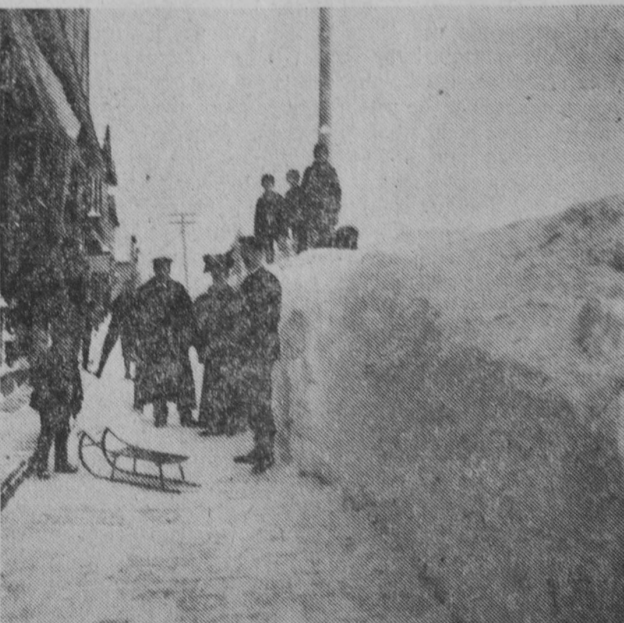

A HORSE AND SLEIGH break through the deep snow on Newman Street in this view. Business carried on as usual during storms as motor vehicles had not made an appearance on the scene.

ALL VEHICULAR TRAFFIC stopped during a major storm, but the steam locomotives and passenger trains of the Detroit and Mackinac Railway seldom were halted for long by deep snow. This train moves along Bay Street.

THIS FANCY CARRIAGE drawn up in front of the C. H. Prescott residence in Tawas City would be impractical in deep snow and a change would be made to a cutter.

DRIFTING SNOW has plugged Newman Street, but shopkeepers have shoveled the sidewalks to permit pedestrian traffic. The snow will remain until the spring thaw.

I pledge allegiance to the flag of the United States of America and to the republic for which it stands, one nation, under God, indivisible with liberty and justice for all.

Established 1884

Retaining Iosco Transit System is a Big Question

Accepting federal or state grant moneys by local government, regardless of the impracticality of some projects, has resulted in a tremendous waste of tax dollars over the years. The thinking always has been: "If we don't take the money, some other community will get it."

One notable example of the above appears to be establishment of the Iosco Transit System, which has spent more than \$200,000 annually in federal and state funds during the past two years.

This corner expressed its concern prior to signing of a three-year state contract by the Iosco County Board of Commissioners. The county had just bailed out of a transit system which always operated in the red, despite the infusion of federal and state funds from various sources—just to keep that system operating.

The thinking at the county level two years ago was that no local funds would be used to operate the new bus system for the first two years and a 75 percent reimbursement check would be received the third year; after that time, said commissioners, the system could be dropped if the county did not wish to operate the buses at local expense.

Because of the economic crunch which has reduced the flow of tax dollars to federal and state coffers, the burden of funding the Iosco Transit System now falls on local government—a year earlier than expected. By shifting priorities in spending its federal revenue sharing money, county government could continue operation of the bus system to the end of this calendar year—but what about next year and in the future?

It is only wishful thinking to believe that a transit system can operate in this rural area without heavy subsidies. There are just too few passengers and too many miles to be covered to make such systems practical.

Unless passenger car travel is completely curtailed by a gasoline shortage—and that does not seem to be within the realm of possibility, since the gasoline companies have quadrupled their price tags at the pumps and discovered there no longer is a "shortage"—operation of a mass transit system in a rural area is just not feasible.

The local bus system reportedly carried 5,800 passengers in January, but this number is deceiving as most passengers rode the buses twice daily. In order for the transit system to carry its 50,000 passengers approximately 300,000 miles, the county will have to cough up \$60,000 in order to meet the system's total budget of \$268,000 next year.

The local funding is based on the premise that the federal government is going to continue to subsidize bus systems. The

federal share was cut in half this year and the state legislature has not appropriated its one-third of the cost.

The bus system probably can struggle along by maintaining the few runs where it has passengers—but it really is impractical to use a 16-passenger bus which averages nine or 10 miles to the gallon of gasoline on "taxi" runs.

The only salvation for public transportation in the north country would be to carry children to school. It may come to this as the state has cut transportation funds to schools to the bone. If school bus systems are abandoned, many parents would have to pick up the cost of sending their children to school on transit system buses.

It does seem impractical to have six different public transportation systems operating in this county—Iosco Transit System, four public schools and the intermediate district—but even if it were possible to operate one combined system, and that would require new legislation, public transportation probably would still operate in the red.

The county board of commissioners, in signing a three-year contract with the state for operating a transit system, was very careful not to guarantee local operation if and when the federal and state "money well" suddenly went dry. The well now appears to be dry and a number of citizens depending on buses for transportation will soon be without wheels.

Operators of the Iosco Transit System really cannot be faulted for the current state of affairs. But it does get back to our original premise: If it is known that a project is impractical, it should not get off the ground. Local communities should not seek federal or state funds just because "if we don't take the money, some other community will get it."

Funding of a county transit system does not stand alone as there have been a number of projects which should have never gotten off the ground because of being impractical.

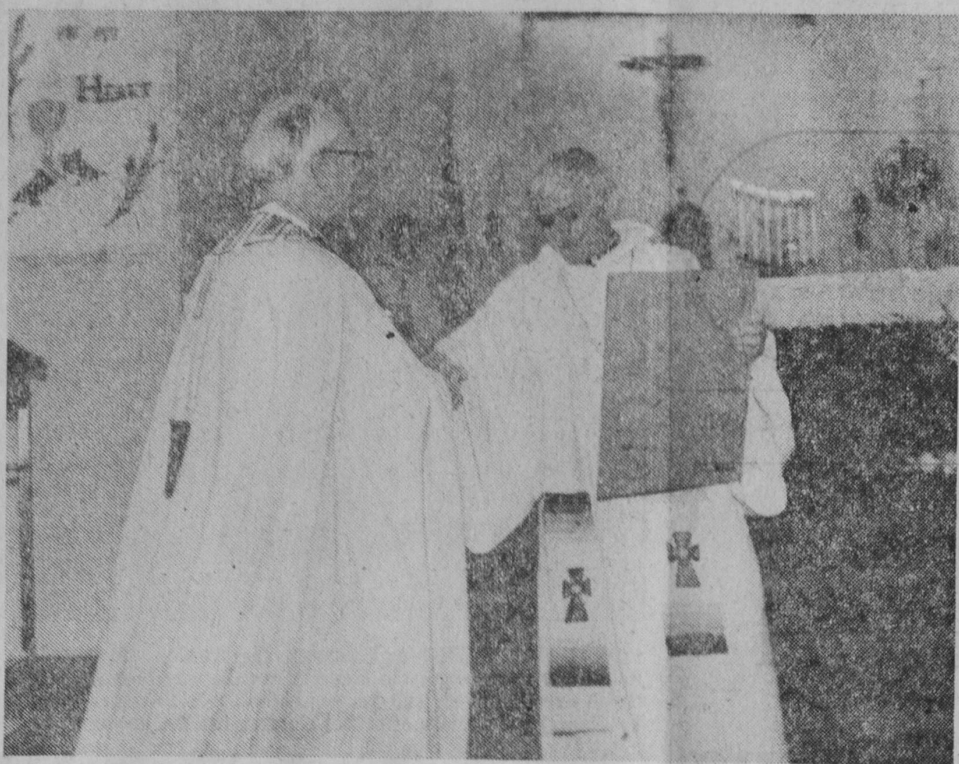

President Reagan Recommends Important Cuts

President Reagan said some things to congress Wednesday night in which the majority of Americans concur—namely, that the expense of operating government has gotten entirely out of hand during the past 10 years. The thinking of the president is not new as Americans have criticized governmental expenditures since the days of the founding fathers, but the spending lid has been removed during the past 10-year period.

One of the problems facing the new president is to convince members of congress—and some Americans—that the road to national financial recovery is to reduce certain expenditures. It all depends on the viewpoint of whose bull is being gored.

If national priorities were re-adjusted there would be plenty of money to go around to meet all budgets. But what should receive top priority to one point of view would not seem important to the other point of view.

One thing appreciated by this corner was President Reagan's insistence that the Economic Development Administration should be scrapped. That will come as a shock to some, as

MSGR. FRANCIS J. MURRAY was invested Sunday, February 8, in the robes of a domestic prelate with title of Monsignor. A native of Tawas City, Monsignor Murray is pastor of Ruth St. Peter and Paul Church and administrator of Kinde St. Edward and St. Mary Churches. At left above, Monsignor Murray promises to serve the church faithfully. At right, Saginaw Bishop Kenneth Untener presents him a painting of Pope Paul II.

PROUD WITNESSES to the ceremony were Monsignor Murray's sister, Annette, lower left, and her husband, Frank Schreck, of Bay City. Bishop Untener declared that making a person like the Ruth pastor a Monsignor "gives us an opportunity to realize how much it means to say something good about someone. People tell me: 'Now there is a guy who deserves it.' They feel good about it."—Catholic Weekly Photos by Barney Sauve.

Hear Needs of Family and Home Missions

Tawas United Methodist Women assembled Tuesday, February 17, in the fellowship hall. Hostess for the day, Ethelyn Doak, assisted by Ellen Powers and Dorothy Wilson, served dessert from tables decorated in the valentine motif.

Leona Alverson, president, welcomed about 35 members and conducted the business meeting. Erma Cole, treasurer, conducted the pledge service for 1981. Call to prayer and self-denial service was presented by Grace Woodburn, who told of the need in the foreign and home missions.

Tuesday, March 10, 1:30 p. m., is the next meeting of Tawas United Methodist Women. Program will be presented by Fern Chisholm. Hostess for the day is Kay Kendall.

EDA funds have benefited public projects; but that program, too, has grown out of hand when low-interest loans are made to benefit commercial enterprise—especially since the federal government has to borrow the money at a high rate of interest and then loan the same money out at low interest rates.

In addition, only certain segments of private commercial enterprise are benefited by EDA loans, at the expense of commercial enterprise already in business and borrowing money at the prime rate.

That was only one area recommended for cuts or complete elimination from the federal budget; it will be interesting to see what congress will do with the rest of the new president's program.

Updated Guide to Films Outdoors and Adventure

An updated guide to more than 350 award winning outdoor, nature and adventure films judged among the world's best by the Michigan Outdoor Writers Association (MOWA) is now available free to the public.

Films described in the 44-page booklet are grand award, first prize or citation of merit winners entered in MOWA's Annual

National Outdoor-Travel Film Festival since it began in 1963. The films, produced in the United States and Canada, are 16 millimeter in color with sound. Many may be ordered for viewing from the listed sources at no charge.

Copies of "A Selection Guide to the World's Best Outdoor Nature and Adventure Films" can be obtained by writing: AAA Michigan Living Magazine, Auto Club Drive, Dearborn, MI 48126.

Menus

WHITTEMORE-PRESCOTT AREA SCHOOLS

Thursday, February 26—Fish wedgie, hash browns, roll and butter, orange, milk or chef salad with crackers.

Friday, February 27—Tacos with lettuce, cheese cup, green beans, fresh fruit, milk or mini sub.

IOSCO COUNTY DROP-IN CENTERS

Thursday, February 26—Porcupine meatballs, cauliflower and cheese, carrot apple salad, corn bread and margarine, mixed fruit cup, coffee, tea, milk, juice.

Friday, February 27—Baked chicken, hot potato salad, baked squash, creamy coleslaw, assorted bread and margarine, peach cake, coffee, tea, milk.

Monday, March 2—Sauerkraut and sausages, lima beans, carrot-pineapple salad, corn bread and margarine, bread pudding, coffee, tea, milk.

Tuesday, March 3—Spaghetti with meat sauce, broccoli with cheese, tossed salad, garlic toast, apple crisp, coffee, tea, milk.

Wednesday, March 4—Hot beef sandwich, whipped potato with gravy, diced beets, carrot sticks, orange sauced peaches, coffee, tea, milk.

Mathews Family in Concert

The East Tawas Assembly of God Church will host a Gospel concert with the John Mathews Family from Nashville, Tennessee on Monday evening, March 2, 7:30 p. m.

The Mathews family consists of the father, John; son, Dale;

daughters, Linda and Beverly, and son-in-law, Sam Kirk. They began singing in 1972 and have traveled hundreds of thousands of miles across the United States and Canada in Gospel concerts.

The Rev. Edward Fairbanks, local pastor, states that this is the third time the Mathews family has appeared at the East Tawas Assembly of God Church. An invitation is extended to the community to attend.

(Read Matthew 6:25-34)

My husband and I were engaged in high school, were married during the first year of college and had our first child in two years. I crammed four years of college into those two years and began teaching high school. Continually, as I watched my students' immaturity, I marveled that our idealistic infatuation had matured into such a satisfying marriage. By this time, my husband had chosen the ministry and his choice suited me. We had been childlike in our expectations when we married; yet it was clear God was guiding our lives, shaping us for the challenges ahead.

God still calls us to be childlike and trusting. It is harder now with two small children and the expenses of seminary but I can say that God has met every need, from finances to child care and worship time. God provides—maybe not how or when we expect but God does provide.

PRAYER
 O God, make us sensitive to Your guiding hand in our lives so that we may more faithfully respond to Your call. Amen.

THOUGHT FOR THE DAY
 We do not have to clear the way, just walk the path.—Jenni Douglas (Missouri)

A handful of cash is better than a garage full of "don't needs." It is easy to place a classified ad in The Tawas Herald. Stop in today!

Catholic Women Heard Lecture on Stress

St. Joseph Council of Catholic Women convened Thursday, February 19, in an attractive setting created by new drapes at the windows. The 25 members also viewed a display of altar linens.

The program was a lecture on stress presented by Rose Blackmore, Tawas Hospital human resources director.

A fish fry is scheduled on March 27 and a smorgasbord slated for April 25.

A church service

full of stirring new ideas.
 (And warm, friendly people.)

A Sunday School

full of stimulating new ideas
 (And lively, inquisitive kids)

A Reading Room

full of revolutionary new ideas.
 (And helpful, encouraging books.)

And a Wednesday testimony meeting

where the healing power of these new-old ideas is told, and people can give their thanks to God

Now that we've introduced ourselves

we'd love to have you come and share with us...any time you can.

CHURCH and SUNDAY SCHOOL
 11 a. m.—Every Sunday
 Wednesday—8 p. m.
 READING ROOM
 Wednesday—2-5 p. m. 6:30-7:30 p. m.
 EVERYONE WELCOME

Consumers P. Tax Checks Presented

Checks in payment of taxes to Oscoda Township, Iosco County, with a combined total of \$389,626.41 were presented February 17 by J. E. Wessels, district manager, Tawas District of Consumers Power Company.

The tax payment by Consumers Power Company is part of approximately 69.3-million dollars in real and personal property taxes that the utility and its subsidiary, Michigan Gas Storage Company, are delivering

this month to 1,374 taxing authorities in Michigan, Wessels said. Total real and personal property taxes for the company, including those paid earlier, were 86.2-million dollars.

The 31 counties and townships within its counties which are served by and make up the Northern Region of Consumers Power Company received eight-million dollars in real and personal property taxes for the year 1980.

Need Host Families for 4-H Exchange

Host families are still needed for the Japanese LABO 4-H Exchange to serve as hosts for 75 Japanese youth and adults who will be in Michigan during the summer between July 20 and August 20. The families are matched by having a Japanese boy or girl the same age of a family member. Most of the youth who come from Japan are between 12-18 years of age.

TO THE CUSTOMERS OF MICHIGAN CONSOLIDATED GAS COMPANY

(Published by Direction of the Michigan Public Service Commission)

Case No. U-6743

NOTICE OF HEARING ON THE IMPLEMENTATION OF A PROGRAM PURSUANT TO THE MICHIGAN RESIDENTIAL CONSERVATION SERVICE STATE PLAN AND ON THE RECOVERY OF COSTS THROUGH A UNIFORM SURCHARGE

On October 14, 1978, Congress enacted the National Energy Conservation Policy Act (Act), PL 95-619, 42 USC §8211 et seq., which provides for the development, by individual states, of residential energy conservation plans to be implemented by certain public utilities operating within those states. Pursuant to the provisions of the Act and regulations promulgated thereunder, the Michigan Department of Commerce has prepared a Michigan Residential Conservation Service Plan (MRCS Plan) and the Michigan Public Service Commission (Commission) in its order of December 30, 1980 in Case No. U-6700 has directed utilities subject to the MRCS Plan to offer certain specified energy conservation services to their residential customers. The MRCS Plan provides that after public notice and opportunity for public comment, the Commission shall establish the amount to be charged directly to eligible customers receiving such services, and also provides that additional costs associated with the program shall be recovered by a charge included equally in the price of every metered unit of gas or electricity sold by utilities subject to the MRCS Plan without regard to the amount of gas or electricity consumed.

In accordance with the MRCS Plan provisions, Michigan Consolidated Gas Company (Consolidated) filed an application on January 20, 1981, requesting authority to implement an MRCS program and recover the costs through a uniform surcharge associated with implementing the MRCS program. Applicant estimates that its initial costs relating specifically to the MRCS program will be approximately \$5,753,600 for the first year of operation and that a surcharge amount of \$0.00150 per Ccf (5,753,600 ÷ 384,622,000 Mcf) should be applied to every metered Ccf of gas during the 12-month period May 1, 1981 through April 30, 1982.

Consolidated proposes to file a report of costs and revenues with the Commission pursuant to the MRCS Plan on or about June 1, 1982 in order that estimated expenses and revenues associated with the program from May 1, 1981 through April 30, 1982 can be reconciled with those incurred. Concurrently, Consolidated proposes to submit an estimate of MRCS Plan costs, revenues and gas sales for the subsequent May 1, 1982 to April 30, 1985 period. After notice and hearing, a new MRCS surcharge will be established based upon information submitted. Adjustments to the surcharge pursuant to reconciliation shall become effective September 1, 1982 and continue, as determined by the Commission.

Consolidated has filed written testimony and exhibits in support of the request to implement the MRCS program and recover costs attributable to the program. Jurisdiction is pursuant to 1909 PA 300, as amended, MCLA 462.2 et seq.; 1919 PA 419, as amended, MCLA 460.51 et seq.; 1939 PA 3, as amended, MCLA 460.1 et seq.; 1969 PA 306, as amended, MCLA 24.201 et seq.; the Commission's Rules of Practice and Procedure, 1954 Administrative Code, 1968 Annual Supplement, R 460.11 et seq.; and the National Energy Conservation Policy Act, 42 USC §8211 et seq.

NOTICE IS HEREBY GIVEN THAT:

A. Public hearings for the purpose of commencing cross-examination of Consolidated's witnesses will begin at 9:30 a.m. on March 16, 1981 in the offices of the Commission, Mercantile Building, 6545 Mercantile Way, Lansing, Michigan and will continue thereafter from day to day or on such adjourned dates as the presiding officer may set until the matter has been fully heard. Any interested persons may attend the hearing and participate, subject to the provisions of the Commission's Rules of Practice and Procedure.

B. Any person seeking to intervene, in accordance with Rule 11 of the Rules of Practice and Procedure Before the Commission, shall file with the Commission, on or before March 9, 1981, an original and 12 copies of a petition to intervene, together with proof of service upon Applicant.

Subparagraph (2) of said Rule 11 provides as follows:

"(2) A petition to intervene shall set out clearly and concisely the facts supporting the petitioner's alleged right of interest, the grounds of the proposed intervention, and the position of the petitioner in the proceeding, so as fully and completely to advise the parties and the Commission of the specific issues of fact or law to be raised or controverted." (Emphasis added)

The Commission will require a strict compliance with the above-quoted rule.

C. All discovery requests of Consolidated must be made before March 16, 1981.

D. The Staff, or intervenor witnesses (if any) shall file testimony on March 30, 1981, unless otherwise amended by the presiding officer.

E. Public hearings for the purpose of commencing cross-examination of the Staff and intervenor witnesses (if any) will begin on April 6, 1981 in the offices of the Commission, Mercantile Building, 6545 Mercantile Way, Lansing, Michigan and will continue thereafter from day to day or on such adjourned dates as the presiding officer may set until the matter has been fully heard. Any interested person may attend the hearing and participate, subject to the provisions of the Commission's Rules of Practice and Procedure.

F. THE INCREASES DESCRIBED IN THE NOTICE HAVE BEEN REQUESTED BY MICHIGAN CONSOLIDATED GAS COMPANY. THE MICHIGAN PUBLIC SERVICE COMMISSION MAY EITHER GRANT OR DENY THE REQUESTED INCREASE, IN WHOLE OR IN PART, AND MAY GRANT A LESSER OR GREATER INCREASE THAN THAT REQUESTED, AND MAY AUTHORIZE A LESSER OR GREATER RATE FOR ANY CLASS OR CLASSES OF SERVICE.

G. Michigan Consolidated Gas Company shall, at least 10 days prior to the cross-examination of its witnesses on March 16, 1981, have available for inspection at each of its district offices in its gas service area a copy of its application, testimony and exhibits of its witnesses, and the MRCS Plan.

Proceedings of Iosco County Board of Commissioners

FEBRUARY SESSION

February 4, 1981
A regular meeting of the Iosco County Board of Commissioners held at the County Building in Tawas City on February 4, 1981, pursuant to published schedule.

Meeting called to order at 9:40 a. m. by Chairman George and the roll called.

Present: George (District 2), Merschel (District 3), Ulman (District 4) and Webb (District 5).

Absent: None (a vacancy existing in Commissioner District 1).

The following correspondence was read by the clerk:

Letter dated February 3, 1981, from Bernadette Klinkel, secretary-treasurer of the Iosco County Housing Commission, tendering her resignation as of February 13, 1981, due to plans to move from the state.

Referred to a letter under date of January 20, 1981, from the Michigan Department of Commerce advising that Public Act 433, P. A. of 1980, which provides for the sale of spirits for consumption off premises on Sunday after 12:00 noon, becomes effective March 31, 1981. Chairman George invited any members of the public in attendance to address the board, to which there was no response.

Susan Lambrecht, county extension director, appeared before the board and introduced Betty Hooker, 4-H program assistant, and thereupon explained the funding agreement whereby the county pays 50% of the salary of the 4-H program assistant and furnishes office facilities, supplies and mileage reimbursement.

Mrs. Hooker addressed the board to report on her background, former employment and 4-H program activities, indicating that five new clubs have been started in the Oscoda area since the first of the year.

Continuing, Mrs. Lambrecht reported on having received a letter from Wendy Pappas, extension clerk-typist, indicating termination of her employment in the near future, requesting authorization to fill the vacant position. Matter referred to Commissioner Ulman.

Mrs. Lambrecht referred to the recent contract settlement with the courthouse employees, requesting board action to adjust compensation for Family Aide Billie Minard and Marine Agent Secretary Loretta Hartshorn, part-time positions in her department that are fully funded (by reimbursement) by the State Department of Social Services and Michigan State University, respectively. In discussion of the matter, Commissioners proposed that they be paid at the same rates as the part-time courthouse employees under the union contract.

Mrs. Lambrecht further reported that Agricultural Agent Kenneth Kernstock has been serving as acting extension director in Arenac County and has applied for the position of permanent director, and that, barring any unforeseen circumstances, will be accepted as of March 1st. She indicated that, although she doesn't feel there will be an immediate replacement for Mr. Kernstock, Iosco, Arenac and Ogemaw Counties have a strong history of joint agricultural programs.

In conclusion, Mrs. Lambrecht requested time on the board's agenda for the regular meeting of February 18, 1981, to present extension service annual reports.

A brief recess was ordered by the chairman at 10:00 a. m.

Upon call to order at 10:13 a. m., Nancy Reinhart, Region 7-B contract programs counselor, appeared before the board to report that, effective December 5, 1980, the federal unemployment benefits assistance pool (FUBA), which formerly covered the cost of unemployment insurance for CETA P. S. E. participants, was deactivated, and that a reserve to cover the cost must now be provided from fiscal-year-1981 program allocations. She went on to say that, in order to budget enough funds to cover anticipated unemployment costs, programs will be affected as follows:

Title II-D P. S. E. - Must be reduced from 42 current participants to 13 participants, effective February 28, 1981.

Title VI P. S. E. - 12 current participants must be terminated effective March 31, 1981.

Title VI Project - 10 current participants will be able to continue through September 31, 1981.

Mrs. Reinhart submitted to each of the board members a list of current program participants, together with her recommendations for the 13 positions to be retained, requesting that the board select 13 from the list and prioritize the remaining positions, in case additional funding should become available; further indicating that no transfers can be made to other programs, as participants would then be eligible for unemployment benefits from two programs. In discussion with Mrs. Reinhart concerning the 13 Title II-D P. S. E. positions to be retained, Commissioner Webb commented that Iosco County was probably more adversely affected because of being a "reimbursing" employer, and that it is unfortunate that participants are eligible for unemployment insurance, as it is inconsistent with the concepts and goals of the CETA program; whereupon Mrs. Reinhart remarked that the policy may be changed.

The following annual report by the Iosco County Register of Deeds was submitted to the Iosco County Board of Commissioners and placed on file with the county clerk:

(Available for inspection at County Building)
Committees were ordered to their respective duties at 10:30 a. m., the official meeting to stand in recess until 2:00 p. m.

Upon call to order at 2:12 p. m., County Treasurer Edward Nelkie appeared before the board to present an audit of the Iosco County Building Authority for the year ended September 30, 1980, prepared by Joseph A. Reitz, certified public accountant, and an updated insurance appraisal of county property and equipment prepared by the Manufacturers' Appraisal Company as of September 30, 1980. Mr. Nelkie reviewed the reports briefly with board members and left copies for their perusal.

Continuing, Nelkie requested that a resolution be adopted to authorize the borrowing of \$1,750,000 to establish a tax revolving fund for 1980 delinquent real property taxes, indicating that, although he estimates delinquent taxes to total approximately \$1,575,000, a reserve fund of 10 to 15 percent must be maintained to insure adequate funds when payment becomes due on the general obligation limited tax notes. Nelkie further advised that the full faith and credit of the county is pledged for repayment of the notes and that the following payback schedule is proposed:

May 1, 1982 - \$750,000
May 1, 1983 - \$250,000
May 1, 1984 - \$100,000
May 1, 1985 - not to exceed \$650,000

In discussion with board members, Nelkie advised that the tax revolving funds have proved to be a good source of revenue for the county in the past, whereupon he submitted a proposed resolution and requested that it be adopted this date, so that he can forward it by mail tomorrow.

Commissioner Merschel raised the matter of the county maps which have been ordered by the county road commission and for which the county has been requested to contribute 50% of the cost. In discussion of the matter, Treasurer Nelkie voiced the opinion that the board should adhere to the austerity program initiated in 1980 and not expend general fund monies for expenditures not budgeted, indicating that the contingency fund should be used only for high priority and emergency requirements, and adding that the financial condition of the county does not warrant this type of expenditure when it has not been budgeted. Chairman George commented that he is opposed to "opening the flood gates" to the contingency fund and other board members indicated their concurrence with the policy of not allowing non-budgeted expenditures. It was proposed that perhaps the county maps could be considered for

the 1982 budget.

Committees were ordered to their respective duties at 2:35 p. m., the official meeting to stand in recess subject to the call of the chair.

Upon call to order at 4:50 p. m., Commissioner Webb reported in reference to the contract negotiations with district court employees; the labor contract with the police officers association; the CETA airport project cost disallowance, indicating it pertained to a project for the cities of East Tawas and Tawas City to clean out the Tawas River mouth and does not involve the county; the flat fee requested by Building Department Administrator Edward Sterling for inspection of new homes, indicating that no action was taken.

Continuing, Webb presented and moved adoption of the following resolution, motion being supported by Ulman and carried.

Your administrative committee recommends that payment be authorized, on a one-time-only basis, to Part-Time Employee Irene Nelkie of a sum of money equal to the longevity she would have earned if she had been paid longevity for 1980. Clarification of longevity pertaining to part-time employees shall be negotiated for the 1981 union contract.

Commissioner Webb referred to the proposal to seek the use of an abandoned National Gypsum Company quarry as a future solid waste landfill site, advising that David Gay, of the East Central Michigan Planning and Development Region, is forwarding to the board a list of firms that could conduct a hydrological study; further indicating that he (Webb) will contact Richard Harris, manager of the National Gypsum Company local operations, for a cost estimate. In discussion of the matter, Commissioner Ulman inquired as to the possibility of the E. C. M. P. D. R. providing the required engineering work, and Commissioner Webb indicated that he had conferred with Grant Township Supervisor Olen Herriman, who doesn't foresee any problem with zoning, further indicating that he (Webb) will not commit any county funds during the exploratory phase of the project.

Continuing, Webb presented and moved adoption of the following resolutions:

Your administrative committee recommends that Iosco County Elections Scheduling Committee Members Edward Tate, Clyde Soper and Harvey Rasch be reappointed for the calendar year 1981.

Supported by Ulman and carried.

Your administrative committee recommends that the following personnel changes be authorized in the county clerk's office, effective January 10, 1981:

The position of support clerk to be terminated and the position of support accountant to be created, with a salary grade of 05.

Compensation for the bookkeeper position authorized up to level 06.

The position of judicial clerk, which was created by resolution October 31, 1978, authorized for compensation up to level 05.

Signed: John D. Webb, Jr. and Marian Ulman
Supported by Ulman and carried.

Your administrative committee recommends that we, the Iosco County Board of Commissioners, authorize wage increases for the following non-union county positions compatible with the new United Steel Workers wage settlement for courthouse employees, with a minimum increase of 8%, effective January 10, 1981.

1. Board of commissioners confidential secretary - salary grade 04
3. Assistant friend of the court - 8% increase over 1980
3. Cooperative extension, D. S. S. family aide - part-time wage schedule
4. Friend of the court - 8% increase over 1980
5. Department of corrections clerk-typist - part-time wage schedule
6. Cooperative extension, marine agent's secretary - part-time wage schedule
7. Cooperative reimbursement program support clerk - salary grade 05
8. County airport manager - annual salary of \$4,080

Supported by Ulman and carried.

Your administrative committee recommends that we, the Iosco County Board of Commissioners, in accordance with the

required reduction in CETA Title II-D P. S. E. program participants to preserve funding for payment of unemployment benefits, authorize the following 13 positions to be retained after February 28, 1981, through September 30, 1981:

- Number of positions Work Sites Positions
- 1 Iosco County Board of Commissioners and Oscoda Building Inspection Office, CETA payroll clerk/clerk-typist
 - 1 Iosco County Sheriff's Department, custodian
 - 2 A. V. C. Mental Health Department, substance abuse aide and program aide
 - 4 Trio Council Drop-In Centers: Hale, Sand Lake, Oscoda and Tawas, custodian/kitchen aide

1 Iosco County Historical Society, custodian
1 Oscoda Township, appraisal clerk
1 Plainfield Township, building inspections clerk/appraisal clerk
1 Tawas Chamber of Commerce, clerk-typist

Supported by Merschel and carried.

Commissioner Ulman reported for the building and grounds committee, moving the approval of the E. D. C. project for development of the John Brugger property in Tawas City, which was referred to the board by the Iosco County Planning Commission together with their resolution of approval on January 21, 1981. Following a discussion of the matter, where-in it was proposed that the board confer with counsel before taking action, it was moved by Webb and supported by Merschel to table the matter. Motion carried.

Commissioner Ulman thereupon moved for a five minute recess to further pursue the matter of the E. D. C. project, the motion failing for lack of support.

Continuing, Ulman presented and moved adoption of the following resolution, motion being supported by Merschel and carried.

Your building and grounds committee recommends that the Tawas Bay Artists be granted the use of the County Building corridors, restrooms and one office with telephone for the waterfront art show to be held on August 1 & 2, 1981.

Finance Chairman Merschel presented and moved adoption of the following resolutions:

Your airport committee recommends that Chairman David George be authorized to sign the Michigan Aeronautics' "Sponsor's Assurance to Operate and Maintain Airport Light Systems" at the Iosco County Airport.

Supported by Webb and carried.

Your public safety committee recommends that Chairman David George be authorized to sign the sheriff's secondary road patrol program agreement for 1981 with the Office of Criminal Justice.

Supported by Webb and carried.

Your finance committee recommends that the attached "1981 Borrowing Resolution" authorizing the county treasurer to borrow \$1,750,000 for delinquent tax revolving fund No. 4 (for 1980 delinquent real property taxes) be adopted.

Supported by Webb and carried.

In further discussion concerning the county maps ordered by the road commission for which the county has been requested to contribute 50% of the cost, Commissioner Merschel reported that he has spoken with Road Commissioner Arthur Aulich regarding the matter and will confer with Road Commission Engineer-Manager Al Buchanan.

With respect to the establishment of fees for hearings before the construction code board of appeals, requested by Building and Safety Inspection Department Administrator Edward Sterling, Merschel reported that the matter will be held over and that he will confer with Mr. Sterling.

Chairman George remarked that it appears to be the consensus of board members that funding for county maps should be considered in the 1982 general fund budget.

In discussion of the H. U. D. Community Development Block Grant Program, which was initiated by Chairman George, it was the consensus of board members that the board should give some guidance and direction to the housing commission in hiring an administrator and getting the program underway, whereupon Commissioner Ulman offered the following resolution and moved its adoption, motion being supported by Webb and carried.

Your administrative committee recommends that John D. Webb, Jr. and David George be authorized to meet with the Iosco County Housing Commission to hire an administrator for the commission.

Upon motion by Webb, supported by Merschel and prevailing, the minutes of the board of commissioners meeting of January 21, 1981, were approved as drafted and presented by the clerk.

Finance Chairman Merschel presented and moved adoption of the following resolution, motion being supported by Ulman and carried.

Your finance committee recommends that the sum of \$37,902.05 be authorized for payment from federal revenue sharing funds to the City National Bank, Detroit, Michigan, in accordance with the billing dated February 2, 1981, for payment of interest, principal and fees on the Iosco County Building Authority bonds dated 9/1/78 for renovation and expansion of the Iosco County Building.

The business scheduled for the day having been concluded, it was moved by Merschel and supported by Webb to adjourn until February 18, 1981, 9:30 a. m., or subject to the call of the chair upon 24 hours notice to board members and the news media. Motion carried and meeting adjourned at 5:50 p. m.

When to Contact Social Security

It is important for the people in the local area to know when to contact a social security office, a social security representative said recently.

A person should contact social security:
• Before getting his or her first job, because a social security number is required to get proper social security credit for earnings. This should be done at least 6 weeks before the number will be needed.
• After a death in the family, to see if survivor benefits can be paid.
• When someone in the

family is disabled, to find out if disability benefits can be paid.
• At retirement age—at 65 for full rate cash benefits, or as early as 62 for reduced payments. Sign up for Medicare 2 or 3 months before 65, even if there are no retirement plans.
• Any time there is a question about social security.

When a person calls a social security office, the people there can tell him or her:
• How much work credit is needed to be insured for benefits.
• Who can receive benefits.

• How to replace a lost social security or Medicare card.
• How to get a free statement of the earnings reported to a person's social security record.
• What documents a person applying for benefits needs.

For more information about social security get in touch with any social security office. The address and telephone number of the nearest social security office can be found in the telephone directory.

QUESTIONS & ANSWERS

Q. Since I plan to travel extensively once I retire, I wonder if there is any way to assure that I will get my social security checks on time?

A. If you want, you can have your social security checks deposited directly in a checking or savings account at a financial organization. That way, you don't have to worry about your check being lost or stolen, and the money will be immediately available to you even if you are not home to cash the check. If you want to arrange for direct deposit, the people at your financial organization can help you fill out the necessary forms.

Q. My husband died on January 22 after spending the last 2½ months of his life in the hospital. After he died, the Social Security Administration wrote and asked me to return his last check because, they said, he was last due benefits for the month before the month

he died. What about Medicare? Will I have to pay all of his hospital expenses for 22 days in January?

A. No, a separate rule applies to Medicare. When a beneficiary dies, Medicare protection continues through the month of death.
Q. Will Medicare help pay my dental bills?
A. Generally not. Medical insurance can help pay for dental care only if it involves surgery of the jaw or related structures, or the setting of fractures of the jaw or facial bones. Medicare does not cover dentures and routine dental care.

Q. I just got a letter from social security saying that they want to re-examine my claim for SSI benefits to see if I am still eligible. Does this mean that they are going to stop my checks? Is there anything I can do?
A. SSI payments are made to people who have little or

no income or personal property of value and who are 65 or older, disabled, or blind. But people's financial and physical situations change. If you are receiving SSI payments, the law requires that your case be periodically reviewed to make certain that you are still eligible and that your payment is correct. Your payments will not be stopped unless you are no longer eligible—and if they are stopped, you have the right to appeal the decision.

In addition to getting monthly payments, SSI recipients may be eligible for Medicaid and social and rehabilitation services. A free leaflet explaining how SSI works in your State is available at local social security offices.

You can get your social security questions answered at any social security office.

February 2, 1981

Meeting called to order at 7:30 P. M. at City Hall by Mayor Westcott.

Present: Lansky, Martin, Pawloski, Upson, Westcott, Keiser. Absent: Hayes (excused).
Others: Manager Thomas, Supt. Look.
Minutes of the January 19, 1981 meeting unanimously approved.

Motion by Martin, seconded by Upson that the Mayor and Acting City Clerk be authorized to execute and file an application to Upper Great Lakes Regional Commission for \$80,000 Grant toward the construction of the proposed Gateway Park at the Tawas Rivermouth; roll call vote: unanimous yeas.

Motion by Martin, seconded by Lansky to table consideration of opening an account at Oscoda State Savings Bank until further information regarding higher interest yields is developed; unanimous yeas.

Ordinances No. 207 and 208, having been introduced at the January 19, 1981 meeting, adopted on motion by Keiser seconded by Westcott, to be effective February 12, 1981; roll call vote: unanimous yeas.

Motion by Westcott, seconded by Pawloski that paragraph 10 B. of the city's Comprehensive Personnel Policy be amended by adding the following: "The librarian shall be entitled to vacation and sick leave pursuant to the schedule adopted by the Iosco-Arenac Regional Library system"; roll call vote: unanimous yeas.

Motion by Westcott, seconded by Upson that the city retain ownership of the north half of lot 1, Block 58, Map of Tawas City when the lots in said block are put up for sale in the spring; roll call vote: unanimous yeas.

Motion by Westcott, seconded by Lansky, that March 2, 1981, 7:30 P. M. be set for a public hearing to afford other governmental units opportunity to comment on application of Bopp-Busch for tax relief on a new press under Act 198, Public Acts of 1974; unanimous yeas.
City Manager reported that the city's fire insurance rating classification remains at Class 7 as a result of a 1979 field survey.

Adjourned 8:45 P. M.
Lowell Thomas
Acting City Clerk

Karen Alda
Wilber Township Clerk 8-1b

Those are the years shared with people you love. And when a loved one is gone, everything changes. You can't imagine the loss, unless it happens to you. Last year, nearly one million Americans died of heart disease and stroke — 200,000 of them before retirement age.

So show your family how much you love them. Lower your risks by watching your weight, having your blood pressure checked regularly, and checking with your doctor about an exercise program tailored for you.

For more information about how to lower your risks, contact the Michigan Heart Association.

We're fighting for your life

LOOKING BACKWARD—

Hearing on AuGres River Watershed

15 Years Ago—
February 23, 1966 — Iosco County Drain Commissioner Richard Miller has been directed to "look after interests of Iosco County" at hearings on a proposed AuGres River watershed project.

Michigan Municipal Finance Commission has approved \$65,000 worth of sewer assessment bonds and \$48,000 in sewage disposal system revenue bonds for Plainfield Township.

Members of the intermediate school district board of education appeared before the county board of supervisors and said "it was all a mistake." The intermediate school district moved out of its office in the county building and took a truckload of office furniture. Supt. William Tracy believed the furniture belonged to the school district, but it actually belonged to the county. The furniture is to be returned in two weeks in order to equip the county's new tax equalization department.

The field was narrowed to two candidates Monday in the race to name a successor to East Tawas Mayor Clarence McKenzie, who retires from office this spring. James Campbell and Lewis Besancon were successful in their bids to have their names printed on the April 4 ballot in Monday's Primary. The third candidate was James Bolen, who was eliminated from the running.

25 Years Ago—
February 23, 1956—The Tawas City post office moves into its new building next week, announces Martin Kasischke, postmaster.

There were 4,044 camping permits issued during the past year at East Tawas State Park. Total attendance was 536,000 persons, according to Earl Gentry, park supervisor.

Open house of the modern new Tuttle Hardware in Tawas City will be held Friday and Saturday.

Park-N-Shop Supermarket owned by Joseph O'Day and Jacob Miller, will mark its second anniversary of business in Tawas City. The business was purchased from Elmer Slaven in February 1954.

Tawas City Council removed parking slots at several "blind" intersections in the business district. Plans are being made to utilize city hall grounds for off street parking.

Harold Pfeiffer, Jack Bronson and Donald Hester of the Tawas are enjoying a three-week vacation in Florida and expect to visit Cuba.

35 Years Ago—
February 22, 1946—William

Bowen and Warner Pearson have opened a drive-in restaurant at the intersection of Lake and Lynn Streets in Tawas City.

Charles T. Prescott of Prescott has announced his candidacy for the state senate. He said the east side of the district had not had direct representation at Lansing for about 20 years and he agrees with many others that this side is about due for recognition.

Cpl. Frank Byrd has received his discharge from military service and he and his wife, the former Mary Malenfant, are returning to Tawas City.

Declaring "the language barrier is a severe one to international peace," Mrs. Eleanor Roosevelt has proposed one internationally understood language to be taught in the schools of the world.

Edward Grise has reopened his blacksmith shop at East Tawas.

Set Regional Substance Abuse Agency Meeting

The next regularly scheduled meeting of the P. A. 368 Board of Directors of the Northern Regional Substance Abuse Coordinating Agency, Incorporated, will be on Monday, March 2, beginning at 10:00 a. m. in the coordinating agency office, Gaylord. For further information, call (517) 732-1791.

Special Olympics Five-Mile Race at Bay City

Plans are under way for the eighth annual St. Patrick's Day Special Olympics Five-Mile Road Race to be held in Bay City Sunday, March 15, 1:00 p. m., according to Marlene F. Sundberg, president of the Bay Area Runners Club. Runners will begin their five-mile trek at the Essexville Garber High School with the last mile following the annual St. Patrick's Day Parade route.

The race is open to all runners and will feature 25 age divisions with 52 trophies and 200 medals to be awarded to top age division finishers. All runners will receive a specially designed T-shirt and a commemorative ribbon. Last year's event attracted 1,500 entries. Runners are encouraged to solicit pledges for Special Olympics and turn the money in on race day.

A new feature, in conjunction with the race, will be a daylong runners' clinic held on Saturday, March 14, 10:00 a. m. to 4:00 p. m. at Garber. Entry forms and information are available at local sports stores or by calling Larry or Marlene Sundberg, 892-3439.

Coming to Oscoda

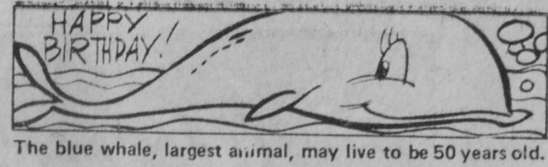

New Christy Minstrels

The New Christy Minstrels are a major phenomenon in the history of the entertainment industry. Since their beginning in 1961, the Minstrels have surpassed virtually every major milestone of professional achievement—and more importantly—continue to entertain audiences throughout the world as one of the most exciting and versatile acts in all of show business. This will be very much in evidence when these exciting young Americans appear in the Oscoda Area High School Auditorium on Saturday, March 7, 8:15 p. m. During the 1981 season, they will be presented by the Oscoda Community Concerts Association on a tour under the aegis of Columbia Artists Festivals Corporation.

The New Christy Minstrels performed their first show at the Troubadour in Los Angeles, California. In the course of the decade that followed, The New Christy Minstrels did it all. Their single recording of "Green Green" sold over three-million records and was a harbinger of three Columbia gold albums to follow: "Ramblin'," "Today" and "The New Christy Minstrels' Greatest Hits."

Quite naturally, television exposure demanded personal appearances and to date an estimated 45-million people have applauded the Minstrels in live performances in virtually every

country in the world. Now in their 17th year, The Minstrels still maintain their busy performing schedule, continuing to bring their own style of entertaining to people around the globe. Be it at the White House, Sugar Bowl, a college auditorium, television studio, convention or club, The New Christy Minstrels are there for one reason—to entertain.

The blue whale, largest animal, may live to be 50 years old.
